GENEALOGY

Today, very few of us realize what it meant to a family to move from one section of the country to another. The distance might not be great, as we think of it today, for we can travel in the matter of hours which was a journey of days to them. They had to depend upon wagons drawn by horses or oxen. Their pots & pans, tools & clothing & some animals had to be taken along.

The roads over which they traveled were many instances mere paths. Sometimes they had to slash their ways through the woods, fording streams until they arrived at the place they decided to locate. Then they would begin the work of cutting trees to erect a cabin, clear some land, and begin life anew. In the woods around them were wild animals which were a menace to the domestic animals and quite often to themselves. The counties of Harrison & Jefferson Co. were the hunting grounds of the great Indian Chief Logan.

They were a rugged group of people. In migrating some of the mothers rode horse back & carried a baby in their arms, others walked or rode in the wagon. It is said that Joshua Swaim the father of Daniel Swaim was a very strong man. He could stand in a half bushel measure, lift & shoulder a two bushelsack of wheat (120 lbs.) without any help.

This group of whom we write were people who took a prominent place in the politics, the education and religion of the section where they lived. We find them furnishing, hauling and helping to erect a building in which to worship.

It would be impossible to write a complete record of any family history. Our aim in this has been to give a genealogy naming the descendants & those that are a kin, in some way to Daniel Swaim, as far back as we could find & up to the today of 1966.

The work of gathering the data was done through correspondence, reading of records to be found in courthouses, & visiting cemeteries in the communities where some of the connections had lived.

No genealogy is a complete record. Reasons being that "new buds" are continually coming out-while others drop off year by year. In some instances different dates from various sources, so the date or dates given, are the ones thought to be the most accurate. All will agree that the further back we go the more difficult it is to find the information desired.

Errors and omissions may have been made. We ask that the reader look upon it not with the eye of a critic, rather to say it is interesting to learn about our ancestors.

Grandfather Daniel's Home

In my memory, I see a typical old fashioned home in beautiful natural surroundings. The setting of a small stream a hundred feet away, a fine natural spring from the adjacent hill surrounded by quite a number of stately pine trees, are some of the outstanding features of my Grandfather's home. The house was a big log house & not a large one. It was really a one story building with an attic. There were 4 rooms & a large fireplace in the large room or living room. The inside showed neatness, cleanliness, plainness but demonstrated good housekeeping of high standard. Everything was in order with many pictures on the walls & the large family Bible placed on a table in or near the center of the living room.

The north side of the house was provided with a large porch, where in summer time much of the work was done in the shade of the surrounding trees. This furnished an ideal place to do the family washing. The water was furnished by the small stream near by. The south side of the house was a beautiful level lawn with many tall pine trees at the rise of the large hill about a hundred feet distant. To the west was the head of the valley. To the East as you will recall, the narrow valley widened & furnished a fine view. The large hills to the south & south west furnished an excellent protection from the wintry blasts. Climbing this hill & then looking down upon the home furnished a magnificent view. These impressions are so firmly impressed upon my memory that I have written this entire description in a few minutes...A.A. Swaim

Grandfather Daniel Swaim

He always gave me the impression of sterling Character & true worth. He was a typical pioneer-the type we associate with the settlement of Ohio & the north west. He was dignified, reserved, & very courageous. He never seemed to trouble much about the many difficulties they no doubt had at that time. He was a firm believer in the Bible & well versed in the scriptures. He was very honest in business and had a wide reputation for sincerity & truth. I remember him as the type of a rugged, hardy individual. He was somewhat bent, as I remember him but quite active. Evidently he was a powerful man when young. He told me his father Joshua was a strong man. When threshing time came he would amuse the crowd by standing in a half bushel measure (round) & shoulder a bag of wheat without any help. I also remember he said his father lived to the age of 109. (He died some years before his wife Susanah. He may have been much older than her. He may have died at Fort Wayne, Ind.)

When Daniel Swaim went to school, the boys carried guns for protection. He never went to school but 13 days. He could read & write. He wrote a small cramped hand. They made sugar syrup in a maple grove away from the house. They had to cut a road through the woods from the house to the maple grove. They had to carry burningtorches at night to keep the panthers off of the horses.

