HELPFUL INFORMATION

YOUR TELEPHONE DIRECTORY HAS MANY USES

Your telephone directory is a guide to complete telephone service. It contains much valuable information in addition to telephone listings . . . information about your community as well as your telephone. Keep it handy to every telephone in your home for ready reference.

Directories regularly furnished to subscribers are the property of the Telephone Company, are furnished only as an aid to the use of the service, and are to be returned to the Telephone Company upon request. No binder, holder, or auxiliary cover, except such as may be provided by or with the consent of the Telephone Company, shall be used on or in connection with any directory furnished by the Telephone Company.

THE WHITE PAGES (THE ALPHABETICAL DIRECTORY)

A Guide to Friends

All telephones, residence and business, are listed in these pages, with the exception of those who request unlisted numbers. When in doubt about the number, you'll save time and trouble if you check here.

ADDITIONAL LISTINGS for other members of your household cost only a nominal sum per month.

OTHER INFORMATION—Along with information on telephone service, the first pages list "Emergency Call" numbers for your vicinity. Some typical long distance rates are shown on the inside front cover.

THE YELLOW PAGES

(THE CLASSIFIED DIRECTORY)

... A Complete Buying Guide

For your ease in shopping, the Yellow Pages list every product and service in your community by classification. Here, under the proper heading, you can locate the nearest supplier for anything you need. Local dealers for many nationally advertised goods and services are listed under their trademarks.

EXTRA LISTINGS AND ADVERTISEMENTS—Call the Business Office where arrangements will be made to have a Directory Representative get in touch with you.

EMPLOYEE IDENTIFICATION CARDS

For your protection telephone employees who regularly visit the public, carry identification cards. Each card bears the employee's photograph, name and signature, and is countersigned by a department manager. If you have the slightest doubt about anyone who represents himself as being "from the Telephone Company," ask to see his identification card.

YOUR TELEPHONE OPERATOR

The telephone operator, known and appreciated as the "voice with a smile," continues to furnish your complete telephone service. Here are some of the ways in which operators serve you:

"LONG DISTANCE"—Talking to faraway loved ones is one of the deepest pleasures your telephone can give you. For full information on Long Distance service, consult page 2 of this directory. Some typical rates are quoted on the inside front cover.

"INFORMATION"—If you wish to call a number that is not listed in the directory, the Information Operator will be happy to help you. Of course, it saves time to look in the directory first to avoid making an unnecessary call.

PARTY LINE COURTESY PAYS

When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone gets better service if each party observes these simple rules: Be brief as possible . . . space your calls so the other party can place his calls . . . and give up the line for emergency use.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

YOUR BLUE BOOK OF TELEPHONE NUMBERS

Operators now dial many distant cities direct, giving you faster, more accurate service. You get full benefit of this speed when you give the out-of-town number. Calls go through nearly twice as fast! The Blue Book of telephone numbers provides a handy place to list those out-of-town numbers. Use it to keep frequently called local numbers too, plus numbers you get from "Information" and emergency numbers you want in a hurry. Additional copies may be secured from the Business Office.

DIRECTORY ACCURACY

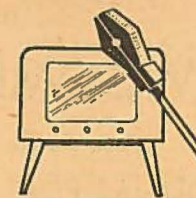

Although every effort is made to insure accuracy, the Company assumes no liability for damages arising from errors and omissions in making up and printing this directory.

Please check your listing and let us know if it is not correct or should be changed.

HELPFUL INFORMATION

ATTACHMENTS TO TELEPHONES

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need the Company is ready to furnish special equipment at reasonable rates.

THE OHIO STORY

Sponsored by the Telephone Company, "The Ohio Story" is a dramatic radio and television program which brings to life colorful tales from Ohio's past and inspiring stories of her present.

For your listening pleasure, consult your local newspaper for time and station.

CONDUCTED TOURS

The telephone company makes it a practice to hold "conducted tours" in its buildings periodically. At other times, school and civic authorities may arrange building tours. When you receive an invitation to a conducted tour in your neighborhood telephone office, be sure to come. You'll enjoy meeting your telephone neighbors and learning how your calls go through.

YOUR PHONE AWAY FROM HOME

The "Blue Bell" is the sign of a telephone pay station . . . your phone away from home. For good pay station service, observe instructions posted on pay station instruments.

LECTURE- DEMONSTRATIONS

AND TELEPHONE MOTION PICTURES

Capable speakers and entertaining and informative sound motion pictures on telephone subjects are available, free of charge, for most any type of audience, such as: School-College, Fraternal, Church, Business, Parent-Teacher, Trade, Professional, Rural, Women's Groups, Civic-Service Clubs.

The talks are non-technical and, generally, include interesting demonstrations.

For full information just call or visit the Business Office.

REGULATIONS AND TARIFFS

Tariffs showing the legal rates and regulations for exchange service as filed with The Public Utilities Commission of Ohio are available for public inspection at the Business Office.

"BEEP" TONE ON RECORDED CONVERSATIONS

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. Use of a recorder without this signal is unlawful.

TRANSACT MATTERS REGARDING YOUR SERVICE IN PERSON . . . BY LETTER . . . or . . . BY TELEPHONE

If you wish to apply for service, move or disconnect a telephone, discuss a bill, arrange for a directory listing, or if you desire any information regarding other telephone matters, our Service Representative in the Business Office, 528 Main St., Coshocton, telephone 9900, will be pleased to give you personal attention. Whether you call by telephone or in person, you will find her anxious to help you with any questions you may have about your bill or your service.

