THE COVER

The team that brought Eddy Valve the Inter-Plant Trophy, left to right:
W. LaBoissiere, A. Cassella, R. Cuomo
S. Lewandusky and J. Duclos.

J. BEACH CLOW
1903 — 1953

It is with profound sorrow that we report the death of our Vice-President, Mr. J. Beach Clow, which occurred early Tuesday morning, May 5, 1953. In addition to being a Director and Vice-President of James B. Clow & Sons, Mr. Clow was also President of our two subsidiaries, the Eddy Valve Company and the Iowa Valve Company.

After his graduation from Yale University in 1926, he entered the employ of the Company and served in various capacities to familiarize himself with the business and in 1936 was elected Secretary of the Company. In 1940 he was elected Vice-President and Secretary and served in that capacity for many years, except during the years 1942 until 1946, when he served with distinction in the Navy as a Lieutenant Commander, seeing service in the Pacific and in Germany. Returning from the Navy, he again took up his duties with the Company and became particularly active in the management of the two valve companies in addition to his other duties. In May of 1950 he was elected President of both valve companies. He also was elected to serve as Secretary of all meetings of the Directors of James B. Clow & Sons.

Beach, as he was widely and familiarly known to a very large number of not only our employees but our customers, is going to be sorely missed, and it is with a sense of our own very great loss that we extend our deep and most sincere sympathy to Mrs. Clow and the other members of his family.

INTER-PLANT TOURNAMENT

All teams arrived on schedule May 8th to open the Annual Inter-Plant Bowling Tournament.

After the Eddy plant inspection, the teams went to lunch at Mickey-Joe's Tavern in Waterford and then to the Alpha Alleys in Troy, where the Tournament started promptly at 12 o'clock. Each man was permitted two shadow balls on each alley, then the pins were spotted, and the tournament was underway. Ken Bolton was tabulation clerk, and he and Ted Seabrooke checked totals of each game and then checked points, so that after each game the outcome was announced over the loud-speaker.

The tournament finished May 9th in a blaze of glory and excitement. Newcomerstown and Eddy were practically even through ten games and they entered the final game with 33 points each. Newcomerstown finished their 10th game against Birmingham with a 990 total and were 3 marks up on Eddy. Eddy made up the 3 marks in the 10th frame of their game when everyone on the team marked. Stan Lewandusky's double was a great contribution here. The final total by Eddy was 991 and enough to win the game and the decisive point.

One of the real heros of that much-talked-about 10th was Duclos, the lead-off man for Eddy. He picked up the 5-7 railroad, which was an important factor in winning the game. If he had missed both pins, Newcomerstown would have won the game by one pin - and if he had gotten only one pin, they would have tied. Therefore, Newcomerstown would have won the tournament by pin total.

The outstanding features of the tournament were the high team game of 1139 including handicap by Coshocton and the high individual game of Leo Norris, in this same game, of 235. Honorable mention in the individual game competition is given Duclos of Eddy who shot 215 in the very first game with 48 handicap, which gave him 263, and Harold Schlarb of Newcomerstown who shot 245 in the fifth game and with his handicap of 17 gave him 262. Schlarb further distinguished himself by averaging better than 200. This kind of bowling is not expected in such competition. Johnny Orem averaged a fine 186.

Some years ago Coshocton cast an iron derby, and it has been passed on each year for one thing or another, but this year it was decided to present it to the team having the highest score in any one game. The derby was presented Leo Norris, the captain of the Coshocton team that rolled an 1139 game.

The evening dinners were served at the Crossroads in Latham, where wonderful food was served. Ted Seabrooke acted as Master of Ceremonies at the banquet dinners and did a swell job.

Ken Echard, Ken Bolton, George Painton, Bill Gultman and Walt Sorensen of the General and Transportation Committees should receive a lot of credit for the success of the Tournament. They did a very fine job on the arrangements.

Newcomerstown NOTES

by Harold Schlarb

Arthur Dansby, left, head man on our iron pouring gang, receives his 30-year pin and congratulations from office manager John Ricketts. The picture was taken in front of Arthur's home which he purchased from the company and remodeled.

Lloyd Hart, Foundry Finish Foreman, is congratulated by office manager, John Ricketts, on the completion of ten years of service.

PRODUCTION NOTE

Due to an increase in radiator production which was scheduled for May 4th, it became necessary for us to hire some new employees and to transfer some of our

present employees to other jobs and different departments. One of Management's most difficult jobs is having to make production cuts which necessitate the laying off of personnel. Therefore, just as a lay-off makes

INTERPLANT BOWLING TEAM

L. to R.: Jack Jurin, George "Buck" Johnson, Bob Bonnell, Lloyd Hart and Harold Schlarb.

everyone feel bad, it is equally true that a production increase makes all of us feel good. A Company can only maintain a high level of production when sales are good. To help accomplish this, we must work and operate our departments efficiently, which will help enable us to put our products on the market at competitive prices. In return, our jobs will be more secure and guaranteed for a longer period of time.

MOVING NOTE

Orland V. Chaney to R.D. #1 Guernsey, Ohio.

Joshua S. Harbold to R.D. #2 Newcomerstown, Ohio.

Glen Eckleberry to 309 W. Neighbor Street, Newcomerstown, Ohio.

* * *

SERVICE NOTE

We have received word that Victor Kopp, who has been in Korea for some time, is on his way back to the States. Vic was employed in our storeroom prior to entering the service.

Frederick "Fritz" Schlupp was home on a 15-day leave the last part of April. Fritz reported back to Selfridge Air Force Base in Detroit and expects to be shipped overseas some time in June.

Donald E. Kohl was either home on leave a few weeks ago, or has been discharged. Your reporter was unable to get any information on Don, as is sometimes true about our other servicemen. If anyone receives information concerning our servicemen, please contact your reporter and he will see that there is something in the next issue.

* * *

SICK LIST

George Day, Planner operator, was able to return to work on Monday, April 27th. He had been off work for some time with arthritis. We are glad George is able to be back on the job again.

William Womer, Welder, dropped in to see us the other day and reported he was feeling much better, but was still pretty weak.

* * *

MR. BEACH CLOW

We were shocked to hear of the death of

Mr. Beach Clow. We did not have the opportunity of knowing him too well, but do know that he was well thought of by the Valve Companies and that he will be sadly missed by everyone. Our deepest sympathy is expressed to the members of his family.

