Coshocton's New Office Building

Just remember

...it's loaded!

It purrs . . . yet it can pounce, too.

It rolls smoothly... yet it can skid.

It has all the comforts of home... yet it is thoroughly equipped to kill.

If you drive safely, it'll get you there and bring you back. And you'll enjoy every moment of your summer vacation.

If you don't... well, you can't very well say "I didn't know it was loaded!"

Now can you?

Be careful - the life you save may be your own!

WHAT IS A GIRL?

ittle girls are the nicest things that happen to people. They are born with a little bit of angelshine about them and though it wears thin sometimes, there is always enough left to lasso your heart - even when they are sitting in the mud, or crying temperamental tears, or parading up the street in mother's best clothes.

A little girl can be sweeter (and badder) oftener than anyone else in the world. She can jitter around, and stomp, and make funny noises that frazzle your nerves, yet just when you open your mouth, she stands there demure with that special look in her eyes. A girl is Innocence playing in the mud, Beauty standing on its head, and Motherhood dragging a doll by the foot.

Girls are available in five colors - black, white, red, yellow or brown, yet Mother Nature always manages to select your favorite color when you place your order. They disprove the law of supply and demand - there are millions of little girls, but each is as precious as rubies.

God borrows from many creatures to make a little girl. He uses the song of a bird, the squeal of a pig, the stubborness of a mule, the antics of a monkey, the spryness of a grasshopper, the curiosity of a cat, the speed of a gazelle, the slyness of a fox, the softness of a kitten, and to top it all off, He adds the mysterious mind of a woman.

A little girl likes new shoes, party dresses, small animals, first grade, noise makers, the girl next door, dolls, make-believe, dancing lessons, ice cream, kitchens, coloring books, make-up, cans of water, going visiting, tea parties, and one boy. She doesn't care so much for visitors, boys in general, large dogs, hand-me-downs, straight chairs, vegetables, snow suits, or staying in the front yard. She is loudest when you are thinking, the prettiest when she has provoked you, the busiest at bedtime, the quietest when you want to show her off, and the most flirtatious when she absolutely must not get the best of you again.

Who else can cause you more grief, joy, irritation, satisfaction, embarrassment and genuine delight than this combination of Eve, Salome and Florence Nightingale? She can muss up your home, your hair and your dignity - spend your money, your time and your temper - then just when your patience is ready to crack, her sunshine peeks through and you've lost again.

Yes, she is a nerve-racking nuisance, just a noisy bundle of mischief. But when your dreams tumble down and the world is a mess—when it seems you are pretty much of a fool after all—she can make you a king when she climbs on your knee and whispers, "I love you best of all!"

Text by Alan Beck; Reprinted by Permission of the New England Mutual Life Ins. Co.

Just a little plug for a very popular NCT product, through an attention getting flasher sign in our office lobby.

roof was leaking when it was dry and hot as all get out we wouldn't know. A quick check revealed the trouble to be a bad valve on the bath tub, upstairs. At present the ceiling paint is all blistered and the 'weather report' from 247 East Canal Street is - "Showers (of plaster) are expected."

BIRTHS

June 25th was a memorable date for two local Clow families for it brought -

- a son, Thomas Ray, to Mr. and Mrs. Willard Donley at the wee hour of 12:12

A.M. at Coshocton Memorial Hospital. The Donleys' have two other boys, age 2 and 5.

- a son to Mr. and Mrs. Roger McCrone at Twin City Hospital, Dennison. The newcomer, Dennis Michael, swelled their little family group to four since they have a son, Danny, at the active age of three.

* * *

A wedding of interest to not only our local people but to friends in the Gasteam and Unit Heater divisions of our Company is that of Unit Heater Foreman, Paul E. Wigfield and Mrs. Hazel Ricketts. The ceremony was performed in Richmond, Indiana

on July 8th and they may now be found at home at 433 Chestnut Street.

Dost thou love life? Then do not squander time, for that's the stuff life is made of.