When a boy, Daniel and his father, Joshua, hunted with Daniel Boone. Some of Daniel's grandchildren have told me he would sit on the porch and entertain them by telling Indian tales.

He did lots of entertaining, inviting people and having a big meal.

He was a county Commissioner of Tuscarawas Co. for 6 years from Mar 2, 1863 to June 10, 1869. During this time many bridges were built & roads improved. The county infirmary was ~~removed~~ ^{relocated} & the present jail built.

He was classleader at Mt. Carmel U.B. Church at the time the present church was built. He raised a large family, 9 boys & 8 girls. 2 of the boys died in childhood. The rest grew to manhood & womanhood.

(This was written by Hillary Swaim a brother of Arthur Swaim both Nathan Swaim's sons & Daniel's grandsons. Hillary Swaim was over 6 ft tall & weighed over 200 lbs.) He writes:

My memory of Grandfather was he reminded me of Ben Franklin's history. Grandpa was interested in any & many good subject of history, philosophy and the Bible. Nearly all the children he gave Bible or historical names: John Wesley, Susanna, Nathan, Isaac, Sarah, Daniel Webster. I have often sat and listened in rapture as my Grandfather orated with thunder power, very profound & logical, on many subjects. He was credited with being one of the best posted men in Ohio on fruit. He always welcomed with great hospitality. all descent people rich & poor who came to his door. He was big hearted & lost hundreds of dollars by bailing or bonding people. He was elected county commissioner, I believe, more than one turn. I have heard older officials & one (Mr. Knisey) who served with him honor him as a broad man able & honest. Grandpa's name with the other County Commissioners is engraved on the Tuscarawas Co. jail as the Commissioners who built it.

CIVIL WAR LETTER TO DANIEL & SARAH

Overton General Hospital
Memphis, Tennessee
March 5, 1863

Dear Sir:

The painful duty devolves upon me of announcing sad news to you with due regard and heart felt sympathy for a parents feelings. I must say that thy son Mathias (of the 80th Ohio Vols) is no more. He died in my ward at eleven o'clock this forenoon of typhoid armonia. He was sensible up to the time of his departing. I conversed with him about an hour before he died, he told me your address as well as he could. I then told him that he could not live and asked him if he had any request to send home. I will use his words, "tell them that I know that I am going to heaven and am not afraid to die and that I want them all to try and follow me". I then asked him if he was a Christian. He said that he was and that death had no terrors to him and that now was the hour of his triumph. I then left him and in course of half an hour his soul had returned to God who gave it.

page 27

continued

How sweet, how consoling it must be to thou to know that thy son although far from home and friends or relatives could thus meet the King of terros with a smile. God grant that when my hour comes that I may be able to meet Him with the same degree of composure and that we may all meet thy son in paradise. I have witnessed death in all its varied forms, on the battlefield and on beds of sickness but never did I see it meet with the same fortitude that it was by thy son although he had been sick for a long time and suffered everything but death. He had no murmur of complaint^{to} make. 'Tis hard to part with fond ones but what we feel as our loss is there gain. Should not we rejoice rather than mourn and try to live so that we can renew our association where parting is no more. How many fond parents have lost their sons since this cruel war commenced that would give worlds to know that they died in Jesus happy though I saw him attired for the grave as decently as circumstances would admit. He will buried I think tomorrow and as no sermon will be preached allow me to suggest the idea of your having one preached the first Sabbath after receiving this. He had when he died two dollars which I turned over to the surgeon in charge. He also left an overcoat and a blanket which were sent to the baggage room. The money which he had was left here I think by his brother. He came here on the first but was beyond human ade at that time and you can rest assured that he did not die for want of good care or attension. Now fond parents please except the symphaties of a stranger and soldier and believe me.

Yours truly in application

DANIEL SWAIMS FARM

There are many large rocks on the Daniel Swaim farm. One of these rocks, which is 15 to 18ft high or more and about that wide and long & just about square was always called the "Swim Rock". There is also a wall some 3 to 8ft high, probablyly $\frac{1}{4}$ to $\frac{1}{8}$ mile long near the house near the lower part of what was called the "Bald Knob". In one place the rock is lower or not there & there is a road to the new house. There is also a high rock wall with small caverns in it. Many of these rocks are used as homes for wild animals; foxes, snakes, skunk, oppossum, raccon, ground hogs and other wild animals. They still make their homes in these holes and under these rocks in the rock wall. Along the hillside & up this hollow where the rock wall is & the "Swim Rock" is a small clear stream which runs for a good ways over a solid stone. The bottom of the stream is all flat stone. Above this was a small falls, where the water ran over a rock. The falls has broken through in one place and now it forms a small natural stone bridge across tthe small stream. Across from the house at base of this high $\frac{1}{2}$ mile high bald knob was a rock cave Issac. Helen son of Daniel Swaim used to store his plows & etc..