* * *

NEWS BRIEFS

Terry Wise, son of Lorin "Red" Wise, Maintenance, broke his arm when a larger boy was chasing him and fell on his arm when they collided. Terry cannot play ball for a while, but can watch the Cleveland Indians play on that new TV set dad bought.....Mrs. Bob Hinds underwent surgery at Coshocton Memorial Hospital May 4th. She was removed to her home a few days later, and Bob reports she is coming along fine.....Willard Chaney, Chester Leonhard, George Herbert, Gus Porcher and Bob Atkinson were in Junction City May 3rd visiting Andy Covic.....Mrs. C.R. Yingling left May 17th by plane for Puerto Rico. She will spend two weeks vacationing there with relatives.....George Temple has been coming to work looking a little sleepy in the mornings since purchasing a 21" R.C.A. TV set.....Mr. E.L. White was in Columbus April 17th completing work for his 32nd degree in the Masonic Lodge. He is also the proud owner of a new Mercury.....Your reporter found a bowling pin on his desk the day after his team returned from the Interplant Bowling Tournament.

* * *

ATTEND CONFERENCE

On Monday, April 13th, E.L. White, John Ricketts, Joe Martin and Clarence Cunningham attended a meeting of the American Foundrymen's Society, Columbus Chapter, devoted to gates and risers.

* * *

Some men's life work is avoiding it.

SYMPATHY

Our deepest sympathy is extended to these men and members of their families. To Mr. E.L. White on the loss of his father who passed away on April 30th. Mr. White had been in ill health for some time.

To Harold Shaw on the loss of his grandfather, Seth Little, who passed away April 23rd, following a long illness.

* * *

NOTE OF APPRECIATION AND THANKS

INTERPLANT BOWLING TOURNAMENT. Although it has been said many times all during the tournament, we would like to put it in writing and say again congratulations to Eddy Valve on winning the tournament and for being such a wonderful host. We were glad for the chance to tour the Eddy Valve plant and to participate in this tournament. For this we thank the Company. If the purpose of these tournaments is to promote good will between our Company's various plants and to have the employees of one plant become familiar with the methods and problems of another, then this tournament was surely a success.

The hotel where we stayed was ideal, the food was the best ever, the alleys were fine and, oh, yes, we almost forgot - the entertainment was tops! For all this, we would like to thank George Macdonald, Billy Guiltman, Ken Echard, Ken Bolton, George Painton, Walt Sorensen and Ted Seabrooke (who was a wonderful M.C.).

BOWLING BANQUET

Our annual Bowling Banquet was held May 1st at the Touraine Supper Club. There was plenty of chicken and beverages for everyone, which made for a real enjoyable evening. Officers were elected for the coming year and the trophies were presented to the bowlers lucky enough to get them.

Coshocton Comments

by Howard Sherrets

Electrician Gerald Bordenkircher checking on the first run of the new Core Floor conveyor.

The new conveyor for the Core Floor.

Current in the changes and additions in our plant is the sand conveyor for the new Core Floor. This 195 foot piece of equipment, towering 48 feet above ground level, is a marvel in transporting core sand from a location on the hill near the former Main Office to the sand silos on the east side of Core Floor.

The availability of sand is increased considerably in the new arrangement along with a saving in labor and time. Some idea of the efficient operation of this unit may be conceived by the delivery of a railroad car of sand (50 tons) to the Core Floor location in fifty minutes. Also, some comparison may be made by many of our readers to the method of our unloading and storing coke.

The origin of the idea concerning the sand conveyor is credited to our Engineering Department, who also supervised the first operation. The site, selected for advantage in height, minimum trackage and that would permit possible future plant expansion, was an important factor in the entire design.

Again, a compliment is extended to our "can do" Maintenance Department whose members as usual started from below ground level and built 'er to the top. Their work included the footers, entire assembly, erection of all steel, adjustment, lighting and power.

The lengthy conveyor belt which is 24 inches wide is augmented by a continuous gravity

The Giants - 1952-53 - Bowling Champs. In the back are Jack Barthalow and Chester Guilliams and in the front Bob Miller, Morton Orem and Leo Norris.

takeup that automatically adjusts belt tension. Power is supplied by a ten-horse power electric motor.

In all, and avoiding technical explanations, this entire installation makes for better cores under all conditions.

Wedding bells of twenty-five years ago were again sounded on April 25th, when Mr. and Mrs. J. E. (Sandy) Balo, deLavaud Maintenance Department, celebrated their anniversary at home in Conesville.

Guests were present during the evening; however, an automobile trip to an unannounced destination was the real celebration of twenty-five years of married life for Sandy and Vonnice.

A big surprise was experienced by Bill Adamson of the Standards Department during the evening of April 1st, when he was invited to dinner by one of the members of that department. The occasion was Bill's birthday and his thoughts were of a meal

away from a restaurant, so he arrived on time and with a huge appetite. Playing her part in the deception Carol Jean Neff announced that failure of her new electric range had overcooked the food and that it would be necessary to eat out. Without revealing his disappointment Bill traveled to the Ranch where the real dinner party was enjoyed by members of the Standards Department and their wives.

Many more happy anniversaries, Bill.

Mrs. Harold Arnold, surgery, at St. Francis Hospital, Columbus April 3rd. Harold is a member of Melting Department.

Mrs. Thomas Mattioni, major operation, Coshocton Memorial Hospital April 23.
(Continued on next page)

VISITOR FROM HOLLAND

One of the most pleasant interviews conducted to date by us occurred on April 22, during a visit to our plant by Benjamin Becking of Terborg, Holland.

The subject who is 29 years of age is a mechanical engineer and a graduate of the Technological University of Delft, Holland.

Ben and his mother are engaged in the management and operation of an enameling plant at Doetinchem and employ approximately 500 people.

Following the bombing of their factory during World War II by Allied planes, at which time Ben's father was killed, the Beckings have rebuilt and re-established the industry.

Via the Mutual Security Agency the young industrialist is on an exchange basis in this country for eight months, and during visits in this section of the states he had become acquainted with Jim Fallon and on invitation spent a day at Coshocton.

An interesting and educational account of labor, industry, government and social life in Holland was related during our talk and it is our regret that space will not permit us to write more on these subjects.