(1 to r) Chief Russell Bicker, Sup't. White, Chester Leonhard, Cecil Gardner, Elmer Wise, Wilbur Marlatt and Mayor Lorin D. Gadd with new pumper truck.

NEW VOLUNTEERS AND PUMPER TRUCK JOIN NCT FIRE DEPARTMENT

When Wilbur Marlatt joined our force in June it increased to four the number of NCT Clow men who are members of the local Volunteer Fire Department. "Wib" and Cecil Gardner are two verteran members of the department while Chester Leonhard and

Elmer Wise are two of the newest.

Newcomerstown just recently received delivery of a new pumper truck and Chief Bicker and Mayor Gadd gave our camera a lift by bringing the new piece of equipment to our plant so that we could "shoot" our four men with it.

A better view of the truck may be had in this photo. That's Leonhard, Willard Chaney, Wise and Mayor Gadd on the ground and Chief Bicker on top.

of National Interest

by Charles Hooper

C. J. Day presents Dennis Coupland with his 30-year service pin. Pictured, left to right, are G. B. Akeroyd, Dennis Coupland, Warren Whitney, C. J. Day, and Frank Begley.

T. J. Bryant

Uncle Jeff Bryant, 75, pioneer cast iron pipe worker and retired employee of National Cast Iron Pipe, died Saturday, July 5, 1952. Uncle Jeff has four sons who are now employed at National. They are Howard, Marvin, J. R. and Lloyd Bryant.

Uncle Jeff was a native of Lynchburg, Virginia. He was a professional baseball pitcher and at one time received an offer to play in the major leagues. Uncle Jeff was instrumental in organizing one of the first company baseball teams.

He began work with this company November

1, 1919, and worked continuously until his retirement date, June 1, 1950. We will certainly miss Uncle Jeff. His good humor, his kindness to all, and his understanding way endeared him to all of us.

Will Lewis

Will Lewis, employee at National Cast Iron Pipe since June, 1919, died suddenly Monday morning, July 7th, as he was preparing to come to work. Will had been in failing health for several months and was preparing to return to work after being at home sick for four weeks. Will was quite a singer. Besides being very active in his

J. T. Hodges Retires

Tom Hodges, who began work for the company in 1925, retired on July 1st. During his continuous employment with the company until his time of retirement, Tom worked in the deLavaud Foundry. Immediately after his retirement, Tom left for a trip to Chicago. We're still unable to determine whether or not he attended the Republican Convention.

Best of luck, Tom, for many years to come!

church choir, Will was a member of the Jubilee Chorus. He was survived by his wife, a sister, and a stepson.

We've been reporting to you from time to time about the Smith brothers' fishing ability. Here's the proof. This catch represented over 300 pounds of fish that the Smith family, along with Mac McCleskey, caught at Wilson Dam during vacation.

Warren Whitney shown pinning S. C. Coupland's 30-year pin on his lapel. Left to right, S. C. Coupland, Warren Whitney, Earl Alley, G. B. Akeroyd, and F. P. Jones. Con Coupland and Dennis Coupland both started to work for the company in 1922 just a few days apart.

NEWS BITS

W. L. Coker and his wife are shown in front of the Lincoln Memorial in Washington D. C. Their vacation trip took them through most of the eastern states.

Coshocton Comments

by Ned Patterson

HERE'S THE STORY ON COSHOCTON'S NEW OFFICE

June 23, 1952 will long be remembered by our office force for on that date we operated from our new office building for the first time. This was the culmination of years of dreaming and planning, followed by months of anticipation after ground for the new building was broken on July 20, 1951. We want to thank the Chicago officials who authorized and gave to us the most modern office building in the Company and one that will rate among the best of its type in the entire country.

