THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

WHAT PROMPTED THIS SCHUPP FAMILY RESEARCH

My grandmother *Lydia Baker* always said that *Peter and Katherine Schupp* were her parents. After considerable time researching the genealogy of the Schupps I discovered that Lydia was adopted and that I was not a direct Schupp descendant. The Schupps were loved and respected by my grandmother throughout her life. In honor of my grandmother I dedicate this book to the descendents of Peter Schupp.

Albert & Lydia (Schupp) Baker

RESEARCHING SCHUPP GENEALOGY

While researching my presumed Schupp ancestors I met Margaret Christina (Schupp) Tomlin of Harlingen, Texas who lived in Ohio as a child and who I believed was a distant cousin. I thought that I hit the jackpot when she furnished a genealogy of the Schupps in Ohio that included Peter Schupp. Her father, Jesse Schupp, who was born in Port Washington, Ohio in 1891, knew the Schupps of Tuscarawas County and maintained contact with them after he migrated to Michigan. When Christina (Chris) started researching the Schupps in 1972 the elders were still alive. They wrote some genealogy for her and saved bits of information from newspapers. Her father searched through the Schupp cemetery in Port Washington, Ohio to record birth and death dates and met other people looking for their Schupp ancestors who shared useful information.

In addition to the genealogy, Chris has family photographs including a four generation picture of her ancestors. She also has a picture of her grandmother Margaretha Christina (Rausch) Schupp on the porch of their farm house in Port Washington, Ohio. I lost contact with Chris and was unable to obtain a copy of her pictures for this book.

Chris shared the following information about her family: The Schupps were "High German" immigrants. Her great-great-grandfather gave \$10,000 to help build the German Lutheran Church in Port Washington. Her ancestors owned 200 acres of farm land in Port Washington which the family sold in 1997. Her great grandfather Schupp had a portable logging mill that he transported to other farms. The entire family were strong believers in childhood education including girls which was not popular at the time. Even though her great grandfather could not speak English he was member of the Port Washington school board. They were Lutheran/German Moravian Church members and attended church regularly but were not considered fanatics. Her grandfather caused

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

some family concern when he did not marry the nice German girl down the road that the family had selected. He married what the family called an "outsider". She was a woman of English-Scottish descent from Canada who was born in Michigan. The wife's family liked her husband because he was employed, educated, hard working, and went to church.

Chris Tomlin shared information from a three volume set of books about the Schupps entitled EARLY GERMAN AMERICAN SCHUPP/SHUPP/SHUP FAMILIES AND THEIR DESCENDANTS FROM THE 1600'S TO THE PRESENT, by ATWOOD JAMES SHUPP AND KATHERINE SHUPP. Twelve pages about our line of Schupps in Ohio that Chris provided were from Volume II. This Schupp genealogy was so well researched that the census records I have located about the Schupps in Tuscarawas County, Ohio matched most of the information given to me. She also sent me a copy of a publication titled the "1851-1926 SOUVENIR of The DIAMOND JUBILEE of St. Paul's Evangelical Church in Port Washington, Ohio". This was printed on August 15, 1926 showing the church history and its members. There are many Schupps listed who participated in Confirmation Classes at this church between 1853-1926.

I located very informative books about Tuscarawas County History at libraries in Dennison and Coshocton that provided additional details. One of particular interest was PORTRAIT AND BIOLOGICAL RECORD OF TUSCARAWAS COUNTY OHIO 1895.

During the year 2000 I walked through the cemeteries in Port Washington, Ohio including St. Paul's Evangelical Church, one of the most beautiful and well maintained cemeteries I have ever visited, where Peter Schupp's wives, several of his children, and grandchildren are buried. The farm owned by my grandparents, Albert & Lydia (Schupp) Baker, was located within view of this large cemetery. Peter Schupp was buried in the Sharon Moravian Church Cemetery, Tuscarawas, Ohio in 1903. Before the year 2004 he was the only Schupp buried in this cemetery. Lloyd Schupp was buried there in 2004. It remains a mystery why Peter was not buried near his wives and children. Buried next to Peter Schupp is John F. Baker who was born in 1845 and died in 1906. He was a brother of Katherine (Baker) Schupp who married Peter Schupp in 1883. Her Baker ancestors were from Germany and the surname is sometimes spelled Becker. My line of Bakers are from England.

MY GRANDMOTHER'S BIRTH PARENTS

My Grandmother **Lydia (Halterman) Baker**, was born in Mineral City, Tuscarawas County, Ohio on June 8, 1879. She was the daughter of **William Halterman and Mary E. Myers**. Her parents were both German descendents. Lydia's father passed away when she was very young. Oral family history states that William Halterman was killed in a railroad accident. He was listed as a coal miner in the 1870 census. Emblematic of the difficult economic and working conditions of the era there were many children in the Sandy Township, Mineral City area as young as 12 working in the coal mines. Mary (Myers) Halterman could not care of her children (Lydia, Rebecca, John and Robert) and placed them in a childrens home in or around the Canton/Dover area of Ohio. After William Halterman's death Mary later wed Daniel Kendal in December 1888 and had a son Homer Kendal in 1890. I cannot understand why she did not take her children out of the childrens home unless Daniel did not want to raise them.

The 1890 census would have given a clue to when William Halterman died but these records were destroyed in a fire in Washington D.C. The Stark County

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

and Tuscarawas County, Ohio death records do not have William Halterman listed. Birth records for three of his children cannot be found. After many years of searching for a record of his death an old newspaper article was found telling about William being killed by a train in 1883.

Haltermans are from North Germany. The name is also found as Haltermann and Holderman. There are 11 Haltermans from Ohio listed as Union Soldiers during the Civil War.

LYDIA HALTERMAN IS ADOPTED BY THE SCHUPPS

Peter Schupp had a ninety-five acre farm close to the Cross Roads School and the Community Church east of Gnadenuhuten, Ohio, which is located in Warwick Township, Tuscarawas County, Ohio. Peter had moved there from a farm in Rush Township, Ohio, in 1871. His first wife, the mother of his 11 children, died on March 25, 1882 at the age of 48. In 1883 he married his second wife Katherine (Baker-Metzler). Her name has also been found spelled Catherine. It was very confusing to research this family because the name of Peter's first wife and second wife have been found spelled Catherine in census records. I have decided to show her name as Katherine because my grandmother called her Kate and Katie.

Peter Schupp and Katherine adopted Lydia at the age of nine around 1889 and gave her the Schupp surname. Lydia grew up in a German speaking home and learned both the German and English language. This may be one of the reasons the Schupps adopted her. Lydia went to school at the Cross Roads School. The farm of my great grandparents, James & Mary (Robinson) Baker, was nearby. This would explain how my grandmother Lydia and my grandfather **Albert Vernon Baker**, son of James Baker, met. They were neighbors and went to the same school. The old brick one room school house is still standing in 2010 and is being used to store farm implements.

Lydia probably introduced her sister Rebecca Halterman to Albert Baker's brother Denton Baker. Lydia & Rebecca married the Baker brothers and they remained close all their lives. They looked enough alike to be twins. Their brothers, John and Robert Halterman remain a mystery. Extensive effort was made to find them in census and death records but no trace of them has been found. Lydia's sister and brothers were not adopted and they grew up in the childrens home. The grandchildren of Rebecca (Halterman) Baker said she did not talk about being raised there.

Peter and Katherine Schupp must have been very kind and caring to my grandmother, Lydia. Lydia loved her adopted parents and on her marriage license (see page 86) and her obituary, it is written that she was Lydia Schupp, the daughter of Peter Schupp & Katie Baker. Since her father William Halterman died when Lydia was a small child she probably did not have much memory of him. Lydia's sister Rebecca Halterman reported that her parents were William Holderman and Mary Myers on her marriage license.

