WEIMER
FAMILY

DEDICATION

This book is dedicated to my Father, Walter Wesley Weimer, Sr. and my Mother, Ada Esther Wright Weimer, without whom there would be neither me nor the book.

THANKS

I wish to give thanks to Mrs. John Andrews of Roseburg, Oregon who was gracious and generous enough to share her information with me on the 350 series families.

I also wish to thank Mr. Vaughn H. Weimer of Lineboro, Maryland who provided me with information on the 168 series family.

And, last but not least, thanks to all of the other families who have supplied the information on their families, as well as anyone else who have assisted me in the gathering of the material and data.

" People will not look forward to posterity, who never
look backward to their ancestors."

Memories dim and are lost in passing on,
The spoken word flies with the wind,
But the written record remains,
Forever, to kith and kin.

This compilation is as follows:

Identifying number:

168BFAD

the number is the family identification number. Each member of the family will have this number, (example: 168).

the letters will denote the order of birth or discovery with each letter succeeding indicating the generation and order of birth or discovery. The letter "S" indicates Spouse, and any number following the letter "S" will indicate the order of marriage.

The listings will be in chronological order by alphabet in that children of a marriage will be listed under the spouse credited with the children.

Wherever an identifying number is in parantheseis, it is indicative of a legal change in the family permitting the person to attain two identifying numbers. This situation is extremely rare and the usual listing is one identifying number only.

A pedigree list or chart can be drawn by use of the identifying numbers and is left for the reader to draw.

Following is a list of identifying symbols used in the compilation:

(M) is male	(T) is true date or data
(F) is female	(r) is residence
(b) is date of birth	(o) is occupation
(m) is date of marriage	(Y) is Years
(d) is date of death	(M) is Months
(C) is calculated date or data	(D) is Days

Wherever there is an identifying number but no name, it is indicative that there is or was a member of the family meriting the number but the data is unknown.

The family numbering system was artitrarily done with the blocks categorized as follows:

0000 - 0099	Direct ties to authors immediate family
0100 - 0199	Ohio Weimers
0200 - 0299	Maryland Weimers
0300 - 0399	Oregon Weimers
0400 - 0499	Indiana, Michigan Weimers
0500 - 0599	Pennsylvania Weimers
0600 - 0699	Miscellaneous
1000 - up	Miscellaneous names not connected as above.

The number was assigned when the head of a family was established and pertains to where each originated.

Each person listed in this compilation will have at least one number. A number was assigned when the person is first listed and tertiary identifying numbers may have been assigned when placing the person in a particular family pedigree alignment.

The WEIMER name can be found in numerous ways of spelling. In all cases the spelling in this listing is as the name is now spelled by the family.

The spellings found were: WIMAR, WIMER, WEIMAR, WEIMER, WYMAR, WYMER, etc.

If the family now (1975) spells it WEIMER, that is the spelling used; if it is WIMER, then that is used.

GENERAL NOTES

1. There is some confusion between the Ollie Weimers, numbers 11 and 1121E. The record of marriage between numbers 1121E and 1121ES is true. Rumor has it, however, that number 11 married a Bert SHETLER, with the same marriage date. Both entries were made in this record with this note to caution about the discrepancy.
2. The 168 family came from the book, "The Descendants of Jacob Hochstetler" (I think that is the title), and I was even able to expand and add to this family from my research, which was a pleasure to me.
3. The 208, 209, and 210 families were obtained from the book, "Jonathan Lichty and His Descendants", a genealogy compiled by Fannie Stutzman and Dora Swartzentruber in 1960. Bless these ladies, and I think they have passed on.

I attempted to contact the Weimer's they had listed, but all letters I sent were returned by the postman. I regretted to see them come back, one by one.

4. The following book has been published, but I have not been able to locate a copy of it to date:

WEIMER. Biographical sketches and family records of the Gabriel Weimer and David Weimer families, assembled by Louise Crise Potts. (Rockvale, Tennessee, 1936) 270 p. illus. (incl ports., facsims.) CS71.W4258 1936

5. (By Betty Andrews, Roseburg, Ore.) The Geo. W. Wimer mentioned (Reference number 352BLJ) was not the brother to J. W. Wimer (Reference number 352BK, but was, I believe, a nephew Maybe the oldest son of Geo. W. was also named Geo. W. and he had already married?
6. This has been (publishing the book) quite an undertaking for me, and information kept creeping into one section after another causing various means of revision without having to re-do the entire thing. Please excuse these obvious ones, and if there are any errors, they certainly are not intentional.