This building was designed by Fred Jacobs, registered architect of Coshocton, and was

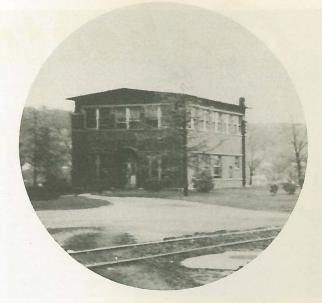

built by his twin brother, Ed Jacobs, who is the leading construction contractor in our community. Of brick and reinforced concrete construction, the new building is located on South Sixth Street at the Southwest corner of the Clow property. Size of the structure is 102 x 41 feet and it contains 12,000 square feet of space on the three floors. The building is of modern office design and of fireproof construction. A fireproof storage vault extends from the storage section in the basement up through the first and second floors. Three large Servel furnace units are located in the basement, which will be utilized for providing heat in the colder months and which will be reversed for cooling the building in the summer months.

Architectural features in the new office building are the latest in fluorescent lighting fixtures throughout the structure, thermo-pane glass windows, glazed tile walls in the lavatories and in the large basement room with terrazzo flooring in the main lobby, on the steps and in the rest rooms.

Rubber tile flooring has been installed in the halls and in all the office space, with a different pattern used in each office. The smooth plaster wall surfaces have been painted in light pastel shades, with varying color patterns used in the different rooms.

The first floor will contain the general offices, which include quarters for payroll and accounting, purchasing, employment and welfare departments. Manager T. A. Ripley, Office Manager C. R. Phillips and Industrial Relations Coordinator James Clow have individual offices on the first floor. Just inside the main door on the first floor, the lobby contains the reception desk and telephone switchboard for the whole plant.

On the second floor are the engineering and standards departments. There is space allotted for a printing room and a general conference room. Included also are several smaller rooms for officials on that floor.

The old office building.

The basement floor has been designed to provide for a large recreation room which will also serve as general purpose room. A conference room is situated in the basement and the whole south section will be utilized as records storage quarters.

Along with the office another big improvement has been the installation of a dial telephone system throughout the entire plant. These dial telephones replaced our old shop phone system and were installed in anticipation of the installation of the dial system throughout the community, to replace our present automatic phones.

A view of a section of the old Standards Department before the move into the new office building where the Department has taken up new quarters on the second floor.

\$10.00 was given to Lee Norris, Machine Shop, as he suggested that set screws be installed in our F-1220 Cut-in Glands with machine power immediately following the drill and tap operation. This would be done by using a quick change wrench on the machine spindle.

GOLF

The Clow golfers took on the General Electric swingsters Saturday, June 14th, at the Hill Top Course. Although rain interferred and held play to nine holes, a good time was enjoyed by all participants.

P.S. Determining a winner was so difficult and complicated, that at vacation time we still hadn't learned who finished on top.

Numerous Clow men have qualified for the Coshocton County Tribune match-play tournament. Virgil Pierce and Herb Carlson are virtually assured of berths in the Championship flight, with Francis "Bunk" Clark standing an outside chance. Others are scattered throughout the five flights. More about this next month.

Cheer up! Things aren't always as bad as they are most of the time!

High food and shoe prices make it hard to keep body and sole together.

IOWA items

by Con Coupland, Jr.

Works Manager Dwight Richards congratulates John Eichberger on his completion of 30 years with the Company. Along with his congratulations, he presented "Shorty" with a very nice letter from V. President J. A. Byers and a 30 year Service Pin.

SPORTS

Iowa Valve little league team leads! At the time of this writing, our little team has moved out in first place with only one loss since the beginning of the season. These kids, ranging in age from 8 to 13 years of age are playing fine baseball. They are finding plenty of competition in the other three teams but nothing they haven't been able to handle so far.

Charlie Smith, George Olive, Bobby Crosson, and Emil Berglund have given a lot of their time to managing and training the team. They have a pitching staff that would leave most of us grown-ups swinging the bat in thin air and one of the fanciest little second basemen you ever saw - not to mention good players in all other positions.

It's a genuine thrill to anyone who loves baseball to go out and watch the kids swagger around in their flashy uniforms, at

One of the vacation work improvements at the plant was this set of bins on the small valve assembly bench. Shown here is "Mac" McDonough who, at the time, was about half-through the job.