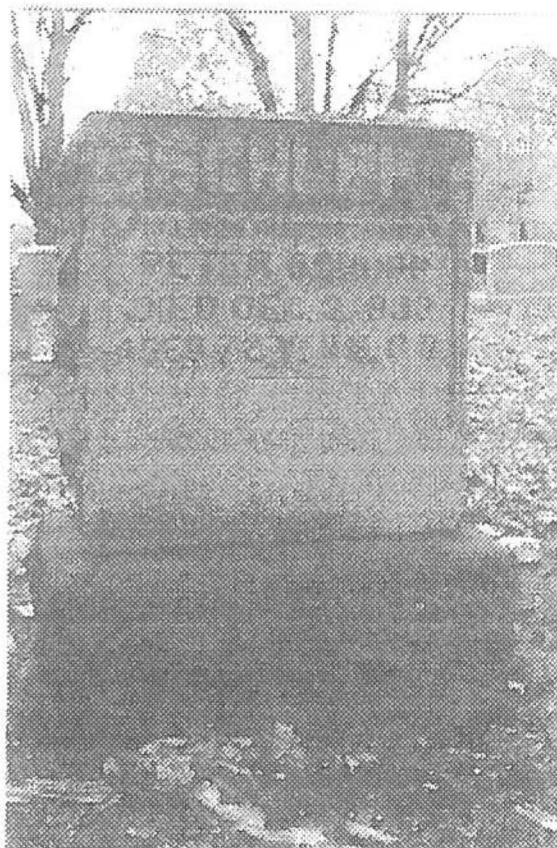

It is difficult to trace a family who uses the same names generation after generation. The Port Washington, Ohio cemetery is full of Schupps, Metzgers (sometimes spelled Metzger) and many other German names. Peter Schupp had three brothers who gave their children the same first names of Frederick, Henry, Charles, and Jacob. Older generations did the same. Many German names were "Americanized" in later years. Ludwig became Lewis, Henirich Ludwig became Henry Lewis, Maria to Mary, Karl to Carl, Welheim to William,

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

Alpharetta to Alice, Luise and Louisia to Lucy and so on. The Kirchebuch (Church Birth Records) of the St. Paul's German Evangelical Church in Port Washington, Ohio, recorded first names of children using the aforementioned German names. For example on page 69 of a published typescript, Henry Lewis Schupp's birth on June 22, 1873 is recorded as Heinrich Ludwig Schupp. This microfilmed birth record from the Tuscarawas County, Ohio Probate Court, typed copy, Volume I, 1867 - 1888, was found by Ellen Talbot.

Every effort was made to record the Schupp genealogy as accurately as possible. Please excuse any errors which may exist. The children and grandchildren of Albert Baker and Lydia Schupp are listed in this book. It includes the writer of this book and helps explain why **Stanley Baker** was interested in Schupp genealogy. Later generations of Bakers have been omitted because they are not Schupp descendants. By contacting as many Schupp descendants as possible and asking for pictures of the older generations of Schupps, several pictures were found which are included in this book. It seems that very few pictures were taken in the 1800s' and early 1900s'. If anyone has access to older generation Schupp pictures I would appreciate receiving copies.

Hopefully the decedents of the Schupps will find the information in this book helpful and interesting. Genealogy is like putting an old puzzle together with many pieces missing. Each piece of the puzzle that fits together gives the researcher a feeling of accomplishment. The pieces that are missing leaves many questions unanswered.

Peter Schupp

Child of JOHANN SCHUPP and MARIA FUCHS is:

2. i. JOHN GEORGE² SCHUPP, JR., b. June 15, 1806, Fischbach, Prussia, Germany; d. September 06, 1879, New Philadelphia, Tuscarawas County, Ohio.

He married (1) MARIA ELIZABETH KREUSCHER 1828 in Germany. She was born April 28, 1806 in Prussia, Germany, and died April 04, 1876 in New Philadelphia, Ohio. John Schupp was born near the banks of the Rhine River in Germany in April, 1806. John and his wife Maria Elizabeth Kreuscher were raised in farm life. They were industrious, thrifty and hard working people. Of their marriage were born five children, two of whom were deceased by 1895 (namely Henry and Fred). Those living in 1895 were; Peter, John and Charles, who were engaged in farming in Clay Township, Tuscarawas County, Ohio.

John and Maria set sail for America in the spring of 1843 and after a voyage which consumed twenty-eight and a half days landed in New York City. They remained there for a year at a point about three miles from Albany, NY. In 1844 they migrated to Tuscarawas County, Ohio. They settled in Clay Township where they spent the remainder of their lives. John Schupp Sr. was a shoemaker by trade and he managed to make a good living for his family in the pursuit of this vocation. Four years prior to his death he went to Stone Creek, Ohio where he remained for two years before moving to New Philadelphia where his death occurred in 1879.

When he reached Clay Township he purchased forty acres of land. As time passed he increased his possessions until he become thoroughly well-to do. After the death of his first wife he married Mary Neiderhauser who survived him but two years.

Observations by Stanley Baker:

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

The death record for Mary Neiderhauser shows that she survived John Schupp by 6 years. It seems that John George Schupp was better known as George Schupp. His name appears as George Schupp in the early records of the St. Paul's Evangelical Church in Port Washington, Ohio. In 1849 he was a trustee of this church and was involved in receiving a donation from John Knight lots 80 and 81 for the purpose of building the church.

Notes for MARIA ELIZABETH KREUSCHER:

Peter Schupp was interviewed around 1895 by C.O. Owen & Co. for a book titled "Portrait and Biographical Record of Tuscarawas County, Ohio" (page 260). It shows that Peter's mother was Mary E. Krisher who was born in the Fatherland Germany in 1813 and that she died in 1879.

Another source, "Early German American Schupps", by Atwood James Schupp, shows that her name was Maria Elizabeth Kreuscher who was born April 28, 1806 and died on April 04, 1876. Peter may have recited his birth and death dates from memory and the other source may have found actual records. Some German names were "Americanized" which may explain the difference found in her name.

Mary E. Krisher's death date is found in Tuscarawas County Cemeteries, Volume III, page 72, which shows her age as 70 years, 2 months, 10 days.

Children of JOHN SCHUPP and MARIA KREUSCHER are:

3. i. HENRY B.³ SCHUPP, b. October 19, 1829, Fischbach, Germany; d. July 05, 1892, at his home in Phillipsburgh, Ohio.
4. ii. PETER A. SCHUPP, b. December 13, 1831, Fishbach, Prussia, Germany; d. December 03, 1903, Tuscarawas County, Warwick Township, Ohio.

He married (1) CATHERINE CAPPEL November 25, 1851 in Tuscarawas County, Ohio. She was born December 25, 1833 in Germany, and died March 25, 1882 in Tuscarawas County, Warwick Township, Ohio. He married (2) CATHRINE BAKER March 15, 1883 in Tuscarawas County, Ohio, daughter of PHILIP BAKER and MARY KESSLER. She was born May 1841 in Bovaria, Germany, and died May 24, 1912 in Tuscarawas County, Ohio.

Notes for PETER A. SCHUPP:

This is the life history of Peter Schupp who adopted my grandmother Lydia (Halterman) Baker when she was 9 years old. I spent considerable time researching the genealogy of the Schupps before I discovered that Lydia was adopted. She never mentioned it.

Peter Schupp was born in Fischbach, Prussia, Germany. He immigrated to America in 1843 with his parents. He married Catherine Cappel in 1851 and the young couple moved to a fifty acre farm which his father gave him. This farm was located in Rush Township, Tuscarawas County, Ohio. It was here that the early years of his marriage passed.

About twenty years later, Peter Schupp and Catherine Cappel were found in the 1870 census of Tuscarawas County, Rush Township, Page 19. Children names listed were: Peter, Mary, Frederick, Charles, Caroline, and Adam. Peter Schupp and Catherine Kapple had 9 children while living at this location.

On March 28, 1871 Peter purchased a farm from J.R. Myers in Warwick Township, on the east side and a part of 3rd quarter township 7, range 1, US Military land where he made many improvements after becoming its owner. It was located near the Cross Roads School and the Community Church east of Gnadenhutton, Ohio. There is an old cemetery next to the school. One would assume that the old one room brick school may have

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

been a church at some time but residents in the area believe it was always a school. It seems unusual that there would be a cemetery in the school yard. Most of the grave markers are so old and weathered that they cannot be read. According to the birth dates of his eleven children, his two youngest children were born at this homestead. No Schupps are found buried in this cemetery.

Peter's son Adam was married in 1877 and no longer living at home when the 1880 census was taken.

