JACOB W. NEIGHBOR —  
Flour and Feed Store, South Canal and Bridge Sts. This enterprise was started by Mr. Neighbor a little over a year ago, and embraces in stock the best brands of family flour, meal, grain and mill feed. Mr. Neighbor is a native of this place, and during the war of the Rebellion enlisted in 1861 as a member of Co. C. 51st Reg. O.V.I., serving until September, 1864, at which time he received his honorable discharge. On Dec. 27th, 1862 he was captured by John Morgan but escaped after one night's imprisonment.

### No Vacancy At Vet Court

The "no vacancy" sign has been hung up at Veterans Court, Newcomerstown's housing project for ex-servicemen and their families, Chamber of Commerce officials announced this week.

Each of the 18 large trailer units and 15 small ones are occupied, B. K. Castle, chairman of the management board, said, providing homes for about 100 persons.

Financially the project appears to be paying its way, Mr. Castle said. The board still owes notes amounting to \$7500—borrowed from Heller Brothers Co., the American Legion and the Elks—but it expects to make a payment of \$1500 on this indebtedness next November.

There are altogether 38 trailers, acquired from the federal government for emergency housing. One is used for an office, which is occupied by Manager Harry Ely and his family, one is shower and toilet room, one is a laundry, and two are for storage.

The turnover in renters has been low, one or two a month, since the units were made available around the first of this year, Mr. Castle said.

Although the board borrowed only \$7500 to launch the project, they were forced to go "on the cuff" for nearly \$3000 more. All these bills have been paid.

Despite the fact that the trailers are all occupied most of the time, there is rarely a waiting list, leading to the conclusion that the number of units is just about equal to the demand.

Improvements have been made since Veterans Court was literally launched in a sea of mud last year. A new road has been constructed, grounds have been graded and planted with grass seed, drains installed and an incinerator built. The units have been painted inside and out and otherwise put into good repair.

Before winter the board expects to build "aprons" around the bottoms of the trailers to keep out cold air.

The original rental was \$28.50 for the expensable trailers and \$23.50 for the smaller ones. This was recently reduced to \$25 and \$20.

### ELKS PICNIC

Approximately 225 attended the annual Elks picnic held Sunday at Heck's Grove, Gnadenhütten.

After dinner contests were held as follows: race for girls under six first, Sandra Summers; second prize, Marilyn Bordenkircher;

### New Equipment Added, Buildings Repainted Inside

The Newcomerstown schools will open Tuesday, Sept. 2 at 9 a. m., Supt. D. B. Roeder announced this week. All buses will run on the same schedule as last year.

School the first day will be dismissed at 11:45.

All first grade students are asked to bring their birth certificates on the first day. Those entering the first grade must be six years old not later than Jan. 1, 1948.

In preparation for the opening of school much painting and altering has been done during the summer. The two elementary grade buildings, East and Maplewood, have been completely decorated in the interior. All rooms have been painted pale green or light buff. Woodwork and seats have been re-varnished. At Maplewood a new pull-away merry-go-round has been installed.

In the high school building the third floor has been re-decorated and the first and second floor ceilings have been re-painted. The second floor study hall has been enlarged by moving the library to the next room south.

All junior high school library books have been moved to the second floor library which will be open every period with a teacher-librarian in charge. Many new books of fiction and reference have been purchased during the summer. A total of 71 magazines have been ordered for the library. Library newspapers will include the Cleveland Plaindealer, Ohio State Journal, Coshocton Tribune and Newcomerstown News and Index.

Many of the textbooks have been sent to the bindery to be replaced. Free textbooks will be provided by the board of education to all students as usual but students are required to buy all workbooks.

Some new lockers have been purchased. Others will be ordered when available.

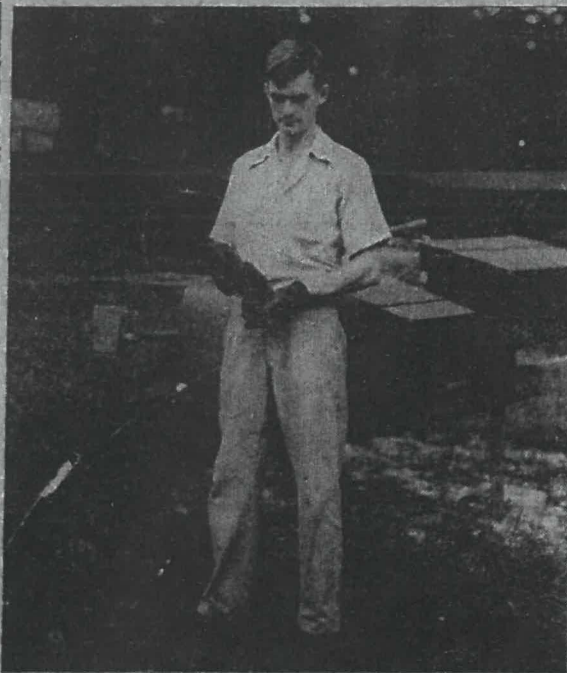

New teachers in the system are Ralph L. Braden, Annis McCoy, Marjorie Helen Ort, Donald Edward Wolff, Rosalie N. Wilson, and Charlotte Bowers. Verna Merkel of Port Washington is returning after being out of the system for a year.

School will begin as usual at 9 a. m. and will be dismissed at 4 p. m.

All students new to the high school this year are requested to come to the high school principal's office and register the last week in August.

Among the important dates on the annual schedule are the East-

## Local Man Raising Mink Uses Bite-proof Gloves

William R. Patterson holds one of his mink.

Bite-proof gloves are essential in raising mink, according to William R. Patterson, West st., who has been in this business since the first of the year.

Mr. Patterson has developed great respect for the teeth of the nervous little animals whose black pelts make luxurious fur coats, because he has been bit numerous times. Once a mink sunk its teeth into his hand with such determination that he had to pry open the jaws.

His original three mink, purchased in Colorado at a cost of \$195, have increased to 14. Litters arrived in April. One included seven kittens and the other, six although four or five is the usual amount. Two died, making the net increase 11.

"The litters were larger than average," Mr. Patterson said, "and that was good luck. But there were only two females. That wasn't so good."

"I may sell some of the male pelts next November. They will be prime then. But I'm more interested now in increasing my stock."

Mink have one litter a year. A black pelt brings \$17 to \$18, he said.

"I hope to make out on this deal," Mr. Patterson said, "but there are many uncertainties. One of the worst hazards is disease. You have to be careful to see that mink get a balanced diet when they are half-grown

they must be put in pens by themselves. Otherwise they will fight. At first they just play rough, but they keep getting rougher until one bites too hard. Once they get a taste of blood they tear viciously at each other."

Mr. Patterson feeds the babies twice a day and the older ones once. It takes three and a half pounds of food daily for his 14 animals.

Their diet includes 90 per cent ground meat and 10 per cent vegetables and cereals. Recently Mr. Patterson butchered a horse that netted 400 pounds of mink food. Most of it is stored in a deep-freezer at his home. They also like carp, but it must be ground. Their favorite vegetables are lettuce and tomatoes.

Just before meal times the little animals become more restless than usual and race around their pens like demons.

Mr. Patterson demonstrated why he has to handle them with heavy gloves. He picked up a black-furred kitten. It squealed unmercifully and bit furiously at the gloves.

Mr. Patterson has nine pens and will need more. They are about three feet above the ground. A wire fence surrounds the area as a secondary barrier.

There is another mink raiser in this vicinity. William Opphile, Post Boy, has about 70 at his farm.

### COUNCIL AUTHORIZES BUILDING OF FENCE ALONG N. BRIDGE ST.

In order to guard the public against the possibility of accidents on North Bridge St., Council in session Monday night authorized the construction of a wire cable fence along the bank which parallels the C. & M. tracks. It is understood that the railroad company will be expected to reinforce the embankment to prevent further cave-ins.

A. G. Bretzke, special committee-man for the Charity Committee, appeared before Council requesting that the town furnish transportation to and from work for eight local men who will be given work on the county road. The request was granted.

Members of Council agreed to attend a meeting in Churchville to be held for the purpose of discussing a plan for the payment of taxes in installments on account of the unemployment situation.

Fred Harbolt was employed to clean out the alleys south of State St. between Clay Ave. and Mulvane St. at a cost of \$22.

Complaint about the condition of cross walks on Elizabeth and Oak sts. which were partly torn out when the intersections were put in during the improvement of Carlyle St., was ordered referred to The W. M. Brode Co., contractors. Also the complaint that the fill on Pilling St. had made a part of East Canal St. impassable.

The salary ordinance reducing salaries of the mayor, clerk and treasurer, was given its second reading.

The matter of purchasing a truck for village purposes was deferred to another meeting. Three bids were received.

Adjourned to meet Feb. 9.

#### CHARITY MEETING

A joint meeting of the disbursing committee of the Charity Fund and the district workers was held Wednesday evening in the Chamber of Commerce rooms in the K. of P. building.

A complete survey was made of the work accomplished thus far, and suggestions discussed as to plans for the most economical distribution of the charity funds.

The committee expressed its appreciation for the splendid work of the various workers who are devoting so much of their time gratis, those taking care of the work of feeding undernourished children at the schools, and to the societies, ladies and citizens in general who are continuing to make donations of clothing, food and money.

It was reported that over 90 children were fed in the schools Wednesday noon.

#### ESCAPES INJURY

C. W. Botimer, sr., New Philadelphia, formerly of this city, power man in the east end yards of the P. R. R. at Dennison, escaped uninjured last Thursday morning when his automobile skidded from the road near Midvale and came to rest on end in a ditch. Mr. Botimer was en route to work when the accident occurred.

*Wire cable fence*

WEDNESDAY, MAY 8, 1918

At the advanced age of 91 years, 6 months and 12 days, Mrs. Margaret McFadden has passed to her reward.

Unhampered by the usual ills and afflictions of humanity in general, the life of this remarkable nonagenarian has been one of ceaseless activity from early childhood up to the last years of her long useful career. Even in her later years she retained her elastic step, an alert mind and a vitality which was astonishing for one of her advanced age. She insisted upon going about unattended and appeared frequently upon the streets.

Grandmother McFadden, as she was known to both young and old, was proud to maintain that she had never been ill a day in her life. About two years ago she fell at her home on Cross st., breaking her left arm at the shoulder. In an incredibly short time she recovered from her injuries and was apparently as well as ever. Previous to the accident she had insisted upon living alone, but was finally persuaded to give up her own home and reside with her daughter, Mrs. John T. Keast on North Goodrich st.

About eight weeks ago she suffered another fall in which her hip and shoulder were fractured. Even these serious injuries appeared to heal. She regained the use of her arm and could move herself about in the bed. But the shock and constant drain upon her vitality were too great and she gradually became weaker, passing away peacefully Tuesday evening, April 30th.

Margaret Jane McFadden was the daughter of Dr. and Mrs. Asa Herring and was born at Mechanicsburg, Pa., Oct. 18, 1826. She was married May 12, 1846, to William McFadden, at Lewistown, Pa. Here they resided until they decided to come to Ohio. The trip was made over the mountains to Pittsburgh, thence to Cleveland, and finally by canal boat to Newcomerstown, arriving here in May 1850.

The husband was a tailor by trade, and worked at the business until the call was made for volunteers in the Civil War when he enlisted with Co. D of the 52d O. V. I. He was later given an honorable discharge on account of physical disabilities and returned. He served as postmaster of Newcomerstown for eight years, later resuming the tailoring business until his death in 1876 at the age of 55 years. Following her husband's death, Mrs. McFadden served as postmistress for four years.

Mrs. McFadden was the mother of four children, two of whom died in infancy. The surviving children are Mrs. Theo. F. Crater and Mrs. John T. Keast, both of Newcomerstown. She is also survived by two grand children and three great grandchildren.

Mrs. McFadden's first association with a church in this vicinity was with the old Union church, known as the Rodney brick building on East Neighbor st. When the first Lutheran church was built she became one of the society's first members. She was charter member of the Rebekah and Eastern Star fraternities.

Funeral services were held at the Lutheran church last Thursday afternoon conducted by Rev. H. M. Nicholson, and interment was made in the family burial plot in the local cemetery.

## THE 75TH ANNIVERSARY

St. Paul's Lutheran Church, Newcomerstown, May 8, 9 and 10.

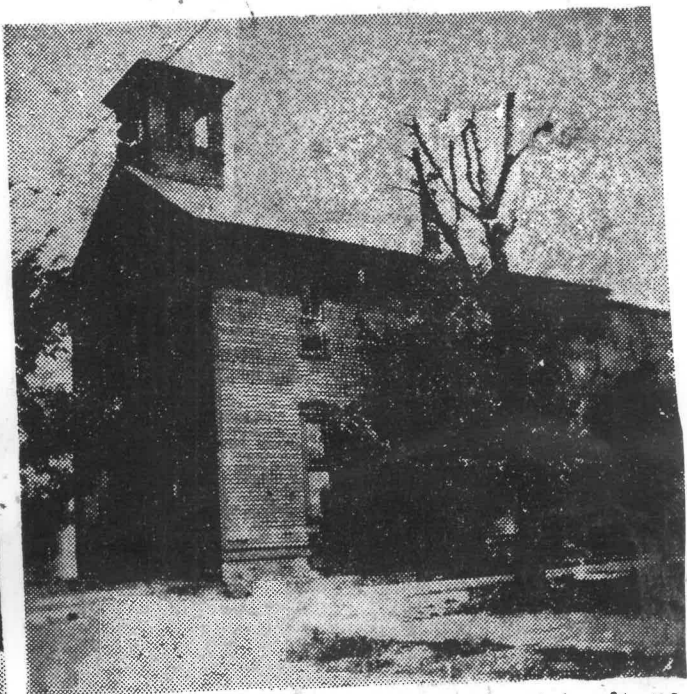

May 10th, 1835, a permanent organization, known as the St. Paul's Evangelical Lutheran church of Newcomerstown, was effected, and a brick church was erected on Rodney's hill in 1838 during the pastorate of Rev. E. Greenwald. Services were held in this building until 1869, when it was sold to John Rodney, who converted it into a dwelling. In 1869, a new frame church was built on College st., where the present edifice stands, and was dedicated in the spring of 1870 by Rev. E. K. Melhorn. This building was occupied by the congregation and Lone Star Lodge F. and A. M. for many years. During the pastorate of Rev. H. B. Ernberger from 1901 to 1905 preliminary steps were taken to build a new brick church, which was dedicated Dec. 13, 1906, by Rev. Dr. Keyser, during the pastorate of Rev. D. W. Ziegler, at a cost of \$11,000.

## Built First Church In Newcomerstown

# Lutheran Church Founded 1838

Members of St. Paul's Lutheran church in Newcomerstown who recently celebrated the dedication of a new church building can look back on a number of "firsts" during their 129 years as a congregation in Newcomerstown.

Founded by Rev. Emanuel Greenwald of Frederick, Md., who began preaching in 1832, the permanent congregation

was founded in 1835 and obtained its first house of worship in 1838 when a brick church was erected on Rodney's Hill. The old Neighbor home is still there.

Near this structure, which was Newcomerstown's first church, was also the town's first bell, transported on the canal and hung from a rail fence where it summoned worshipers, tolled the funeral dirge

and summoned volunteer firemen.

On Aug. 18, 1869, the building was purchased by John Rodney and converted into a private dwelling. Two lots were purchased Oct. 9, 1869, for \$250 and on Oct. 29, 1869, a cornerstone was laid for a new frame church, which was dedicated in the spring of 1870 after an expenditure of \$3,500.

conducted on the interior and exterior of the building, a basement was added and a double garage added to the rear of the lot.

