INFORMATION REGARDING LONG DISTANCE CALLS

(In effect October 11, 1954)

TYPES OF CALLS

There are two general types of calls, Station-to-Station and Person-to-Person.

STATION-TO-STATION CALLS. On this type of call you are connected with a distant telephone or private switchboard and timing is started on the call when anyone at the called telephone location answers. Station-to-Station calls are handled more rapidly and, consequently, at lower rates than Person-to-Person calls.

PERSON-TO-PERSON CALLS. On this type of call you are connected with a particular person or with a particular telephone or department reached through a private switchboard. Although the rates are higher than for Station-to-Station calls, the timing does not begin until you reach the person, station or department you designated when placing the call.

PLACING THE CALL

Your call can be completed more promptly if you know the telephone number in the distant city.

Additional copies of the Blue Book of Telephone Numbers for listing your frequently called numbers may be obtained at the Business Office.

In making a call, do not give your own telephone number to the operator until she requests it. Many long distance calls are completed as quickly as local calls. Therefore, it is important to stay on the line and be ready to talk when the called party answers.

If you wish to be informed of the charge on your call, notify the operator when placing it. After the call is completed, she will call you and quote the charge.

HOW TO PLACE STATION-TO-STATION CALLS

If you know the number, say "Cincinnati, Ohio, Main 1234."

If you do not know the number, say, "Cincinnati, Ohio, anyone at Brown & Co., 600 Main Street."

HOW TO PLACE PERSON-TO-PERSON CALLS

If you know the number, say "Cincinnati, Ohio, Main 1234, Mr. John Brown (or, extension 345, or, the Treasurer's Office)."

If you do not know the number, say, "Cincinnati, Ohio, Mr. John Brown (or the Treasurer's Office) at Brown & Co., 600 Main Street."

NIGHT AND SUNDAY CALLS

Reduced rates are in effect every night from 6:00 P.M. to 4:30 A.M. and all day Sunday for most Station-to-Station calls having an initial period day rate in excess of 35 cents and for Person-to-Person calls having an initial period day rate in excess of 60 cents.

COLLECT CALLS

On a Collect Call, the charge is billed to the distant telephone. There is no extra charge for this service when the initial period rate exceeds 25 cents. Notify the Long Distance Operator when placing the call that it is a "Collect Call."

MESSENGER CALLS

When you desire to talk to someone who does not have a telephone, the Long Distance Operator will arrange to send a messenger to call your party to the nearest available telephone. Person-to-Person rates plus the actual charges for the messenger apply to this service.

APPOINTMENT CALLS

The Long Distance Operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-Person rates apply to this service.

DIALING INSTRUCTIONS

OBTAIN THE CORRECT NUMBER FROM THE DIRECTORY

If the telephone number you wish is not in this directory, call INFORMATION for it as instructed on page 1 under "Telephone Service Calls."

LISTEN FOR THE DIAL TONE

The dial tone is a steady humming sound. **Do not start to dial until you hear it.** It indicates the equipment is ready to receive your call. If you do not hear it, hang up, and try again a little later.

DIAL THE NUMBER

With the receiver removed, place your finger in the dial opening over the desired figure and turn the dial to the finger stop. Release it quickly. Do not touch the dial as it returns to its normal position. If you make a mistake, hang up, and then try again in a few moments.

AFTER YOU DIAL

A few seconds after you have finished dialing, either the ringing signal (a soft bur-r-r) or the busy signal (a rapid buzz-buzz) will be heard. The ringing signal means wait for your party to answer. The busy signal means hang up and try again later. If neither of these is heard, hang up, verify the number you are calling and dial again. If several attempts fail, dial the operator and explain the circumstances to her. She will assist you.

WHEN THROUGH TALKING

Replace your receiver so that your line will be available for making or receiving other calls. If you have an extension telephone, be certain that the receivers of both telephones are in place. Otherwise your line will be out of order.

CALLING FROM COIN TELEPHONES

Follow the instructions on the coin telephone you are using.

TO DIAL "OPERATOR"

Place your finger in the last dial opening over the word "OPERATOR," and turn the dial to the finger stop, then release it.

FOR PARTY LINE AND EXTENSION USERS

When someone else is using your party line or extension telephone, you will hear dialing clicks, or the ringing signal, or voices. If you hear dialing clicks, lifting your receiver has interfered with someone's dialing and you should inform him of it as soon as he finishes.

If you hear another party lift his receiver while you are dialing, inform him that the line is in use. After he has replaced his receiver, replace your own for a few seconds. Then dial the complete number again.