OVER THE BACK FENCE

During his vacation at Roseburg, Oregon, Harold Sellars was repeatedly mistaken for his brother, Warren. One look at this picture will provide adequate explanation. Left to right in the picture are: Mrs. Warren Sellars, Warren, Mrs. Harold Sellars, and Harold. The two brothers had not seen each other for sixteen years and, although Warren is five years younger, they look amazingly alike.

eddy EDITION

by Ken Echard

June - traditional month of brides (and grooms) has passed with the usual accomplishments of Dan Cupid, and in this regard we show our own proud "Mike" Suchecki, of our core room, as he marched to the altar with his daughter, Alice Mary, in Sto-Augustine's Church, North Troy, as she was to be wedded to Pfco-George Herring.

"Little Mike" withstood the ceremonies quite well; and we extend congratulations to both newlyweds.

Justis Pease, drill press operator in the machine shop, entered the ranks of benedicts when he was married on July 27th to Miss Eleanor Mace at Pleasantdale. For them we extend heartiest congratulations.

"Dot" Hodgins of our Sales Office became

Mrs. Richard Tracy on July 19th. Dick is
the son of our crane-runner, Harry Tracy,
so that double congratulations are in
order.

To prove that the Yankees and the Dodgers don't possess all the talent in the world, we offer proof that our "Bill" Laboissiere should find a place in the lineup of any Big League club. Bill is normally Brass Foundry Molder, but his form as here demonstrated should deserve a place elsewhere. By the way, that's a softball, not a grapefruit, that our camerman caught in his lens.

BIRTHDAYS COMING UP include -

Pete Cassella (Iron Foundry)	Aug.	20
Tom Henningsen (Brass Room)	Aug.	20
Art Boissonneault (Brass Room)	Aug.	22
Dominick Gabrielle (Foundry)	Aug.	22
Stanley Tokarz (Molder)	Aug.	24
Ed Jablonowski (Brass Molder).	Aug.	24
Tommy Tremblay (Engineering)	Aug.	26
John Smolak (Shakeout)	Sept.	3
Joe Sliwinski (Maint. Foreman)	Sept.	1
Tony Balnaitis (Machine Shop).	Sept.	7
Larry Lamora (Machine Shop)	Sept.	8
Leon Nielsen (Brass Room)	Sept.	10
Billy Guiltman		
(Shipper & Receiving)	Sept.	15

Happy Birthday to All, and many more of them!

* * *

VACATIONS have been in the minds of many of us for some time, and while this issue will be read by most of us after the vacation has ended, we can record that their particular tasks have required that some vacations have been for some time a thing of the past. Billy Guiltman went early, to

Hampton Beach, N. H., his favorite haunt, while Jean Melanson spent most of her two weeks refurnishing the new apartment into which she and Ernie will soon be moving. Some of the maintenance boys also are looking back on their vacations, their time off having been staggered, as has been the necessary custom.

* *

OUR SICK LIST isn't long, but we do miss
"Bill" Cole, of the Machine Shop, who has
been out for several months because of
multiple difficulties, and is lately being
treated by a psychiatrist; also "Tony"
Caponi of the Foundry, with an aggravation
of an old leg injury complicated by varicose veins; "Walt" Trombley of the Hydrant
Department, with an arthritic rheumatism
condition that defies the efforts of
physicians to correct; and Harold Vrooman,
shipping clerk, who is still recuperating
following a coronary attack.

We wish for all of these, and the several others who are away from work for more minor causes, a speedy and complete recovery.

CHICAGO'S CHADTER

by H. E. Norain

The radiant bride and handsome groom in this picture are the former Pat Grace and Grant Nelson who were married last May.

NEW EMPLOYEES

We welcome to Clow the following people who are working in our various departments:

Iris S. Sterling......Billing
Marvin Pecoraro.....Warehouse
Patricia Ann Kinsch.....Billing

Estelle Hintz.......Cafeteria
Doris Fernback......Stenographic
Betty Lewandowski.....Stenographic
Cecilia Kowalik.....Stenographic
Eleanore Rossi.....Stock Records
Marion Lamont.....Cost

We congratulate Jimmy Jamison who became a father of a 6 lb. - 6 oz. baby girl on June 26th. This is Jimmy's 6th child.