The book on the Weimer family may not be complete, and I do not believe any project such as this will ever be completed to satisfaction to all; but I am satisfied that it is the most complete work to this date (August, 1975).

It may be improved on, and I urge you all to do so. Please, however, give me and my descendants the courtesy of the improvements, for which we will be very grateful.

Church of the Brethern (Conservative Dunkers or Dunkards)
Church of God (New Dunkers or Dunkards)
Old German Baptist Brethern

German Baptist Brethern, five conservative religions denominations which sprang from the Pietist movement in Germany near the close of the 17th century. The movement of the German Baptist Bretheren began its formal existence in 1708 when eight persons baptized each other by trine forward immersion. The sects are usually called Dunkers. The first church of the Brethern was organized at Germantown, Pennsylvania in 1723; it was composed of,

German Baptist Brethern, from Pietist movement in Germany near the close of the 17th century and began in 1708. The sects are usually called Dunkers, and the first church was at Germantown, Pa., in 1723. It is or was composed of a group from Grefeld, Germany in 1719.

Dunkers, are Pietistic, and conservative in theology, practice trine forward immersion. They observe the love feast with foot washing and greet each other with the holy kiss. They anoint the sick with oil. They cover the hair of women at church servive and wear plain clothing. They refrain from amusements and decline to bear arms, take oaths, or engage in lawsuits.

Church of the Brethren or Conservative Dunkers are the original body and the largest with over 1,000 churches and more than 180,000 members. The headquarters were or are at Elgin, Illinois. They preserve the original Dunker faith and practice.

Seventh Day Baptists (German, 1728) frequently are included in Baptist denominations. The church grew out of secession from the Church of Brethern in 1728 and was led by John Conrad Biessel. They founded a celibate and communistic colony at Ephrata, Pa. which is still standing although celibacy and community goods have been abolished. In 1946 there were only 2 churches and about 100 members. They are not to be confused with the Seventh Day Baptist Church.

GERMAN CHURCHES PAGE 2

Old German Baptist Brethern (Old Order Dunkers) left the original body in 1881 in protest against the laxity in observance of primitive Dunkers customs. They are the most conservative of all groups. They also practice "close communion". They cling to the oldtime manner of dress, and oppose a salaried ministry, missions, Sunday Schools, colleges, and lodges. In 1940 there were about 65 churches and about 3,500 members.

The Brethern Church (Progressive Dunkers) originated in 1882 in protest against strictness of the original body. They are a more liberal group. In 1940 there were about 150 churches with about 17,000 members. They preserve Dunker theology but liberalized the restrictions as to manner of dress, education and ministry. The Church maintains Ashland College and Publishing House at Ashland, Ohio.

Church of God (or New Dunkers) was caused by a secession of the Church of the Brethern in 1848. They adhere to the Dunker faith and practice but believe that Bible things should be called Bible names. In 1940, there were about 9 churches and about 800 members.

Dunker practices are observed by other religions; for example, Mennonites have adopted the head covering for the women. The Three River Brethern bodies (composed of the Brethern in Christ, Old Order or Yorker Brethern, and United Zion's Children) practice trine forward immersion and washing.

A TOWNSHIP SHOWING HOW THE SECTIONS ARE NUMBERED.

As a general rule the townships in Iowa were six miles square ---- having 36 sections each, each section being a mile square. Sigourney and Lancaster townships were exceptions since the North Fork of the Skunk River was used as a boundry line. However, the basic township was still the same. The townships as named could contain sections belonging to 2 different township squares -- as German Township contained sections in both 75 & 76 North & ranges 11 & 12 west. South Fork of the Skunk forms south boundry of Lancaster Twp.

Clear Creek & Richland Townships were in what was called the "Old Strip" and were for a few years attached to Washington County.

At point "A", there was an early post office called "Wimer's Mill Post Office". In later times the office was called "Manhattan".