During the 1935 Centennial Anniversary celebration it was reported that the congregation's total expenditures exceeded \$45,000 for the preceding 10-year period and the following groups were organized:

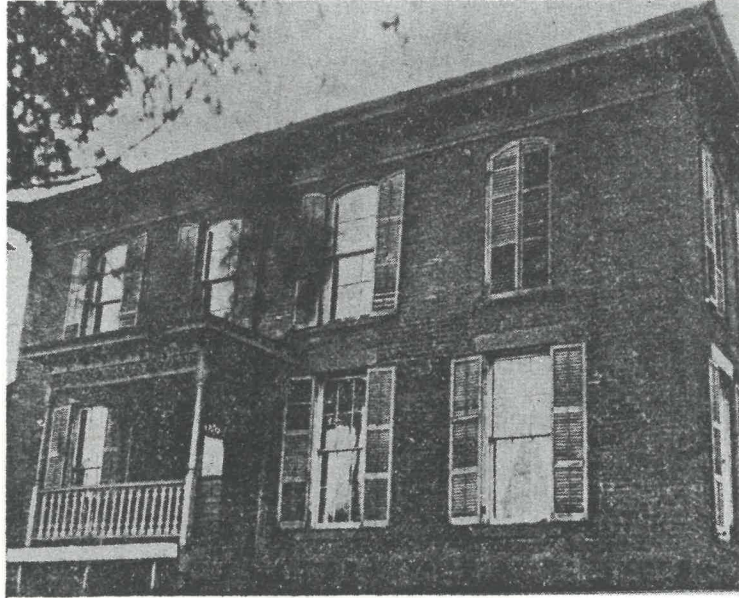

and ground was broken in March of 1962.

Dedication of the present structure was conducted Jan. 20 of this year.

Ministers of the Newcomerstown church during its long evolution since 1835 have been: Rev. Greenwald, 1835-40, Rev. E. C. Yunge 1840-43, Rev. E. Melsheimer 1843-46, Rev. A. N. Barthelmech 1850-58, Rev. M. H. ... 1850-1861 ...

## THE OLD RODNEY HOUSE

By

Lois Zimmer Craig

2 February 1965

One of these days in the not too distant future, Newcomerstown's most legendary landmark--the Old Rodney House crowning the hill on North Bridge Street--probably will be a thing of the past.

Regarded as a hazard by parents in the neighborhood whose ventures some children find expeditions into the gloomy interior more thrilling than TV, the sturdy brick house with gaping windows has been the object of much concern to village officials for a number of years.

Without it the town will never be quite the same, for it embodies not only the spirit of the Lutheran congregation which first built it, but the proud and peppery spirit of John Rodney and his wife Ellen who were its owners after the church became a dwelling.

The history of the first is carefully recorded in annals of St. Paul's Lutheran Church which abandoned the house of worship on the hill for a new one down in the valley back in 1869.

With the congregation went the bell which had been brought to the village on a canal boat and had been suspended on a near-by rail fence until the community's first church, built with brick burned on the spot, could be completed in 1838.

Once installed in the bellfry, it clanged out the alarm for fires, summoned village officials to meetings and no doubt tolled on the sad day in 1865 when word came of President Lincoln's assassination. and regularly, every week for 127 years it's been calling Lutherans to Sunday School and church.

It's the Rodney part of the story, however, which presented the village with the dilemma that finally, within the next year or so, probably will be resolved by a sale of the property for delinquent taxes.

Relatively few still living in the area have any personal recollection of the Rodney's, but may have been highly respected and of the type which leave a lasting impression, so they were easily visualized by children and grandchildren of their contemporaries found them a favorite source of reminiscing.

This story is typical. One snowy winter night probably in the late seventies, the hotel keeper saw a bobbing light approaching and instantly knew it was Mr. Rodney carrying a lantern, for he was crippled and with every step, the light bounced up and down. As it passed, it revealed both Mr. and Mrs. Rodney, dressed in their Sunday best and obviously enroute to someone's stylish six o'clock dinner. But shortly, the light came bobbing back again. It was simply a case of the Rodney's going to the right place on the wrong night; the Jack Craters were planning a turkey roast for the following evening. Nothing much, but no doubt it provided fun for Mr. Rodney's friends for days to come.

Mr. Rodney was reported to "swear like a boat captain", a very telling simile back in the days when canal boat captains ruled the ribbon waterway from Cleveland to Portsmouth and fights between crews of up-coming and down-going packets were likely to occur at any lock.

That his gait was distinctive is clearly established by one 86 year-old in the community who still remembers being punished for embarrassing imitations in his presence (Anna Moore Zimmer). He was said to have had "white swelling" which stiffened his knee into a permanent bend so that one leg was shorter than the other. He was slender and constantly smoked a stubby pipe, either corn cob or clay, and was blamed by his neighbors for having accidentally set fire to his own big barn through careless smoking habits.

It would have been after the Rodney's took possession of the former church that what was finally to become the C & M Railroad came pushing out of the hills from Marietta and Cambridge. A cut was made to carry the line out of the valley and into the Buckhorn Creek valley to the north and this wiped out the long ridge covered with apple trees which connected the Rodney home on the west side with the L.C. Davis residence-- a classic white house with high columns--on the east, which stood at the same elevation approximately 1,000 feet away.

The building of the railway from south to north was done by crews of rough Irishmen fresh from the Old Country and tales of their uproarious high jinks have over the years become too, legendary.

Stories that the old building was an underground railway station in pre-Civil War days no doubt are the kind that develop around many places this side of the Ohio River where imaginations of sub-

sequent generations has been stirred. It is doubtful if this had any factual foundation.

Mrs. Rodney had been Eleanor Hardy, and her family name is still preserved by the elegant Victorian mansion which stands at Shady Bend on the edge of Coshocton County. The couple's only child, Mary, married John Peck and died in June 1863, nearly a year after an infant son had died shortly after birth.

Later, the couple adopted two children, Russell and Mamie, and while no doubt everybody wondered then as they do now, what story might lie behind the two attractive children, nothing ever was told about their background.

Mr. Rodney was 74 when he died in April 1894, leaving his property to his wife who died less than two years later. In the meantime both adopted children had married and Russell, who inherited the home, soon became dissatisfied and sold his lifetime interest in it to Theodore Neighbor who lived next door.

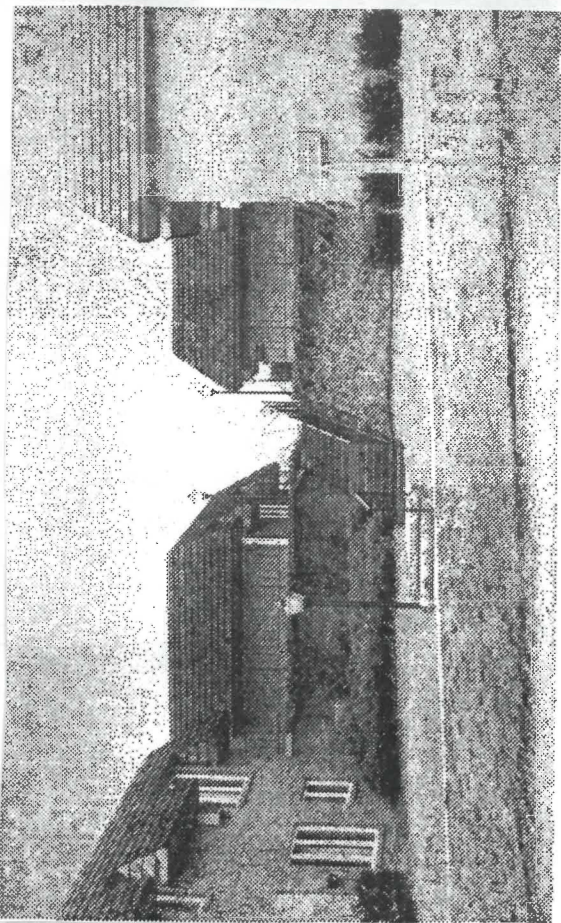

In a way this brought the story of the old house full circle, for it was Mr. Neighbor's ancestors who had helped organize the Lutheran congregation and build the church.

But it was at this point the confusion began, for the intervening years all trace of the Rodney's adopted children was lost. The property continued in the possession of Mr. Neighbor and his heirs until his daughter-in-law, Mrs. Salathiel Neighbor, finally left it several years before her death in 1957, to live with her daughter in Cleveland.

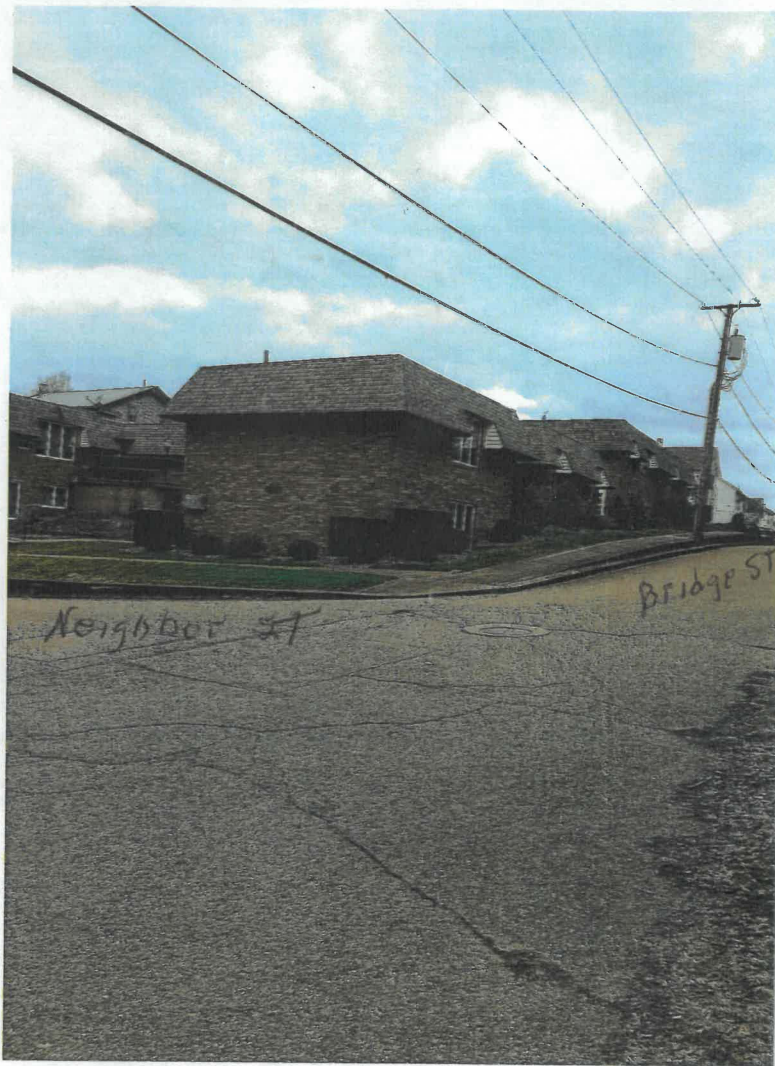

With no clear title to the property the Neighbor heirs quit paying taxes on it and since 1958 delinquencies have accrued to \$834.48, with an additional \$143.50 now due on interest. It has now, according to a Newcomerstown attorney, been viewed by the necessary county authorities and at the next sale of delinquent tax properties, will be sold to the highest bidder.

This is the only way, they say, in which a clear title to the town's best-known and most-confused landmark, can finally be secured.

Note: That imposing Greek revival style white house with high columns was by the early 1900's occupied by Mrs. Lucy Case. It stood at the same elevation (as Rodney's house) approximately 1000 feet away, but some 50 years ago was moved down onto Martin Luther King Drive.

# Beers Drug Store Sold, Started 51 Years Ago

Sale of the Beers drug store, Bridge street, to Ed Levison of Zanesville, was announced this week.

This transaction, completed Saturday, marked the retirement of George A. Beers, the proprietor, who has operated a pharmacy in Newcomerstown for the past 51 years.

Mr. Beers, one of this community's best known and leading citizens, has not operated the establishment since last March 20 when he was taken ill. He is rapidly improving, however, at his home on North College street.

Mr. Levison said he will continue to operate the store for some time. He purchased only the stock and fixtures but added that he may buy the building later. He formerly was in the dry goods business in Zanesville.

Mr. Beers has managed the firm, known as Geo. A. Beers and Co.,

continually since December of 1891. He was associated in the business with his father, Dr. A. M. Beers, until Dr. Beers' death just 30 years ago Wednesday.

### Founded First Drug Store

Dr. Beers established Newcomerstown's first drug store in 1868 with his partner, Rev. Roof, then pastor of the Lutheran church. In 1870 W. A. Johns came here from Coshocton to operate the store for Dr. Beers and Rev. Roof. It was located in a building, long since moved away, on the Beers lot at the corner of Bridge and Main streets.

The firm of Beers and Roof continued until about 1871 when it was sold to W. R. Shields. A year later Mr. Shields built a building where the Swigert Meat Market is now located on Main street and opened a pharmacy there.

In the meantime, A. J. Wilkin had

started a drug store where the Jones Lydiek building is now situated which was operated by his son, Dr. Charles Wilkin and his son-in-law, C. C. Dickinson. Later, W. A. Johns became a partner. In the early 1890's this establishment was moved to the Beers building at the corner of Main and Bridge streets and in 1897 Mr. Johns bought out the Wilkin interests.

Mr. Beers actually began his pharmacist's career in January of 1888 when he started working for Mr. Johns. Two years later he went to pharmacy school at Selo College under Prof. J. H. Best.

Then, in 1891, he and his father established the present drug firm. They continued to operate in the original location until 1897 when they constructed the present Beers building on Bridge street. After Dr. Beers' death on Sept. 9, 1912, Mr. Beers became the sole owner.

### Tax Relief Leader

In his half a century as a druggist, Mr. Beers has seen many changes. In the early days drug stores dealt almost exclusively in medicines and drugs and it was only in the latter years that they began taking on sidelines.

Mr. Beers resisted one strong trend—he never established a soda fountain.

Although most residents know Mr. Beers as a druggist, they are grateful to him for his militant leadership in this community's successful effort to get rid, at least for the present, of what were generally considered ruinous property assessments levied for flood control in the Muskingum Watershed Conservancy District.

From 1936 until the settlement of the "tax strike" in 1941, Mr. Beers devoted a large share of his time—without pay—to battling the assessments which in many cases amounted to as much as the regular property taxes and which, if relief had not been afforded, might have ruined real estate values in this community.

Although Mr. Beers is retiring from the drug business, he is not giving up all activities.

"For the war effort," he said, "I'm willing to do whatever I can."

started a drug store where the Jones-Lyddick building is now situated which was operated by his son, Dr. Charles Wilkin and his son-in-law, C. C. Dickinson. Later, W. A. Johns became a partner. In the early 1880's this establishment was moved to the Beers building at the corner of Main and Bridge streets and in 1887 Mr. Johns bought out the Wilkin interests.

Mr. Beers actually began his pharmacist's career in January of 1888 when he started working for Mr. Johns. Two years later he went to pharmacy school at Scio College under Prof. J. H. Beal.

Then, in 1891, he and his father established the present drug firm. They continued to operate in the original location until 1897 when they constructed the present Beers building on Bridge street. After Dr. Beers' death on Sept. 9, 1912, Mr. Beers became the sole owner.

### Tax Relief Leader

In his half a century as a druggist, Mr. Beers has seen many changes. In the early days drug stores dealt almost exclusively in medicines and drugs and it was only in the latter years that they began taking on sidelines.

Mr. Beers resisted one strong trend—he never established a soda fountain.

Although most residents know Mr. Beers as a druggist, they are grateful to him for his militant leadership in this community's successful effort to get rid, at least for the present, of what were generally considered ruinous property assessments levied for flood control in the Muskingum Watershed Conservancy District.

From 1936 until the settlement of the "tax strike" in 1941, Mr. Beers devoted a large share of his time—without pay—to battling the assessments which in many cases amounted to as much as the regular property taxes and which, if relief had not been afforded, might have ruined real estate values in this community.

Although Mr. Beers is retiring from the drug business, he is not giving up all activities.

"For the war effort," he said, "I'm willing to do whatever I can."

J. O. Newton, D. D. S.

Dr. J. O. Newton, whose dental parlors are located in the Beers building, directly over the drug store, places an advertisement in this paper, also local notices, to which we direct the attention of our readers. The doctor is a graduate of the Ohio Medical University of Columbus, does all his work in a scientific manner, and uses the most modern appliances. In order to introduce his methods he makes special offers to the public.

July 1903

118 N Bridge St

**DR. A. M. BEERS.**

Adam M. Beers, M. D., a prominent, respected and well-known physician of this city, died suddenly Monday evening from heart trouble, while seated in a reclining chair on the front porch of his residence on Main st. He had been ailing only a few weeks, and was supposed to be recovering. He expired so suddenly that no relief could be administered. Mr. Beers was born near Rockport, Pa., Nov. 25, 1840. He is survived by wife, three sons and two daughters—George, Warner, Will A., Belle and Mary.