Catherine (Cappel) Schupp departed this life in 1882 when in her forty-ninth year.

Peter Schupp's second wife was Catherine (sometimes spelled Katherine) Baker-Metzger. They were married in 1883. She was a daughter of Philip and Mary (Kessler) Baker who became residents in Jefferson Township in 1840. Catherine Baker was born in Germany in 1834. As her name has been found as Baker-Metzger, she must have been married to a Metzger before she married Peter. She was 49 years old when she married Peter and quite possibly a widow. I have not found any census records or information about the Metzger she married before she married Peter.

Rupert James age 18 born Ohio working as a servant

Note: This is Katherine. Her name has been found spelled in various ways. Peter only lived for 3 years after this census was taken.

Peter Schupp and his second wife adopted my grandmother Lydia (Halterman) Schupp from a children's home around 1889 when she was 9 years old. Lydia Halterman's mother Mary (Myers) Halderman put Lydia and her brothers & sisters in a children's home after William Halderman was run over by a train in 1883. All the children except Lydia remained in the children's home until they reached the proper age to leave. It is no wonder Lydia loved her adopted parents and probably had little use for her birth mother.

Mary Halterman married Daniel Kendal in 1888 and they had a son Homer Kendal in 1890. Lydia's sister, Rebecca (Halderman) Baker's daughter knew Homer Kendal and had visited him in the Akron area. They were half-cousins. As far as I can determine, Lydia and her children never met Homer Kendal. Rebecca probably kept Lydia informed about their mother's second marriage and about them having a half-brother. Only by extensive genealogy research can family information of this type be discovered years after the death of those involved because it was a subject never discussed before.

Peter & Katherine Schupp must have been very kind & caring to my grandmother Lydia. She grew up in a German-English speaking family, and could therefore speak both languages. Katie must have taught her how to be a good cook due to her reputation among family as an excellent cook. Even in her obituary it is written that she was the daughter of Peter Schupp & Katie. The marriage license application in 1899 for Albert Vernon Baker and Lydia Schupp shows that Lydia's mother was Katie Baker and her father was Peter Schupp. Lydia never went by her true surname of Halterman. This document could cause other researchers to ponder wonder if Albert Baker married a Baker relative. Albert Baker's ancestors were from England and Katherine Baker's parents were from Germany.

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

Lydia (Halterman) Baker went to school in the one room brick school house (Crossroads School) which was close to her home. This school house is still standing in the year 2010 and is being used as a farm storage barn. The farm home of James & Mary (Robinson) Baker was nearby. This explains how my grandmother Lydia and my grandfather Albert Vernon Baker met. They were neighbors and went to the same school. Lydia probably introduced her sister Rebecca Halderman to Albert Baker's brother Denton Baker. Therefore the Halderman sisters married the Baker brothers.

Lydia did not discuss her real parents or use their surname. It could be because she was too young to remember them when she was removed from that household, or she rejected her real mother for placing her in a children's home and not taking her out. She probably had no memory of her father William Halterman. Her sister Rebecca (Halderman) Baker used her parents' names on her marriage certificate. Rebecca, Robert and John Halderman were not adopted and stayed in the children's home until old enough to leave on their own. Rebecca's descendents say that she never told them about living in a children's home. (Note; The name was spelled Halterman in the 1880 census and Holderman in other records).

An interesting observation was made when the 1870 Rush Township census was taken: My second great grandfather and Civil War veteran Hiram Robinson and his second wife Linnie Wilcoxon were living next door to Peter Schupp. About 19 years later Peter Schupp adopted my grandmother Lydia Halterman. In 1899, Lydia married Albert Baker who was a son of Hiram Robinson's daughter Mary Robinson and James D. Baker. Mary was a daughter of Hiram Robinson and his first wife Jemina Barnett. In other words, Hiram Robinson's grandson Albert Baker married Peter Schupp's adopted daughter Lydia 29 years after Hiram Robinson and Peter Schupp were neighbors in Rush Township. What a strange turn of events.

C.O. Owens published a book titled "Portrait and Biographical Record of Tuscarawas County, Ohio - 1895". Peter Schupp was interviewed where he reported that he had the following children come to bless this union; Adam who located at Uhrichsville, Peter deceased, Caroline now the wife of Daniel Holman who was a farmer in Clay Township, Fred who lives in Dayton, Albert of Uhrichsville, Catherine and Mary E. deceased, William who lives in the village of Gnadenhutten, Charles who lives in the west, Mrs. George Frazier of Dennison, a child that died in infancy, and John E, who lives in Gnadenhutten.

When he retired, Peter Schupp was considered wealthy and one of the most respected residents of Warwick Township. He never aspired to political honors but served acceptably as Road Supervisor and School Director, and was a staunch advocate of the Democracy. Religiously Mr. and Mrs. Schupp were identified with the Lutheran Church and were active in all denominational and benevolent work. They had many warm friends in their vicinity who esteemed them for their sterling qualities. The well improved homestead where they resided was composed of some ninety five acres of fine land, which would readily command a high price in the market. In his political belief, Peter Schupp was identified with the Democratic party.

Peter Schupp is listed in the Tuscarawas County Death Records Vol. III for years 1895-1910. Also on Page 192 of the Tuscarawas County Cemetery Records. He is buried in the Sharon Moravian Cemetery. He died in 1903 at the age of 72 years 11 months and 3 days. The original death record shows that he died of Paralysis. His first wife Catherine (Kapple) was found listed in the Tuscarawas County Cemetery Records Vol. III, Page 70. She was buried in the Port Washington, Ohio cemetery. She died in 1882 at the age of 48 years, 3 days. They had eleven children. Three of Peter and Catherine (Kapple) Baker's children are buried in the Port Washington cemetery also. Peter John Schupp died 4/5/1859, 4 years 6 mo and 11 days old, Catharina Schupp born 9/7/1859 & died 3/27/1862, and Charles Schupp born 1872 & died in 1935.

The Sharon Moravian cemetery is located in Warwick Township, Tuscarawas County, Ohio. It is just outside the city of Tuscarawas on State Route 416 north of town with the church nearby. Peter Schupp's grave marker was located on October 25, 2006 and pictures taken. The grave next to Peter Schupp is that of John F. Baker who was born in 1845 and died in 1906. He was a son of Philip Baker and Mary Kessler and a brother-in-law to Peter Schupp.

Katherine (Baker-Metzger) Schupp died on May 24, 1912 at the age of 71. She is also buried in the Port

Upon his death Peter Schupp left a life estate of 47 acres to his wife. In 1906 his widow filed a petition in the Probate Court of Tuscarawas County alleging that the personal property of the decedent was insufficient to pay his debts and the charge of administering his estate. This leaves about 29 acres of the land he bought in 1871 not accounted for. Further research needs to be made to find out what happened to this part of his farm.

Notes for CATHERINE CAPPEL:

PETER SCHUPP'S FIRST WIFE:

Source: Tuscarawas County Death Records, Volume III, Page 70

Katharina Schupp, wife of Peter, buried Port Washington Cemetery. She died March 25, 1882 at the age of 48 years 3 days. Her name was spelled Catherine in the 1870 Census and in an article published in a book "Portrait and Biographical Record of Tuscarawas County Ohio" - 1895 by C.O. Owen & Co. In the 1880 Census her name was spelled Katherine. She was Catherine Cappel, and the mother of eleven children. Her name has been found spelled Kapple by another genealogy researcher. I believe that Cappel is correct.

There are three of Peter and Catherine's children buried in the Port Washington Cemetery also. The record shows children of P & C Schupp. Peter John Schupp d-4/5/1859, 4 years 6 mo and 11 days old, and Catharina Schupp b-9/7/1859 & d-3/27/1862, and Charles Schupp b-1872 & d-1935.

This church was formed from members of the English Lutheran Church and the German Evangelical Lutheran Church in 1849. A George Schupp was present to help draw up resolutions to guide formations of this church. Two pastors served the church; One spoke German and the other English.

Notes for CATHRINE BAKER:

PETER SCHUPP'S SECOND WIFE:

Cathrine (Baker-Metzger) married Peter Schupp on March 15, 1883. She was born in Germany to Philip Baker and Mary Kessler.