The owner(1966) Wm Stocker has made a small lake that goes to the foot of the "Swim Rock". He has built a nice cement block house just above the stone wall, which over looks the valley. The old log house still stands in its orginal place. The old log stable was torn down years ago & was used to make shed on the side of the old house.

SWAIM LETTERS

These letter written by Daniel Swaim son Of James H. Swaim & Daniel's wife Elva. Contain a lot of history so will include them.

Bascom, Mont Jan 25, 1920

Miss Ethel Swaim, Tippecanoe, Ohio

Dear Cousin:

In answer to yours of the 14th I can not tell you very much about the Swaim family as the family records were with my sister in Okla. Grandfather Swaims name was Joshua and Grandmothers maiden name was Susana Turner. My father was James H. Swaim. His brothers John, Israel, Turner and Daniel. His sisters Elizabeth Gilbert and Rachel Leatherman. After Leatherman died she married Wm Windsor. I think Sarah Jeston and Rebecca Shaffer and Ruth were also his sisters. Grandfather was married twice but I dont know how many children there were. My mother was Pricilla Walker and Israel married her sister Caroline Walker. The last I heard from Turner he was in Okla. All of his brothers & sisters are dead I think. My brothers were William, Samuel, Albert and Amos. Sisters were Mary, Martha and Era. Only Amos and I are living. Amos lives in Kokomo, Ind. Has one girl about 15 yrs. Father and brothers Will, Sam and Albert and sister Martha are buried at Brooks, Iowa. Mother at Bealer, Kans. Mary & Cora at Mangum, Okla. Grandmother and Aunt Elizabeth at Rock Bluff, Neb. Rachel I think is buried at Quincy, Iowa. My brother some yrs ago corresponed with one of Dan Swaims girls then in Ohio. her name was. What do you know about the two women who claimed to be grand-children of John Swaim. John only had one child, that a boy and he never md but those women claimed the estate as Johns grandchildren?

Dan wanted me to copy his letter this is as far as he went. I am so glad I wrote to you and we appreciate your answer so much. Seems a very queer way of finding relations. (I put an add in booklet stating I would do crochet work & Elva answered me) I am an Adams Co., Iowa girl. I got acquainted with Dan while I was with my Grandmother Steven near Quincy. Dan then had the store and was P.M. there. We came out here 8 yrs ago for his health, which never has been good since I knew him. But I believe its a little better here now as he dont have so much of those severe headache spells. We took a homestead and live on it as it joins the town. We have a store and he is postmaster here in this little burg. We have had a very dry year of 1919 and lots of folks have left here, so times are very dull. But there is only myself and husband so I think we can stand it a while yet. We never had any children. Mary Swaim Johnson has 6 living. I think some are married. Cora Swaim Mc Kinnis had 6 living 1 dead. She died with cancers on the breast about 7 yrs ago. Her man is married again I heard. Her eldest girl is married and has children. I used to hear from her but I haven't lately. Do you know how the Ransbottons are related to the Swaims? Dan has forgot. They live in Ohio. Have you ever been in Iowa? Its a grand old State. These new countrys don't appeal to me. I only live in hopes of getting away someday. I have not been well this winter. Seems like I take cold so easy. It settles on my throat and lungs. Now, I have it in the right side of my head also. I can hardly see to write. I hope you enjoy good health. It is snowing hard here today. Winter started in early Oct and most of the time has been the real winter. Looks like we should

raise a crop this year the ground is so full of moisture from snow that has fell and thawed. Yesterday part of the day we had a Chinook wind. Last night about 10 o'clock it changed to North and got so cold. I do lots of crocheting which I believe you do too from your advt I saw. I am now making a grape pattern of lacet crochet. I like it very much. I take the needlecraft and get many nice patterns from it. I learned to knit during the war but dont care to knit like other handwork. I must quit or I wont have anything to write another time. With best wished to you and all my husbands people there. I remain.