Mr. Beers graduated in surgery at Columbus in 1862 and enlisted in the 9th Ohio regiment at Cincinnati as first surgeon. After the Atlanta campaign, he came home and re-enlisted in the 92nd Ohio reg't, which he joined in the South. He was in the celebrated march to the sea and returned to Washington, D. C., at the close of the war. He served as surgeon of the C. & M. railway ever since it was built, early in the seventies; and was local surgeon of both the Pan Handle and C. & M. division for years and up to the present. Mr. Beers established the first newspaper, "The Visitor," in Newcomerstown about 1872, with H. D. Beech of Coshocton as a partner. He also started the first drug store in town, in the building now occupied by Swigert's meat market. He afterward sold his business to W. R. Shields, who now resides in Columbus. Some of our citizens remember the W. A. Johns drug store which stood on the corner where the Beers residence now stands; also the Dr's. office attached to the same building; and when Mr. Johns died, the Dr. purchased the drug store. A few years later the old drug-store and office building disappeared, and a new structure was erected at the upper canal bridge, which for years has been occupied by the post-office and Geo. A. Beers & Co's drug store. 'Twas here the Dr. spent the remainder of his days practicing, clerking, performing his duties as Ry. surgeon, beautifying his home, and taking part in everything pertaining to public improvement and the general welfare of the town; and in all these things he will be greatly missed in the community.

The funeral service will be held at his late residence on Thursday at 1 p. m., when it is probable that every business house in town will be closed for one hour. Rev. Kramer, pastor of the Lutheran 'ch., will officiate. The Odd Fellow fraternity, of which the deceased was an honored member, will attend in a body and take part in the ceremonies.

11/6/1902

South African Curios.

A large number of people from town and country took special delight in viewing fine collections of curios exhibited by Rev. J. L. DeWitt on decoration day, in the windows of Beers' and H. H. Eagon's drug stores. They are specimens collected in East South Africa; and remind one of the Indian relics of our own land. They consist chiefly of native costumes, beaded ware, queer head-dress, novel cooking utensils, crude weapons of warfare, unique mechanical devices, constructed of flexible wooden fibers, or carved from wood or stone. Also, skins of mammoth, venomous reptiles, strips of hippopotamus hide twisted into canes, huge lion teeth, odd musical instruments, and many other curiosities. By the use of these curios and many kodak pictures, Mr. DeWitt is prepared to deliver a series of very interesting lectures, a treat which some of our citizens have been privileged to enjoy.

Better Than a Letter.

**A New Light.**

Geo. A. Beers & Co. have secured one of the new Washington lights, the latest idea in lighting that has been discovered, and have suspended it in front of their drug store on Bridge street. The light is made from Carbon oil by heavy pressure and burns about a gallon in 12 hours. The light itself equals an electric arc light in brilliancy and power and is quite an innovation in this dark town. The Beers' deserve credit for this move as it is solely a benefit and furnishes light for the general public. It lights up considerable territory and may be the means of solving the vexatious light problem in this city.

27 Dec 1899

**Blaze at Beers' Drug Store.**

A serious conflagration was narrowly averted at Beers' drug store Monday morning. Miss Mary Beers had lighted a small gas hot plate in a rear room, and in attempting to regulate the flame, the shut-off valve became detached. Immediately the full flow of gas ignited, shooting flames to the ceiling. She at once gave the alarm and several persons ran to the store. Mr. Z. Thalheimer and clerks from the clothing store next door brought fire-extinguishers, and Mr. Geo. A. Beers secured a wrench to turn off the gas at the meter. In a few moments the flames were extinguished and the excitement subsided as quickly as it began. The room where the fire originated is used for storage purposes, containing paints, oils, varnishes and other inflammable materials, and had the flames gained control a serious conflagration would have been the result. Band Stand Bridge St

July 25, 1888

**Newcomerstown.**

The young folks of the Sunday schools will welcome gladly the tidings that there is soon to be a Union Sunday school excursion and picnic. The suggestion recalls to mind the enjoyable times had at Newark and Zoar in times past. But pleasure is not the sum total realized, as they are so universally patronized, as to leave a handsome surplus above all outlays, to replenish the Sunday school coffers. It is not decided yet as to where the choice of place will fall for this year's "outing," but there need be no anxiety felt on this score so long as there is a Zoar.

Miss Kate Brown, of Zanesville, is the guest of her cousins here, Misses Nellie and Nora Miskimin. |

Mr. Wren Davis is with relatives in this place.

A very commendable public spirit is shown by Messrs. E. C. Crater and R. H. Hawthorne in the erection of a structure for the band's use in giving open air concerts. That it is a rather crude and primitive affair does not make the motive insignificant. If this step induces the town to provide a suitable band stand, these gentlemen will be entitled to the gratitude of the whole people.

E. W. G. Vogenitz is home, having completed the scientific course at the Ohio Normal University, at Ada. His oration at the commencement was on "Man's Violation of Nature's Laws," in which he no doubt "did himself proud."

# CHAMBER SEEKS TO LEASE CANAL LAND

At a largely attended meeting of members of the Chamber of Commerce on Monday evening, the matter of leasing the canal ground occupied by the band stand, was up for discussion and Councilman S. L. Douglas was authorized to go to Columbus for the purpose of securing a lease. Mr. Douglas returned Tuesday night with the report that the state authorities would hold the matter in abeyance until their representative could make a personal inspection of the case.

The annual Chamber of Commerce banquet will be held in the M. P. church basement this Wednesday evening. Congressman John McSweeney will be the speaker.

Geo. Jordan was granted permission to move the band stand from the canal ground leased by him, to the Miskimen Park on West Neighbor st.

## Newcomerstown's Movie Theater History

William Casteel/Newcomerstown News

No longer playing at a theater near you! Well, at least not for Newcomerstown. At one time Newcomerstown had two movie theaters, and a drive-in theater located at nearby Isleta.

In the early 1900's, shortly after Hollywood introduced silent movies, The Grand movie theater opened its' doors to the citizens of Newcomerstown. The theater was located on Bridge Street in the north side (located closest to the Ohio-Erie Canal) of the building now occupied by Dick's Place. The Grand remained there for several years, later re-locating to Main Street in the building now occupied by The Feed Barn. In those early years, the silent movies were flashed upon the silver screen while a theater employee would play the piano to emphasize drama, or emotion for each scene in the movie. The Grand Theater remained in business at Newcomerstown until the late 1920's. The Grand later moved to nearby West Lafayette where it remained in business before closing sometime in the late 1950's. The structure is currently home to the Victory Center Pentecostal Church of God.

By 1926, the movie theater business was booming, and it was decided that a more modern, spacious theater was needed at Newcomerstown. Purchasing a vacant lot on the west side of Bridge Street that had been created after the Ohio-Erie Canal was closed, and filled-in, the Twin City Theater Company (also owners of The Grand) began construction in the fall of 1926. The actual construction was done by Jacobs Construction Company. Building materials supplied through Eureka Hardware, Zimmer Lumber Company, and the Canton Brick & Fireproofing Company. Wiring and fixtures was installed by Beiter Brothers Electric, and Crater Hardware Company. Theater seating, and other related furniture items were supplied through Rose Brothers.

Shortly after breaking ground, the owners announced a contest for the local community to give the new theater a name. Many suggestions were given, and eventually a name was chosen, being suggested by Howard W. Stocker, Newcomerstown. Stocker won the first place prize of \$20 in gold. The second-place prize, twenty admission tickets to the new theater, was won by Mrs. Elizabeth Stein, a resident of south River Street, Newcomerstown. Her suggestion was in honor of the two owners of the Twin City Theater Company, a combination of their last names, Jordan & Wheland. The owners modestly declined having the new theater named in their honor, and decided Stocker's suggested name, The Ritz, would more appropriately reflect the image of a new modern theater.

On Monday evening, February 14, 1927 The Ritz Theater held its' grand opening with the showing of a comedy movie titled "It". The movie featured a popular young actress, Clara Bow who later became known in Hollywood as the "It Girl".

Beauty, safety, and substantial comfort, these were the governing principals in the constructing of The Ritz Theater, according to a news feature printed in the February 9, 1927 edition of The Newcomerstown News. The steel and brick structure measures fifty feet width, and one hundred and seventy feet in length. The theater features a spacious lobby, a men's smoking room, lady's retiring room with toilet connected. The theater also offered patron mother's a cry room, and a children's play room where they could take a fussing infant, or fidgety youngsters. The room featured a view window to enable the mother to continue watching the movie while tending to her children. The theater auditorium offered seating to six hundred patrons. At the front of the auditorium where a stage is located, the large silver screen is surrounded by two handsome sets of velvet drapes one set in taupe, and the other in steel gray colors. The stage is fully equipped with foot lights and border lights. A magnificent Hilgren-Lane three manual organ is located to the right of the stage in an orchestra pit. The lobby and auditorium features beautifully crafted chandeliers and complementary lighting through-out.

The price of admission at The Ritz in 1927 was ten cents for daily matinee and thirty cents for evening feature, Wednesday-Sunday, and fourty cents on Monday and Tuesday evening features (the first two days of the new featured movie that was showing that week).

The Ritz Theater closed in 1974, and the structure was later sold to Don & Doris Best.

It was the evening of July 4, 1949, when Newcomerstown and vicinity residents flocked to the Starlite Drive-In on County Road 9, between Newcomerstown and Isleta, for it's' grand opening. The establishment had been constructed earlier that year by owners, Oliver & Ida Mae Ortt of Newcomerstown. The Ortt family were also owners of the Ritz Theater at that time. In 1950, both the Ritz and Starlite were sold by the Ortt family to Manus Entertainment, Inc. of Toronto, Ohio. Oliver & Ida Mae Ortt later owned another popular establishment in later years, Ortt's Furniture, once located on Main Street (now the site of The Feed Barn, and ironically the former site of The Grand Theater many years before).

The Starlite was situated on thirty-three acres, on the south side of County Road 9. Its' original screen, constructed of wood and canvas, was destroyed by fire several months later. The screen was replaced (in 1950) with concrete blocks. The construction was completed by Albert Construction Company of Coshocton. George Underwood also of Coshocton painted the large Starlite Drive-In logo on the front side of the structure.

Persons that lived in Newcomerstown, West Lafayette , and vicinity from 1950s thru the mid 1980s will most likely recall going to the Starlite. The movies, the concession stand, the rows of car speakers, the play ground that was located below the fifty foot high screen. There are more than likely many memories of the Starlite. Some will most likely remember their first dates at the Starlite, and maybe even remember what movie was playing that night!. Others may recall some teenage hi-jinx that took place, maybe stowing away in the trunk of the car to avoid the admission fee, or sneaking into an R rated movie!

The Starlite ceased operation in the fall of 1986, and the structure was razed in January, 1987. The property was purchased by the late Ken & Rosalie Porcher, and was developed for private residential housing.

Physical reminders of the Ritz, and the Starlite are far, and few these days, but the memories will live on and remain vivid as long as the stories are shared.

WEDNESDAY, FEB. 16, 1927

## OPENING OF THE RITZ DRAWS BIG CROWDS

The new Ritz theatre, one of the most beautiful moving picture houses in this section of the state, built by Messrs. G. M. Jordan and C. E. Wheland, owners of the Grand theatre, was given a splendid ovation by the people of Newcomerstown and vicinity who packed the show at the opening Monday evening, and again on Tuesday evening. In fact it is predicted that the new theatre will have a phenomenal run during the entire week, because many persons avoided the first night rush, preferring to enjoy the opening under less crowded conditions.

Beautiful flowers on the stage and throughout the building, added to the beauty of the effect. Attractive souvenir programs, describing in detail the construction, furnishings, decorations and equipment of the new theatre, were distributed by the ushers.

The first picture shown, an Elinor Glynn romance, "It," starring Clara Bow, will run three nights, followed by "The Lady in Ermine" on Thursday and Friday, and "Love 'Em and Leave 'Em" on Saturday. Among the added features are comedies, news reels, local views and orchestra music.

The management, perhaps more than the audiences, deeply regrets the accident which caused the delay in shipment of certain parts for the big pipe organ, necessitating the substitution of an orchestra to furnish the musical program. It is expected to have the organ in operation within a few days.

Messrs. Jordan and Wheland are being showered with congratulations on the erection of a beautiful building which adds much to the attractiveness of the business section.

This issue of the News carries a big four-page extra, filled with the congratulations and best wishes of the business interests of Newcomerstown in recognition of the enterprise of the management of the new theatre. It is a testimonial of which they may be proud.

### RITZ THEATRE OPEN

The Ritz theatre which was closed for about two weeks on account of the infantile paralysis epidemic, was permitted to open last Saturday night. Children under 16 years of age are not permitted to attend.

Mrs. Anna King Tidrick, 36, this city, was killed about 10:30 o'clock Tuesday night, when an automobile in which she was riding crashed into an iron sign post at the River st. railroad crossing. Mrs. Tidrick died seven minutes after the accident occurred. It is said her neck was broken, and skull crushed.

Mrs. Tidrick was born in Newcomerstown Mch. 24, 1893. She is survived by her mother, Mrs. Ellen King, and one son, Carl Powell, 7; a brother, John W. King, Seattle, Wash.; and a sister, Mrs. Geo. Little, this city. She has been married four times.

Mrs. Tidrick and her mother have been conducting the business formerly known as Smythe's restaurant for over a year.

104 N Bridge  
25 April 1929

## THEATRE BUILDING TO BE ERECTED ON CANAL GROUND

Newcomerstown is to have a new \$50,000 fire proof theatre and business building to be erected on canal land facing Bridge street which has been occupied by the city band stand for several years.

The new structure will be erected by G. M. Jordan and C. E. Wheeland, owners of the Grand Theatre, who have just closed negotiations with state canal authorities for a long-time lease on the site.

Plans are being made for a building 50 by 175 feet, leaving an 8-foot passage way along each side for exits. The front part of the building will be three stories high, constructed of light colored face brick. The ground floor will be occupied by two business rooms 16½ by 46 feet, flanking the main lobby 16 feet wide leading to the theatre.

The new theatre will seat 600 people and will be modern in every respect. One of the special conveniences provided in the plans is a ladies rest room, with plate glass front facing the stage where mothers may take their babies and enjoy the show in a comfortable seat, without inconvenience to themselves or possible annoyance to others. Toilets will be provided for patrons of the theatre, and additional toilets for the use of the general public.

The plans include a modern equipped stage which will meet every requirement both in size and convenience.

The second and third floors of the building will be occupied by comfortable living apartments with all modern conveniences.

The new building will probably be completed by fall.

It is understood that Messrs. Jordan and Wheeland will also continue to operate the Grand Theatre at its present location.

### TIRES

If you see rubber tires piled in the lobby of the Ritz Theatre, don't be surprised.

C. E. Ortt, manager, is willing to accept worn-out tires as admission tickets on Friday evening, June 19, and Tuesday evening, June 23.

The scrap rubber collection is being sponsored by an Elks committee of which R. L. Shoemaker is chairman.

June 1942

### THEATRE REMODELED

C. E. Ortt announced this week that a \$9,000 remodeling project is nearing completion at the Ritz theatre.

New seats, acoustic materials for the walls and ceiling, marquee display cases and picture projectors

## Rubber Tire Good For Show Admission

Here's a chance to see a show and be patriotic at the same time.

The Ritz Theatre has agreed to accept an old tire as admission next Friday evening or next Tuesday evening. This is in line with the President's appeal for civilians to round up scrap rubber.

R. L. Shoemaker, in charge of the Elks scrap rubber committee, reported that several tons of the precious substance has been collected here.

June 1942

WEDNESDAY, JAN. 19, 1927

## NEW PICTURE SHOW NAMED RITZ THEATRE

The management of the Grand Theatre Company announces the selection of the name "Ritz Theatre" as the title of the new picture show which will be opened soon in their handsome, new, modern theatre building erected on canal ground facing Bridge street.

The selection of the name "Ritz Theatre" marks the closing of a very interesting contest, promoted by Messrs. Jordan and Wheeland, in which they offered prizes for the best name suggested and for the best reasons given for selecting the name.