THE LIBRARY OF CONGRESS
GENERAL REFERENCE AND BIBLIOGRAPHY DIVISION

REFERENCE SERVICES AND FACILITIES OF THE LOCAL HISTORY AND GENEALOGY ROOM

Location

The Local History and Genealogy (LH&G) Room is adjacent to the Annex Reading Room, on the fifth floor of the Library of Congress Annex Building.

Hours of Opening

The LH&G Room is open from 8:30 a.m. to 9:30 p.m., Monday through Friday, from 8:30 a.m. to 5 p.m. on Saturday, and from 1 to 5 p.m. on Sunday. The Library is closed on Memorial Day, July 4, Labor Day, Thanksgiving Day, and December 25. It is advisable to inquire in advance about the hours of service on other holidays. Volumes may be obtained from the Library's bookstacks for use in the LH&G Room. On Saturdays, however, bookstack service closes at 2:45 p.m.

Resources for Readers

In addition to the local history and genealogy publications in the Library's general collections, there is a reference collection of some 5,000 volumes in the LH&G Room. The reference collection contains various indexes, guides, and other works conveniently arranged for the use of readers. In general, books on genealogy and U.S. local history may be used only in the LH&G Room.

Special catalogs and indexes, most of them arranged by family name, are also accessible to readers working in the LH&G Room.

Services and Suggestions

1. A small reference staff is available in the LH&G Room to assist readers who come to the Library. The staff helps readers identify publications that relate to the subjects of their research, chiefly by explaining how to use the indexes and catalogs in the room.

2. The staff of the Library of Congress cannot undertake research in family history or heraldry. In

order to perform work of this nature satisfactorily, it is necessary to identify the particular branch of the family concerned, and, because of the time and effort involved, searches for this kind of information usually require the services of a professional genealogist or heraldic searcher. Some assistance may be obtained from Mrs. Donna R. Hotaling, Executive Secretary, Board for Certification of Genealogists, 1307 New Hampshire Avenue, N. W., Washington, D.C. 20036. She will refer inquirers to certified genealogists and record searchers who undertake, for a fee, this kind of research in the Library of Congress, the National Archives, and other information centers in the Washington area, as well as in local record repositories throughout the Nation. Another source is *The Genealogical Helper*, a periodical published by the Everton Publishers, Inc., P.O. Box 368, Logan, Utah 84321, which carries in every July issue an annual "Directory of Genealogical Societies, Libraries & Professionals" in the United States and abroad. Names of professional genealogists can also be obtained from the advertisements of their services carried in many genealogical periodicals. A convenient list of these appears in *Ulrich's International Periodicals Directory*, a standard reference work available in many libraries.

3. A complete transcript of the Family Name Index in the LH&G Room, as of December 1971, was published in 1972 by the Magna Carta Book Company of Baltimore. Entitled *Genealogies in the Library of Congress, a Bibliography*, and edited by Marion J. Kaminkow, it lists over 20,000 genealogies, including many in foreign languages. This two-volume work is available in many public libraries.

4. Genealogical books in the Library's collections are represented in its catalogs by cards filed under the names of the principal families concerned, e.g., DEAN FAMILY, HUNTER FAMILY, RUSSELL FAMILY. The cards provide details such as the name of the author, the title, place and date of publication, name of the publisher, number of pages, size, and the Library's call number for the

items described. Genealogical information does not appear on these cards. Files of such cards from the Library's Main Catalog can be photocopied to order. The unit rate is eight cents a card, with a minimum charge of \$3 for each group of consecutive cards, plus 25 cents minimum for mailing. An estimate of the total cost should be requested from the Library of Congress, Photoduplication Service, Washington, D.C. 20540. Such requests should indicate the names of the families in which the inquirer is interested. It should be noted that many family names are not represented by any genealogies in the Library's collections.

5. Inquiries for information on census and military service records should be directed to the National Archives, Washington, D.C. 20408.

6. The Library does not permit its books on genealogy, heraldry, and U.S. local and State history to circulate on interlibrary loan.