When the 1900 census was taken her name was spelled Catharine and her birth date recorded as May 1841 and her age was recorded as 59, and that she had been married for 15 years. According to a record found on their marriage date Peter and Catherine had been married for 17 years.

I have found Peter Schupp's wife's names spelled Catherine, Catharine, Katharina, and Kathrine, Katharine. What confuses the issue is that Peter Schupp's first wife was Catherine Cappel and it was spelled this way in the 1870 Census. When the 1880 Census was taken her name was spelled Katherine.

Peter and his first wife Catherine (Cappel) Schupp had 11 children.

Perhaps his second wife Catherine (Baker-Metzger) Schupp was too old to have children and she wanted to adopt a child. They were probably looking for a girl who was of German descent and Lydia Halterman filled that requirement. Lydia learned to speak German before being adopted by the Schupps. Six of Peter's children (Frederich, Albert, Charles, William, Mary & Edward) by his first wife were still at home when Catherine Baker married him.

Catherine Baker must have been married to a Metzger before she married Peter Schupp. A search was made for marriage and census records for a Metzger with a wife named Catherine but none were found. Another genealogy source has her name as Catherine Baker-Metzer. She was 42 years old when she married Peter.

Peter Schupp died December 3, 1903. He was considered well off in 1895, with 95 acres of valuable land. On November 28, 1904, Catherine Schupp filed a petition to sell the premises where she was entitled to a life estate which consisted of 47 acres. In the petition, she alleged that the personal property was insufficient to pay his debts and the charge of administering his estate. Charles Schupp, one of the heirs of Peter Schupp was sent a notice by the Court that he was made a party to the petition and he was required to answer the same on or before the 21st of January, 1906.

The Ohio Democrat (New Philadelphia, Ohio) > 1890 > August > 28

A Catherine Schupp bought real estate in Port Washington from George Cornet, lot no. 70 for \$500.00. It is doubtful if this is the widow of Peter Schupp but worth a follow up. Her adopted daughter Lydia Baker and husband had property in Port Washington in later years.

Catherine (Baker) Schupp died May 24, 1912. She is buried next to: Charles Schupp, born -1872, died -1935, and Louisa Schupp, born 1875, died 1959. Also Hermon Schupp born June 6, 1907 & died April 4, 1960. Note: My grandmother Lydia (Halterman) Baker who the Schupp's adopted called her Katie. Her name has been found in various records spelled both Catherine & Katherine.

This would be Peter Schupp's 2nd wife buried near his son Charles, his daughter-in-law, and his grandson.

Note: Tuscarawas County Marriages 1880-1894 Volume IV shows Peter Schupp married Catherine Becker on March 15, 1883. This was transcribed from Vol 8, Page 215, of original records. The original record will include the name of the person who performed the marriage and the name of the person who applied for the license. Sometimes Baker is found as Becker which could have been the German way of spelling the surname. Catherine was spelled Katherine in other records and my grandmother called her Kate.

John Schupp was a farmer in Clay Township, Ohio. It seems that he was better known as George Schupp. When his son Henry was born in 1873 the Probate Court records show the father to be George Schupp.

Tuscarawas County Cemetery Book, Volume III shows his grave marker birth date as 1833. This agrees with the 1910 census. His age in the 1900 census would make him being born in 1837.

Notes for MARY ELIZABETH HARZ:

When the 1920 Census was taken Mary Elizabeth (Harz) Schupp was 83 years old and a widow living alone in Tuscarawas County, Clay Township, Ohio. She came to the United States from Germany at the age of 18. Most of her life she lived in the vicinity of Gnadenhutten, Ohio.

Charles & Catharine had been married for 43 years.
They reported having 10 children but only 6 were living in 1900

This genealogy record shows that they had 14 children. Perhaps they did not count infants that died.
Some researchers report they had a baby born in 1854 that died as a infant and a son Henry born in 1855 that also died as a child. These details have not been verified.

Notes for LINNIE E. HAYES:

IT IS A SMALL WORLD AFTER ALL:

Linnie Hayes married Harry Schupp who was a grandson of Peter A. Schupp. Peter Schupp adopted Stanley Baker's grandmother Lydia (Halterman) Baker when she was 9 years old. Linnie Hayes was a granddaughter of Hiram Robinson who was Stan Baker's Great Great Grandfather.

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

Hiram Robinson's daughter Mary Robinson married James Baker. Thier son Vernon Albert Baker married Lydia Halterman who went by the name Lydia Schupp after she was adopted. Isn't it strange that Hiram's granddaughter would marry the grandson of Peter Schupp.

Harry Schupp was a son of Adam Schupp. Adam Schupp was a son of Peter Schupp. Adam Schupp was married and had a family of his own when his father adopted Lydia (Halterman) Baker. This genealogy family connection was completed when Lydia married Vernon Baker who was Hiram Robinson's great grandson.

He married RACHEL E. HAWK October 24, 1885 in Tuscarawas County, Ohio. She was born May 1870 in Ohio, and died November 22, 1939 in Ashtabula County, Ohio.

Notes for CHARLES JACOB SCHUPP:

Charles Schupp was named in a petition filed by Catherine Schupp after the death of Peter Schupp in 1904. Catherine said that the personal property of Peter was insufficient to pay his debts and the charge of administering his estate. It seems that the court did not know the residence of Charles Schupp and in an attempt to find him they posted the petition in the Urichsville Chronicle newspaper and he was requested to answer the said petition on or before the 21st. of January 1906.

15. LYDIA ANN⁴ HALTERMAN (*PETER A.³ SCHUPP, JOHN GEORGE², JOHANN GEORGE¹*) was born June 09, 1879 in Mineral Point, Sandy Twp., Tuscarawas County, Ohio, and died June 19, 1968 in Twin City Hospital, Dover, Ohio. She married ALBERT VERNON BAKER June 07, 1899 in Tuscarawas County Probate Court, Ohio, son of JAMES BAKER and MARY ROBINSON. He was born June 26, 1879 in Tippecanoe, Harrison County, Ohio, and died December 28, 1964 in Uhrichsville, Ohio.

Notes for LYDIA ANN HALTERMAN:

My Grandmother Lydia Baker always said that Peter and Katherine Schupp were her parents. Considerable time was spent researching the genealogy of the Schupps until it was discovered that Lydia was adopted.

MY GRANDMOTHER'S BIRTH PARENTS:

My Grandmother Lydia (Halterman) Baker was born in Mineral City, Tuscarawas County, Sandy Township, Ohio on June 8, 1879. She was the daughter of William Halterman and Mary E. Myers. Her parents were both German descendents. Lydia's father passed away when she was very young. Oral family history handed down said that William Halterman was killed in a railroad accident. No death record or cemetery record could be found to determine the date he died. He was listed as a coal miner in the 1880 census and that was the last record found for this family. Mary (Myers) Halterman could not care of her children (Lydia, Rebecca, John and Robert) and she placed them in a children's home in or around the Canton/ Dover, Ohio area. After the death of William Halterman, Mary married Daniel Kendal in December 1888 and had a

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

son Homer Kendal born in 1890. I cannot understand why she did not take her children out of the children's home unless Daniel did not want to raise them.

William Halterman was living in Sandy Twp., Stark County, Ohio when the 1880 census was taken. The census was taken on June 23 1880. The census year began June 1, 1879 and ended on May 31, 1880. Children born after June 1, 1880 were to be omitted. Members of a family who died since June 1, 1880 were to be included in the census as they were living in the year 1879.

William Halterman age 28 occupation - coal miner born in Ohio parents born in Ohio

Mary age 24 occupation - keeping house born in Ohio parents born in Ohio

John age 5

Rebecca age 3

Lydia age 6 months

According to the rules of recording people in the 1880 census, my grandmother Lydia Halterman's birth date would be December 1879. This is odd, as Grandma showed her birth date as June 9, 1880. If this was her actual birth date Lydia would not have been included in the 1880 census. There is also a death record for her brother William who died Oct 2, 1882 at the age of 2, making her brother William being born in 1880 and not Lydia.