It is only natural that we made inquiry of the war years in Holland and at the mere mention of the conflict Ben's eyes flashed and he was off in a flurry of broken English and what we interpreted as excellent German, telling about the determined Dutch resistance, even though it only lasted five days and how he and his two brothers became members of the underground. The brothers were apprehended by

Ray Yingling, Traffic Department, surgery, Coshocton Hospital, April 27.

HOME ON LEAVE

Jack Thompson arrived home May 9 to spend

Benjamin Becking, visitor from Terborg, Holland.

the Germans, but escaped while being transported to a concentration camp. The Dutchman is proud of the part he played in helping Allied fliers back to our lines.

Further revelation of control of wages, unions, safety, employment and production was made by our visitor, and a comparison as to advantage in the United States concluded his remarks.

Mr. Becking requested that we extend the thanks of the Dutch people for the help given them under the Marshall Plan and that Holland is a little over-rated in the States as to tulips and wooden shoes.

LOST TIME ACCIDENT

In the loss column we regretfully report an accident involving the loss of time.

On April 10, Rodney West, group leader in the Shipping Yard, was helping roll 6" C/N Class 250 pipe from a transfer car to the north set of temporary skids that are located near the west end of Cement Line

A damaging fire struck the residence of Mr. and Mrs. Earl Wagner, Pipe Foundry Finish Department, during the morning of April 16.

Earl and Annetta, who reside on R.F.D. 2, Coshocton, were awakened by their young son who, it is believed, had struck Earl's cigarette lighter and set fire to a curtain serving as a partition.

The Wagners expected to add the first story to their home in the near future, and because of a concentration of contents the fire spread rapidly. The Clow Fire Department members and fire fighting equipment, along with the help of neighbors were responsible in the prevention of a total loss.

It is estimated that damage in the amount of \$2500 was suffered by the Wagners, to building and contents.

Again, the goodness of heart of Clow employees was effected following the loss, and sincere and entire appreciation was expressed by Earl and Annetta to all for their kindness and help.

A part of the loss was recovered by insurance.

Building. The skid, unnoticed worked off the transfer car and permitted a pipe to fall, striking Rodney's left foot.

The injury was diagnosed by Dr. William E. Pfaadt as a bruise and cut, and directed Rodney to remain home for one week.

Gratitude is expressed by all concerned that this accident was not of a more serious nature.

BOWLING BANQUET

Climaxing the Clow League 1952-1953 bowling season approximately sixty men were in attendance Friday evening April 24, at the Town and Country Club for the annual banquet.

Following an excellent dinner, President Morton Orem introduced the members of the winning team, the Giants, including Leo Norris, Captain, Chester Guilliams, Bob

Miller, Jack Barthalow and Morton Orem.

Plant Manager Tom Ripley was introduced and gave compliments to the winners and extending best wishes to them as Coshocton's team representatives in the Clow Inter-Plant Bowling Tournament at Waterford. Tom also presented each team representative with a bowling shirt.

The Manager, having resided in the east and having served in employment in the Waterford plant, spoke a few well chosen words of advice to those making the trip. Reference was made to the history of the east, including the Revolutionary War, and characteristic of Clow personnel in attendance at a bowling banquet the Manager was busy for a few minutes answering a few historical questions, but quite ably filled the bill as speaker.

An election of officers followed, placing the following men in office for the coming season: Morton Orem, President, Francis Clark, Vice President, Ned Patterson, Secretary, and Jack Kanuckle, Treasurer.

As a token of appreciation for a job well done as Secretary of the Clow Bowling League during the past seven years, Gerald Bordenkircher presented Ned Patterson with a sport jacket from the Keglers of the past season.

Additional laurels were credited to the winning Giants when Nicholas Plematis, local restaurant owner, awarded Leo Norris a handsome trophy in the name of the Plematis Brothers Athletic Club.

Another award, to the most improved bowler was given to Charles Wilson of deLavaud Maintenance.

President Orem closed the meeting with fitting remarks for an entirely successful bowling season.

Indoor horseshoes, darts, muggins, flinch and other games were enjoyed during the remainder of the evening.

* * *

A happy event occurred on April 25th, in the parsonage of Rev. Russell Brown, 353 McClain Avenue, when Kenneth Callentine, son of Mr. and Mrs. Clarence Callentine, and June West, daughter of Mr. and Mrs. Perry Wright, were united in marriage.

Clarence, Sr. is employed in the Machine Shop, Clarence, Jr. is a member of the Shipping Yard, and Kenneth represents a part of our Labor Pool.

The best of all good things and the best of luck Kenneth and June.

Residence for this union has been established at 820 South Lawn Avenue.

Additional weddings in the Clow familys include the following:

Miss Shirley Ann Lanning, daughter of Mr. and Mrs. Samuel Lanning, Mold Floor Finish and William Ishmael, son of Mrs. William Shearn, and John Ishmael, on April 18 in the Canal Lewisville Methodist Church.

Leroy F. Potter, son of Mr. and Mrs. L. F. Potter, and Joan St. Clair, daughter of Mr. and Mrs. Peter St. Clair, Trinway, on April 27, at Richmond, Indiana.

Fount Potter, father, and Harold Potter, brother, are both members of Maintenance Department.

"I see Mr. Struman isn't in. When will he be back?"

of National Interest

by Charles Hooper

ALABAMA INDUSTRY DAYS

The week of April 27th through May 2nd, was designated throughout the State as Alabama Industry Days. This event was sponsored by the Associated Industries of Alabama. Manufacturing concerns displayed their products in store windows, in local towns, in which their plants were located. The main purpose of the displays was to acquaint the citizens of the towns with the products that are being manufactured in their own home towns. National's display was in the window of the Erwin Realty Company. Arthur Rice, Leonard Bryant, and Ozzie Moncrief were responsible for the fine display.

* * *

We were sorry to hear of the sudden death of Mr. Beach Clow. All of us extend our deepest sympathy to Mr. Clow's family.

* * *

LOST-TIME ACCIDENT

We must again report another lost-time accident. On May 1st, just after noon, Robert McBrayer was raising a window in the Machine Shop when suddenly a foreign body blew into his eye. Robert thought that he had removed the particle from his eye

successfully and, therefore, he did not report to First Aid. Later his eye started to pain him and he was referred to the doctor's office, where his eye was treated for a few days. However, the doctor thought it advisable for Robert to go to an eye specialist, which he did. An examination by the specialist revealed that Robert had three corneal ulcers of the right eye that required immediate treatment at home. We are happy to report that his eye is considerably improved and he's returned to his job.