7. The Library does not have copies of genealogies for sale. Dealers in books, including out-of-print materials, may be able to assist in securing copies of publications. It may also be possible to purchase photocopies of out-of-print items. Detailed suggestions are given in a circular entitled "Out-of-Print Materials and Reprinted Publications," available free upon request from the Library of Congress, General

Reference and Bibliography Division, Washington, D.C. 20540.

8. If photocopies of items in the Library's collections are desired, the specific pages and material to be copied must be cited. Provided no copyright restrictions apply, photocopies may be obtained in accordance with conditions indicated in the order form, available from the Library of Congress, Photoduplication Service, Washington, D.C. 20540. As an example of the costs that may be involved, the charge for preparing an unbound Xerox copy of a 200-page book (page size 9" x 6") is about \$25. To copy a typescript volume of the same length, with writing on only one side of each leaf, would cost about twice as much. Packing and mailing charges are additional and will increase with the distance from Washington.

Bibliographies

The General Reference and Bibliography Division distributes free upon request two short bibliographies: *Guides to Genealogical Research; a Selected List of publications that tell how to trace ancestors, and Surnames; a Selected List of References on family names of many national origins.*

JOHN WESLEY WEIMER (1F)

Born July 11, 1863 in Coshocton County, Ohio. Most of his life he worked as a farmer of "hired hand."

He married Sarah Emma NOBLE on June 27, 1886 in Holmes County, and they were married by Rev. C. C. Ball. The marriage was stormy and worsened until they separated after having four children, a boy and three girls.

Apparently he was unsettled and lived at various farms and towns. As one of his grandsons recollects, "Farmer (hired hand) for probably last 15 years of life. Worked mostly around Navarre (Ohio) when on farms. Grandpa seemed to be pretty well respected as a Mechanic and Farmer in spite of wine and women weaknesses. A big rascal, stood well over 6 feet and probably weighed 200 pounds. Snow white hair. We lost track of him for a number of years until we learned, and I forgot how, that he had died at the Poor Farm."

And, a story told by one of his nephews concerns a roguish time when he was working for an insurance company and was supposed to be selling insurance and collecting the premiums. He supposedly was collecting these premiums from immigrant coal miners in the Eastern border of Ohio and Western Pennsylvania and led them to believe the money was for transmittal to their families in the old country and he pocketed the money!

He died, apparently of old age, an almost forgotten and an indigent in the Stark County (Ohio) Infirmary October 11, 1935 and was buried in a Potter's Field.

SARAH EMMA NOBLE (1FS)

Born in June (28th) 1865 and married in 1886 at Millersburg, Ohio to John Wesley Weimer (1F). Not much is known to me of her early life and her married life, except she did tire of her husband's philandering and they separated, apparently after the children were at least in their teens.

She then supported herself by practical nursing until no longer able to maintain a household for her and her daughter, Bertha Belle, at which time she moved in with her son, Walter (1FC). Shortly thereafter, she died, June 29, 1936 and was buried in the family plot she had bought in Evergreen Cemetary, New Philadelphia, Ohio.

*

BERTHA BELLE WEIMER (1FA)

Bertha Belle was born July 9, 1867 in Millersburg, Ohio. At the age of 3 she contracted measles which left her deaf. She never married, and most of her adult life was spent in various housekeeping jobs, and practical nursing to invalids. Her deafness did not seem to handicap her too much, although she taught herself how to read lips, and naturally her education suffered somewhat.

Soon after the invention of the electronic hearing aids (approximately 1940) she bought one and had it fitted to her. Her first reaction was one of fright for she heard the ring of a cash register for the first time. She wore the hearing aid for a short time and discarded it because "the world is too noisy." Whether she wore it again is unknown for she moved away from my town to the Canton-Akron area to other housekeeping jobs.

BERTHA BELLE WEIMER (1FA) (cont'd)

Up until her Mother (1FS) broke up housekeeping, she lived with her in Dover, Ohio and she was quite lovable and affectionate to all her family, especially the children, nieces and nephews.

She died in Akron, Ohio, and was attended to in her last years by one of her nieces, Bernita Wagner (1FBC).