The 1890 census would have given a clue to when William Halterman died but the 1890 census records were destroyed in a fire in Washington DC. A paid researcher checked the Stark County Death Records and could not find a William Halterman listed. They checked the Birth Records and could not find the birth record for Lydia Halterman. Lydia was adopted at the age of 9 and taken from the children's home by Peter Schupp and second wife Katherine Baker-Metzer. After William Halterman's death his widow Mary remarried in 1888.

After 12 years of searching for any information about the death of William Halterman this information was found on April 19, 2007. The Tuscarawas County Argus, an Independent Democratic Journal newspaper dated May 17, 1883 had the following article:

William Haldeman who resided at Mineral Point, was instantly killed on the branch road at that place Saturday evening last. He was under the influence of alcohol at the time and after the regular train had passed he laid his head on the rail. The special train came along half an hour later and struck the unfortunate man mangling his body in a frightful manner. The remains were scattered along the road bed and had to be gathered up by pieces and placed in a sheet. A wife and five children are left to mourn his untimely and unnatural death.

The article did not show if there was a funeral service for William Halterman (note they spelled his name Holderman) or where he was buried. As mentioned before, a Stark County researcher could not find any record about him.

This census shows another Wm Halterman age 20 (born 1850), farm worker. Our William Halterman was a

coal miner and married at this time. Many young men with the same name can be found in Tuscarawas County census records which makes research more difficult.

Note the spelling of Halterman. The census records and marriage license has it spelled Halterman. When Mary L. Baker (daughter of Denton Baker & Rebecca Halterman) got married her mothers name is recorded as Holderman and the 1883 newspaper article about his death also has his surname spelled Holderman.

On March 26, 2005 the Stark County Genealogy Library in Canton, Ohio did a search for William Halterman in: Death Records, Cemetery Records, and Guardianship records for his children. They could not find anything in the records for this family. They looked at the Sandy Twp. Cemetery Book as William was living in that area in 1880, but nothing was listed. They were hopeful to find the exact date for his death so they could review the Canton Repository newspaper and perhaps find the cause. Unfortunately the Repository is not indexed for that period of time so it cannot be searched by name. It was a lucky break to find the date and cause of his death in The Tuscarawas County Argus newspaper mentioned above.

LYDIA HALTERMAN IS ADOPTED BY THE SCHUPPS

Peter Schupp and his second wife Katherine (Baker-Metzler) Schupp adopted Lydia at the age of nine on or around 1889 giving her the last name of Schupp. Lydia grew up in a German speaking family and learned both the German and English language. This may be one of the reasons the Schupps adopted her. Peter Schupp had a farm located on the road between Cross Roads Cemetery & Community Church East of Gnadenhutton Ohio. This was in Warwick Twp., Tuscarawas County Ohio. He had moved there from a farm in Rush Township in 1871. Lydia went to the "Cross-Roads School" near by. Peter Schupp's farm was located across the street from the school. The home and farm of my great grandparents' James & Mary (Robinson) Baker' was nearby. This would be how my grandmother Lydia and my grandfather Albert Vernon Baker (son of James Baker) met. They were neighbors and went to the same school. My guess is that Lydia introduced her sister Rebecca Halterman to Albert Baker's brother Denton Baker.

Lydia and Rebecca married Albert and Denton Baker and the couples remained close all their life. Lydia and Rebecca looked enough alike to be twins. Lydia's sister Rebecca and her brothers John and Robert were not adopted and they grew up in the children's home. Lydia and Rebecca (called Beck), are the only Halterman children we know much about. The grandchildren of Rebecca (Halterman) Baker knew that she was not adopted and that she lived in the children's home until she was old enough to leave.

Peter & Katherine Schupp must have been very kind and caring to my grandmother Lydia. Lydia loved her adopted parents and always called herself Lydia Schupp. Even on her Marriage License and her Obituary it is written that she was the daughter of Peter & Katie Schupp. Since her father William Halterman died when Lydia was a small child, she probably did not have much memory of him. Lydia's sister Rebecca reported that her parents were William and Mary (Myers) Halterman on her marriage license.

Source: Letter dated Nov 6, 2000 from Eugene and Winnie Baker. Eugene Baker never heard his mother speak about her father William Halterman. She must have been too young to remember him. Eugene remembered her brother Robert Halterman and her sister "Aunt Beck". Rebecca, John, and Robert Halterman were never adopted and lived at the childrens home until reaching the age they could be sent out into the world to make a life for themselves.

A death record was found for William Halterman Jr., born in 1880 and died on October 2, 1882, in Tuscarawas County, Ohio. My research shows John Halterman was the first child born to William & Mary Halterman. This is supported by census data. No records have been found that shows what happened to John. He must have died before 1950 as his sister Rebecca (Halterman) Baker's obituary shows only her brother Robert Halterman and her sister Lydia Baker as living siblings.

Information was located on the Internet which described the parents and ancestors of Lydia's birth mother

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

Mary E. Myers (or Meyers). After further research I believe this genealogy record is for an unrelated Mary E. Myers. The person who furnished this information had the Myers traced back to Swiss ancestors and the Haltermans back to Germany. There are many women named Mary Myers found in the Tuscarawas County census records who are about the same age. It was a popular name used at the time.

Peter Schupp, age 39, and wife Catherine, age 37, were found in the 1870 Census of Tuscarawas County, Rush Township, Page 19. Children names listed were: Adam age 16, Caroline 12, Mary E. 8, Frederick 6, Peter A. 4 and Charles 1. Peter said he was born in Oldenberg Germany, and Katharine (or Catherine), in Bavaria. All their children were born in Ohio. Further research shows that they had four other children which died before the 1870 census. They had a son Peter John Schupp born in 1855 and died in 1859 when he was only 4 years & 6 months old. They had a daughter Catharina who was born in Sept 1859 and died in March 1862. Another daughter Anna born in 1861 must have also died before 1870. A son Adam Schupp who was born in 1853 must have died or had already left home by 1870, as he would have been 17 years old if still living.

On page 18 of the 1870 census record for Rush Township, Hiram Robinson, age 45, with his 2nd wife Linnie Wilcoxon, age 31, and their children Benjamin age 4, and Nancy age 3 months were living next door to the Schupps. In 1889 Peter Schupp adopted Lydia Halterman who would later marry Albert Baker, son of James D. Baker and Mary E. (Robinson) Baker. Mary was Hiram's daughter from his first wife Jemina Barnett. In other words, twenty nine years after living next door in Rush Township, Hiram Robinson's grandson Albert Baker married Peter Schupp's adopted daughter Lydia.

The 1880 census shows that the Schupps had moved from Rush Township to Warwick Township in Tuscarawas County, Ohio. Peter was age 49 and Katherine was 47. They show children: Caroline 23, at home, Frederick 16, at work, Peter A. 14, at work, Charles 12, William 9, Mary 6 and John E. 3

Peter's first wife and mother of his 11 children died on March 25, 1882, at the age of 48. In 1883 he married his second wife Katherine (or Catherine) Baker-Metzler. She was born in Germany in 1834, a daughter of Philip and Mary (Kessler) Baker. They adopted my grandmother, Lydia (Halterman) Schupp, from a children's home when she was 9 years old around the year 1890. Perhaps Peter's second wife wanted a child to raise. It appears that she did not bear any children of her own. She must have been married to a Metzler before she married Peter Schupp. No record could be found about her life before 1883.

Since my grandmother Lydia was 9 years old when the Schupps adopted her, several of Peter Schupp's older children had left home to start their own household before she became part of the family. Peter's children William and Mary both got married and left home in 1892. Edward John was the only child still at home when Lydia got married in 1899. Edward married a year later. When Lydia got married, Peter was 68 years old and his second wife Katherine was 66. After the marriage Peter only lived another four years and Katherine lived about 12 years. My father Everett Baker was born in 1902 and was only one year old when Peter Schupp died. He was ten years old when Katherine Schupp died and may have met her on several occasions. Everett never discussed his relatives and his ancestors with his children and therefore it is unknown if he knew Lydia's adopted mother and her step children.