The winners of the name contest are Howard W. Stocker of 462 McKinley Ave., who was awarded first prize, \$20.00 in gold, and Mrs. Elizabeth Stein of 313 South River st., who received a ticket good for twenty admissions to the new theatre.

The name contest was open to everybody and a large number of names were sent in from this city and immediate vicinity, as well as from all nearby cities and distant points. The names Jordan and Wheeland, separately, jointly and in various combinations, were most popular with the prize contenders, one of these being selected by twenty-seven different persons.

Messrs. Jordan and Wheeland, however, modestly declined any personal honors in the selection of a name, and decided upon the "Ritz Theatre" as their choice of titles suggested.

No definite date has been announced for the opening of the Ritz, on account of the uncertainties attending the final completion of contracts for erecting the building and installing equipment.

## To Remodel Ritz Theatre

Sept 1966

Remodeling of the Ritz Theatre, including a new glass front, will start soon, it was announced this week.

W. E. Gross, Bridge St., manager, said the theatre will operate seven days a week and will show "nothing but the finest."

The box office will be moved inside. The old marquee will be torn down and a new modernistic one erected above a new all-glass front. Seats will be larger and more comfortable. The interior will be repainted and the floors re-carpeted.

WEDNESDAY, FEB. 9, 1927

## RITZ THEATRE OPENS MONDAY, FEB. 14

This issue of the News carries a big double page advertisement of the new Ritz theatre on Bridge st., announcing the opening of this modern moving picture home on Monday, Feb. 14th.

The new building is a splendid structure, beautiful in design and modern in construction, eloquently attesting the enterprise of its owners, Messrs. G. M. Jordan and W. E. Wheeland.

The opening of the Ritz theatre marks the coming of a higher class of moving pictures, such as are shown in the larger cities.

A detailed description of the new theatre building and its modern equipment will be found on pages four and five of this issue of the News.

## STAKES DRIVEN FOR NEW THEATRE BLD'G

July 1926

Stakes were driven Tuesday morning for the new theatre building to be erected on Bridge st. for the Grand Theatre Co. The band stand which has occupied the ground for several years, will be moved to the high school athletic ground.

Contractor Ed. Jacobs of Coshoc-ton has the building contract, The Orr Plumbing Co. of Cambridge will install the plumbing, The American Heating and Ventilating Co. of Indianapolis will handle the heating and ventilating, and The Beiter Electric Shop of Newcomerstown has the electric contract.

The building will be modern in every respect, practically fireproof, and in addition to the theatre requirements will provide space for two business rooms on the first

# OPEN NEW ROOMS

The Beiter Bros. electric shop is now located in its new location in the Ritz theatre building on Bridge st. The Ritz tea room will be opened Saturday by O. E. Maurer.

THURSDAY OCTOBER 10, 1935

# JOSEPH H. MULVANE

Joseph H. Mulvane, 89, one of Newcomerstown's oldest citizens and his long resident of the town, passed away at his home on Goodrich street, Monday afternoon at 2:15 following a five weeks' illness due to the infirmities of age.

He was born Feb. 17, 1846, on the farm west of town that later became the C. O. D. fairgrounds, and was the youngest and the last surviving member of a family of four children born to Joseph and Isobel Mulvane.

He attended the public schools and for a time was connected with his brother Ragan Mulvane and George Benton in the old planing mill and with them helped to build the business block now owned by the Eureka Store Co. Mr. Mulvane also was proprietor of a cigar factory in the building now occupied by the Mulvane drug store.

For the greater part of his life, however, he was connected with the railroad, first as a fireman on the wood-burning engines on the single track line of the old Steubenville and Indiana railroad which ran from Steubenville to Newark. His life has been intimately associated with the history of the Pan Handle division of the Penn. R. R. and he saw it grow from a small single track line to be one of the main trunk lines of the Pennsylvania system. working as fireman, road foreman of the fence gang and then as clerk in the supervisor's office under the late Henry Hess.

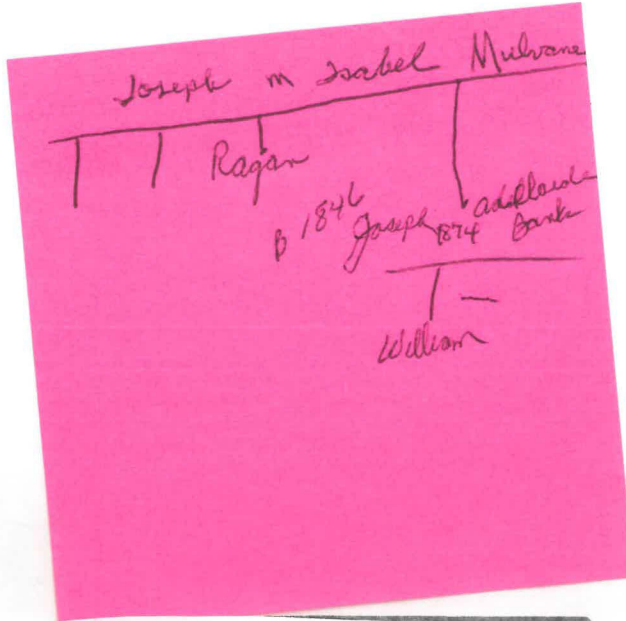

He was retired 19 years ago last March at the age of 70 years and is reputed to be the oldest pensioner on the Pan-Handle division.

He was united in marriage in Dec 1874, to Miss Adelaide Banks, and they went to housekeeping in their new home built on Goodrich street and which has continued to be their home throughout the 61 years of their married life.

One son William was born to the union, who with the widow survives. There are also three grandchildren, Mrs. Beatrice Best, Mrs. Mary Phillips and Myron Mulvane all of this city, and four great grandchildren.

Mr. Mulvane served for several years as a member of the C. O. D. fair board and was a member of the I. O. O. F. lodge here for 62 years.

Funeral services were conducted this afternoon from the home in charge of Rev. Charles Foust of the Lutheran church. Further services were conducted at the grave in the local cemetery by the I. O. O. F. lodge.

# The Key to Charm

**T**HOUSANDS of girls are asking this question—“How can I make myself the envy of others and the center of attraction to men?” The answer is simple. Pay just a little more attention to your health. It will add greatly to your charm and attractiveness. The key to charm is a fresh body that radiates health. If you are nervous, listless, if your back aches, and you feel fidgety and unhappy, Dr. Pierce's Favorite Prescription, sold by all good druggists in both fluid and tablets, is a tonic that braces the entire

body. overcoming nervousness, sleeplessness, and a general rundown condition in women, and those monthly miserable feelings so destructive to good looks and a pleasing personality. Dr. Pierce's Favorite Prescription has been a blessing to womankind for over sixty years, and it helps the womanly organism to function properly. So many women are robbed of their natural attractiveness and good looks by periodical pains, they should try this reliable remedy.

## DR. PIERCE'S Favorite Prescription

Write Dr. Pierce's Clinic, Buffalo, N. Y. Enclose question blank found wrapped around medicine, and receive free medical advice.

# AN ANCIENT METHOD of READING THE FUTURE

BY THE USE OF CARDS

You can play this game just as do the gypsies. You can tell the future for yourself or for some one else. Shuffle the cards and deal them, face down, in three equal piles. The card which is left over is laid aside, face down, and not to be looked at until the end. You take the first pile and deal a card face up on a separate pile, then one face down on each of the other two piles. Continue this in order until the cards are exhausted. Then pick up the card which has been laid aside. It will indicate the dominant note in the future life of the subject, or yourself. Then look up separately the meanings of the cards which have been laid face up on the separate pile. These will indicate incidental happenings which make up the future around the dominant note which is indicated by the separate card. Watch that single card! It forms the key-note of your whole life. What it indicates will at some time be the basis of a happening or a series of happenings which mold your life.

### The Meanings of the cards are as follows:

#### HEARTS

- Ace —A love letter, good news
- King —Happiness; a liberal man
- Queen—You will be married soon
- Jack —Death of friend or lover
- 10 —Happiness, triumph
- 9 —Joy, satisfaction, success
- 8 —Trouble in business
- 7 —Much gain; temptation
- 6 —Brief happiness
- 5 —Inheritance by death
- 4 —Quick employment
- 3 —Unpleasant news
- 2 —Rivalry in love, quarrels

#### DIAMONDS

- Ace —A letter soon received
- King —Friends and fortune
- Queen—Jealousy and sorrow
- Jack —Unfaithful friends
- 10 —Journey and joy
- 9 —Gain, delay
- 8 —Love making or illness
- 7 —Success thru work
- 6 —Riches and honors
- 5 —A wealthy marriage ahead
- 4 —Prosperity
- 3 —Happiness in love
- 2 —Good news on the way

Clubs and Spades on page 30

## Your Fortune in a Tea-Cup

**T**O add zest to an afternoon "tea" be sure to leave some tea leaves in each cup; in other words, do not use a strainer. Memorize this rhyme, which is a translation of an old Chinese tea song, and your guests will all be interested in hearing it:

ONE leaf alone,  
alone you'll be;  
TWO together,  
the parson you'll see.  
THREE, in groups,  
your wish you'll gain;  
FOUR, a letter  
from loving swain.  
FIVE, good news  
the letter'll bring;  
SIX, in a row,  
a song you'll sing.  
SEVEN, together,  
great fortune waits for you.  
So say the Teacup Fates.

Tea leaves short  
and tea leaves tall  
Bring you company  
great and small.  
Tea leaves many  
and dotted fine  
Are of bad luck  
the surest sign.  
Tea leaves few  
and clean the rim,  
Your cup with joy  
o'erflows the brim.

RAY VAUGHN PIERCE, M. D.

## What Made This Doctor Famous?

**O**NE'S HEALTH is the most important thing in life. When you suffer from any annoying symptom, feel rundown and discouraged, why don't you write for medical advice, no matter what your ailment may be, to Dr. Pierce's Clinic in Buffalo, N. Y.? Dr. R. V. Pierce organized the Dr. Pierce Clinic in the 70's, and built the Invalids Hotel and Surgical Institute. This clinic is known all over the United States. Enclose wrapper or answer question list wrapped around any of Dr. Pierce's medicines and receive free medical advice.

Dr. Pierce's Medicines mailed direct if not obtainable nearby

## O Promise Me

At some time in her life, Cupid pleads to every attractive woman. No matter what her features are, a woman who is sickly cannot be attractive. Sallow skin, pimples, sunken eyes, lifeless lips—these are repellent. Dr. Pierce's Golden Medical Discovery is just the tonic a run-down person needs. It enriches the blood, soothes the nerves and imparts tone and vivacity to the entire system. With an increase in the red blood cells, you will be on the right road to health. You will feel strong, your nerves steady,

more happiness and friends will follow. If you need medical advice, send a wrapper from any of Dr. Pierce's family medicines to Dr. Pierce's Clinic, Buffalo, N. Y., and you will receive good advice without cost to you.

You can procure the "Discovery" in liquid or tablets, at any drug store.

One who has used it has this to say:

"I have taken Dr. Pierce's Golden Medical Discovery as a general tonic, to give me an appetite and quiet my nerves and it gave me genuine satisfaction. I can say that the advertisements of this medicine are not exaggerated. It was of wonderful benefit to me in every way."—Mrs. Vera Gurganus, 2512-6th Ave., North, Birmingham, Ala.

Send 10c for an acquaintance package of Dr. Pierce's Golden Medical Discovery Tablets to Dr. Pierce's Clinic, in Buffalo, N. Y.

Good health makes you attractive

## Our Message to You

So many folks in all the walks of life and in every state in the union have benefited by Dr. Pierce's medicines that we know they will be of benefit to you, if you take them for whatever condition we recommend them. However, if you should not obtain the results that you expect, write Dr. Pierce's Clinic in Buffalo, N. Y., all about your trouble using the question-list found in each package of Dr. Pierce's Medicines and you will receive the reliable advice of a competent physician and a specialist in your line of trouble—*free of all cost to you*. Your case will be given careful consideration and treated as strictly confidential.

**V. M. Pierce, M. D.**

President World's Dispensary  
Medical Association  
Buffalo, N. Y.

NOTE—A complete list of Dr. Pierce's Family Medicines—sold by all good druggists—with the price of each will be found on page 32 of this book.

## Is Your Breath Sweet ?

Much has been written of Halitosis and treatment of the mouth and teeth has been widely recommended. In countless instances they are not the offenders. Indigestion, gas accumulation and constipation are the sources of many cases of bad breath with the attendant evils of headache and general malaise. For this condition, Dr. Pierce's Pleasant Pellets—purely herbal and pleasant to take as candy—are very effective.

All druggists, 60 Pellets for 30 cents. Put up in neat glass vials, easy to carry in vest pocket or purse.

Write to Dr. Pierce's Clinic, Buffalo, N. Y., for Medical Advice

## Is Your Face Covered with Pimples and Blotches?

Photo by Ben Swan

MISS DOROTHY WINEGAR

Alden, N. Y.—“For two years I was embarrassed by the condition of my skin, the eruptions that came out on my face would not clear up even though I used every outward application that my mother gave me to use. Then a friend told us about Dr. Pierce's Golden Medical Discovery as an internal cleanser and enricher of the blood. I took it and noticed a marked improvement in many ways; my skin cleared up, my blood is in good condition, I have no more eruptions but a good healthy clear complexion and my general health is greatly improved.”—Dorothy Winegar, Box 187, Kellogg Street. All druggists. Fluid or tablets.

If you desire a trial package, send 10c to Dr. Pierce's Clinic, Buffalo, N. Y.

## The Thrill of Good Health

MRS. MILTON WARNER MISS ANNA BILANSKI MISS BEATRICE LONGORIA

Logansport, Ind.—“I was suffering from weak bronchials and just the least exposure would cause me to catch cold, it would settle in my bronchial tubes, setting up an irritation, and this would be followed by a severe cough. I would have such coughing and choking spells that I would feel weak and faint afterwards—could scarcely sleep at night for coughing. But, since taking Dr. Pierce's Golden Medical Discovery I have not had this trouble, it strengthened my bronchials and I do not catch cold nearly so easily as I did before.”—Mrs. Milton Warner, 412 Bartlet St.

Hamtramck (Branch of Detroit), Mich.—“I was very nervous and irritable, it took all my will power to hold back from quarreling with my family. I was losing my vitality slowly but surely and periodically pimples would appear on my back, forehead and cheeks. In fact, I was such a physical wreck that I surely thought I would amount to naught—and only 18 years old. Finally I started taking the 'Golden Medical Discovery' and the 'Favorite Prescription,' two restoratives of Dr. Pierce's, and now I feel like a 'million dollars just new out of the mint.' I used only two bottles of each. I could write a whole book on the benefits I have derived from these medicines.”—Miss Anna Bilanski, 3446 Edwin Ave.

San Antonio, Texas—“For the last three years I was not well at all. I had fainting spells every month and would often have to call the doctor. I would be very, very nervous so that I hardly knew what to do. My sister was taking Dr. Pierce's medicine and improving and my mother had me take Dr. Pierce's Favorite Prescription and I am so glad I did because it is the best medicine I ever took. I have no fainting spells now. We keep Dr. Pierce's medicine in our house all the time. I am glad to tell this because I know it will help other sick women.”—Miss Beatrice Longoria, 2924 W. Commerce St.

## Will Undo Much Evil By Dr. V. M. Pierce

—Photo by Nussbaumer

Knowing the vast amount of harm wrought by diseases of the kidneys, and having had opportunity to observe the analyses and the successful methods of treatment in thousands of cases of kidney trouble at the Invalids Hotel, I have given to the public the latest and perhaps most important of the Dr. Pierce home remedies, "A-nuric," which I now recommend to those who have irregularity of urination, disturbed sleep, depression, aches, pains, drowsiness, dizziness.

"A-nuric" is a stimulant diuretic to the kidneys. The mere drinking of a cup of hot water each morning and taking "A-nuric" before every meal should bring remarkably quick improvement.

Ask your druggist for Dr. Pierce's A-nuric Tablets

## Her Wedding Day

THE BRIDE starts out on life's adventure. She should have good health to begin with and make every possible effort to retain it. A tired, nervous, listless woman cannot hope to radiate happiness in the home.