Your Cousins

Daniel & Elva Swaim

P.S.

Thanks for the copy of Dans grandmothers letter also the other. We shall always keep them. Write and tell us about yourself and people.

Roundup Mont
July 3, 1940

Dear Cousin

Time is swiftly passing. I had forgot about hearing from you till I got your letter. 18 years is a long time between letters. We moved from Bascom 4 yrs ago. Had a store here till last Dec 1. Now Dan has built a house all by hisself. We are living in N. W. part of this Co Seat town. It got so dry and grasshoppers so bad folks all left around Bascom. Dan resigned as P.M. there we still have the ranch and store bldg. and home at Bascom. Moved one bldg here. There is no town of Bascom anymore its gone like lots of little towns in Mont. The cars hurt all small towns. I believe you hadn't been married long when we first heard from you. Glad you have gotten along nicely. Dan surely does lots of work for a man about 72 yrs but we cant afford to hire here at \$1. an hour 8 hour day. This is a strong union town. The house has 2 bedrooms, front room 14 x 14 kitchen & bath room. Small rooms upstairs. It has to be side painted & chimney built yet. We have lived in it since in March. It was very inconvenient but last winter we paid \$20 month for 2 rooms & use of bath. They were partly heated. I help all I can have done all inside painting. I was born July 7, 1878 at Mt. Etna, Iowa. My maiden name was Elva Ann Leap. Father had a furniture store so was raised in town. Dans other brothers died young. Only he and Amos married. I never saw any of Dan's folks except Marys husband come to visit us in Iowa once. As his folks lived there then. I don't remember what Dollie (Amos) wife said her maiden name was. Amos only had one girl. She died from the flu. She was in her first year high school. They never seemed to get over loosing her. She always wrote to us such nice letters. She looked in her letters like the Swaims. She wasn't very stout as some died with cancer & some lung trouble. I was inclined to think his folks weren't the stoutest, although he has always complained & took lots of Medicine he always has worked hard. Does more now than any 4 young men of these days. They think of cars princaply. We live on Road 87 and its a constant stream of cars. Its a grand road to ride on. If you have a road map you can look it up, follow 87 for miles. I still

have an Uncle & aunt & 1 cousin in Ohio, Lima. They are real old. My father has passed on since I wrote you, he was 82. This town is celebrating the days of 49 as they have for 4 years. I didn't go to see the parade today. Dan walked down. We are 1 mile from business part of town. I slept most of the p.m. We are 2 tired to go anywhere. He goes more than I. I hope this finds you all well and weather good. Its been cool here & tried to shower today. Looks smoky now. I imagine there are yet fires in the forests. Write again. I have told you what I know of the Swaims.

Best Wishes
from Elva & Dan Swaim

(Dollie) Amos Swaims wifes health was very poor. She may have passed on as she wished to after the girls death then Amos she was alone. Only cousins left. Amos was working in the sun & was sun stroke 3 yrs ago. Dan is the last of his family. Dan says his bro Albert died at 5 yrs old and William and Sam grew up then died. Mary Swaim Johnson died 28 yrs ago 1912.