It was first believed the Schupps were buried near "Cross Roads" at Gnadenhutton, Ohio close to their last home. There are several cemeteries close by. However, further research finds Peter Schupp buried in the Sharon Moravian Church Cemetery located in Warwick Twp., Tuscarawas County, outside the city of Tuscarawas on SR 416 just north of town. He is listed in the Tuscarawas County Volume III Cemetery book, Page 192, for the years 1895-1910, Sharon Cemetery. I could not find any of his children buried in this cemetery. He died in 1903 at the age of 72 years 11 months and 3 days. It is a mystery why Peter Schupp is buried in a different cemetery than his wives and children.

His first wife Catherine (Kapple) was found listed in the Tuscarawas County Cemetery Records Vol. III, Page 70. She was buried in the Port Washington, Ohio Cemetery. She died in 1882 at the age of 48 years, 3 days. They had eleven children. The records show she was the wife of P. Schupp. There are three of Peter and Catherine's children buried in the Port Washington Cemetery also. Peter John Schupp died-4/5/1859, 4 years 6 mo and 11 days old, Catharina Schupp born 9/7/1859 and died 3/27/1862, and Charles Schupp born 1872 and

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

died in 1935.

Katherine (Baker) Schupp is listed in the Tuscarawas County Volume III Cemetery book for the years 1895-1910, Page 89. Port Washington Cemetery. Her name is spelled Catherine in this record. She died on May 24, 1912 and is buried next to her stepson Charles born in 1872 and died in 1935, and his wife Louisa born 1875, and died 1959. Next to them is a Hermon Schupp born 6/6/1907 and died 4/4/1960. This is believed to be the son of Charles and a grandson of Peter.

A search of the Tuscarawas County Cemeteries records did not reveal the other children of Peter & Catherine. I did not find a Frederick, Peter A., William, or John E. who were all listed as living at home in 1870. One must assume that they moved out of the county or the state, and Catherine (Baker) Schupp lived with her step son Charles after her husband Peter died. If she lived in or near Port Washington, she was also close to her adopted daughter Lydia (Halterman) Baker.

NOTE: It is difficult to trace a family who uses the same names generation after generation. I found that the Port Washington, Ohio cemetery is full of Schupps, Metzgers and many other German names. Peter Schupp had three brothers who gave their children the same first names of Frederick, Henry, Charles, and Jacob. Older generations did the same.

Notes for ALBERT VERNON BAKER:

The ancestors of Albert Vernon Baker were from England. They settled in Anne Arundel, Maryland in 1665. His great grandfather migrated to Harrison County, Ohio in 1840. His father, James D. Baker had a farm in Tuscarawas County, Ohio in 1990. James Baker and Peter Schupp had farms close together near Gnadenhutten, Ohio. Albert probably met Lydia at the one room Cross-Roads school.

Lydia (Halterman) (Schupp) Baker's adopted mother Katherine (Baker) Schupp was a daughter of Peter Baker who came to Jefferson Township, Tuscarawas County, Ohio from Germany in 1840. There were English Bakers and German Bakers that migrated to America and they were in no way connected.

After Albert Baker married Lydia Schupp, he moved many times to find work and raise a large family.

Everett Baker was born December 19, 1902 in Canal Dover, Tuscarawas County, Ohio. He was the second of

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

twelve children born to Albert & Lydia Baker. His early years were spent in the Dover/New Philadelphia area. These towns were in close proximity to each other. When the 1910 Census was taken, Everett was 8 years old and his family was living in Canal Dover City. This is where he lived when he walked to school.

Everett and his brother Charles quit school to go to work. They started working in coal mines and lived in rented rooms in Cadiz, Ohio. They both learned to cook and take care of themselves at an early age. Their parents were having a hard time raising the remaining eight children left at home. Everett and Charles gave their parents part of their money to help raise their siblings. Everett continued to give them money after he got married. After Everett & Edna were married and had children of their own, his parents asked him for money to buy his sister Lucille (born in 1926), a pair of shoes. Everett sold Edna's chickens and gave the money to his parents.

Everett Baker was a hard working man and loved by all who knew him. His primary occupation was that of a coal miner. When the 1920 census was taken he was already listed as a miner at the age of 18 in Tuscarawas County. The Warwick Mine was located just a few miles outside of Coshocton, Ohio and employed many coal miners. He later worked for the Barnes Coal Mine in Coshocton County, Ohio before working for his brother-in-law's, Fred and Hoy Green. She married Everett Baker in 1926 and they raised their children on a 98 acre farm in Linton Township. Everett worked as a cutting machine operator for the Green Coal Mine which was owned by Edna's brothers. The mine was under Everett's farm.

Everett died in 1957 at the age of 55, leaving Edna a widow with an 8 year old daughter to raise. Her sons were married and living in their own households. The Peabody Coal Company bought the farm and Edna moved to the city of Coshocton, Ohio. She worked for many years as a cook for a nursing home. After retiring she lived alone in her Coshocton home where she always had a garden and lots of flowers. She managed to take care of herself in her own home until she passed away at the age of 101 in 2008.

She lives in Perry, which is up in "lake country" east of Cleveland and Painesville, Ohio. Her mother Martha lives about two miles west in Madison, Ohio.

Her information of Peter Schupp came from F.W. "Bill" Schupp back in 1989. He and his wife attended the Schupp family reunion in Gnadenhutten back in the 1980's, and they did a lot of research, even going to Germany. The Schupp family are from Fischbach, Germany. This is currently not a unique place-name in Germany. He found information on Peter Schupp from a Guernsey County, Ohio history published in 1895.

Ellen has information on Peter and Katharina's 8 children, born between 1853-1871, from the St. Paul's German Evangelical church book. This church is in Port Washington, Ohio. Ellen did not know that Peter had a second wife or that he adopted Lydia (Halterman) Schupp.

Descendants of Albert Vernon Baker

Generation No. 1

1. ALBERT VERNON² BAKER (*JAMES DENTON*¹) was born June 26, 1879 in Tippecanoe, Harrison County, Ohio, and died December 28, 1964 in Uhrichsville, Ohio. He married LYDIA ANN HALTERMAN June 07, 1899 in Tuscarawas County Probate Court, Ohio, daughter of PETER SCHUPP and CATHRINE BAKER. She was born June 09, 1879 in Mineral Point, Sandy Twp., Tuscarawas County, Ohio, and died June 19, 1968 in Twin City Hospital, Dover, Ohio.

Notes for ALBERT VERNON BAKER:

The ancestors of Albert Vernon Baker were from England. They settled in Anne Arundel, Maryland in 1665. His great grandfather migrated to Harrison County, Ohio in 1840. His father, James D. Baker had a farm in Tuscarawas County, Ohio in 1990. James Baker and Peter Schupp had farms close together near Gnadenhutten, Ohio. Albert probably met Lydia at the one room Cross-Roads school.

Lydia (Halterman) (Schupp) Baker's adopted mother Katherine (Baker) Schupp was a daughter of Peter Baker who came to Jefferson Township, Tuscarawas County, Ohio from Germany in 1840. There were English Bakers and German Bakers that migrated to America and they were in no way connected.

After Albert Baker married Lydia Schupp, he moved many times to find work and raise a large family.

Between 1926 & 1930 Albert moved to Tyndall Hollow located close to Conesville, Ohio where he had a small store and gas station.

1930 Census, Tuscarawas County., Salem Twp., Ohio mechanic at a file plant

Albert and Lydia spent the last years of their life on a small farm in Port Washington, Ohio where he had an orchard and large garden.

Notes for LYDIA ANN HALTERMAN:

My Grandmother Lydia Baker always said that Peter and Katherine Schupp were her parents. Considerable time was spent researching the genealogy of the Schupps until it was discovered that Lydia was adopted.

MY GRANDMOTHER'S BIRTH PARENTS:

My Grandmother Lydia (Halterman) Baker was born in Mineral City, Tuscarawas County, Sandy Township, Ohio on June 8, 1879. She was the daughter of William Halterman and Mary E. Myers. Her parents were both German descendents. Lydia's father passed away when she was very young. Oral family history handed down said that William Halterman was killed in a railroad accident. No death record or cemetery record could be found to determine the date he died. He was listed as a coal miner in the 1880 census and that was the last record found for this family. Mary (Myers) Halterman could not care of her children (Lydia, Rebecca, John and Robert) and she placed them in a children's home in or around the Canton/ Dover, Ohio area. After the death of William Halterman, Mary married Daniel Kendal in December 1888 and had a son Homer Kendal born in 1890. I cannot understand why she did not take her children out of the children's home unless Daniel did not want to raise them.