To build up a woman's nervous system and as a tonic to renew her womanly strength, nothing is more effective than Dr. Pierce's Favorite Prescription, sold by druggists, in both fluid and tablet form. It is endorsed by women of distinction. One who has used it remarked: "I am taking Dr. Pierce's Favorite Prescription for my nerves and as a tonic and find it is benefiting me wonderfully. This is not the first time I have taken it. Whenever I feel the need of a remedy of this kind I know just what to depend upon to give me better health and strength—it's Dr. Pierce's Favorite Prescription. I think any woman could well afford to try just a bottle of this wonderful tonic."—Mrs. Jas. H. Reenan, 1015 Spring St., Shreveport, La.

If you wish to give it a trial before buying, send 10c to Dr. Pierce's Clinic in Buffalo, N. Y., for an acquaintance package of

Weather conditions for Northern States

**SPARKLING EYES** are the greatest attraction a woman can have. Any woman can have them, as well as a lovely smooth skin and a clear complexion, by keeping her system running smoothly. Dull eyes, sallow skin, and a languid body are caused by poisons which accumulate in a sluggish system. Take **Dr. Pierce's Pleasant Pellets**—a pure vegetable laxative which carries away body poisons in a mild and natural way. Only thirty cents for sixty Pellets. All druggists.

Weak and Listless—  
Skin Eruption

MISS BERTHA A. BON

Aguilar, Colo.—“I suffered from sleeplessness, headache, backache, constipation, and worst of all, a tired, weak and listless feeling for more than three months. My skin became spotted with an eruption which was both annoying and painful. But after having taken **Dr. Pierce's Golden Medical Discovery**, ‘**A-nuric Tablets**,’ and ‘**Pleasant Pellets**,’ I began to feel like a normal person. Today I have more vigor, strength and health than I have ever had before. Words are simple but their meaning is broad and sincere when I express my thanks to **Dr. Pierce** for his wonderful medicines.” Miss Bertha A. Bon. All druggists.

Write to **Dr. Pierce's Clinic**, Buffalo, N. Y., for medical advice, enclosing wrapper from medicine.

Write to **Dr. Pierce's Clinic**, Buffalo, N. Y., for Medical Advice

## Do You Suffer from Backache?

**BACKACHE**, if persistent, often suggests that the kidneys are sluggish. Very often, scant or too frequent kidney excretion, backache, headache and other distressing symptoms that could have been overcome long ago, are allowed to develop.

If you have reason to suspect that your kidneys are not functioning properly — thoroughly cleansing your blood of waste products — enclose wrapper from **A-nuric** and send a sample of your urine to **Dr. Pierce's Clinic** in Buffalo, N. Y., also describe your symptoms plainly, and receive good medical advice, free.

**Dr. Pierce's A-nuric**, a stimulant diuretic to the kidneys, is sold by

druggists in every city and town. One who has used it said: “I had trouble with my kidneys and pains across my back. Some days found it difficult to straighten up. I also noticed quite a burning of the secretion and my rest

at night was broken. The result was that I felt tired-out most of the time. I was advised to try **Dr. Pierce's A-nuric** and before finishing one bottle the pains across my

back disappeared and my other trouble soon cleared up.”—Mrs. Charles Winand, R. D. 2, Harrisburg, Pa.

If you want a trial package of **A-nuric**, send 10c to **Dr. Pierce's Clinic**, Buffalo, N. Y.

The experience of Mrs. Mary McKee of 12 Marshall St., Dayton, Ohio, follows: “I was suffering with my back and my rest at night was broken so frequently I dreaded to go to bed. Finally some one recommended **Dr. Pierce's A-nuric Tablets**. I took them and now I feel better than I have for three or four years. My kidneys are normal and I certainly do sleep well.”

Good health is your most valuable asset

Weather conditions for Northern States

Men of all ages have dreamed of finding treasure. Here is a game that is fashionable all over the world. A trinket, jewel, or any kind of a prize that carries the treasure idea is secreted in an attic, cellar, cupboard, back of a picture—any clever hiding place. Any number of players may engage in this game, who are given the first clue. They must be clever enough to find the second, the third (clue) and so on to the end. The clues are distributed in widely separated places. The hunters work in pairs or in larger groups, and automobiles can be used covering considerable territory.

It is just as good a game for inside the house. One form of clue is to use the first letter of a sentence, making up words which may read like nonsense but the first letter of each word might tell where to find the first clue. These words are written out on slips of paper, and handed to the players. A series of words which may make utter nonsense can be strung together like this:

Find	Other
In	Verses
No	Even
Drug	Run
True	Fulfill
Reason	In
Every	Respect
Avenue	Even
Surprising	Pierce's
Utilities	Latest
Resembling	Ace
Exile	Caution
	Everyone

The capital letter of each word spells "Find Treasure Over Fire Place."

The hunters who figure this out go to the fireplace, finding the second clue behind the picture or clock, there they may find slips of paper that bear a jumble of words in which z stands for a, y for b, x for c, and so on. Or take all the letters of the alphabet A to Z, number each letter 1 to 26 then describe where the treasure lies hidden spelling the words with the numbers 1, 2, 3, 4, corresponding to a, b, c, d, etc. A clever person can write out a verse which might concern the last clue. The last clue to be found will tell explicitly where the treasure is concealed.

Write Dr. Pierce's Clinic in Buffalo, N. Y.

# Does Your Mirror Tell?

A satiny, clear, beautiful skin depends largely upon the blood and the circulation. Pink cheeks and bright eyes depend upon the blood. Enrich the blood and the skin will take care of itself. Rich, red, healthy blood nourishes the body and aids in

protecting it against pimples and blemishes. Dr. Pierce's Golden Medical Discovery will help nature give you this power. Internal healthfulness will then reflect in your skin a natural loveliness. It is surprising how soon you feel the effects of this wonderful tonic.

Where before that tired, logy, dull feeling was frequent, now the energizing influence of this herbal tonic brings back the pink cheeks, the bright eyes, the buoyant spirits. This "Medical Discovery" of Dr. Pierce's tones up the stomach, and is very efficacious in indigestion and increases the appetite.

Thousands of people have a low blood count. To this may be attributed skin troubles, rundown systems, and even more serious illness. Mirrors never lie. Take a long, honest look at yourself in the mirror. If you have a sallow complexion, slumping posture, dull eyes, take Dr. Pierce's Golden Medical Discovery—the tonic that builds you up and gives you vim, vigor and vitality.

Write Dr. Pierce's Clinic in Buffalo, N. Y. Send in question list found wrapped around bottle and get free medical advice.

The great value of this tonic is shown by the statement of Mrs. Maggie Spencer, 902 Crawford St., Terre Haute, Ind. She says: "I am always glad to speak a word of praise for Dr. Pierce's Golden Medical Discovery. I have taken it myself more than once and received most wonderful benefit each time. The 'Discovery' is an old and reliable general all-round tonic and I don't think anyone could try it without being benefited. It just simply helps one to feel better in every way."

**A Great Doctor's  
 Clinic Uses  
 this Tonic**

**D**R. R. V. PIERCE met with such unusual success in his private practice that he was frequently called in consultation in desperate cases. This caused him to gather around him a number of eminent specialists and surgeons and to establish a Clinic and Hospital. Today this clinic is of the same high caliber as ever. The physicians still find that **Dr. Pierce's Golden Medical Discovery** is the best tonic for patients who are run down and need their digestion improved and their blood enriched.

Not long after establishing the Clinic, Dr. Pierce founded the Invalids Hotel and Surgical Institute—a private hospital in Buffalo, N. Y., which became famous for its splendid results in both surgical and medical departments.

How successful his efforts were is best shown by the fact that the prescription he wrote back in 1870 has become the world's most popular tonic and nervine for women. Today it is the most successful tonic for women in obstinate cases, as testimonials are received by the hundreds at Dr. Pierce's Invalids Hotel.

At the present time you can obtain **Dr. Pierce's Favorite Prescription** from any dealer in drugs or medicines in this country. Sold in liquid or tablet form.

Write the Faculty, Dr. Pierce's Invalids Hotel, Buffalo, N. Y., if you desire free medical advice. Enclose question blank found wrapped around medicine.

Backache—  
Nervous—  
Weak, Pains

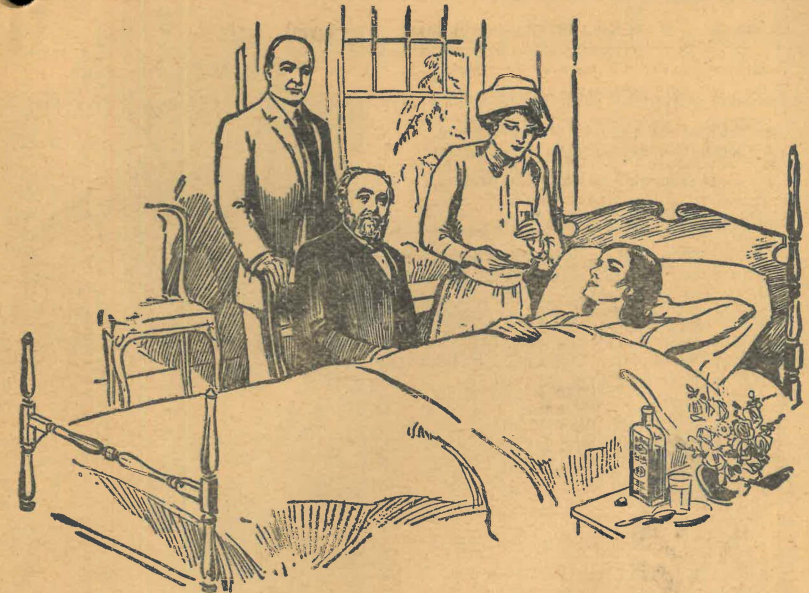

—Hartsook

MRS. A. L. NEWMAN

Arlington, Calif.—“I cannot say enough in praise of Dr. Pierce’s Favorite Prescription as a woman’s medicine. Following motherhood I developed inward weakness which caused me to become all rundown. I suffered from backache, my head bothered me and I had other pains. I was weak, nervous, miserable, all dragged out. Upon the advice of a friend I began taking Dr. Pierce’s Favorite Prescription and it relieved me of all weakness and distress, built up my whole nervous system and made me feel better physically than I had for a long time.”—Mrs. A. L. Newman, Gen. Del.

All druggists. Fluid or tablets. Send 10c for trial package of Prescription Tablets to Dr. Pierce’s Clinic in Buffalo, N. Y.

What this Doctor did for Humanity

ONE’S HEALTH is the most important thing in life. When you suffer from any annoying symptom, feel rundown and discouraged, why don’t you write for free medical advice to Dr. Pierce’s Clinic in Buffalo, N.Y.? Just answer the questions found wrapped with each bottle of Dr. Pierce’s medicine.

Dr. R. V. Pierce organized this clinic in Buffalo, in the '70's, and built the Invalids Hotel and Surgical Institute, which is so well known all over the United States.

One tonic which Dr. Pierce used over and over, was a prescription which he found was so successful in rebuilding and strengthening women

that he later put it up in ready-to-use form. It is called Dr. Pierce’s Favorite Prescription and has brought health and strength to hundreds of women right here in this town and everywhere. It can be had in tablet or liquid form, at all good drug stores.

The experience of Mrs. Belle Allmacher, 6011 Lexington Ave., Cleveland, Ohio follows:—“As a tonic and nerve I think Dr. Pierce’s Favorite Prescription is the most reliable that any weak woman can take. When I have been in a rundown state of health, nervous and weak, I have always found help thru taking the ‘Prescription.’ It builds up and strengthens the whole nervous system.”

DR. PIERCE’S

Favorite Prescription

Don’t Neglect Your Health

# Interesting Letters from Happy Mothers

*Gratitude always seeks to find some expression for itself, and womanly gratitude will not keep silent*

## Weak—Would Almost Faint

Pittsburgh, Pa.—“During expectancy I was very weak. At times I could hardly stand or walk. I would almost faint. My appetite was very poor and I was not able to sleep. My mother advised me to try the ‘Favorite Prescription’ and after taking a couple of bottles I soon began to feel like myself, my strength returned and my health seemed to be better than ever. I was able to do my housework.”—Mrs. Mary A. Kury, 3307 Oregon St.

## Weak, Nervous, Nausea

Spokane, Wash.—“During my first expectant period I was in miserable health, was weak, nervous and all run-down and so nauseated that I could not eat. I was advised to take Dr. Pierce’s Favorite Prescription and it soon relieved me of all my distress and kept me feeling so well that I have never gone thru expectancy since without it and I was always able to do my own work without feeling fatigued.”—Mrs. G. C. Garber, 1110 N. Lacey St.

## Prescription Gave Strength

Knoxville, Tenn.—“I have taken Dr. Pierce’s remedies and have found them perfectly satisfactory. I took the ‘Favorite Prescription’ to give me strength during expectancy and I recommend it highly not only for prospective mothers but also for any ailment peculiar to women and for young women especially when they are developing into womanhood. They should take Dr. Pierce’s Favorite Prescription by all means.”—Mrs. W. S. Dake, 1001 May Ave.

## The Beauty of Motherhood

The crown of womanhood is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later, the mother should take a vegetable tonic, sold by dealers and known in almost every home as **Doctor Pierce’s Favorite Prescription**. It is put up in both fluid and tablet form. If you wish to give it a trial send your name and address to Dr. Pierce’s Invalids Hotel, Buffalo, N. Y., enclosing ten cents, and a trial package will be sent you. Thousands of women have testified as to its efficacy. Space permits us to publish only a few of the letters we have received.

**DR. PIERCE’S  
FAVORITE PRESCRIPTION**

*Nervousness, Headaches and Sleeplessness soon disappear if you try the medicine that helped so many thousands of women*

## Nervous During Expectancy

Dunkirk, N. Y.—“Before baby arrived I was in a very nervous condition. A friend advised me to try Dr. Pierce’s Favorite Prescription to give me the necessary strength and I’m sure that it was a great help to me as I now have a very healthy baby. Mother and father have always thought there were no medicines like Dr. Pierce’s. I will join them in recommending them.”—Mrs. Minnie B. Rudd, 169 Lincoln Ave.

## Could Not Sleep—No Appetite

Elton, W. Va.—“During my second expectant period I was in a weak and rundown condition, had no appetite and could not sleep well at night so I decided to give Dr. Pierce’s Favorite Prescription a trial. After taking two bottles I did not feel like the same person and had a good appetite. I would advise any woman to give the ‘Prescription’ a trial. I have taken it for pain in my side also.”—Mrs. Lockie Williams.

## Morning Sickness

Imboden, Ark.—“During expectancy Dr. Pierce’s Favorite Prescription stopped morning sickness and kept me in good health, now I feel like a new woman, weigh more than I have weighed in nine years and I have a fine girl three months old. I have four children. For about two years after each of the others was born I had pains in my side and could hardly drag around. I feel so different now.”—Mrs. Theola Webb, Route 2.

MRS. J. M. HARVEY

Salt Lake City, Utah—"Dr. Pierce's Golden Medical Discovery, in my opinion, and also in my husband's opinion, is by far the best and most reliable general tonic for a debilitated condition of health. We take this medicine during the winter and spring months to keep ourselves in good health. By keeping so we ward off attacks of colds and spells of indigestion and various other common ailments to which all people are subject more or less. I hope that publication of the above may result in others being benefited."—Mrs. J. M. Harvey, 122 W. 4th So.

Sold by all druggists in both fluid and tablet form.

Dr. Pierce's

INVALIDS HOTEL

665 Main Street, Buffalo, N. Y.

WE have not the space to speak individually of the professional men composing the faculty of the Invalids Hotel, but will say that among them are many whose long connection with the Institution has rendered them experts in their several specialties.

Send for our free booklet which describes the Invalids Hotel and gives all particulars of our work here. Photographures of the physicians and surgeons of our Staff will be found therein.

The development of greater scientific accuracy in the treatment of chronic diseases or in carrying out operative procedures when necessary, has led to a marvelous increase in the number and size of modern hospitals. One reason is, that in a modern institution of this character the sanitary conditions are those which cannot be approached even in the most carefully conducted or luxurious home; patients here are under constant observation by trained attendants and skilled physicians, and professional nurses are always at hand to cope successfully with any emergency which may occur. Nevertheless, many sufferers who should, do not take advantage of this wealth of opportunities owing to the fact that they have no means of knowing what the total

cost will be. For example, there is the doctor's fee, the cost of an operation, that of medicines, the room, a special nurse and her board, should one be required, and often incidentals. Too frequently all this makes up a sum which is two, three, or perhaps four times that which the patient anticipated.