Roundup, Mont Mar 7-1941

Dear Cousin

We are younger than some folks. Younger than we are in years. As we are able to work yet most of the time. And there are lots of all ages in the wild & wolly west (no more). We have grand roads, good schools, all conveniences in town & some places in the country, my brother has electricity with many electric appliances, so you see Mont is up to date. Maby we will just die off without much care. I hope I dont cause anyone care. We haven't any late pictures now. May take some this summer. Will send you one of Dan if I can get him to stand still. He was always afraid of a camera. Dan says you have his fathers birthplace right. He wasn't born in Iowa. Dan dont know if his grandma Swaim has a tombstone. It isn't like she has as in those days times were hard. Dan never saw his grand-father but was 7 yrs old when his grandmother died. His grandpa buried either in Ohio or Indiana. They lived in both states after coming from N. Y.. Dan dont remember much how she looked but she was tall. Dan says all belonged to church & his father were U.B. members. Dan Uncle Isreal Swaim son was a Free Methodist preacher. Dans father was a farmer in Iowa. He learned the stone mason trade & cooper trade back east. Folks who knew Dans parents in Iowa spoke well of them to me. I never saw any of his folks. Except Marys man came to see us just before we left Iowa as he came to see his folks. He was a real Swede. I had a letter from Amos Swaims wife at Christmas time I supposed she was dead. Hadn't heard from her for several years. She always seemd to complain a lot. She in her picture was large. I am tall weighed 125 this winter. Never weighed more than 135, was always (ugly as a mud fence) brown hair & eyes & (big feet). Dan has the bluest eyes yet, dark brown hair, very few gray hairs yet & isn't bauled. My hair is all gray. So he says I am older than he, although he is 9 yrs and 11 months older than I. Why don't you come out and see how he looks, and there are many relations in Oklahoma and Texas of Marys & Coras children. Dan and I are going to do a washingtommorrow. We have an electric machine so you know how hard it will be just to rinse out & hang out. Do

you have a radio and hear about the war etc. Bing Crosby is singing now and bothering me. They are lots of company. I don't think we ever heard from any station in Ohio. We get Des Moines Iowa the captial of our home state and many others and Canada & some Mexico. Well I believe I have answered your questions the best I can with Dans help. I hope you can read my scratches and hope you all are well and happy. My cousin in Ohio writes me once in awhile. Her father was my fathers brother. He is living yet (her father). We are relation to the Ransbottons in Ohio. We have had a most lovely winter. Saves the coal. I hope we get plenty of moisture this spring so a crop can be raised as the USA will need raise all they can this year. Write again

From Elva & Dan Swaim

P.S. Dan has headaches often. It must be in the Swaim family. He uses lot of Bromo Seltzer and aspirin. What do you use. His sister Mary suffered terrible of headaches.

In regardstto the letter and card you have written to our dear old aunt. She passed away on Nov 16th in 1963. Your cards come to our place. We live in the country on Corning route 4. She was a Dear old lady, I always thot so and sure do miss her. She was at our place so much. I looked after her when she got sick. She fell and got her hip broke. Then just kept going down hill. She passed away at a nursing home in Corning. I couldn't take care of her when she got down. She was my aunt on our mother's side. She and my mother were sisters. I felt I should let you know of her death then you would know why she never had written any more.

Before me a Notary Public in and for said County personally came Daniel Swaim of the county & State afore said and after being by me duly sworn according to law Doth Depose and say that I am a son of Joshua Swaim and Abigail Swaim my Grandmother came to live with my father in Jefferson County, Ohio. Sometime after she came there we moved to Tuscarawas County Ohio near Westchester the Spring of A D 1822 and we remained on the farm untill the fall of A D 1830 and my Grandmother lived with us all that time and I herd her say that her father Joshua Hedges of Berkley County Virginia willed her two or three old negroes and some other property of trifling amount which she seemed to be dissatisfied with. She said her father had got the cream and they might take the skimed milk for she had refused to take the negroes. I have often herd my Grandmother speak of her Aunt Ruth her fathers Sister and her husband Abram Vanmeter and I have often herd her speak of her fathers residence in Berkley County Virginia

(Letter of J. H.H. Hedges New Orleans, La, written to my father or grandfather 65 or more years ago.)--Ethel Swaim Gardner

The "Coat of Arms" of the Hedges Family

At great trouble and expense I have succeeded in getting from London, England, the authentic Coat of Arms of the Hedges Family. I obtained these Arms first in 1857, and had them verified in the Heraldry Office in 1883, and am now in possession of the authorized form.