HORTICULTURE

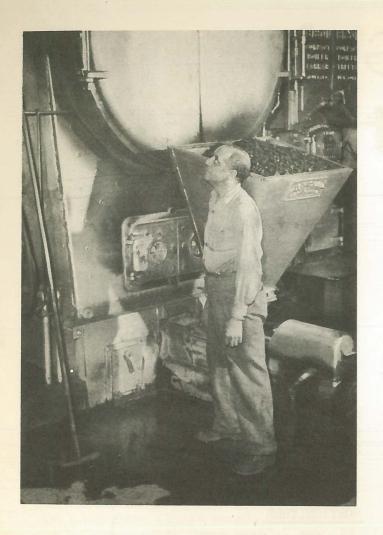

Blaese invested \$3.00 in an orchid bulb which Katherine Hieber volunteered to take over to the Garfield Park Conservatory to be properly cared for. The orchid grew to the size of a pencil eraser and then grew no more. The ladies were a bit disappointed, but were good natured about it.

Beverly Hjertstedt is now working for Roy Allen back in the Advertising Department.

Beverly took over for Dorothy Chrust who has moved to Thornton, Illinois, with her husband Frank. He will take over the duties of minister of the Methodist Church there.

VACATIONS

Dan Haley had an enjoyable trip to California

These summer days we're not too concerned about how to keep warm, but when the cold weather of late autumn and early winter creeps down upon us we'll again look forward to a heated office. The man whose duty it is to provide us with warmth during the winter months is Detmer Wells our boiler attendant. Detmer, who rises early, arrives at Clow at 4:30 A.M. and begins to stoke his boilers in order to have ample heat for the comfort of the Clow personnel when they arrive at 8:30. This job has been held by Detmer since 1946 when he took over for the late Pete Jeppesen.

There are many other duties which keep
Detmer busy around Clow. He can be found
helping out in the cafeteria and around
the office. Our fountain water is kept
refreshingly cool for our summer enjoyment
by Detmer who takes care of the water cooling machine located in the basement.

Detmer is the father of two children, a boy and a girl, and he is grandfather to 4 boys. In his spare time he enjoys watching the fights and the ballgames on television.

......Rudy Krempels and Les Lindberg, following the trend of many others, spent Stein visited California and Joe Arendt's vacation took him through the Smoky Mountains, Washington, D. C. and Delaware where he paused for a dip in the Atlantic Ocean. Joe had never seen the Atlantic until his recent trip......Alma Lorenz and her husband, Tom, visited Detroit, Michigan, for a few days..... Betty Frazier spent an enjoyable vacation up in Sturgeon Bay, Wisconsin Virginia.....Wally Furst traveled south to Kentucky and Tennessee Ryan saw the Badlands and Black Hills country of South Dakota which she described as beautiful.....Ed Price divided his vacation time between Cleveland, Ohio and Minneapolis, Minnesota....

June Albertson visited Wisconsin.....Rosalie Cannataro traveled to Canada and saw Niagara Falls.....Tom Wrona visited many of our Illinois State Parks.....Bob Heffelfinger went up to Wisconsin....

TALMAN COLLEGE EXAMINATION RESULTS

With the exam papers checked and graded we find Don Lundell and John Pearah in a tie for 1st place honors so they each receive a \$25.00 Savings Bond. Wally Furst was third. Dolores Jahnke was the winner among the girls with Betty Frazier coming in second and Virginia Power third. Dolores also received a \$25.00 Savings Bond.