William Halterman was living in Sandy Twp., Stark County, Ohio when the 1880 census was taken. The census was taken on June 23 1880. The census year began June 1, 1879 and ended on May 31, 1880. Children born after June 1, 1880 were to be omitted. Members of a family who died since June 1, 1880 were to be included in

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

the census as they were living in the year 1879.

1880 U.S. Census, Sandy Twp. Tuscarawas County., OH

William Halterman age 28 occupation - coal miner born in Ohio parents born in Ohio

Mary age 24 occupation - keeping house born in Ohio parents born in Ohio

John age 5

Rebecca age 3

Lydia age 6 months

According to the rules of recording people in the 1880 census, my grandmother Lydia Halterman's birth date would be December 1879. This is odd, as Grandma showed her birth date as June 9, 1880. If this was her actual birth date Lydia would not have been included in the 1880 census. There is also a death record for her brother William who died Oct 2, 1882 at the age of 2, making her brother William being born in 1880 and not Lydia.

The 1890 census would have given a clue to when William Halterman died but the 1890 census records were destroyed in a fire in Washington DC. A paid researcher checked the Stark County Death Records and could not find a William Halterman listed. They checked the Birth Records and could not find the birth record for Lydia Halterman. Lydia was adopted at the age of 9 and taken from the children's home by Peter Schupp and second wife Katherine Baker-Metzer. After William Halterman's death his widow Mary remarried in 1888.

After 12 years of searching for any information about the death of William Halterman this information was found on April 19, 2007. The Tuscarawas County Argus, an Independent Democratic Journal newspaper dated May 17, 1883 had the following article:

William Haldeman who resided at Mineral Point, was instantly killed on the branch road at that place Saturday evening last. He was under the influence of alcohol at the time and after the regular train had passed he laid his head on the rail. The special train came along half an hour later and struck the unfortunate man mangling his body in a frightful manner. The remains were scattered along the road bed and had to be gathered up by pieces and placed in a sheet. A wife and five children are left to mourn his untimely and unnatural death.

The article did not show if there was a funeral service for William Halterman (note they spelled his name Holderman) or where he was buried. As mentioned before, a Stark County researcher could not find any record about him.

Personally came William Halterman applying for license to be married to Mary Myers who being duly sworn says that he is over the age of twenty one years and is unmarried. Mary swore that she is over the age of 18 years, is unmarried, and resides in Stark County.

1879 Census, Lawrence Twp., Tuscarawas County, Ohio Page 26

This census shows another Wm Halterman age 20 (born 1850), farm worker. Our William Halterman was a coal miner and married at this time. Many young men with the same name can be found in Tuscarawas County census records which makes research more difficult.

Note the spelling of Halterman. The census records and marriage license has it spelled Halterman. When Mary L. Baker (daughter of Denton Baker & Rebecca Halterman) got married her mothers name is recorded as Holderman and the 1883 newspaper article about his death also has his surname spelled

Holderman.

On March 26, 2005 the Stark County Genealogy Library in Canton, Ohio did a search for William Halterman in: Death Records, Cemetery Records, and Guardianship records for his children. They could not find anything in the records for this family. They looked at the Sandy Twp. Cemetery Book as William was living in that area in 1880, but nothing was listed. They were hopeful to find the exact date for his death so they could review the Canton Repository newspaper and perhaps find the cause. Unfortunately the Repository is not indexed for that period of time so it cannot be searched by name. It was a lucky break to find the date and cause of his death in The Tuscarawas County Argus newspaper mentioned above.

LYDIA HALTERMAN IS ADOPTED BY THE SCHUPPS

Peter Schupp and his second wife Katherine (Baker-Metzler) Schupp adopted Lydia at the age of nine on or around 1889 giving her the last name of Schupp. Lydia grew up in a German speaking family and learned both the German and English language. This may be one of the reasons the Schupps adopted her. Peter Schupp had a farm located on the road between Cross Roads Cemetery & Community Church East of Gnadenhutton Ohio. This was in Warwick Twp., Tuscarawas County Ohio. He had moved there from a farm in Rush Township in 1871. Lydia went to the "Cross-Roads School" near by. Peter Schupp's farm was located across the street from the school. The home and farm of my great grandparents' James & Mary (Robinson) Baker' was nearby. This would be how my grandmother Lydia and my grandfather Albert Vernon Baker (son of James Baker) met. They were neighbors and went to the same school. My guess is that Lydia introduced her sister Rebecca Halterman to Albert Baker's brother Denton Baker.

Lydia and Rebecca married Albert and Denton Baker and the couples remained close all their life. Lydia and Rebecca looked enough alike to be twins. Lydia's sister Rebecca and her brothers John and Robert were not adopted and they grew up in the children's home. Lydia and Rebecca (called Beck), are the only Halterman children we know much about. The grandchildren of Rebecca (Halterman) Baker knew that she was not adopted and that she lived in the children's home until she was old enough to leave.

Peter & Katherine Schupp must have been very kind and caring to my grandmother Lydia. Lydia loved her adopted parents and always called herself Lydia Schupp. Even on her Marriage License and her Obituary it is written that she was the daughter of Peter & Katie Schupp. Since her father William Halterman died when Lydia was a small child, she probably did not have much memory of him. Lydia's sister Rebecca reported that her parents were William and Mary (Myers) Halterman on her marriage license.

Source: Letter dated Nov 6, 2000 from Eugene and Winnie Baker.

Eugene Baker never heard his mother speak about her father William Halterman. She must have been too young to remember him. Eugene remembered her brother Robert Halterman and her sister "Aunt Beck". Rebecca, John, and Robert Halterman were never adopted and lived at the children's home until reaching the age they could be sent out into the world to make a life for themselves.

A death record was found for William Halterman Jr., born in 1880 and died on October 2, 1882, in Tuscarawas County, Ohio. My research shows John Halterman was the first child born to William & Mary Halterman. This is supported by census data. No records have been found that shows what happened to John. He must have died before 1950 as his sister Rebecca (Halterman) Baker's obituary shows only her brother Robert Halterman and her sister Lydia Baker as living siblings.

Information was located on the Internet which described the parents and ancestors of Lydia's birth mother Mary E. Myers (or Meyers). After further research I believe this genealogy record is for an unrelated Mary E. Myers. The person who furnished this information had the Myers traced back to Swiss ancestors and the Haltermans back to Germany. There are many women named Mary Myers found in the Tuscarawas County census records who are about the same age. It was a popular name used at the time.

Peter Schupp, age 39, and wife Catherine, age 37, were found in the 1870 Census of Tuscarawas County, Rush

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

Township, Page 19. Children names listed were: Adam age 16, Caroline 12 , Mary E. 8 , Frederick 6, Peter A. 4 and Charles 1. Peter said he was born in Oldenberg Germany, and Katharine (or Catherine), in Bavaria. All their children were born in Ohio. Further research shows that they had four other children which died before the 1870 census. They had a son Peter John Schupp born in 1855 and died in 1859 when he was only 4 years & 6 months old. They had a daughter Catharina who was born in Sept 1859 and died in March 1862. Another daughter Anna born in 1861 must have also died before 1870. A son Adam Schupp who was born in 1853 must have died or had already left home by 1870, as he would have been 17 years old if still living.

On page 18 of the 1870 census record for Rush Township, Hiram Robinson, age 45, with his 2nd wife Linnie Wilcoxon, age 31, and their children Benjamin age 4, and Nancy age 3 months were living next door to the Schupps. In 1889 Peter Schupp adopted Lydia Halterman who would later marry Albert Baker, son of James D. Baker and Mary E. (Robinson) Baker. Mary was Hiram's daughter from his first wife Jemina Barnett. In other words, twenty nine years after living next door in Rush Township, Hiram Robinson's grandson Albert Baker married Peter Schupp's adopted daughter Lydia.