These are the winners of the Birmingham Industrial Bowling League trophy, left to right: Don Parks, Gene Woolwine, Red Bates, George Little, Charlie Abney, Earl Alley, and Henry Goodwin.

WELCOME TO NATIONAL

Claude Tittle, George Pennington, Jerry Sisson, Roger Barnett, Emmett Crenshaw, and John H. George.

* * *

SICK LIST

We are glad to report that Euel Chambers and John H. Cobb are both improving from recent operations.

* * *

We are sorry to report the unfortunate accident of Charlie Day. Wednesday evening, April 22nd, at approximately 8:00 p.m., Charlie Day started down several steps in the front hall of his home with the intention of turning off the porch light. He slipped on the steps, fell, and broke his hip. His wife was in Selma, Alabama, at the time, visiting their daughter, so Charlie was alone in the house. He lay in the hall until about midnight when he crawled up the few steps and the stairway to the second floor where he was able to get on a bed. He lay there until almost daylight when he was finally able to summon a doctor to his

This is the son of Mr. and Mrs. Coy E. Foshee. Edwin is three years old and just recently celebrated his birthday on April 24th.

home. Charlie was taken immediately to St. Vincent's Hospital where an operation was performed to correct the broken hip. We are glad to report that his condition has improved.

NEWS BITS

Since this year's vacation plans have been announced, several have already made plans for trips.....Margaret Carter plans to go to Miami.....Arthur Rice to California.....James Layton to New Mexico, Arizona, and Colorado, and points west.....Arthur Steele, Curtis Liles, and Ben Spann to New York.....Edwin Hughes to Denver, Colorado.....Neil Maxwell to Washington, D.C. and New York.....B. Hayes to Miami.....Charlie Abney to Miami and Key West....Charles McAnnally to Daytona Beach, Phyllis Sisson to Minnesota.

From this picture of fish that he has caught, it looks as though Wallace Pyle can accurately claim the title of Fisherman of the Month. Who will replace him next month?

Neil Maxwell is the winner of the Spring Golf Tournament.....Arthur Rice and Ozzie Moncrief tied for second place....Clarence Forte had the longest drive on No. 16.....Scotty Kelley was the closest to the pin on No. 7.....Clyde Hooper was closest to the pin on No. 17.....Pride Jones won the poker hand.

Plans have been announced for a series of dog fights and play for the W.E. Clow Trophy. Dog fights will be held for National golfers every other week until August 8, 1953, when play for the William E. Clow Trophy will start and continue through October 3, 1953.

National's softball team has won three and lost two games.....Marvin Bryant's new home has been completed.....Gus Alley will soon be moving into his new home.....Congratulations to Employees for their record turnout in the Industrial Health Council's services here at the plant two weeks ago.....Congratulations to Irvin Godwin, who has a new son. We're still looking for the cigars, Irvin!...Cornelius Reddock, who had returned home on leave from the army, pitched for the colored baseball team in last Saturday's game. National defeated Stockham 9-8.....Clarence Dyson has left for Military Service.

Janet Elaine Scott, three weeks old, is the daughter of Mr. and Mrs. Lester Scott.

Charlie Salvage, Neil Maxwell, and Gene Love are relaxing a moment before they begin to play the Spring Golf Tournament.

Left to right: Erskin Maddox, Tutt Thomason, Pride Jones, and Con Coupland were willing subjects for Scotty Kelley's camera.

Notice the different kinds of hat styles in this picture of golfers consisting of George Little, Arthur Rice, Gene Foote, and James Layton.

Here's another foursome that played in the tournament: Left to right: Scotty Kelley, Ozzie Moncrief, Nelson Smith, and Jack Bennett.

Aubrey Foote, George Akeroyd, Clyde Hooper, and H.J. Parker pictured just before tee-off time.

Merle Finnell, Bill Waine, Don Parks, and Clarence Forte are four more who lined up to have their picture taken.

1.

1. Sidney Fletcher and L.C. Wright are waiting for their chest X-rays.

2. Johnnie Williams, Jr. is shown taking diabetes and blood tests. The tests were offered to all employees here at the Plant.

3. Here are two new pieces of equipment: a truck to be used by the Carpenter Department and a new Chevrolet to be used by the Personnel Department and the Safety Department.

IOWA items

by Fred Gegner

All employees of the Iowa plant have mourned the death of our President, J. Beach Clow. To us, he was a friend, a good listener, a conscientious adviser and a guiding hand. We at Iowa have deeply felt the loss of a truly great man and a personal friend.

Iowa's bowling team members are happy to be home after having a wonderful time at the tournament. From left to right they are: Fred Darland, on the tracks, Paul Evans, Charles Lanphier and James Beadle.

Our bowling season closed with an excellent showing by the Iowa team in the Clow tournament. The members of the team were taken to Ottumwa on Thursday, May 7, 1953, by Con Coupland. They boarded the California Zephyr for the first leg of the journey. At Chicago's Union Station they were met by Rudy Krempels, who drove them to the La Salle Street Station. The New York Central railroad supplied transportation to the final destination,

Waterford, New York.

Upon arrival, the Iowa team was greeted by Bill Guiltman of the Eddy Valve Company, who was their chauffeur, guide and interpreter for their stay in Waterford. The Iowa bowling team was taken on a tour of the Eddy Valve Company. Our men still marvel at the great amount of space available at the Waterford plant. One of the Iowa boys estimated that the whole Iowa plant would fit in the Eddy foundry. At 11:00 a.m., the bowling teams were taken to lunch at "The Crossroads," which is located in Latham, New York. We have heard much praise of the food and service at "The Crossroads."

At 12:00 p.m., the team journeyed to North Troy, New York. This was the site of all the bowling for the tournament. Everyone bowled four lines for the first day of competition. At this stage of the tournament, the Iowa team looked good. They were in fourth place by point score with only two members below their bowling average. After bowling, the team had some free time for a rest before going to the evening dinner party. After dinner, the Iowa men explored some of the countryside with the help of their trusty guide, Bill Guiltman.