Sir Charles Hedges, of the Doctors Commons, celebrated statesman and tory politician in his time, was born at Wanborough, Wiltshire, Jan 1649 and graduated at Oxford at both Magdalen Hall and College, where he commenced M.A., May 21st, 1673 and LL.D., June 26th, 1675. Engaging in the profession of civil law he soon acquired great eminence. Upon the resignation of Sir William Trumbull, who was sent as Ambassador to the Ottoman Court, Sir Charles was, in 1686, by a patent, appointed for life Chancellor and Vicar General of Rochester. This promotion was soon followed by his acquisition of the mastership of the Faculties, and the dignity of Judge of the High Court of Admiralty, of which Sir Richard Raines was dispossessed, and on whose demise some years afterwards he also became Judge of the Prerogative Court of Canterbury. In 1687 he became advocate and legal Counsellor to King James II, in his controversy with the Oxford College authorities. His progress in political life was equally successful, for he received the honor of Knighthood and served in Parliament many years--for Orford in Suffolk in 1698; for Malmsbury in Wilts in 1701 and 1702; for Calne in 1702, and for two Cornish boroughs from 1705 to 1713. It was he who drew up and presented in Parliament in 1701, the famous Adjuration Act, which forever set at rest the claims of the pretender, and established the succession in the Protestant line to the British Throne. He was appointed Secretary of State by King William III, November 5th, 1700. In 1701 he was replaced by the Earl of Manchester. In 1702 Queen Anne ascended the throne and Sir Charles Hedges was again, May 2d, 1702 appointed Secretary of State, for which place he was pressed by the Earl of Nottingham who declined to serve in the Cabinet unless Sir Charles was reappointed, giving as a reason why he should be restored, that he lost his place by reason of a conscientious vote in the House of Commons. In 1706 he was appointed one of the commissioners on the part of England, to settle the terms of the union of English and Scottish Kingdoms. He remained Secretary of State until 1707 when, owing to the power of the Duke of Marlborough and the influence and intrigue of the Duchess, together with the threat of their son-in-law, Godolphin, Lord Treasurer, to resign, and pressure brought to bear by prominent Whigs, then getting into power, the Queen was impelled to provide a place for another son-in-law of Marlborough, the Duke of Sunderland, and with the utmost reluctance she appointed him Secretary of State in place of Sir Charles, with proviso, however, that Sir Charles should be Judge of the Prerogative Court on the death of Sir Richard Raines, which as has already been said, he lived to enjoy, although for a short time only. He died at Richmond, near London, June 10th, 1714, and was buried at Wanborough.

All descendants of Sir Charles Hedges, claiming connection or descent through Joseph Hedges, who emigrated to Maryland and died at Monaquacy in 1732, are entitled to these arms. The arms consist of a shield of blue, with three swan's heads in gold; crest, a swan's head in gold, motto and riband shaded in red.

THE HEDGES FAMILY

In the year 1800 Samuel Hedges came from Virginia to that part of the then Far West which is now known as Cadiz Township, Harrison Co., Ohio and cleared a portion of land which he had procured from the father of Judge Agnew of Pennsylvania, who had entered it. Here Mr. Hedges planted an orchard, and then returned to his Virginia home, where he remained until 1803, in which year he once more came hither to finally make his home. This land is known as the Hedges homestead, and on it the descendants of Samuel or now living: Samuel Hedges married in Virginia, Prudence Dunlap, a native of that State, and together, on horseback, they came to Ohio, crossing the Ohio River on the ice. While in this State the first time he had erected a log-house, but the ravages of time or the depredations of the wandering Indians or hunters had destroyed the doors and windows. Nevertheless, into this but partly finished house the family moved in midwinter. Sometime after coming to Ohio it became necessary for the husband to return to his old home in Virginia, so bidding his family farewell, followed by his dogs he recrossed the river on horseback, intending to hurry back before the ice should break up. A sudden thaw and rain caused him to hasten his return, but already he had tarried too long, for when he reached the river bank he found the stream filled with floating ice. What was to be done? There was neither bridge nor ferry anywhere near. He thought of his wife and little ones far away on the other side, and resolved to make the hazardous attempt to swim his horse across. He urged the steed forward, and then began a struggle for life. The brave animal fought gallantly against the huge blocks of ice that in their resistless force carried horse and rider farther and farther down the stream. The dogs faithfully followed their master until at last, exhausted, they sank beneath the surface. The strength of the horse was fast failing; would he, too, succumb to the mad stream? A thousand thoughts passed through the rider's brain. He regretted his rash attempt, but it was too late to turn back. Urging on his faltering steed he saw the bank get nearer and nearer, until at last it was reached; the coveted side was gained, but the poor beast had done his last work; he had served his master well, and lying down upon the bank never rose again. Continuing his journey alone, on foot, through the wilderness, Mr. Hedges finally reached his home, where he found his loved ones safe.