The 1880 census shows that the Schupps had moved from Rush Township to Warwick Township in Tuscarawas County, Ohio. Peter was age 49 and Katherine was 47. They show children: Caroline 23, at home, Frederick 16, at work, Peter A. 14, at work, Charles 12, William 9, Mary 6 and John E. 3

Peter's first wife and mother of his 11 children died on March 25, 1882, at the age of 48. In 1883 he married his second wife Katherine (or Catherine) Baker-Metzler. She was born in Germany in 1834, a daughter of Philip and Mary (Kessler) Baker. They adopted my grandmother, Lydia (Halterman) Schupp, from a children's home when she was 9 years old around the year 1890. Perhaps Peter's second wife wanted a child to raise. It appears that she did not bear any children of her own. She must have been married to a Metzler before she married Peter Schupp. No record could be found about her life before 1883.

Since my grandmother Lydia was 9 years old when the Schupps adopted her, several of Peter Schupp's older children had left home to start their own household before she became part of the family. Peter's children William and Mary both got married and left home in 1892. Edward John was the only child still at home when Lydia got married in 1899. Edward married a year later. When Lydia got married, Peter was 68 years old and his second wife Katherine was 66. After the marriage Peter only lived another four years and Katherine lived about 12 years. My father Everett Baker was born in 1902 and was only one year old when Peter Schupp died. He was ten years old when Katherine Schupp died and may have met her on several occasions. Everett never discussed his relatives and his ancestors with his children and therefore it is unknown if he knew Lydia's adopted mother and her step children.

It was first believed the Schupps were buried near "Cross Roads" at Gnadenhutton, Ohio close to their last home. There are several cemeteries close by. However, further research finds Peter Schupp buried in the Sharon Moravian Church Cemetery located in Warwick Twp., Tuscarawas County, outside the city of Tuscarawas on SR 416 just north of town. He is listed in the Tuscarawas County Volume III Cemetery book, Page 192, for the years 1895-1910, Sharon Cemetery. I could not find any of his children buried in this cemetery. He died in 1903 at the age of 72 years 11 months and 3 days. It is a mystery why Peter Schupp is buried in a different cemetery than his wives and children.

His first wife Catherine (Kapple) was found listed in the Tuscarawas County Cemetery Records Vol. III, Page 70. She was buried in the Port Washington, Ohio Cemetery. She died in 1882 at the age of 48 years, 3 days. They had eleven children. The records show she was the wife of P. Schupp. There are three of Peter and Catherine's children buried in the Port Washington Cemetery also. Peter John Schupp died-4/5/1859, 4 years 6 mo and 11 days old, Catharina Schupp born 9/7/1859 and died 3/27/1862, and Charles Schupp born 1872 and died in 1935.

Katherine (Baker) Schupp is listed in the Tuscarawas County Volume III Cemetery book for the years 1895-1910, Page 89. Port Washington Cemetery. Her name is spelled Catherine in this record. She died on May 24, 1912 and is buried next to her stepson Charles born in 1872 and died in 1935, and his wife Louisa born 1875, and died 1959. Next to them is a Hermon Schupp born 6/6/1907 and died 4/4/1960. This is believed to be the

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

son of Charles and a grandson of Peter.

A search of the Tuscarawas County Cemeteries records did not reveal the other children of Peter & Catherine. I did not find a Frederick, Peter A., William, or John E. who were all listed as living at home in 1870. One must assume that they moved out of the county or the state, and Catherine (Baker) Schupp lived with her step son Charles after her husband Peter died. If she lived in or near Port Washington, she was also close to her adopted daughter Lydia (Halterman) Baker.

NOTE: It is difficult to trace a family who uses the same names generation after generation. I found that the Port Washington, Ohio cemetery is full of Schupps, Metzgers and many other German names. Peter Schupp had three brothers who gave their children the same first names of Frederick, Henry, Charles, and Jacob. Older generations did the same.

He married EDNA VIOLA GREEN October 12, 1926 in Cadiz, Tuscarawas County, Ohio. She was born March 18, 1907 in Stony Fork, Deep Gap, Watauga County, NC, and died February 16, 2008 in Riverside Hospital, Columbus, Ohio.

Notes for EVERETT LEROY BAKER:

Everett Baker was born December 19, 1902 in Canal Dover, Tuscarawas County, Ohio. He was the second of twelve children born to Albert & Lydia Baker. His early years were spent in the Dover/New Philadelphia area. These towns were in close proximity to each other. When the 1910 Census was taken, Everett was 8 years old and his family was living in Canal Dover City. This is where he lived when he walked to school.

Everett and his brother Charles quit school to go to work. They started working in coal mines and lived in rented rooms in Cadiz, Ohio. They both learned to cook and take care of themselves at an early age. Their parents were having a hard time raising the remaining eight children left at home. Everett and Charles gave their parents part of their money to help raise their siblings. Everett continued to give them money after he got

THE SCHUPPS OF TUSCARAWAS COUNTY, OHIO

married. After Everett & Edna were married and had children of their own, his parents asked him for money to buy his sister Lucille (born in 1926), a pair of shoes. Everett sold Edna's chickens and gave the money to his parents.

Everett Baker was a hard working man and loved by all who knew him. His primary occupation was that of a coal miner. When the 1920 census was taken he was already listed as a miner at the age of 18 in Tuscarawas County. The Warwick Mine was located just a few miles outside of Coshocton, Ohio and employed many coal miners. He later worked for the Barnes Coal Mine in Coshocton County, Ohio before working for his brother-in-law's, Fred and Hoy Green. The Green Coal Mine was located under Everett's 98 acre farm on Coshocton County Road 123. Besides mining, Everett helped raise his family by farming.

Notes for EDNA VIOLA GREEN:

Edna (Green) Baker was born in Deep Gap, Stony Fork, NC in 1907. Her family moved to Coshocton County, Ohio in 1921 when she was 14 years old. She married Everett Baker in 1926 and they raised their children on a 98 acre farm in Linton Township. Everett worked as a cutting machine operator for the Green Coal Mine which was owned by Edna's brothers. The mine was under Everett's farm.

Everett died in 1957 at the age of 55, leaving Edna a widow with an 8 year old daughter to raise. Her sons were married and living in their own households. The Peabody Coal Company bought the farm and Edna moved to the city of Coshocton, Ohio. She worked for many years as a cook for a nursing home. After retiring she lived alone in her Coshocton home where she always had a garden and lots of flowers. She managed to take care of herself in her own home until she passed away at the age of 101 in 2008.

Notes for GLENNA IRENE BAKER:

Glena Baker and her second husband Melvin Eldon Stotts were found drowned in Wills Creek. Along the bank where they had been fishing were two camp stools. Their fishing equipment was found along the river bank. Their family dog was found tied to a nearby tree and a short distance away was the family car. As there were no witnesses to the accident, it is only assumed that one of them fell into the river and the other drowned in a rescue attempt.

GNADENHUTTEN CEMETERY

Lydia gave her lemon cookie recipe to my mother Edna Baker who thought they were great. Edna gave copies of the recipe to her sister and a next door neighbor who also loved them. Perhaps Lydia was taught how to make these cookies by her adopted mother Kate Schupp.

LYDIA (SCHUPP) BAKER'S AMMONIA COOKIES

Ingredients :

2 1/2 c. sugar
3 eggs, beaten
1 c. shortening
3 tbsp. baker's Ammonia
2 c. sweet milk
2 tsp. oil of lemon
1 tsp. salt
5 1/2 c. flour

Preparation :

Dissolve ammonia in milk. Cream shortening and sugar, add eggs, and remaining ingredients using additional flour if necessary to make it stiff enough to roll. Roll out, cut out and bake 12 minutes.

Ammonium carbonate is the commercial salt, formerly known as *sal volatile* or *salt of hartshorn*. Ammonium carbonate is used when crushed as a smelling salt. It can be crushed when needed in order to revive someone who has fainted. It is also known as "Baker's Ammonia" and was a forerunner to the more modern leavening agents baking soda and baking powder.

It is still used as a leavening agent in particular recipes, particular northern European and Scandinavian. It can sometimes be substituted with baking powder, but the finished product will never be as airy and light as the original recipe. You can buy **baker's ammonia** from a local compounding pharmacist for about \$2 per ounce.