At the Invalids Hotel the case is quite different. We charge a fee for examination if a patient comes here and does not stay, but for those who remain with us there is no charge for the examination.

If the case is acceptable to us, we give a net fee stating the time we expect will be necessary. This covers board, private room (we have no wards), nursing, medicine and all expenses except that necessitated by one's personal laundry. The only exception is in cases where a special nurse is required, which happens but seldom. This makes a patient's expenses with us extremely modest, often less than the average physician alone charges in a hospital case.

While in some instances an examination is necessary before we can quote

(Continued on next page)

figures there are many others in which we can state the cost without seeing the patient. Naturally, our charge varies in accordance with what is required.

We shall be glad to answer any inquiries concerning fee, etc., from those who contemplate placing themselves under our care.

Write Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice

A Bureau of Correspondence

constitutes a prominent feature of Dr. Pierce's Invalids Hotel, in Buffalo, N. Y. If those suffering from chronic ailments will write and describe their symptoms we will send special question blanks designed to aid the afflicted in describing their maladies. When one of these question blanks is carefully filled out and returned to the Bureau of Correspondence, the Faculty will, after careful deliberation, prepare an opinion as to the nature of the case described, and submit it to the patient; and if the case be one which they are confident of being able to treat successfully by medicines specially prepared for use at home, they will state the cost of the necessary remedies. If the case described be one which can in their opinion be successfully treated only at the Institution, terms for such treatment (including board) will be given. Patients are never advised to incur the extra expense of visiting the Institution when it is believed they can be treated at home without a personal examination.

Surgical Practice

The most difficult operations known to modern surgery are performed in the most skilful manner by our Surgeons.

**Rupture.**—All degrees of rupture are cared for painlessly without the use of a general anaesthetic, and without further dependence upon trusses.

**Stone in the Bladder.**—Large stones are safely removed by crushing, washing and pumping them out, thus avoiding the great danger of cutting.

**Enlarged Prostate**—Prompt Relief—This we treat successfully by the Bottini method requiring no external cutting and no general anaesthesia.

**Piles, Fistulae.**—Piles, Fistulae and other diseases affecting the lower bowels we treat with wonderful success.

**Tumors.**—Every year many tumors which cannot be treated by deep X-Ray Therapy are removed by our surgeons who have acquired national fame.

The Alpine Sun Lamp

Alpine Quartz Lamp in use at Invalids Hotel.

The Alpine Sun Lamp is so named because it produces effects similar to those obtained from the sun's rays in the Alps Mountains of Switzerland. Scientists have proved that it is the Ultra-Violet Rays in sunlight which produce the beneficial effects. The Alpine Quartz Lamp generates a light which is very rich in the real Ultra-Violet Rays. They are more powerful than sunlight. They are used in all run-down, weakened or anaemic cases, and in these they act as a general tonic.

Weak, Could Not Sleep, Appetite Poor

Photo by Ellsworth

MRS. LEWIS MATTOCKS

Meadville, Pa.—"I am now taking Dr. Pierce's Golden Medical Discovery for a body builder, have been very weak, could not sleep, appetite was poor and I felt all gone and nervous, but since I have started using the 'Discovery' I have noticed a great improvement in my condition.

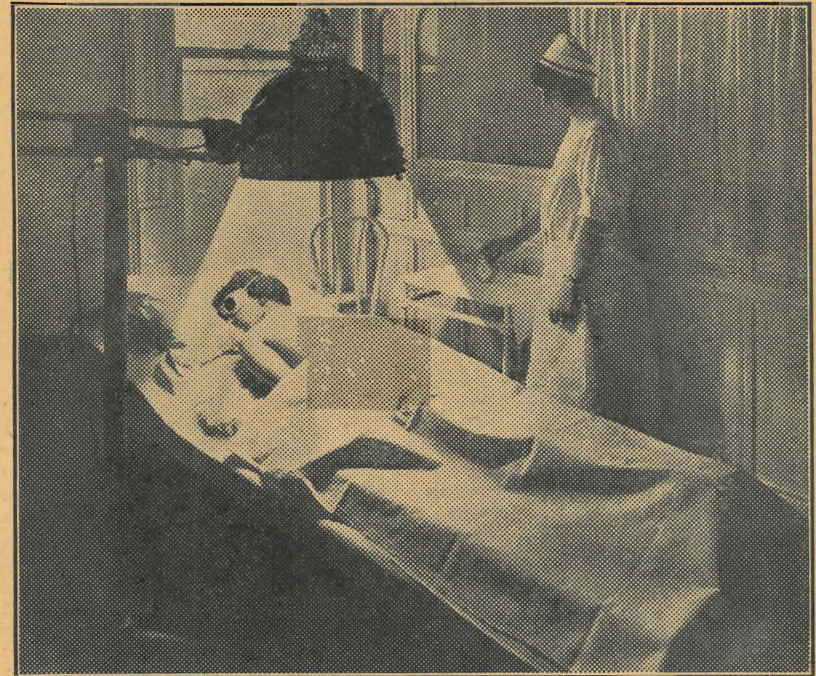

"I have taken Dr. Pierce's Favorite Prescription during expectancy and it gave me the vitality to go thru motherhood. I know I would not be alive today if I hadn't taken the 'Favorite Prescription.' My mother highly recommended both these remedies to me."—Mrs. Lewis Mattocks, 1054 Hemlock St.

Write to Dr. Pierce's Clinic in Buffalo, N. Y., using the question blank enclosed in each package of Dr. Pierce's medicine, for free medical advice.

Radiant Light

The Ultra-Violet Rays as used at the Invalids Hotel greatly improve the quality of the blood which in turn carries more nourishment to the various parts of the body. In nervous disorders they are very beneficial as they increase the calcium in the body. (This is a chemical which is usually deficient in nervous troubles.) The Alpine Lamp

It now is well known that sunlight is destructive of bacterial life. It is Nature's general bactericide. When using Radiant Light, which is so successfully employed at the Invalids Hotel, we are using nearly all the sun's rays except infra-red and ultra-violet.

THE DEEP THERAPY LAMP Used in Radiant Light Treatment at Dr. Pierce's Invalids Hotel.

is also used here with excellent results in many local conditions such as neuralgia, neuritis, sciatica and many skin diseases.

For terms and further information on this subject, address your letter:—

DR. PIERCE'S CLINIC  
Invalids Hotel Buffalo, N. Y.

Radiant Light has a decided tonic effect, creating a sense of well-being and stimulating nutrition thru its action on the sympathetic nervous system. An inactive skin is made intensely active by Radiant Light.

Good health is your most valuable asset

You Need Iron in Your Blood!

After an attack of grippe or pneumonia or even a hard cold, the nourishing power of the blood is diminished. Dr. Pierce's Ironic Tablets will help Nature build up the red corpuscles.

If your druggist's supply is exhausted, send 65 cents direct to Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and a package will be sent you at once; or, for 10c a trial package will be forwarded.

Dr. Pierce's Medicines are safe to take

Used to Catch Cold Followed by Severe Cough

—Photo by Olson

A. WAGNER

Cedar Falls, Iowa—"I had the 'flu' and I did not get along well afterward; it left me with weak bronchials and at the least provocation I would catch a cold and it would settle in my bronchials, setting up an irritation, followed by a severe cough. Every winter I would have these spells and would have to give up my work for a time. But since I have taken Dr. Pierce's Golden Medical Discovery I have not had any of these spells, it has so strengthened my bronchials and built me up in health that I go all through the winter without having any attacks of colds or coughs."—A. Wagner, 515 Lincoln St.

Write to Dr. Pierce's Clinic in Buffalo, N. Y., using the question blank enclosed in each package of Dr. Pierce's medicine, if you desire free medical advice.

Scientific Examinations the Basis of Success

At the Dr. Pierce Clinic in Buffalo, N. Y., is a clinical laboratory for the analysis of urine. It is under the direction of Dr. Pierce and a staff of twelve well-qualified medical men distinguished in their various specialties. If you wish to insure your future health all you have to do is to consult these specialists and send a bottle of urine for careful microscopic and chemical analysis. If you have restless nights, if kidney irregularities break your rest and you are tired and drowsy—suffer from backache, headache or dizzy spells, these may be signs of disordered kidneys. To promote normal kidney action and assist in cleansing the bladder and your blood of poisonous wastes take

DR. PIERCE'S A-NURIC

a stimulant diuretic to the kidneys, sold by all druggists.

Enclose the question-list wrapped with bottle of "A-nuric" and send sample of urine for free analysis to Dr. Pierce's Clinic in Buffalo, N. Y.

Opinions Which We Value

"I always keep a bottle of Dr. Pierce's Pleasant Pellets in my medicine chest. I find them excellent to correct constipation and sluggish, inactive liver conditions. They aid digestion, relieve bad stomach conditions, such as gastric or sour stomach. The 'Pleasant Pellets' are very mild, giving a natural movement of the bowels without causing any distress."—Mrs. R. A. Winner, 1324 Hinton St., Petersburg, Va.

"Dr. Pierce's Pleasant Pellets were recommended to me to correct digestive disorders. I found them to be such an easy laxative that I took them without fear of distress or griping during expectant periods. I am glad to recommend Dr. Pierce's Pleasant Pellets as a real aid to digestion, and the mildest laxative in the world."—Mrs. Mae Meseroll, 84 Hassart St., New Brunswick, N. J.

"I had constipation and indigestion and a neighbor told me about Dr. Pierce's Pleasant Pellets. I got some at the drug store—that was years ago when my three boys were small, and we have used them constantly since. I always gave the 'Pellets' to the children and found them a wonderful laxative and will always feel grateful to the neighbor who told me about them."—Mrs. Mary Taylor, 2712 Moyston St., Wheeling, W. Va.

"Until I took Dr. Pierce's Pleasant Pellets I would suffer from constipation and bilious sick-headaches—felt mean and dull—no life. But the 'Pellets' corrected my trouble and now I do not suffer from constipation or sick-headaches. Dr. Pierce's Pleasant Pellets are the finest regulator of the stomach and bowels that any one can take—once you try them you will always use them."—Mrs. Anna Weier, 457 Lafond St., St. Paul, Minn.

Sold by all druggists, 60 Pellets, 30 cents, in neat glass vials.

Does Your Stomach Trouble You?

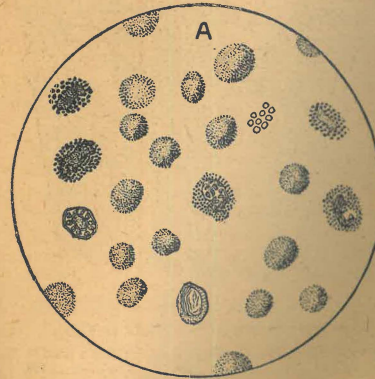

Russell Studio

J. M. HOLLAWAY

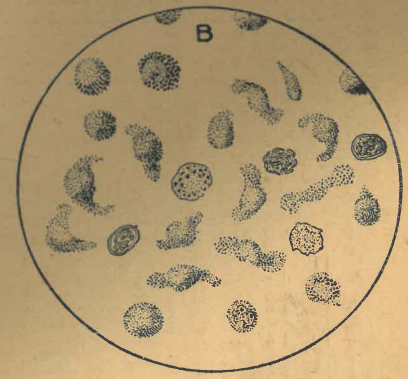

Winston-Salem, N. C.—“I used to have a great deal of trouble with my digestive organs, the food soured and gas would form, affecting my heart. The best medicine I ever took for this condition was Dr. Pierce's Golden Medical Discovery. It regulated the digestive organs, my appetite improved and I had no further trouble with fermentation and gassy stomach or heartburn. I am glad indeed to recommend the 'Discovery' to every person who suffers with indigestion and gastric trouble for it can be relied upon for relief.”—J. M. Hollaway, 604 Cleveland Ave. All druggists. Fluid or tablets.

Send 10c to Dr. Pierce's Clinic, Buffalo, N. Y., if you desire a trial package of the tablets.

Blood Cells

(A) In Health

(B) In Disease

THE blood cells of the body become very irregular in shape in disease, while in health the red blood cells are round, and they are your body-builders. Loss of appetite, loss of body weight, paleness, anemia, sallow complexion, boils and pimples are danger signs which you should recognize.

Consult Dr. Pierce's Clinic in Buffalo, N. Y., by letter, and receive good medical advice. If your digestion is faulty and the food eaten is not assimilated or taken up by the blood, you need a good tonic and corrective, something that will start the liver into activity, such as Dr. Pierce's Golden Medical Discovery, which can be had

in any drug store in tablet or liquid form.

Nervousness is only the cry of the starved nerves for food, and when you have rich red blood you lose those irritable feelings, sleeplessness vanishes and you feel refreshed in the morning. Your appetite picks up and your whole body feels the invigorating effect of Doctor Pierce's Golden Medical Discovery.

When the blood is pure and rich, all the organs work without effort and the body is like a perfect machine.

Write Doctor Pierce's Clinic in Buffalo, N. Y. Enclose question blank which is wrapped around medicine and receive free medical advice.

Dr. Pierce's Medicines are Always Reliable

## Do YOU Suffer Every Month?

**I**F a woman is borne down with pains here or there, every menstrual period, at a time when nerves seem to be on edge, accompanied by headache or backache, it's time she should take Dr. Pierce's Payngon Tablets. These tablets are the latest medicine of Dr. Pierce to relieve womankind, prescribed at his clinic and hospital in Buffalo, N. Y., for the safe and prompt relief of most kinds of pain. No use to endure pain when you can have such quick comfort as "Payngon" gives. Carry the tiny pocketbook box—costs only 50 cents. A couple of tablets bring amazing relief. Headaches, neuralgic and rheumatic pains—alike yield to "Payngon". Consult Dr. Pierce's Clinic in Buffalo, N. Y. Enclose slip from box and receive free medical advice. Send 50 cents (5 dimes or stamps) for box of "Payngon", if your dealer does not keep it.

## Business and Professional Women

**T**O-DAY, women are appearing in many phases of life previously closed to them and the necessity for perfect health becomes more and more marked. They cannot afford to lose time or neglect appointments on account of illness.

The pains and general misery which many young women experience may, in almost every instance, be entirely prevented or overcome, by the use of Dr. Pierce's Favorite Prescription. It tones the general health. Usually headache, backache, nervousness and other consequences of womanly weakness disappear.

A little attention to these details early in life has saved many a young woman years of suffering at more or less regular intervals.

Girls, give this Prescription—once used in active practice by Dr. R. V. Pierce—a trial. All druggists—fluid or tablets. Then if you feel the need of medical advice write the Faculty, Dr. Pierce's Clinic, Buffalo, N. Y., using the question blank found wrapped around the medicine and receive, free, a diagnosis of your case.

One who has used the Prescription tells her friend this:

"I have taken Dr. Pierce's Favorite Prescription off and on when I felt rundown in health and have never failed to be greatly benefited by it. As a woman's tonic I am sure it is unexcelled. From what I can learn it is a superior remedy regardless of age, but especially good for young women. So I gladly recommend this particular medicine."—Mrs. Margaret Newman, 309 N. 9th St., Terre Haute, Ind.

Send 10 cents to Dr. Pierce's Clinic, Buffalo, N. Y., if you desire an acquaintance package of

# Pharmacy To Open July 1

1948

Morgan's Pharmacy will be formally opened for business July 1 in the location at Bridge and Canal sts. where the late Joseph Mulvane operated a drug store from 1901 until his death last Jan. 25.

The new owner is Robert R. Morgan who with his wife, Bonnie, and 11-month-old daughter, Kristen Kay, are residing at 316 Neighbor st.

Mr. Morgan, a registered pharmacist, graduated from Ohio State University in 1943. A native of Cambridge, he lived for some time in Roseville. After serving 18 months with the Army Medical Corps during the war in Italy, he became a pharmacist for the Triplett drug store in Coshocton. He worked there three years and purchased the Mulvane store last month.

Mrs. Morgan is the former Bonnie Reamer of Coshocton.

# Morgan Prescription File Dates Back to the Year 1901

The Morgan Pharmacy is celebrating its 25th anniversary, but the pharmacy's history actually dates back to the turn of the century.