In 1812 he erected what is supposed to be the first frame barn in the county, and it (1891) still stands upon a watershed of the farm so that the rain which falls upon one side of its roof falls away to join the waters of the Muskingum at Marietta, while from the other side it flows to the Ohio, near Wheeling. The family never moved away from their Harrison County home, and here it was that in 1850 death separated them, taking first the mother when aged sixty-seven years. She had born ten children, all of whom save one have since passed to the silent majority; the one survivor (in 1891) "Aunt Rachel" (as she is called), already having passed the three-score and tenth milestone of her life, resides upon the old home place, where her childhood was spent. It was in 1865 that the aged father followed his wife to the grave, at the patriarchal age of eight-two years.

One of their sons, Samuel Hedges Jr, was born in 1825, and in 1851 he was united in marriage with Mrs. Sarah Welsh, nee Rowley, who was born in Carroll County, Ohio about 1828. He mingled considerably in local politics, and for a time was one of the county commissioners. After their marriage Mr. and Mrs. Hedges came to the old Hedges homestead, and here were born their five children, named as follows: Mattie, now Mrs. Samuel Richey, in Cadiz Township, Harrison Co.; Luther R., also in Cadiz Township; William P., on the homeplace; Mary E., now Mrs. William Boyles in Cadiz Township, and John D., who died of consumption. In 1886 the father was called from earth. His had been a life of hard work, and much of the clearing of the farm was done by him. Politically he was a Democrat. Since her husband's decease Mrs. Hedges has resided with her son, W.P. She was born in 1827, and is consequently now (1891) sixty-three years of age.

W.P. Hedges was born in 1858 and attended the common schools of his township and town of Cadiz. In 1879 he married Miss Susan, daughter of Aaron Ross, of Harrison County, and they then settled near home place, on the same section, and after the death of his father they came to the old house, where they now reside. Of their union two children have been born: Rachel and Samuel. Mr. Hedges is a member of the Prohibition party and is connected also with the Presbyterian Church of Cadiz. The farm at the time of the death of Samuel Hedges Jr., contained some 500 acres, which after being divided among the children left but 167 acres at the original farm. The house which is a large and commodious one, is situated one mile northwest of Cadiz. It is built almost entirely of woods grown upon the farm, and is finished in fine walnut. A well-known landmark stands upon the farm, the "Standing Stone" a large monumental stone, some thirty feet in height. Traditions says it was by some mysterious means brought there and erected to mark the grave of an old Indian chief.

Henry Edwin Boyles & Frances Boyles built a new house closer to the highway, before Henry died. Frances Boyles still lives there.

William Harvey Turner

Information taken from History of Tusc. Co, Ohio from Canton, Ohio Library page 897

William Harvey Turner, farmer, P. O. Box, Tracy (1884), was born in Rush Township, Tusc., Ohio July 24, 1828 & is a son of Wm & Mary A (Sewell) Turner, both natives of Maryland. His parents had 8 children--Charles, Ellen, Daniel, Andrew, John, William H, Elizabeth and David. Wm H. Turner's grandfather, Daniel Turner, was said to be one of the first white settlers in Rush Twp. Our subject's father migrated to Ohio about 1812, settled near Lima, & was among the early pioneers of the county. Mrs. Turner was one of the old-time spinners and manufactured homespun goods. Our subject's early education was derived from a subscription school, held in an old log house. The house was furnished with a long fireplace, each scholar having to prepare wood for the occasion; a few puncheon seats, a few benches, covered overhead by clapboard roof, a log being left out on the sunny side for light; a copy book & a few birch rods to preserve order, completed the arrangement. The pupils would often keep out the teacher, on holidays until he would bring a bu. or 2 of apples, to treat them. Mr. Turner was united in marriage Apr 4, 1850, with Miss Eliza, dau of Wm Alexander of Rush Twp. The 4 children born are Mary E., Rachel A., Wm D, & Annabel. Two are married, 1 since deceased, Mrs. Wildman, who left 1 child, Harvey W., is residing in Trumbull Co., Ohio. Rachel is now Mrs. James M. Parks & has 3 children, Viz: Verde, Irena Forest & Mont Overton, who is deceased. Mr. Turner, for many years has served as Trustee of his twp. He owns a fine farm, & is continually occupied in improving it. One of his many ingenious arrangements has been the placing of pipes leading from a spring in a hill to his house. He is an adherent of the Methodist Episcopal Church, has held the office of Steward for many years. He is a member of the Masonic Order.