WALTER WESLEY WEIMER (1FC)

While Walter celebrated his birthday on December 11, 1893, due to the method of filing his birth was actually recorded as March 30, 1894 for as the Deputy Clerk of the Stark County Probate Court said, "The records in those days were compiled from the reports of tax assessors once a year only, and we find quite a few errors in them, both as to spelling of names and dates of birth." And, even as the birth date was amiss, so was his birthplace for while he claimed he was born in Mount Eton, Holmes County, Ohio, the place of birth was registered as Bethlehem Township, Stark County.

His early boyhood was typical of the day and area, farming. Apparently the family was unsettled in that there are several different locations where he attended school within the area of the corners of Holmes, Stark, and Tuscarawas Counties. He only attended elementary school to the fifth grade when he was withdrawn by his father and commenced work as a waterboy at a brick plant.

Not much else is known of those early days until approximately the early 1900's (1910) when his Mother and sisters were residing in Coshocton, Ohio. During this time, he met and married Ada Esther WRIGHT (1FCS). They were married February 11, 1912 in the Baptist church in Coshocton, Ohio.

His principal occupations following the marriage were of the unskilled and semi-skilled type such as a salesman, brakeman on the Baltimore and Ohio railroad, a radio repairman and salesman of Atwater-Kent radios (Weber-Cramer, Dover, O.; General Electric, Wheeling, W. Va.), steelworker at American Tin Plate Co., and Reeves Manufacturing Co., of Dover.

In 1943 he developed Mononucleosis, a blood disease which further complicated to Leukemia (acute). Upon the advice of physicians, he and the family remaining at home moved to Manteca, California to prolong his life. For the last remaining years of his employment he was a maintenance man for Dameron Hospital in Stockton.

In 1950 the Leukemia became terminal, generating other cancerous areas and he died August 16, 1950. He was buried in Park View Cemetary which is located outside Manteca, California.

He was a good provider, father and husband. There were eight children.

ADA ESTHER WRIGHT (1FCS)

Ada Esther Wright was born July 10, 1893 in Coshocton, Ohio. Her Father and Mother were Judson and Harriett (Reed) Wright. She grew up in Coshocton and attended school in what was called the Walnut Street School building. She quit school in the 8th grade because of her Mother's health. She later sang illustrated songs in a local theatre there. After the songs wer discontinued she worked in the local telephone office. She met Walter Weimer while working there. After being friends for 11 months they were married by a Baptist minister named Rev. William Bridge.

BIOGRAPHICAL SECTION PAGE 3

ADA ESTHER WRIGHT (LFCS) (cont'd)

To that marriage 8 children were born. After the first son was born they moved to Dover, Ohio. In 1948 they moved to California. Walter passed away in California in 1950. Ada worked after her husband's death till 1954. She then had to quit and have surgery in Albuquerque. After the surgery she travelled and visited her children who lived in West Virginia, Ohio, California, and New Mexico.

In 1970 she came back to California where she lived with her son Ronald and wife for two years. She now lives at a hotel located on Main Street, Ventura, California.

MILDRED VIRGINIA WEIMER (LFCC)

Mildred (she used Virginia) was born December 19, 1915 in Dover, Ohio. Her early life was a general childhood experienced by almost every child of the depression times. She attended the Dover Public Schools through and graduating from Dover High School, majoring in the secretarial skills.

She met and married Donald Edward BORDENKIRCHER (LFCCS) who resided in Coshocton, Ohio and besides attending the Coshocton Public Schools was a football player on the varsity of Coshocton High School. He also had an excellent singing voice and was quite popular wherever he went that there was an opportunity and request for him to sing.

They were married April 20, 1935 at St. Paul's Lutheran Church in Dover, Ohio, and moved to Coshocton, Ohio where Don was employed by the Clow Manufacturing Co.

The marriage was almost out of a story-book as far as perfection, for each were level-headed, of good-nature, gentle, and kind.

A highlight worth mentioning, is that of the circumstances of the birth of their first son, Donald Edward, Jr. (LFCCA) was born prematurely due to Virginia wishing to be in Dover with her family for Christmas and a blizzard set in on their way back to Coshocton and the excitement, plus the ride, triggered the birth ahead of schedule; it was so close they barely made it to the hospital in time.

Also, the family lived in several small towns outside of Coshocton; Lewisburg, and the longest stay in Conesville, Ohio.