*

George Kerl Retires

Back in November, 1909, George Kerl, who is originally from Cincinnati, Ohio, came to work for James B. Clow and Sons. In his 13 years with the company he has worked under four superintendents namely, Davidson, Murray, Penfield and Kelley. Most of his time was spent handling brass goods and upon his retirement he was working in the "F" Department. In his early days with the company he worked on the loading floor and he can remember the old building on Harrison Street when much of the loading and unloading of heavier materials was done manually. In those days a man needed a strong back but today overhead cranes do the heavy work. George recalls too, when you could get a large schooner of beer for a nickel and help yourself to all the sandwiches that you could eat - free. This used to be quite a treat for lunch. George was twice nearly fired by W. E. Clow, Sr., an incident that happened to many of the old timers who simply turned up on the job the next morning and all was forgotten and forgiven.

Due to failing eyesight George was given a disability retirement. He was presented with a number of gifts at his home, by Ed Malasky and Ted Tyrcha. The gifts, which were given to him by his co-workers included a new pipe, smoking tobacco, a box of cigars and a bottle of good whiskey.

As for the future George plans to spend

Mrs. Kerl very kindly consented to pose with George as our photographer caught him beginning his relaxed days of retirement.

most of his time at home in his cozy bungalow with his wife. He expects to get around a little more when his eyesight improves. His hobby is his pipe which has always been a part of him even while at Clow. We all join in wishing him the best.

George displays his new pipe and a bottle of Old Grand-Dad as he poses with Ed Malasky left and Ted Tyrcha who presented him with gifts on behalf of his co-workers.

GUESS WHO?

She drove a buggy around then,

Today she drives a different buggy,

Her work involves accounting,

Are your guesses mounting?

Befff Christensen : newark

VISITORS

There have been a number of visitors in the Clow office in the past month - among these were:

Ervie Davidson, Kent Clow's former secretary, who stopped in to say hello and talk with old friends. Ervie is now Mrs. Morehouse. She has spent much of her time since the war in Calcutta, India. Also paying us a visit were Charley Kann, Joe Little, Jay Miller and Henry Reinke who are retired from Clow. Martin Killeen one of our men in service was in and reports that he will move to Camp Kilmer, New Jersey, from where he will leave for duty in Europe. Grady Paul stopped by to say hello. Grady is from our Birmingham plant. Marie Oppedahl, one of our former cooks, visited us recently. She is planning another trip to Norway.

* * +

GOLF

Here's how the golfers were paired for the first round of Master Match Play.

Bill Douglas vs. Howie Norain
Dan Haley vs. Joe Foreman
Dan Osko vs. Bob Heffelfinger
Ted Seabrooke vs. Hank Stob
Frank Fabbri vs. Les Lindberg

Glen Carnahan vs. Rudy Krempels
Jack Finnin vs. Tom Barnefield
Roy Allen vs. Jim Healey

In the opening round Joe Foreman finished strong to win over Dan Haley 2 up on the 18th, while in the same foursome Bill Douglas ousted Howie Norain 1 up at the 18th green. Another group of golfers found Jim Healey winning over Roy Allen 3 and 2 while Frank Fabbri, with a fine second nine, won over Les Lindberg 4 and 2. Tom Barnefield, piling up an early lead, bested Jack Finnin 4 and 2. Rudy Krempels played Glen Carnahan in a close game, with Rudy coming out in front 1 up on the 18th. Ted Seabrooke shot a sizzling 84 to down Hank Stob 3 and 2.

REPORTS FROM MEN IN SERVICE

A letter from Gene "Red" Hodowanic discloses that he has finished Radio School and will enter Communications' Technician School for a 16 week course of training. Around the middle of November, when Gene graduates from school, he hopes to visit Chicago. We want to thank him for the swell cartoon sketch which he drew up of some of the people here at Clow and which appears in this Chapter.

Here's Gene Hodowanic's cartoon story of people at Clow titled "I Remember."

From Fort Knox, Kentucky comes a letter from Bob Mangan who expects to be in civilian clothes before long. Bob reports that he is busy processing men for discharge who have just returned

from overseas duty. He relates to us that he has visited with Ted Vecchio who is also stationed at Fort Knox and both enjoyed a good time together.

et cetera