TO CALL A PARTY ON YOUR LINE

TWO-PARTY OR FOUR-PARTY LINES

Dial the operator and give her the number you want, stating that it is another party on your line. The operator will ask you to hang up while she rings the number. Give the other party time to answer before lifting your receiver. If he answers before you lift your receiver, the operator will request him to wait for you.

RURAL PARTY LINES

Dial the desired number in the regular way. When you hear the busy signal hang up your receiver. Your telephone bell and the one you are calling will start ringing. When the called party answers, your telephone will stop ringing; then lift your receiver and start conversation. If the called party does not answer, lift your receiver to release the connection (which will stop the ringing) and then replace your receiver.

PAYMENT OF TELEPHONE BILLS

Telephone bills are rendered monthly and are due upon receipt.

Payments sent by mail should be addressed to The Ohio Bell Telephone Company, 528 Main St., Coshocton, Ohio.

HELPFUL INFORMATION

YOUR TELEPHONE DIRECTORY HAS MANY USES

Your telephone directory is a guide to complete telephone service. It contains much valuable information in addition to telephone listings . . . information about your community as well as your telephone. Keep it handy to every telephone in your home for ready reference.

Directories regularly furnished to subscribers are the property of the Telephone Company, are furnished only as an aid to the use of the service, and are to be returned to the Telephone Company upon request. No binder, holder, or auxiliary cover, except such as may be provided by or with the consent of the Telephone Company, shall be used on or in connection with any directory furnished by the Telephone Company.

THE WHITE PAGES (THE ALPHABETICAL DIRECTORY) A Guide to Friends

All telephones, residence and business, are listed in these pages, with the exception of those who request unlisted numbers. When in doubt about the number, you'll save time and trouble if you check here.

ADDITIONAL LISTINGS for other members of your household cost only a nominal sum per month. OTHER INFORMATION—Along with instructions on telephone service, the first pages list "Emergency Call" numbers for your vicinity, and some typical long distance rates.

THE YELLOW PAGES (THE CLASSIFIED DIRECTORY)

... A Complete Buying Guide

For your ease in shopping, the Yellow Pages list every product and service in your community by classification. Here, under the proper heading, you can locate the nearest supplier for anything you need. Local dealers for many nationally advertised goods and services are listed under their trademarks.

EXTRA LISTINGS AND ADVERTISEMENTS—Call the Business Office where arrangements will be made to have a Directory Representative get in touch with you.

EMPLOYEE IDENTIFICATION CARDS

For your protection telephone employees who regularly visit the public, carry identification cards. Each card bears the employee's photograph, name and signature, and is countersigned by a department manager. If you have the slightest doubt about anyone who represents himself as being "from the Telephone Company," ask to see his identification card.

YOUR TELEPHONE OPERATOR

The telephone operator, known and appreciated as the "voice with a smile," continues to furnish your complete telephone service. Here are some of the ways in which operators serve you:

"LONG DISTANCE"—Talking to faraway loved ones is one of the deepest pleasures your telephone can give you. For full information on Long Distance service, consult page 2 of this directory. Some typical rates are quoted on the inside front cover. "INFORMATION"—If you wish to call a number that is not listed in the directory, the Information Operator will be happy to help you. Of course, it saves time to look in the directory first to avoid making an unnecessary call.

PARTY LINE COURTESY PAYS

When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone gets better service if each party observes these simple rules: Be brief as possible . . . space your calls so the other party can place his calls . . . and give up the line for emergency use.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

YOUR BLUE BOOK OF TELEPHONE NUMBERS

Operators now dial many distant cities direct, giving you faster, more accurate service. You get full benefit of this speed when you give the out-of-town number. Calls go through nearly twice as fast! The Blue Book of telephone numbers provides a handy place to list those out-of-town numbers. Use it to keep frequently called local numbers too, plus numbers you get from "Information" and emergency numbers you want in a hurry. Additional copies may be secured from the Business Office.

DIRECTORY ACCURACY

Although every effort is made to insure accuracy, the Company assumes no liability for damages arising from errors and omissions in making up and printing this directory.

Please check your listing and let us know if it is not correct or should be changed.

HELPFUL INFORMATION

ATTACHMENTS TO TELEPHONES

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need the Company is ready to furnish special equipment at reasonable rates.

THE OHIO STORY

Sponsored by the Telephone Company, "The Ohio Story" is a dramatic radio and television program which brings to life colorful tales from Ohio's past and inspiring stories of her present.