Virginia had always suffered seasonally with asthma or asthmatic symptoms and in the late 1940's she commenced having painful experience with her hips and joints. By then, her parents and younger brothers were living in Manteca, California where the weather was sunny and warm; they decided to move there. What courage, with 5 young children!

They did very well, living in Manteca which did, for all practical purposes, totally alleviate Virginia's health, as well as the remainder of the family's.

Virginia contracted cancer, however, and succumbed July 28, 1961. She is buried in Park View Cemetery located midway between Stockton and Manteca, California.

MARY JEANNE BORDENKIRCHER (1FCCE)

I was born Mary Jeanne Bordenkircher July 24, 1946 in Coshocton, Ohio. At the age of three, my family and I moved to Manteca, California. Although I don't remember too much of Ohio before that time, I have fond memories of traveling to Ohio nearly every summer for vacation and visiting as many friends and relatives as we possibly could.

I started first grade at Castle Elementary School; a small two room country building where we all seemed like one big happy family.

The summer before I went into Fourth grade, we moved into the town of Manteca, where I attended and graduated from Lincoln Elementary School. After graduating from Manteca Union High School in 1964, I attended San Joaquin Delta Junior College in Stockton, Calif. for one year majoring in Secretarial courses.

During that time I met Larry Douglas EVANS. We were married December 4, 1965. He had just been discharged from the U. S. Navy after serving four years as a Seabee (Construction Battalion). After his discharge, he went into the Construction trade.

The first year of our marriage was spent "on the road" traveling from job to job. We bought an 8' x 28' foot trailer and moved from Concord, Calif. to Kettle Falls, Wash.; Osborne, Idaho; Carlsbad, New Mexico; and Springer, New Mexico. We finally settled in Manteca, Calif. where our daughter, Tracey Noelle, and son, Larry Douglas, Jr., were born.

After approximately 2½ years, we moved to Southern Calif. where we have been ever since. We are presently living in Ventura, Calif.

As far as interests or hobbies; I enjoy reading, music, sewing, and Family outings. For the past two years, I have been co-leader of a Girl Scout (Brownie) Troop. Although I have enjoyed it, this is my last year.

We are extremely happy in our home. Lately we have put in a lot of time redecorating. Hopefully, we will stay here for quite a long time; at least until the children finish High School.

ROBERT EDGAR WEIMER (1FCE)

I was born November 24, 1926 in Dover, Ohio, a frail child, born what is commonly known as a "blue baby".

During youth, I led a carefree life with normal chores and an uneventful education through high school, making an average scholastic level.

I was ambitious, however, and commenced working at the age of 13 as a stock boy at a local 5 and 10¢ variety store. By the time I was a senior in high school I was working a full 40 hour week at Reeves Steel and Manufacturing Co., in Dover, and still going to high school.

World War II was in progress and in November, 1944 I enrolled in the U. S. Maritime Service and ended that career shortly after V-J Day, at the time being in Radio Officers school at Hoffman Island, New York, New York.

The hometown was rather dull after the bright lights of New York and I enlisted in the Navy and completed 4 years, being discharged as an Electronics Technician.

During my Naval service, I met and married Ellen Mae PRATT. We were married in St. Mark's Lutheran Church, Oaklyn, New Jersey by Rev. Heft on December 27, 1947.

After leaving the service, I worked for an electronics trade school in Philadelphia, Pa., and RCA Victor Division, Camden, New Jersey. We then moved outside of Washington, D. C. and I worked at the Naval Research Laboratories in Washington.

Since I was suffering from chronic sinusitis, we decided to move to the drier climate of New Mexico where I worked as an electronic technician for a radio station, a power company, and the U. S. Government. I retired, in 1974.

We have three children.

Life, and my wife, has been very good to me. I have not had to be harnessed to a disagreeable job or company and therefore have enjoyed what I have done as well as the mode of living. By having that capability, I was also able to progress into positions that paid higher than average salaries or wages than my limited education would merit.

Coming to New Mexico has given us a different slant on life and living, and given me the opportunity to have had a semi-ranch life, complete with cow-pony and a colt to train to riding. I was also a special deputy sheriff of Bernalillo County for several years.