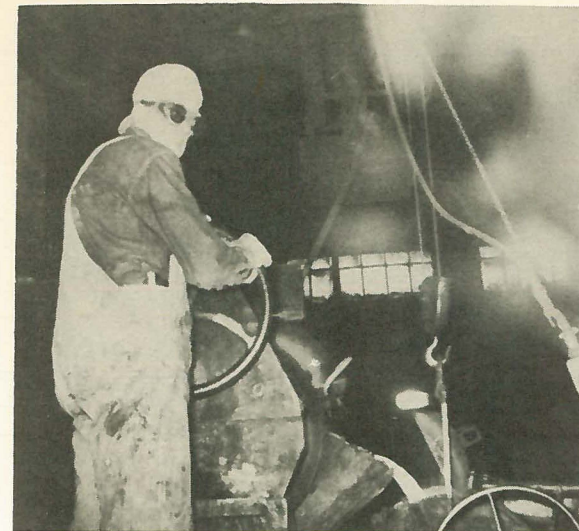

On Saturday, the team lunched at 11:00 a.m. and again journeyed to North Troy.

George Young takes a measurement on a 24" list 10 flanged valve with outside stem and yoke, grease case and handwheel. This is the first such valve made at Iowa.

The camera caught Floyd McCall as he repaired the "sand buggy." Floyd is a member of the Maintenance Dept.

Dave Atchison pours his first ladle of iron after returning from vacation. Dave has operated our cupola for a long time.

Charlie Clark looks pleased with his daytime job of Cupola Loader. Charlie was formerly on the night Shake-out Crew.

The afternoon was occupied by six lines of bowling. It was at this session that Iowa moved into and held the third position. There was a period of relaxation after the strenuous afternoon session. The tournament was climaxed by the glorious victors' banquet in the evening. We've heard many tales of the splendor of this banquet. Somewhere we heard the name, "Maisie," mentioned but it doesn't sound familiar - unless someone was referring to Indian corn. Perhaps we "stay-at-homes" may be fortunate enough to someday whisper the password, "Maisie." We're sure that "Maisie" has some connection with Iowa.

The Iowa team took the 9:30 train from Waterford and thus started the long journey home. The writer met four very tired but extremely happy bowlers at 5:00 p.m. Sunday in Ottumwa, Iowa. The fifth member, Emil Berglund, had remained in Chicago for a doubleheader baseball game. He arrived in Ottumwa at 1:00 a.m. Monday and was met by his sister, Katherine.

Iowa is very proud of the 1953 team which won third place in the Clow Tournament. This is the best showing by an Iowa team since we have been participating in the bowling tournaments.

Following is a list of the bowling team and their tournament scores:

	Total Pins	Average
Paul Evans	1690	169
Emil Berglund	1638	163.8
Fred Darland	1411	141.1
James Beadle	1400	140.0
Charles Lanphier	1553	155.3

The Iowa team wishes to express their gratitude to Rudy Krempels, Bill Guiltman, and the entire Eddy Valve Company for the many courtesies extended them during their visit to Waterford, New York.

* * *

SICK CALL

Our sick list has been large for the second consecutive month. Many of our members have had serious surgery and are slow to recover. We have missed the following workers during the month: George Katko - surgery; Loren Lynville - surgery; "Pete" Terrell; "Ves" Earl; and "Shorty" Eichenberger.

* * *

CORN STATE CHATTER

Harry Hummel, who has lived on South 7th Street for the past twenty-seven years, has moved to an acreage on North I street. Harry's greatest desire has been to live on an acreage.

Dick Thomas has the newest 1953 Pontiac we've seen. It is not only new, but it is equipped with all the extras an automobile can carry. Dick also has installed a new power dump type box on his Ford pick-up truck.

Kenneth Hunt has purchased a new (new to him) car. It is one of the best 1926 T-model Fords in this area.

George Young has become a car owner with the purchase of a Chevrolet.

Everyone has been hunting (not finding) mushrooms. Olaf Maughan holds the title with a claim of two one-gallon buckets of mushrooms.

Bud Sutherland had great luck with the opening of the fishing season at nearby Lake Keomah. Bud threw in a hookful of worms for some fat bullhead and pulled out a three-pound bass. Under the care-

ful scrutiny of the game warden, Bud returned the bass unharmed to the water. Bass season doesn't open until later.

Joe Gasperi and Ralph Reese report good catches of bullheads and carp. These fellows have discovered a new carp bait. They use the "Brown-n-Serve" rolls that can be purchased at most grocery stores.

We hope Bob McLandsborough packed his red flannels for his new job in Greenland.

* * *

Tom Simms gets credit for being in the most unusual automobile accident. It seems that one truck was pulling another truck with Tom following the second truck. Halfway up a hill, the rear truck broke loose from the lead truck. Tom shifted to reverse and tried to outrun the run-a-way truck. Alas, the truck caught him and changed the design of the hood and front fender of Tom's car. Naturally, the truck was insured and Tom's car will be repaired.

* * *

Lester Skeels isn't mad. He is in a precarious position atop the wheelabrator. Lester works in our Maintenance Department.

Kenneth Hunt portrays the autoist of old as he stands by his 1926 Ford. Kenneth works in the small valve assembly department.

NEW EMPLOYEES

We wish to welcome Harry McFall to the Iowa Valve payroll. Harry is working as a sand-cutter in the brass foundry.

"And another thing, Wilkinson--- if there's one thing I like to see, it's a clean desk! Remember that!"

eddy

EDITION

by Walt Sorensen

Joe Valladeres Retires

On May 1st, Joe Valladeres, of our Iron Machine Shop, ended his career with Eddy. Joe started with Eddy back in 1927, although he left during the war to work at the Watervliet arsenal. He informed us that during his stay at Eddy, he had operated every machine in the department. Needless to say, a man with his experience will surely be missed. To begin his retirement, he is taking a motor trip with his wife and daughter, Jessie, that will take them to Miami, Key West, Cuba, New Orleans, Texas, Mexico, and Los Angeles.

The trip will take at least two-and-a-half months and during this time Joe and his wife will celebrate their 45th wedding anniversary. Congratulations!

CLOW BOWLING TOURNAMENT AT EDDY

On May 7th National's team arrived in Albany at seven o'clock in the evening and were greeted by your correspondent, who drove them to the Hendrick Hudson Hotel in Troy.