For your listening pleasure, consult your local newspaper for time and station.

CONDUCTED TOURS

The telephone company makes it a practice to hold "conducted tours" in its buildings periodically. At other times, school and civic authorities may arrange building tours. When you receive an invitation to a conducted tour in your neighborhood telephone office, be sure to come. You'll enjoy meeting your telephone neighbors and learning how your calls go through.

LECTURE- DEMONSTRATIONS

AND TELEPHONE MOTION PICTURES

Capable speakers and entertaining and informative sound motion pictures on telephone subjects are available, free of charge, for most any type of audience, such as: School-College, Fraternal, Church, Business, Parent-Teacher, Trade, Professional, Rural, Women's Groups, Civic-Service Clubs.

The talks are non-technical and, generally, include interesting demonstrations.

For full information just call or visit the Business Office.

REGULATIONS AND TARIFFS

Tariffs showing the legal rates and regulations for exchange service as filed with The Public Utilities Commission of Ohio are available for public inspection at the Business Office.

TRANSACT MATTERS REGARDING YOUR SERVICE IN PERSON . . . BY LETTER . . . or . . . BY TELEPHONE

If you wish to apply for service, move or disconnect a telephone, discuss a bill, arrange for a directory listing, or if you desire any information regarding other telephone matters, our Service Representative in the Business Office, 528 Main St., Coshocton, telephone 9900, will be pleased to give you personal attention. Whether you call by telephone or in person, you will find her anxious to help you with any questions you may have about your bill or your service.

(Bills may be paid without any charge at the payment agency listed on page 3 of this directory.)

YOUR PHONE AWAY FROM HOME

The "Blue Bell" is the sign of a telephone pay station . . . your phone away from home. For good pay station service, observe instructions posted on pay station instruments.

"BEEP" TONE ON RECORDED CONVERSATIONS

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. Use of a recorder without this signal is unlawful.

EVERYONE
likes to talk

But the person who rates high in popularity is the one who shares the conversation and doesn't monopolize it.

That goes double on party lines. You can share your line fairly by keeping calls brief and allowing a lull between calls.

THE OHIO BELL TELEPHONE COMPANY

Civic Section for Newcomerstown

Prepared by the Chamber of Commerce

Newcomerstown is situated in Tuscarawas County, and was first an Indian town called, "Gekelamukpechunk," which in 1764 under Chief Netawatowes became the Delaware capital.

The earliest visit by a white man (Christopher Gist) was in 1750. In the Gist journal it tells what must have been the earliest account of the "Eternal Triangle" and how Newcomerstown got its name. Chief Eagle Feather became tired of his wife Mary Harris, who as a child had been abducted by the Indian raiders. While on one of the tribe's raiding trips to Virginia he captured a younger and more beautiful squaw. Mary Harris became jealous of the "Newcomer" as she was called. One morning the Indian village was aroused by the cries of Mary Harris that her husband Chief Eagle Feather had been murdered, and that the "Newcomer" had fled. She was pursued and re-captured at a small town on the banks of the Tuscarawas river and this town was thereafter always known as Newcomerstown.

Newcomerstown was laid out in 1827 and contained 34 lots in original plot. There was one building when first plotted, occupied by Nichols Neighbor, who founded the settlement in 1814. He later built the first store building, which was operated by him and Jacob Overholt. By 1830 there were four buildings, by 1840 population was 270, by 1860, 577. Aaron Schenk's tanning yards were built about 1827. In 1840 Pilling's woolen mill was established, in 1833 a saw mill by Edmund Smith and in 1836 a flour mill. Closest market for farm produce was Pittsburgh, Pa. The Canal was built in 1827 and by 1860 the traffic on the canal was at its height. Each lock had a tender and nearly

every lock had a strange story connected with it—it was a strange and interesting period in the life of the young community of Newcomerstown.

On May 31, 1851 it was announced that the route of the Steubenville-Indiana Railroad would travel from Steubenville, Uhrichsville, Newcomerstown to Coshocton. It opened for traffic April 1855, but before 1860 passed into receivership. In 1861 it merged with the Pennsylvania Railroad. Greatest of all events connected with the Railroad was in 1861 when President Lincoln passed through on his way to Washington, making a personal appearance on the rear platform of the train just as they do today. During the 80's the town hall was built and this brought many prominent actors and musicians to the town.