(Bills may be paid without any charge at the payment agency listed on page 3 of this directory.)

GOOD SERVICE ON PARTY LINES

Good service on party lines is a matter of fair sharing. Folks who keep calls reasonably short and allow time for others on the line to do their share of calling build good will and good service.

THE OHIO BELL

Civic Section for Newcomerstown

Prepared by the Chamber of Commerce

Newcomerstown is situated in Tuscarawas County, and was first an Indian town called, "Gekelamukpechunk," which in 1764 under Chief Netawatowes became the Delaware capital.

The earliest visit by a white man (Christopher Gist) was in 1750. In the Gist journal it tells what must have been the earliest account of the "Eternal Triangle" and how Newcomerstown got its name. Chief Eagle Feather became tired of his wife Mary Harris, who as a child had been abducted by the Indian raiders. While on one of the tribe's raiding trips to Virginia he captured a younger and more beautiful squaw. Mary Harris became jealous of the "Newcomer" as she was called. One morning the Indian village was aroused by the cries of Mary Harris that her husband Chief Eagle Feather had been murdered, and that the "Newcomer" had fled. She was pursued and re-captured at a small town on the banks of the Tuscarawas river and this town was thereafter always known as Newcomerstown.

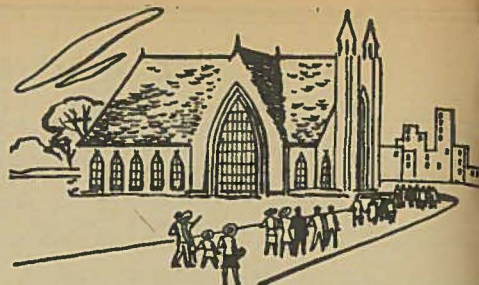

Newcomerstown was laid out in 1827 and contained 34 lots in original plot. There was one building when first plotted, occupied by Nichols Neighbor, who founded the settlement in 1814. He later built the first store building, which was operated by him and Jacob Overholt. By 1830 there were four buildings, by 1840 population was 270, by 1860, 577. Aaron Schenk's tanning yards were built about 1827. In 1840 Pilling's woolen mill was established, in 1833 a saw mill by Edmund Smith and in 1836 a flour mill. Closest market for farm produce was Pittsburgh, Pa. The Canal was built in 1827 and by 1860 the traffic on the canal was at its height. Each lock had a tender and nearly

every lock had a strange story connected with it—it was a strange and interesting period in the life of the young community of Newcomerstown.

On May 31, 1851 it was announced that the route of the Steubenville-Indiana Railroad would travel from Steubenville, Uhrichsville, Newcomerstown to Coshocton. It opened for traffic April 1855, but before 1860 passed into receivership. In 1861 it merged with the Pennsylvania Railroad. Greatest of all events connected with the Railroad was in 1861 when President Lincoln passed through on his way to Washington, making a personal appearance on the rear platform of the train just as they do today. During the 80's the town hall was built and this brought many prominent actors and musicians to the town.

In the latter part of the 19th century Newcomerstown instituted what became a thriving fair each fall. The fairgrounds are now owned by Mrs. John Kistler. Newcomerstown may be called the cradle of Protestantism west of the Allegheny mountains and the first protestant sermon was delivered to assembled Delawares at noon on March 14, 1771 by the Rev. David Ziesberger. This event of lasting importance is commemorated by a monument that stands across from the Greyhound Posthouse. Newcomerstown lies about 100 miles south of Cleveland, 100 miles east of Columbus, 100 miles north of Marietta, and 100 miles west of Pittsburgh.

The average daily pumping is 333,000 gallons and the allowable surplus for industrial expansion is about 900,000 gallons per day; however, provisions have been made that one more pump can be installed and that would increase the surplus to 1,600,000 gallons per day. The Water Works carries a reserve of 1,000,000 gallons in the reservoir. The pressure in the system is 110 pounds per square inch; this is very good from the standpoint of fire protection. The fire department does not have to use a pumper. The water rates are one of the lowest in the United States.

Some Important Traffic Suggestions

From the Police Department

FOR PEDESTRIANS:

1. Never run across a street.
2. Use the crosswalks at intersections.
3. Look in both directions before stepping from the curb.
4. Stay on the curb until the light turns green.
5. Be careful if you walk from behind parked cars.
6. Face oncoming traffic when walking on the highway. Move off the road when a vehicle approaches.
7. Carry a flashlight if you must walk on the highway at night.

FOR DRIVERS:

1. Give the pedestrian a break, even though he may not have the right of way.
2. Come to a full stop at a "stop" sign.
3. Signal before turning or coming to a stop.
4. Drive with extra caution on rainy or icy pavements.
5. Stay within the speed limit.
6. Check your car frequently. Be sure brakes, tires and lights meet safe operating requirements.
7. Remember—the driver's responsibility is greater than that of the pedestrian.
8. Above all—give our children a "brake"; they should be seen and not hurt!

When you are using your party-line telephone, and the other party picks up his telephone to make a call, you will hear a faint "click." It is a polite signal that the other party would like to place a call. The friendly, considerate thing to do at that point is to wind up your conversation as soon as possible.

When calling long distance, you will find that calls go through nearly twice as fast when you "call by number." Maintain a handy list of frequently called out-of-town telephone numbers and when calling long distance, call by number.

*Short
AND
Sweet*

The thoughtful party line user avoids long conversations and keeps calls short and sweet. It's a courtesy the other party appreciates and returns.