In the social, fraternal categories I became a Mason and Shriner, and in keeping with the previous mode of living became one of the Shrine Clowns. I was a President of a union Local for 8 years, winning several large cases involving substantial benefits for the members and gaining many benefits for the rank and file.

I also produced this book, which I hope will be found an acceptable and worthwhile project among the numerous works and efforts I am doing and have done.

JOHN JAMES WEIMER (1FCG)

John, nicknamed "Jim or Jimmie" since birth, was born January 10, 1934 in the family home at 415 W. 11th Street, Dover, Ohio.

It is interesting to note that fourteen months later his youngest brother, Ronald Dale Weimer (1FCH), was born and nicknamed "Ronnie.". Throughout their young years these borthers were mistaken for being twins as they were about the same size and were dressed alike and so confused their Mother that she at times called them "Jimmie-Ronnie"!

John attended grade school at Dover Avenue School and on in to the 8th grade at Dover High School until the family moved to Manteca, California. There he attended Castle Grammer School and Manteca Union High School where he was active in sports and student council. Upon graduation in 1952, John immediately returned to Columbus, Ohio to live with his Aunt Nora and Uncle John Siegel and enrolled in Ohio State University

where he attended from 1952 to 1954. During college he worked in the business office at the Battelle Memorial Institute. Additional education was at Franklin University in Columbus, and later at Hartnell College in Salinas, California, from which he graduated in 1963.

John married F. Louise Linnabary, a Dental Technician, later a Bank Teller, on June 18, 1955, and moved to Albuquerque, New Mexico where he first started in his police career field with the Albuquerque Police Department. For a time he was also on the Reynoldsburg, Ohio Police Department, and later, on the police departments of Salinas, California and Manteca, California. He left the Salinas Department as a Detective to join the U. S. Treasury Department, Bureau of Customs as Criminal Investigator. The first assignment was to San Francisco, California. The climate was found unsuitable to the health of the family, thus the move to Manteca, and on to warmer climate of Albuquerque. There, in 1968, he was employed as a Claims Adjuster for the United States Fidelity & Guaranty Company. In 1970 he was transferred to Spokane, Washington as Adjuster-in-Charge, and in 1973 appointed as Special Agent for the Company, his current position.

Of the marriage to Louise (Lou), four children were born: Marcee Lou, John Howard, Sharon Jeanne and David Edgar, the latter being twins and believed the first twins of the descendency of Walter Wesley Weimer.

*

RONALD DALE WEIMER (IFCH)

Ronald Dale Weimer was born on the 21st day of March, 1935. The last of eight children, and the fifth son to Walter Wesley Weimer and Ada Esther Reed, Wright, Weimer. He lived twelve years in Dover, Ohio, residing in the house he was born in. In 1948 he moved to California where he spent the rest of his youth living in a ranch house with his parents, two brothers and a sister-in-law. His Father, Walter, was to live two more years, then to die of cancer, dissolving the Weimer home never again to be assembled. At fifteen years of age he was to become an experienced ranch hand, working for various ranches and dairies in the area. He had been drunk, participated in street fights, and become a man by sixteen years of age.

He discontinued high school in the tenth grade. In later years he was to study the social sciences to attempt to broaden his education. He was never to formally finish his education.

In 1952 he enlisted in the Naval Reserves at Stockton, California. His first experience at military life. Not satisfied with the Navy, he entered the United States Air Force in 1955. The next four years were spent at Edwards Air Force Base, California, as a Rocket Engine Technician. It was in the first year at Edwards AFB that he was married to Rochelle Dina Arnerich of Sonora, California. In 1957 they received a daughter, Laurie Rochelle. In February, 1959, Ronald was honorably discharged from the Air Force. He settled in Lancaster, California, working in aircraft for North American Aviation. By June, 1959, he was divorced and had moved from California.

He traveled from Los Angeles, California, to several states, stopping in Oregon, Arizona, New Mexico and Texas to work at odd jobs in the building trades to financially augment his travels.

In 1961 he went to Honolulu, Hawaii, where he lived a short time. He was forced to return to the Los Angeles area to recuperate from minor surgery. While doing so he lived with a woman, Margie Diane Dunman, whom he later married. They were to divorce within ten years.