In the latter part of the 19th century Newcomerstown instituted what became a thriving fair each fall. The fairgrounds are now owned by Mrs. John Kistler. Newcomerstown may be called the cradle of Protestantism west of the Allegheny mountains and the first protestant sermon was delivered to assembled Delawares at noon on March 14, 1771 by the Rev. David Ziesberger. This event of lasting importance is commemorated by a monument that stands across from the Greyhound Posthouse. Newcomerstown lies about 100 miles south of Cleveland, 100 miles east of Columbus, 100 miles north of Marietta, and 100 miles west of Pittsburgh.

TELEPHONE—First Telephone was installed about 1896. There are now over 2400 telephones in service.

TRANSPORTATION—The main line of the Pennsylvania Railroad from New York through Columbus to Chicago and St. Louis passes through Newcomerstown, furnishing both freight and passenger service daily in each direction. The Cleveland and Marietta (branch of Pennsylvania) has freight service only. One bus line, the Greyhound, which has eighteen to twenty buses in and out daily. Three truck lines: The White Transportation Co., Corbett Motor Express and M. & M. Truck Co. Local transportation by taxicab.

WATER—Water is furnished by the municipally-owned Newcomerstown Water Works System which obtains its supply from two new wells located at the pumping station on East State St. The water is non-corrosive. The average daily pumping is 333,000 gallons and the allowable surplus for industrial expansion is about 900,000 gallons per day; however, provisions have been made that one more pump can be installed and that would increase the surplus to 1,600,000 gallons per day. The Water Works carries a reserve of 1,000,000 gallons in the reservoir. The pressure in the system is 110 pounds per square inch; this is very good from the standpoint of fire protection. The fire department does not have to use a pumper. The water rates are one of the lowest in the United States.

Some Important Traffic Suggestions

From the Police Department

FOR PEDESTRIANS:

1. Never run across a street.
2. Use the crosswalks at intersections.
3. Look in both directions before stepping from the curb.
4. Stay on the curb until the light turns green.
5. Be careful if you walk from behind parked cars.
6. Face oncoming traffic when walking on the highway. Move off the road when a vehicle approaches.
7. Carry a flashlight if you must walk on the highway at night.

FOR DRIVERS:

1. Give the pedestrian a break, even though he may not have the right of way.
2. Come to a full stop at a "stop" sign.
3. Signal before turning or coming to a stop.
4. Drive with extra caution on rainy or icy pavements.
5. Stay within the speed limit.
6. Check your car frequently. Be sure brakes, tires and lights meet safe operating requirements.
7. Remember—the driver's responsibility is greater than that of the pedestrian.
8. Above all—give our children a "brake"; they should be seen and not hurt!

Senders' Receipts for Domestic Ordinary Mail

A receipt (certificate of mailing) is furnished the sender of domestic ordinary mail of any class upon payment of three (3) cents for each piece. This fee does not insure against loss, rifling or damage, but merely furnishes evidence of mailing, and no receipt will be obtained from the addressee on delivery. Additional duplicate receipts may be obtained upon payment of three (3) cents each.

Air Mail Information

—6c for an ounce or fraction thereof up to and including 10 ounces. Post cards 4c each. Air Mail may be insured, registered, sent C. O. D. or special delivery when the additional fee are prepaid. It may be deposited in any mail box, but must be endorsed "VIA AIR MAIL" underneath the postage stamp immediately above the address. Over 8 ounces—Air Parcel Post. Rates supplied by Postmaster upon request.

Aids to Proper Mailing

Write name and address plainly and completely. Place name and address of sender on all matter. Prepay postage fully on all letters and parcels. Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is proper part of the address and save delay in delivery. Insure valuable parcels.

Packing & Wrapping—Pack articles carefully and tightly in strong durable containers. Wrap and tie packages secured with good quality paper and cord, but do not seal them except when bearing printed, typewritten or written endorsement: "Contents, merchandise. Postmaster—This parcel may be opened for postal inspection if necessary," together with the name and address of the sender.

You will often gain a day's time in delivery by using local and out of town labels and depositing mail at the Post Office as soon as it is ready.

Electrical Outlet

They cost the same
Have BOTH in your New Home

The well-planned modern home includes built-in telephone outlets . . . no more exposed wire on new walls. Concealed telephone wiring adds only a tiny amount to your total wiring bills, yet pays big dividends in convenience and neatness. The telephone company will help you or your contractor plan this wiring without charge.

GENTLY DOES IT

When you pick up your party-line telephone and find the other party is on the line, it's thoughtful and friendly to hang up g-e-n-t-l-y.