The following morning the remainder of the teams arrived from Chicago, Iowa, Coshocton, and Newcomerstown. They were greeted at the station by Plant Manager George Macdonald, Bill Gultman, Ken Echard, Ken Bolton, and George Painton who drove them to the Hendrick Hudson Hotel. At 8:30 the same morning, the five teams were taken on a tour of the Eddy Plant. After spending some time viewing the methods of Eddy, the teams went to Mickey-Joe's Restaurant in Waterford for

lunch. During luncheon, George Macdonald introduced Ted Seabrooke from Chicago, who at the last moment consented to fill in for our late President, J. Beach Clow. Ted explained the rules and regulations of the tournament, after which we proceeded to the Alpha Bowling Alleys in North Troy.

Once at the Alpha, the men immediately changed shoes and took a few practice shots. At the stroke of twelve, the first ball was rolled down the alley, and the tournament was underway. After each game, Ted Seabrooke announced the points earned by each team and their standings. Ken Bolton of Eddy checked the scores along with Ted. The end of

The men in the machine shop gather around Joe Valladeres and exchange a few parting words after presenting him with a gift.

the first day of the tournament found Eddy in first place with 22 points and Newcomerstown a close second, with 21 points; Coshocton had 14 points, Iowa had 12 points, Chicago had 11 points and Birmingham had 7 points.

In the evening, a banquet was held at the Crossroads Diner at Latham, with the members of the Eddy bowling league joining in. Ted Seabrooke, acting as Master of Ceremonies, did a wonderful job.

Saturday morning the transportation committee drove the teams to Verdiles Restaurant in North Troy for an eleven o'clock lunch. At the end of the contest it was found that a matter of just one pin made Eddy the winner. Newcomerstown was second, Iowa third, Chicago fourth, Birmingham fifth and Coshocton sixth.

For the final get-together, the six teams were back at the Crossroads for another steak dinner and to witness the presentation of the awards. At this banquet, Ted Seabrooke had just about everyone saying a few words.

After the dinner, the groups left for the Albany Union Station and their journeys home.

* * *

All can afford the luxury of Laughter.

LOST-TIME ACCIDENT

Our second lost-time injury of the month of April was suffered by Francis Desautels, who was operating the wheelabrator in the Iron Foundry on April 29th.

With the machine loaded with castings and the door closed, Frank evidently placed his left hand against the guard covering the "flights" which carry the castings inside the machine. His three middle fingers extended into the space between the guard and the moving flights, severing them at the first joint.

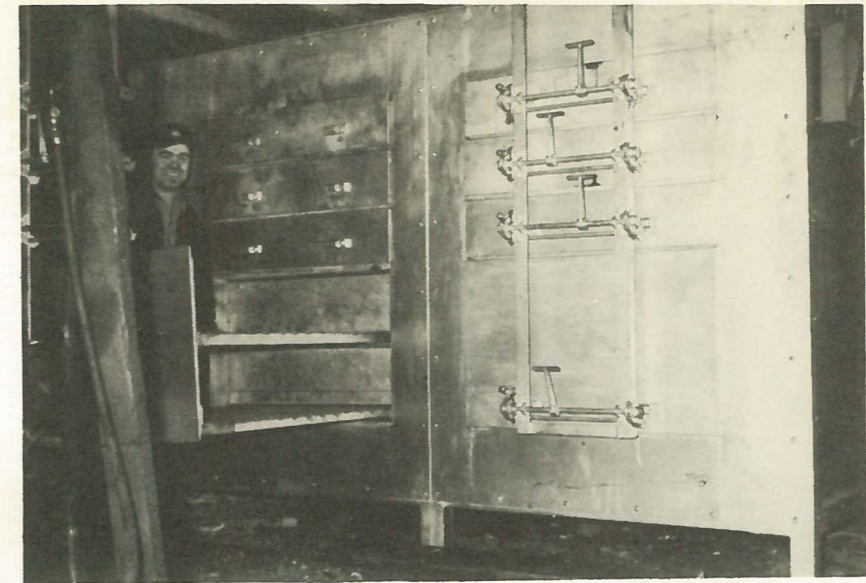

The pain and loss were severe. Frank's services will be missed for several weeks. No reason has been given as to the cause of the accident.

The result should be a lesson to all of us. Be careful always and especially around moving machinery.

Frank was treated at the Leonard Hospital, where he remained for four days.

* * *

Watching several children busily hammering nails into a dining-room table, a neighbor inquired, "Isn't it expensive to let the kids play like that?" "Oh, no, I get the nails wholesale," said father.

NEW CORE OVEN

Ralph Lombardo has a reason to smile. Ralph is of the Maintenance Department. He is shown putting the final adjustment on a new core oven in the Iron Foundry. This represents a lot of hard, long working hours for the Maintenance Department.

Our deepest sympathy goes to the family of Joe Baillargeon who died May 13th at his home in Cohoes. Joe retired January 12th from Eddy at the age of 65. He started work for Eddy in 1927 as a laborer in the foundry and ended his last years of service as a janitor.

* * *

Tom Barnefield visited Eddy May 13th and made a tour of the plant.