WILLIAM SPROUL

(This is Wm Harvey Turner's granddaughter's husband; Clyde Roger Sproul's folks) copied from Atlas 1908 of Tuscarawas County, Ohio

William Sproul and his wife Sarah (Gilles) Sproul who was born Aug 1, 1789 lived in Tyrone, Ireland and came to this country in the early part of the last century. Their son Robert Sproul, was born Feb 16, 1822, in Rush twpp. He was a farmer & had 500 acres of land near Stillwater. His wife was Susanna Gibson, born in Rush twp, Sep 22, 1825. Her family came originally from Virginia & settled in Tuscarawas Co. One of their sons, George W. Sproul, was born in Rush Twp., May 24, 1846. His early education was obtained in the schools near Stillwater, after which he followed farming & was especially efficient in the threshing of grain. He has a fine farm of 252 acres. In 1866, he married Nancy Rogers, born July 31, 1842, the daughter of Joseph Rogers, born Jan 19, 1806, & Nancy Burkhead (Rogers), born Aug 23, 1807, who came from Maryland & belonged to an old Quaker family. To George & Nancy Rogers Sproul were born 3 children: William R., born May 1, 1867 and Iva Riphey. They have 2 daughters, Romaine & Helen. Anna M. Sproul, born Aug 12, 1870, is the wife of W. Fleming Roberts, a well known teacher for many years in the Tuscarawas Co. Schools, & later a Justice of the Peace & farmer of Perry twp. They have 2 children: Ines & Raymond.

Clyde Roger Sproul, the youngest of the family, born May 19, 1882. On Nov. 19, 1904 he married Miss Lota Parks. They have 2 children Alvin b Feb 3, 1906 & Phyliss born Jan 3, 1908 (additional children: Alice born Sept 7, 1909; Thelma born Aug 1, 1913 & Paul b Apr 13, 1916. Nancy Sproul died on July 25, 1906. George W. Sproul has retired from active business life & lives on his farm with his son, Clyde R. & Wife. They are all members of the Methodist Protestant Church. Clyde R. Sproul manages the farm & gives special attention to the raising of pure blood sheep. His favorite breed is the registered Dickinson Delaine Merino. His present flock, which now numbers 44 head, was formed in 1903 by the purchase of 10 ewe lambs from the famous flock of H. G. McDowell of Canton, Ohio & Thomas Mc Ewen of Hopedale, O. Later on 3 more of the best were purchased from Mr. Mc Ewen. The present head of the flock is named "Ideal Fleece" no 215 (the bunch of ewes shown in the illustration averaged 13 lbs. of fine long Delaine wool in 1907. The heaviest, from a 2 yr old was 19, & the lightest, 10½ lbs. The average weight of the flock is from 100 to 120 lbs. Mr. Sproul had one 12 mo. old ram that weighed 138 lbs. The flock owned by Clyde R. Sproul is well known; & he is ready & pleased, at all times to receive visitors desiring to inspect his flock. He has been successful both with crops & wool.

The book this was copied from was printed in 1908.

June 17, 1819 on the farm now owned by Nathan Spencer, her only surviving brother; was married to Josiah Bower, Dec 11, 1845. From this union were three children, Nathan S., Nancy J., and Rachel A., all of which are living; at the end of almost twelve years of happy life her husband died July 18, 1857. Again she was married in 1859 to Thomas Meek; death again deprived her of a husband, Mar 25, 1864 leaving one child Francis L., who is living yet. Deceased was converted in her youth and was a faithful member of the church, and a strong believer in experimental religion while in health, and in her affliction patiently awaited the crossing of the Jordan. A kind and affectionate mother and a splendid neighbor. 'Twas never to stormy or dark for her to go to a neighbor in sickness. In her last sickness, she was kindly attended by friends & neighbors, who realized they were losing a friend. Funeral was conducted by Rev. Shuman. Interred Westchester Cemetery. Yea, though I walk through the valley of the shadow of death, I will fear no evil, for Thou Art with me; Thy rod and Thy staff they comfort me. T. J. H.
