An Index to Obituaries, Biographical Sketches,
and Similar Articles of interest to
the Family Historian

Published in

The Newcomerstown News

1980- 1989

Compiled by David V. Agricola, M. D.

Lakewood, Ohio

1993

FOREWORD

Following the format of the previous index in this series, this publication is a comprehensive index to names of persons whose obituary or biographical sketch appeared in the **Newcomerstown News** during the decade Jan. 1980-Dec. 1989. Also indexed are articles on wedding anniversaries, if there is enough information to be of interest to a family researcher. These very often have photos. There seem to be more biographical articles this decade than in the previous one.

The age of the decedent is given in the index after the name if it is known. The date in each entry is the date of publication of the **News**, NOT the date of death. Publication was always on Thursday during this decade.

Both maiden and (all) married names of women are indexed, where these are known. In a few cases information is given in [brackets] by the editor if it is felt that this might be helpful to the researcher.