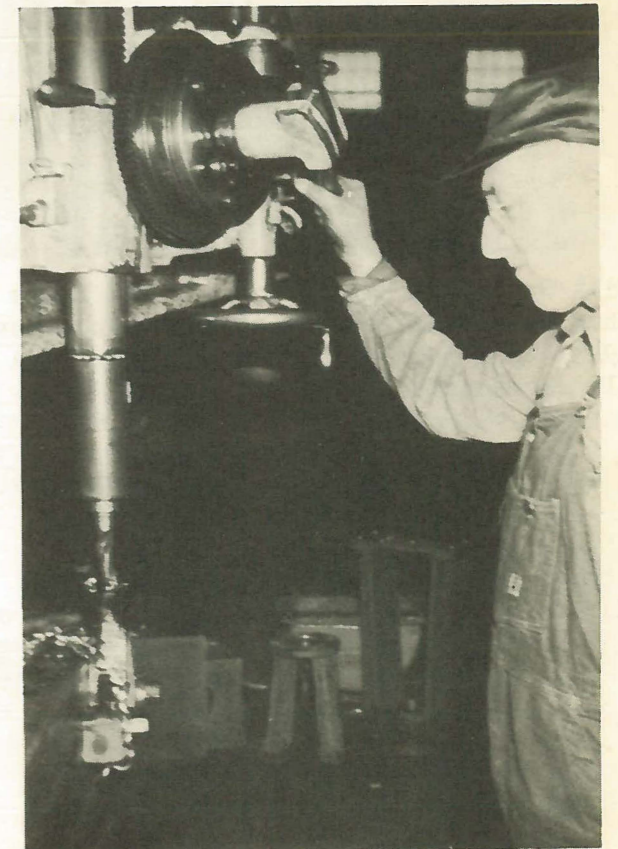

* * *

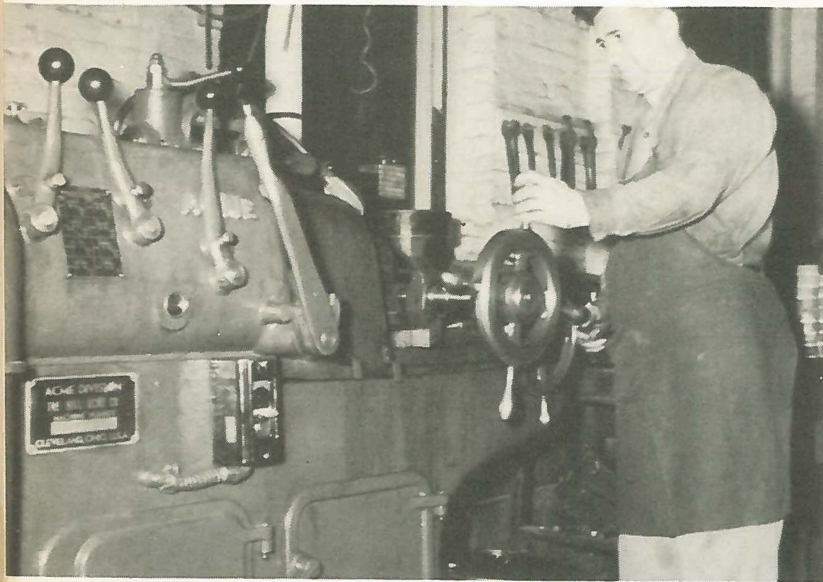

Harry Bower, our former office manager and now a salesman for Eddy, attended the National meeting of the American Water Works Association in Grand Rapids, Michigan, during the week of May 12th through May 16th.

* * *

Bob Stuhlfauth of our New York Office underwent a serious appendectomy May 5th. We all wish him a speedy recovery.

At the right, Larry La Mara is shown hand-feeding a drill through a yoke of one of our valves. Larry has been a Machinist in the Iron Machine Shop since August, 1941.

NEW THREAD CUTTER

Roland Landry of the Brass Room is shown operating a new thread cutter for that department. Roland has been working for Eddy since May 24, 1950.

Bill Swasey at his machine in the Brass Machine Shop. Bill has been with Eddy since November, 1940. His job is to bore, face and die hydrant plates and stems.

The camera caught Lew Modesti, a Molder in the Iron Foundry since December, 1945, as he was busily ramming sand into a mold.

Bob Wallace, left, takes a breather during lunch hour. Bob is a laborer in the Iron Foundry and has been employed there since March, 1946.

CHICAGO'S CHAPTER

by H. E. Norain

Dick Michaels returns to our Chicago office to become Sales Manager of the Iowa Valve Company. Dick formerly served as a Foundry salesman and operated out of Minneapolis, Minnesota. It's nice to see Dick back with us in Chicago.

A few months ago, with deep regret, we were informed of the passing of Kent S. Clow the former President of our Company. We have again been faced with the loss of another of our top executives.

On May 5, 1953, J. Beach Clow, who was a Vice President and Director of James B. Clow & Sons and the President of the Eddy and Iowa Valve Companies, died suddenly at his home in Lake Forest.

To the family of Mr. J. Beach Clow we extend our deepest sympathy.

* * *

Mr. John Madden has become President of the Iowa and Eddy Valve Companies, while Mr. George O'Day has been made one of the Directors of these same subsidiaries.

* * *

We were sorry to hear about Elaine Zirkow's accident. Elaine received a broken leg when she was struck by an automobile. We hope that Elaine will have a quick recovery from her mishap.

* * *

These two fine boys, pictured at left, are Stephen and Michael Micheff, whose father, George, works in our "B" Department. Little Stephen is seven months old and his older brother, Michael, is 2-1/2 years of age.

Glen Carnahan thought the girls in the Accounting Department were rather weak and that they couldn't lift 100-lbs. of lead, but Emily Kron and Betty Christensen proved otherwise as they each took a turn at lifting a 100-lb. bar of pig lead. Marty Bobber was a witness at the weight-lifting trial.

* * *

Arnold Fischer's son, Dale, received honorable mention at the University of Illinois when he completed his third year at the University in the upper 10 per cent of his class. Dale is a student in Accounting at the school.

* * *

We're glad to see Clara Dulski back after recovering from recent surgery.

* * *

INTER-PLANT BOWLING

From all indications the team of Frank Hovinga, Ken Hersted, Les Lindberg, Wally Furst and Irv Fecenko had a very fine time in Waterford, New York. The men came in fourth in the tournament competition, just one point back of Iowa.

Ted Seabrooke of our Chicago office accom-

panied the boys on their journey to Eddy and acted as Master of Ceremonies at the banquet dinners. Ted also helped tabulate scores and points after each game. Many thanks to Ted for a job well done.

* * *

VISITORS

Recent visitors to the office were Sam Clow, Warren Whitney, Tom Ripley, and Bill Roberts. It's nice to see these people from our other plants and we welcome them to visit us soon again.

One of our retired men, Joe Chap, dropped in for a visit. Joe completed the bowling season with us.

A.J. Belew who handles our Gasteam products at our Dallas Office was also a recent visitor.

* * *

Marcella Czerechowicz recently left our office to become a full-time housewife, and in the not-too-distant future, a mother. We'd like to thank Marcy for all the wonderful help that she gave us in typing our entire Clow News.

Another of our girls, Georgiana Kowalik, leaves our Purchasing Department to take

up duties as a housewife and she, too, will soon become a mother.

We extend best wishes to both Marcy and Georgiana.