Owner Robert Morgan purchased the former Mulvane Drug Store on May 26, 1948. At that time, the business was located on the corner of Canal and Bridge Sts.

Morgan's official opening date was July 1, 1948, and he operated the pharmacy at the Bridge and Canal location for 17 and one-half years.

In 1965, Morgan Pharmacy moved to its present location at 306 S. College St. The new store afforded the business triple the floor space and gave Morgan an opportunity to expand his merchandise lines and to enlarge his prescription area.

The pharmacy still has on file prescriptions filled from 1901 until the present time.

In addition to the complete prescription department, Morgan carries sickroom supplies, canes, crutches, and wheelchairs.

Also featured is a large assortment of Hallmark Cards and a party shop together with Westmoreland glass and other decorative gift items. There are also cosmetics, toys, candy, and school and office supplies on the shelves there. Morgan's Pharmacy is headquarters for

American Express money orders, and the collection agent for Ohio Power Co. and Columbia Gas.

In addition to Morgan, a registered pharmacist, other store personnel includes Mrs. Alvin Day, Mrs. Donald Loader, Mrs. Chester Lehman, Mrs. Ernest Art, Mrs. Robert Riley and Rusty Morgan.

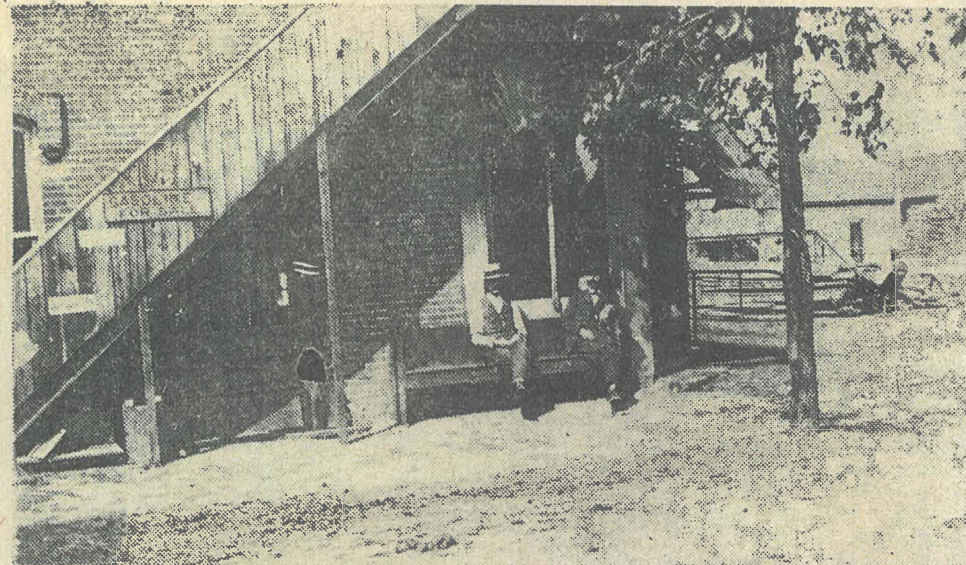

Before coming to Newcomerstown, Morgan was employed at Bailey Drug in Zanesville and Triplitt's Drug in Coshocton.

He is a graduate of the school of pharmacy at Ohio State University in 1943.

During World War II, Morgan served in the medical corps in Italy for two years.

**GUESS GAME** — Pharmacist Robert Morgan holds an apothecary bottle filled with brightly colored pills of all sizes. As part of his 25th anniversary, Morgan is offering a pill-guessing contest with a \$25 savings bond to the winner.

**MANY YEARS AGO** — Back at the turn of the century, the business now operated as Morgan Pharmacy looked like this. It was located at Canal and Bridge Sts. and known as Mulvane Drug store.

**UPDATED VERSION** — In 1965, Morgan opened this pharmacy at 306 S. College St. This store is triple the size of the old location.

College

# Morgan Pharmacy celebra

Morgan Pharmacy will celebrate its 40th anniversary July 1, 1988, but the pharmacy's history actually dates back to the turn of the century.

Robert R. Morgan purchased the former Mulvane Drug Store on May 26, 1948. At that time, the business was located on the corner of Canal and Bridge Streets.

Dr. J.R. McElroy occupied the building originally for the practice of medicine, and interestingly, also held the position of Postmaster.

The store started operating from 1901 as Mulvane Drug Store, and Morgan's still has prescriptions on file from 1901 until the present time. Joseph Mulvane and Bob Morgan purchased many herbs because these were used by many to make medicines. Many chemicals such as Blue Vitrol and Sulphur were purchased in wooden barrels. Herbs and other

medicinals that were used were kept in old glass apothecary bottles. The various sets of bottles were of different sizes and uses; Some were used for liquids and some for powders. They contained things like Icelandic Moss, Acacia, Sea Salt and Aqueous Camphor. These bottles were used up until the early 1960's and are now on display in the new pharmacy.

Morgan's still have Mulvane's old recipe book listing prescriptions for medications for many illnesses and individual recipes for many patients. Included in the book are recipes for arthritis cures, sheep worm medicine, Diamond Oil (which was used as a liniment), and Myers Horse Tonic.

Medications were not only mixed for people, but for animals as well. Myers Horse Tonic was made from mixing 28 different herbs ground in

a large steel mortar with a pestle. It was packaged and sold to horse breeders and farmers. Much of it was mailed to horse ranches in Arizona and California.

Saturday was the busiest day of the week. People dressed up and came to town. Since the drug store was located on the busy corner of Bridge and Canal Streets, the people congregated here to meet and talk with each other.

The old drug store was heated by a coal burning, pot-belly stove with coal buckets set around it. On Saturday nights the stove was encircled by men who sat around and discussed local politics, farming, baseball, and the weather.

An old gas powered cigarette lighter hung from the ceiling and was used by all who needed to light their smokes. Today, no tobacco

THE NEWCOMERSTOWN NEWS

Page 11

## es 40th anniversary July 1

products are sold by the pharmacy, as an example of Morgan's commitment and concern for people's health.

Mulvane did not have a cash register. He used a cigar box and recorded his day's sales on a yellow school tablet. All customer purchases were wrapped in brown kraft paper and tied with a string. The large roll of string hung from the ceiling and was threaded down through hook eyes to keep it easily at hand for wrapping. Greeting cards were laid out in a flat cardboard box for customers to find their selections.

Little by little, Morgan changed the store over to a more modern system. Two Hallmark card cases and one for wrapping paper were installed. Up until this time, perfume was purchased in quart bottles and dispensed into small bottles to be

transferred for midadys atomizer. Glass display cases were added for cosmetics. A National Cash Register and safe were added.

Prescriptions changed from being mixed by hand to coming already packaged. Today, only a few prescriptions are compounded by hand.

In 1965 Morgan Pharmacy moved to a new location at 306 South College St. The new store provided the business with triple the old floor space and gave the opportunity to expand merchandise lines and to enlarge the prescription area.

After 20 more years at this location, Robert Morgan purchased the adjoining property. A new pharmacy of over 6,000 square feet was built with a parking lot for at least 100 cars. A horse hitching rail was built for the Amish who drive their horse and buggy to town to do their shopping.

The new store has a corner door entrance like the old 1900's store. Other than that, it is an ultra-modern pharmacy complete with a large prescription department. An extensive Hallmark card and party shop is included with the gift department. Home health care is emphasized, including vitamins, a baby department, and a large selection of over-the-counter drugs and cosmetics.

Robert R. Morgan, owner and pharmacist of Morgan's, died May 1, 1986. Today, the business is carried on by his wife, Bonnie, and their children, Kristen K. Art and Robert Rusk Morgan, Jr. (Rusty Morgan). Ernest Art Jr., a pharmacist, is joining the family owned business, hoping to carry the business into another century.

# Lottery Makes Yanai Millionaire

By JERRY WOLFROM

Andrew Patrick Yanai of 665 Wood Ave., Newcomerstown, was a laboring man Wednesday.

Today he's a millionaire and loving every minute of it.

After scratching out a living for most of his 56 years, Yanai hit the Ohio Lottery's 12th

Millionaire jackpot Thursday and as a result he'll receive \$50,000 a year for life.

"It's absolutely unbelievable," he said Thursday

after his name was pulled out of the hopper in competition with 100 other finalists in Columbus.

"I'm quitting my job as of yesterday and slowing down immediately. I have no plans yet. Maybe a little golf, but I'm taking it easy. I have a lovely wife and two lovely daughters. I've go to have time to think a bit."

He has been with Seiberling Rubber, Sellon and General Tire for 22 years.

Yanai said he has no big plans but he is emphatic on one point. "I came up the hard way. I grew up on the wrong side of the tracks. I am of Hungarian descent and my mom and dad came over here from across the pond in 1903 and things were never easy."

He makes his point.

Yanai bought his winning ticket at the Athletic Club in Newcomerstown at the same bar where he proudly says he used to sip beer right after World War II with Cy Young, the greatest baseball pitcher of all time.

Present owner of the bar, Tony Segalavich and his wife, Annette, were at the Ohio Theatre in Columbus for Thursday's drawing and

because they sold the winning ticket they will receive \$10,000, less taxes.

Yanai brought home his first check Thursday night. It amounted to \$39,000 after the government deducted its share. That is about how much he can expect each year for the next 20 years.

Newcomerstown residents have made out better than most villages of 4,100 in the state lottery. Last October Robert Fillman won \$250,000; several months later William Prater scratched off a \$10,000 winner in the Instant Lottery; a month ago Forest Baker also hit \$10,000 in the same lottery and now Yanai hit the big one.

Usually flamboyant, Yanai admits he totally lost his composure when he learned the \$1 million was hit.

"I wasn't nervous until the spotlight swung in my direction and the man with the microphone stepped into our aisle. Man, when he put his hand on my shoulder, I knew I was the one," he said.

Dropping in at the Athletic Club at about 11 p.m. Thursday after changing from his suit into shorts and a T-shirt, Yanai bought a couple of rounds to

dozens of well-wishers.

Most of the locals who had waited for his return said they were sure all along he would win. "Couldn't happen to a nicer guy. A.P. has worked hard all his life. He deserves it," they agreed.

Yanai's daughter, Pat, said she hoped he would win, but she "never counts her chickens."

Mrs. Richard Hursey, the Yanais other daughter said, "I totally lost confidence when I saw the other 99 people. I really didn't think he would win anything . . . and when he did he almost passed out."

Yanai himself admits he was not confident of winning, but he took a realistic approach. "I'm a gambler. I always buy lottery tickets and I understand the luck of the draw. I mean, if you are going to draw a couple of queens to three aces, that's luck. And I had it Thursday."

And he now also believes in biorhythms.

"Tony Nigro down at Tony's Cafe took down all the data and did a work-up on me and it showed I was going to win big."

What more can you say?

**HAPPY GROUP** — New millionaire after the State Lottery drawing Thursday is A.P. Yanai (center) of Newcomerstown who will receive \$50,000 per year for 20 years. On the left is his wife, Doris, and on the right is Tony Segalavich, operator of the Athletic Club of Newcomerstown who sold the winning ticket. Sagalavich will receive \$10,000.

WHAT'S YOUR BUSINESS?

# Meet Dick Miller of Dick's Place Restaurant

Here's what we learned after a recent update with Dick Miller:

**Please tell us a little yourself and Dick's Place:**

"Dick's Place is family owned business. My wife, Natalie, and I have four daughters — Amy, Emily, Sara and Rachel — who have grown up working alongside us in our family dining establishment. Their roles vary now; but as young teenagers they all waitressed, and assisted Natalie and I in the kitchen. As an adult, Amy has also been a very vital part of my accounting staff.

"I was able to open the original Dick's Place in the home of the former Stoffer's Restaurant along the picturesque Tuscarawas River in January 1999. Customers enjoyed sitting adjacent to the water and being able to look out at the peaceful setting. Our reputation for excellence grew fast, and our restaurant became a popular dining spot for locals and residents of neighboring counties.

"Fast forward to later that year in October 1999, when unfortunately, the restaurant fell victim to an arsonist and all was lost in the fire. It was quite a set-back to our family, but we never gave up on the restaurant. Natalie and I

### LIVERY WAS CLASS PROJECT

Vernon Powell, now a retired teacher from the Newcomerstown system, stands beside the old livery on Bridge Street and a replica of the building made by

one of his former classes. The replica has over 6,000 shingles and Powell's class also researched the history of the landmark.

Rehard's Livery stable

# Class studied livery history

Vernon Powell, a retired teacher from the Newcomerstown School District, has provided some history for the old livery destined for demolition on Bridge Street.

The livery, which has become unsafe, will be torn down and the area will be used as a parking lot by the Moose Lodge.

Powell's classes at the Middle School were renowned for their replicas of various familiar landmarks in Newcomerstown. One of those replicas was of the old livery. Part of the project included finding out the history of the landmark and making a report. Following is a copy of that report, from the sixth grade class of 1980-81.

"The Livery Stable located on Bridge Street south of Main Street was constructed in 1880 by Alfred Rehard. He used oak and poplar to build it and placed no historical documents in the corner stone. This building was originally painted red.

"During the warmer months of the year, it was heated by the sun, but during the winter months, a pot-belly stove in the office was used. The workers may have used oil lamps, lanterns, and candles to warm themselves.

"The workers had a series of jobs to do, such as: making sure the stalls and building were clean and in good condition. They had to brush, water, clean, and shoe the horses. Some workers had an oil of beeswax, fats, and other things they rubbed on the harnesses and

saddles to keep them shiny and in good condition. For these activities they received \$1.25 a day in 1913. When the workers had time they'd play cards. A game often played was poker. When the game broke up the workers departed for home with the exception of one, who stayed both night and day to watch the Livery Stable. Occasionally the worker let one other person stay under his responsibility. If the Livery Stable wasn't full, they kept buggies for the people.

"The Livery Stable held no feed. It was held in a feeding barn across the street. It could hold four tons of hay and two tons of grains. The upper doors on the Livery were used to pull straw to the loft for bedding. The stable had no pasture grounds but held buggy races and rodeos on a few acres of land behind it.

"The Stable could hold anywhere from six to 15 horses in addition to 10-15 horses which they owned to rent or sell. No other animals were kept there and it wasn't a foaling stable.

"Once in a while they would have a theft of a horse whip or harness. There were no deaths or serious fires, even though employees could smoke. In 1913, a flood damaged the stable. Therefore, it was sold to become a garage.

"At the time of the Livery Stable, there was one other stable, run by Mr. Norman. Earnest Swigert had a harness shop where Coshocton Automotive is and Ike Norris had a blacksmith shop where Western Auto is today."

# MRS. EARL BEATTIE

3-19-1919

That the ways of Providence are beyond human understanding, is again brought to mind by the sad news of the death of Mrs. Earl Beattie. Young in years and spirit, with the promise of a bright future, her untimely end is a shock to the large circle of friends who loved and admired her for her kindly manner and winning personality. That she had much to live for, was mutely testified by the adoration of her husband, the loved home ties and the universal admiration of the community.

Mrs. Beattie died of bronchial pneumonia Monday afternoon at 2:30 after a brief illness of but four days' duration, at her home in Akron. There surrounded by husband, parents, brother and sister, she passed peacefully to the other world.

Neve Mae Sells was the daughter of Mr. and Mrs. Elmer E. Sells of Newcomerstown. Here she was born and grew to young womanhood. In November following her graduation from the Newcomerstown high school with the class of 1909, she was united in marriage to D. Earl Beattie, civil engineer. About two years ago, the husband's profession called him to Akron. They continued to make their home here until last May, when they established a permanent residence at 41 Byers st., Akron.

Mrs. Beattie is survived by her parents, husband, one sister, Mrs. L. D. Neighbour of Uhrichsville, and one brother, Warner Sells of this city.

Mrs. Beattie was a member of the M. E. church of this city and sang regularly with the church choir. At her home in Akron she was a member of the Sterling Social Club and the Tuesday Afternoon Music Club.

The body now lies at the Sells home on Bridge st. where amid a wealth of floral tributes friends are calling for a last good-bye. The funeral service will be held Thursday afternoon at 1:30, at the home, conducted by Rev. J. M. Kaho of this city and Rev. H. M. Patterson of Struthers, former pastor and friend.