* * *

MOVING

Joe Cicero will move into a home of his own on the northwest side of Chicago soon, and Dan Osko expects to move into a new home that he is building in Des Plaines, Illinois, some time in August.

* * *

30 YEARS

Harvey Schoeman of the Heating Division of our Sales Department completed 30 years with the company on May 1st. Frank Schoeman, our Merchandise Manager who is Harvey's brother, has been with Clow for 27 years.

* * *

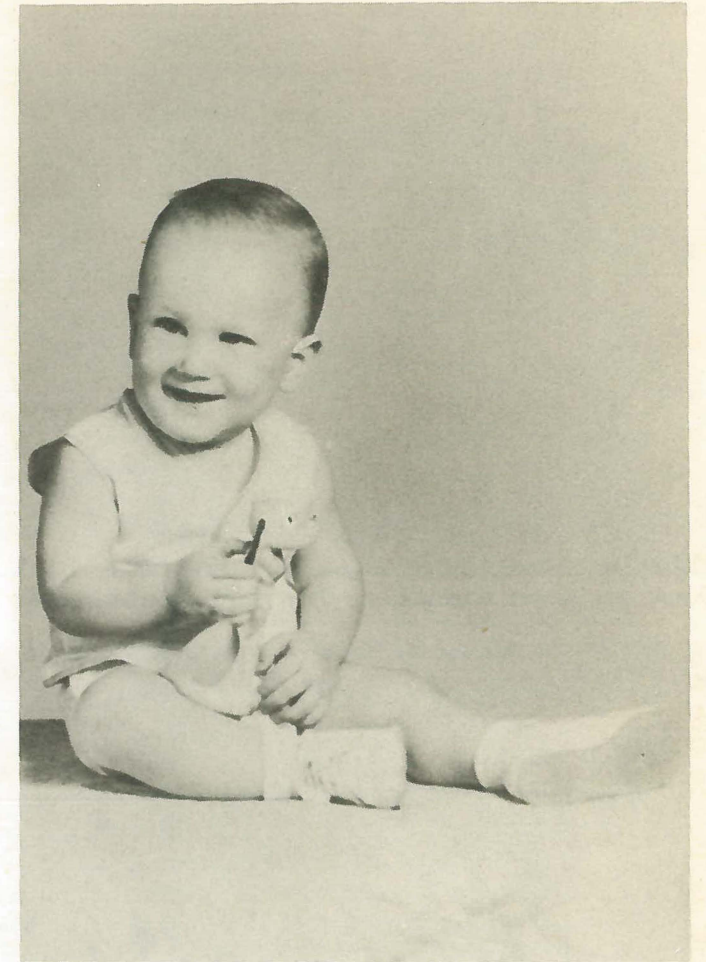

CONGRATULATIONS

We extend our congratulations to Millie Docimo who became engaged to Leo Sieja on April 28th.

* * *

et cetera

Marge Caccavari, Millie Docimo, Marilyn Davis, Georgiana Kowalik, and Betty Frazier recently spent an evening out together. The ladies had dinner at the Camellia House of the Drake Hotel, after which they attended a play, "New Faces of 1952"..... Virginia Power was awarded two bowling trophies recently. Virginia, who is quite an active bowler, received a trophy in the St. Francis Borgia League for high average and in the St. Priscilla Ladies League she received a first place team trophy..... Harry Lehman is sporting a new Buick..... Spraying the hallway on the 3rd floor, which leads to the lunchroom, with aluminum paint has given us a much brighter approach.

This smiling boy, one year old, is Randy "Tex" Crum of Austin, Texas. He is the grandson of Roy Allen, the Manager of our Advertising Department.

Lunch period has been reduced to a half hour in order that the office be dismissed 15 minutes earlier during the evening.....George O'Day became a grandfather when his daughter gave birth to a baby girl recently.

* * *

GOLF

We had an excellent turnout for the Clow Spring Tournament with a total of 41 participants including guests. Low scorer for the day was Jack Byers who had an 87. We might add that our weather for the day was the best we've ever had at a Clow Tournament. Let's hope we have as good a turnout in our Fall Tournament!

This foursome includes, left to right: Bill Douglas, John Kinnally, Tom Barnefield, Hank Stob.

Here's a foursome of young ladies that joined in making our Spring Tournament a success. Left to right: Dot Killeen, Marge Caccavari, Millie Docimo, and Pat Nelson.

A group of notable golfers playing in the same foursome were left to right: Rudy Krempels, Milo Marcis, Dave Nelson, and Dan Osko.

The scores must have been excellent in this foursome, or else they were just laughing them off. Left to right: Bob Mangan, Howie Norain, Grant Nelson, and Jim Healey.

Glen Carnahan, left, and Roy Allen relax after finishing 18 holes.

This threesome, left to right, includes Ted Seabrooke, Dan Haley (who tied John Kinnally for second best score of the day with 89), and Les Lindberg.

Bea Tarragano, left, and Dorothy Natter check their scores.

Left to right, Wally Furst, Hi Tarragano and Joe Arendt complete the day's round.

One of our mixed foursomes of the day was, left to right: Len Davidson, Virginia Power, Eleonore Zehnder and Dick Carpenter. Virginia had low score for the ladies.

CLOW 1952-53 BOWLING LEAGUE

Left to right back row: Tom Horgan, John Gee, Joe Chap, Hank Stob, Irv Fecencko, Rudy Krem-
pels, Jim Healey, Bob Hemphill, Dick DiDomenico, Ed Detmer.

Second row: Les Lindberg, Mike Lack, Glen Carnahan, Bob Heffelfinger, Frank
Hovinga, Dan Osko, Bob Haak, Art Gramith, Sub Kmiecik, Arnold
Fischer.

Third row: Elaine Zirzow, Marilyn Davis, Dorothy Killeen, Marge Caccavari,
Millie Docimo, Dolores Jahnke, Bea Tarragano, June Albertson,
Virginia Power, Doris Blaese, Ken Hersted.

Front row: Harry Stein, Ben Garland, Howie Norain, Bob Mangan, Wally Furst,
Dick Carpenter, Marty Bobber.

FINAL TEAM STANDINGS

1st Place.....PANTHERS) Tie
2nd Place.....BADGERS)
3rd Place.....COLTS

4th Place.....LAMBS) Tie
5th Place.....GOPHERS)
6th Place.....TIGERS) Tie
7th Place.....BEAVERS)