## AN AGED PIONEER DEPARTS THIS LIFE

After an illness of several months duration, Andrew Jackson Creter, one of the oldest pioneer residents of Newcomerstown, died at his home on Bridge st. early last Thursday morning, Sept. 18, in his 85th year. For several weeks past, his condition was considered hopeless, and each passing day left him a little weaker. The end came peacefully, in the nature of a deep sleep, without a perceptible sign of pain or suffering.

"Uncle Jack," as he was familiarly called, delighted in the society of young folks, and in years past when both enjoyed better health, "Uncle Jack" and "Aunt Ell" Creter threw open their doors to the young people for parties of every description. In those days each succeeding generation of young folks was received into the home and hearts of this hospitable couple, who chaparoned them safely through the party and picnic stage of life. Most of those young folks are middle-aged now, with children of their own to demand their attention, but they all still retain a place in their hearts for "Uncle Jack" and "Aunt Ell."

The deceased's parents, Andrew and Elizabeth Creter, came to this locality from New Jersey in 1818, and to them were born five children—Clark, Catharine, Ann, Elizabeth and Andrew Jackson. The mother died when A. J. was but 7 days old. His aunt, Sarah Creter, then came here from New Jersey and took charge of the 5 children, remaining in the household sixty years. They were then living in a log house near the intersection of State and Carlisle sts. Aunt Sarah died at the age of 90.

A. J. Creter, the subject of this sketch, was united in marriage to Mary Ellen Patterson, daughter of Elias and Sarah Patterson, early settlers, June 4, 1868, establishing their first home in the old Carhart property, central Canal st., and later built on their present location, where they have resided ever since. Mr. Creter is survived only by his wife.

Bridge St

### Nicely Entertained.

Mr. and Mrs. A. J. Creter royally entertained the following guests at dinner last Friday at their pleasant home on Church street: Mr. and Mrs. T. D. Neighbor, Mr. and Mrs. Garret Bassett, Mr. and Mrs. John L. Wilgus, Mr. and Mrs. John Wilson and Hon. G. B. Smith and wife. Four of the couples present, Garret Bassett and wife, the Hon. G. B. Smith and wife, John L. Wilgus and wife, and Mr. and Mrs. John Wilson, have celebrated their golden weddings. To say that the guests upon this occasion were delighted would be putting it very mildly. Both young and old in this community are familiar with the happy faculty that Uncle Jack and Aunt Ell exercise in entertaining guests, and their home has been the scene of many pleasant social functions. May 1907

## AUNT ELLEN CRETER DIES OF PNEUMONIA

The death of Mrs. Mary Ellen Creter which occurred at her home, corner of Church and Bridge sts., Thursday, July 3, following a brief illness of pneumonia, marks the passing of a woman beloved, especially by the younger folks, and respected by all.

In years past the home of "Uncle Jack" and "Aunt El" Creter was the mecca of the young folks of this city, where royal good times were enjoyed. Any time, day or night, this hospitable pair were ready to give over their commodious home to the young folks for parties or any wholesome amusement. In the latter years of their lives they took much delight in reminiscences of the many happy occasions which were held in their home. Since the death of her husband several years ago, Mrs. Creter has lived alone practically all the time, with the exception of occasional visits with relatives and friends.

Mary Ellen Patterson was born in Guernsey county Sept. 18, 1844, and died July 3, 1919, aged 74 years, 9 mo. and 15 days. She was the daughter of Elias and Sarah Weirick Patterson, and was the last of a family of eleven children. Nearly all of her life was spent in Newcomertown. She was married in 1869 to Andrew Jackson Creter from which union there were no children.

Mrs. Creter was of a deeply religious nature and had been a member of the Presbyterian church for many years, manifesting unusual interest in the work of her local church during the last years of her life. While never of rugged health, she lived to a ripe old age. Her last illness was brief and her passing peaceful.

Funeral services were held at the home Sunday at 4 p. m., conducted by her pastor, Dr. Glenrole McQueen, assisted by Rev. L. Bowman, former pastor of the local M. P. church and close friend of the deceased. A mixed quartet from the Presbyterian church furnished music for the occasion. Interment was made in the local cemetery.

contingent of local senior citizens watched as the first shovel of earth was turned Monday, Dec. 7, in preparation for the construction of a new senior citizens center in Newcomerstown. The 100x60 foot structure will be built on the old Keith Hotel property on Bridge Street. Concrete for the footer was also poured last week, marking the beginning of the foundation for a new building. The effort by the senior citizens to come up with the money to complete the building, however, is still in the planning stage. Charles W. Gallagher of the local Senior Citizens Club, led by Donley and John Buss, is spearheading the project through solicitation of grants (at least the footer) to complete and make the building eligible for a federal grant to complete the project. The current drive for a senior

citizens center began in 1971 with the Church Women United president Verna Passmore asking Sam Billings of Newcomerstown to be chairman for a senior citizens group. He agreed and became president in 1972.

Ten years later, Laura Wright was president of the group when members voted to check on building materials on Sept. 8, 1981.

The chronology of events was then led by Buss and Donley, the building committee, who were given permission to go ahead with plans for a new building.

On Dec. 7, 1981, digging began at 9:20 a.m. as John Baker of the street department completed that part of the digging two hours later. Construction had to begin this year in order for the senior citizens to receive a grant which the village of Newcomerstown had set aside for the center.

But Donley, in speaking to various groups in the past few weeks, hasn't pulled any punches in telling village

residents that money will be needed to complete the project.

"We will be needing your (area residents') help between now and warm weather so we can complete the project," he said. "We want to build a meeting place for your grandparents, your parents and maybe for you in the years to come."

The Senior Citizens Club is spearheading the fund raising effort and Donley said any contributions should be made out to the Building Fund, Newcomerstown Senior Center. The checks should be sent to Anna Mae Heminger, 537 Mulvane St., Newcomerstown, Ohio, 43832.

The Senior Citizens Club of Newcomerstown celebrated its 10th anniversary this year with the announcement of beginning construction of a new senior citizen center.

There are currently 77 members of the group with Laura Wright as president; Sue Silverthorn, vice president; Thelma Brown, secretary; Mae Heminger,

treasurer; and Oma Rennard, news reporter.

The first meeting place for the senior citizens was the basement of the Reeves Bank with some 42 members being recorded. The group continued to meet at the bank and then moved to what is now the Lions Den on Church Street. At that time, the building was a youth center.

In 1977, the group moved again to the Taylor house on the corner of Bridge and Church streets and attempts were made by the mayor at the time, Robert Hall, to secure the building for the senior citizens through a federal grant.

When the grant did not work out, the group moved to the basement of the American Legion building behind Canal Street. Meetings continue to be held there every other Tuesday at 1 p.m. Membership is open to any area resident 55-years-old or over but members must be 60-years-old to have an office or actual vote.

## JACOB H. STAMM *Jan 18, 1928* DIES OF PARALYSIS

Jacob H. Stamm, aged 80 years well known resident of Newcomerstown for the past 30 years, died of paralysis at 9:45 a. m. Sunday at his home on Goodrich street.

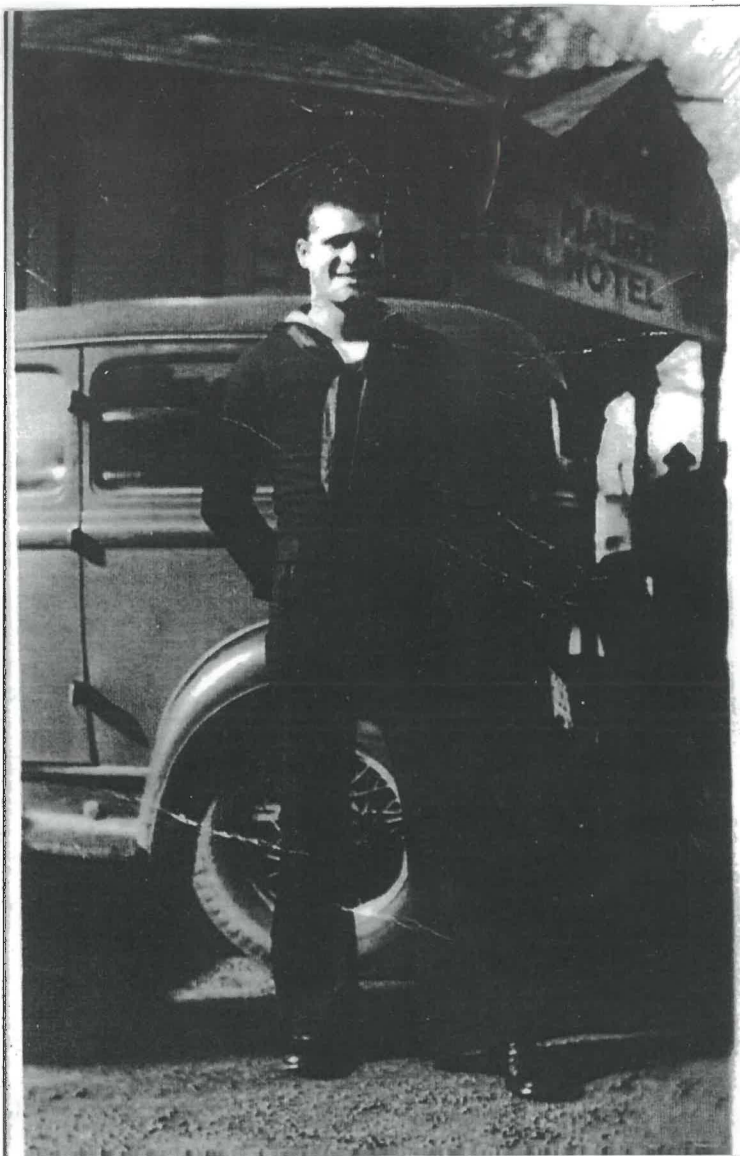

Mr. Stamm was stricken last Friday evening on the street in front of the C. E. Ortt Co. store, Main st., while returning home from his son's restaurant, and was removed to his home in W. R. Hind's ambulance.

Mr. Stamm was a son of the late Jacob and Barbara Stamm, and was born near Glenmont in Holmes co. He was a member of the Glenmont Reformed church.

Surviving are two sons, Walter of this city, and Ralph of Chicago, Ill., and two daughters, Mrs. Chas. Thayer of Los Angeles, Calif., and Mrs. G. W. Wheaton of Newark, O.

Funeral services were held at the late home Tuesday afternoon, conducted by Rev. Chas. S. Foust, pastor of the Lutheran church, and burial was made in the local cemetery.

## Final Resting Place of Newcomerstown's Settlers Becoming a Memory William Casteel/Newcomerstown News

If you live in Newcomerstown, or pass through frequently you probably have noticed from time to time the section of land on south Bridge Street that has some broken, crumbling grave markers scattered throughout. If you have never noticed it before, you might want to make a special effort to see it, soon! These days it is fast fading from view, and will one day only be a memory, or picture from the local history archives.

Newcomerstown residents are probably unaware of the significance of the site, but according to local history sources it is the site of the final resting place of Newcomerstown's settlers.

The first known burial occurred in December, 1815 when thirty-five year old, Elizabeth Starker, wife of George Starker passed away. The following year (February, 1816) Leonard Neighbor, the eldest son of Newcomerstown's founder, Nicholas Neighbor was buried there at the age of thirty-one. Over a fifty year period many of the settlers (or pioneers) and their family members were buried in the cemetery. It was Newcomerstown's first burial place as State Street and West Lawn Cemeteries had not yet been established.

According to local folk-lore, an Irish man only known as Paddy, the town shoe cobbler fell into the Ohio-Erie canal lock, near the old cider mill (once located in the vicinity of what is now the Canal Road), and drowned in 1851. It was told that six Irish men working nearby later removed his body from the canal, and put him into a crudely made coffin. They later consumed more than their share of some type of an alcoholic beverage and became quite inebriated. They reportedly put the coffin down at least six times during their trek to the cemetery to engage in several fist fights. Paddy, the cobbler was supposedly buried in the middle of the cemetery, near a clump of trees.

These pioneers whom had trekked all the way across the mountains from the state of New Jersey in 1814 to settle in what is now Newcomerstown had no idea that their final resting place would eventually be in the midst of a business district, two centuries later. Actually, when the cemetery was established in 1815 it was then situated at the very west edge of the village, nothing existing beyond that point other than wilderness all the way to the Tuscarawas River banks.

Over the years the cemetery has greatly changed from what the pioneers once knew it to be. The oak and maple trees that once were

plentiful throughout the cemetery have been removed at some point. The cemetery was also double the size that it is now, but the growth of industry, and the village's population changed that fact. The former C & M railroad (that extended north to south through Newcomerstown) constructed about 1860, reduced the original size of the cemetery to what it is now. Many of the graves were later relocated to the East State Street Cemetery, the broken, crumbling grave markers removed, and reportedly deposited along, and possibly into the murky depths of the Tuscarawas River, west of town.

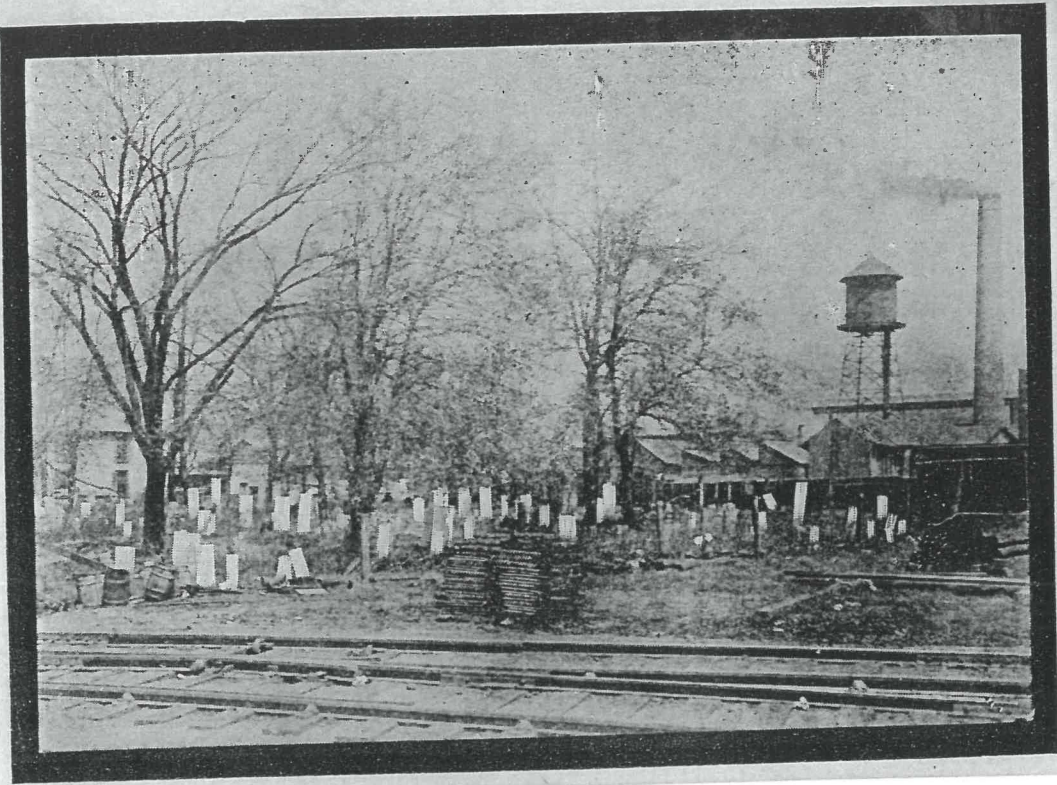

Just prior to the start of the Civil War, about 1859-60, there had been at least two hundred recorded burials in the cemetery. It was around this time that the East State Street cemetery was established, and burials in the Pioneer cemetery ceased.

It is unknown what the original name of the cemetery was, or if it even had a name, but around the time that interest generated in the village's original history, many locals began referring to it as the Pioneer Cemetery.

A few of the family names that are known to have been buried in the Pioneer Cemetery are: Neighbor, Wiandt, Delong, Booth, Clouse, Tufford, Patterson, Parks. These family names are no doubt connected to many of the local residents that still reside in Newcomerstown, and surrounding areas.

Years from now, after the grave markers are all gone, and nothing exists, hopefully our local history will serve as a reminder to future generations that the village once had a beautifully shaded, and peaceful final resting place for it's pioneers, those people that called Newcomerstown their home.