BIOGRAPHICAL SECTION PAGE 7

RONALD DALE WEIMER (1FCH) (cont'd)

Ronald continued to reside in Southern California, Oxnard and Ventura, and worked in the building trades. When a recession affected the economy, construction ceased and he took a job as store clerk. He applied to Western Union Telegraph Company as a teletype operator and was hired. He kept this job until March of 1965 when he went to work for the United States Post Office in Oxnard, California, as a letter carrier.

In 1972 he divorced Margie Diane and lived as a bachelor until March, 1974, when he met a school teacher, Nancy Elaine Westfall. They maintained a secret courtship and married in Las Vegas, Nevada, on March 31, 1974.

He is a 32nd degree Mason having been raised 27 January, 1971. A member of Oxnard Masonic Lodge #341, the Santa Barbara Bodies of Ancient Accepted Scottish Rite Masonry, and the Al Malaikah Shrine Temple in Los Angeles, California. He became a member of the Order of Eastern Star Chapter #322 after marrying Nancy Elaine. They were initiated together.

His marriage to Nancy Elaine is considered by Ronald to have been his only real marriage and he lives a very pleased and happy marriage with her.

It is during the time of that marriage that this brief was drawn, and noted -- April, 1975.

HENRY WEIMER (144)

From letter from Ivadell Weimer dated March 17, 1973:

"Little late but Congratulations on your 25th Anniversary to you and your love (what is her name?). We are working on our 37th this November 20.

You have 3 children same as us, but ours are much older. We even have 6 grandchildren, 3 boys & 3 girls. Last of April our youngest Roland Walter, (Rollie) and Barbara is expecting, they have 2 sons, Brett 5 $\frac{1}{2}$ - Kevin 3 $\frac{1}{2}$ yrs. Rollie is a plumber, said we must be related because we sent him to Ohio State for 2 yrs. He came home told us he wanted to get married and be a plumber which as parents just about flip a lid.

When he read your letter telling us of the Weimer Plumbing & Heating in Canton, maybe now we can understand he is a "Weimer."

Robert, (Bob) says if not related one thing our minds run together on names.

I must say Walt, the boys and the other "Weimers" here are so called kind, considerate, determine, right until proved wrong.

We enjoy hearing from your brother Walt, he seems to be a very busy person, I bet he can really be the life of a party! He sent us some pictures of him and some friends at a Shrine get together.

HENRY WEIMER (114) (cont'd)

"Sorry I took so long before writing to him but us being farmers just couldn't believe anyone would be interested in us, shocked to know he cares about the JW's, he writes interesting letters as you do. But farming to Walt is one thing he most enjoys. I tell him its the new machinery he and Bob are always buying, of course, John Deere. They say you can't enjoy farming with old machinery. This past year was bad for harvesting so wet. It was January this year before finished getting stuck time after time, would take 3 tractors to pull the corn picker out. First time in history we had so much trouble. The price was good but did have to sell more due to moisture. We are having so much rain now that at times looks like a lake. Today started to rain - then sleet - tonight snow and blowing, we are drifted in tomorrow Walt will use the tractor to plow our drive out.

They ordered a new 4 wheel drive tractor last fall, got notice won't get it until this fall, but the new plow is in, no tractor big enough to use it. When good weather comes will be long hours. Part time labor is one thing hard to get here in Ohio. Relief (welfare) pays more than farmers and no work for it.

In February Walt & I went to Florida near Bradenton on the Gulf Coast for 3 weeks. My father has a winter home there. We stayed nearby. The weather sure didn't cooperate with us first 2 days, welcome us near 70° then rest of the time low 50° and 60°, that is cold down there. The rest helped my health. I have a problem with M. S. (Multiple Sclerosis) at times my eyes, writing, walking trouble me. It is a slow irritable type. I am too stubborn to let it get me down. (Ohio Buckeye)

I must ask does your brother Bill live in Northern Michigan. Our oldest son Richard seen Weimer on the Michigan map, they went there last summer couldn't find a town, ask a gas station attendant. The man said he knew of no Weimer, Mich. but said down the street some children playing were Weimers. The parents were not home.

I am sorry I don't have much information now on the Weimer background. Enclosed is a copy the Coat of Arms and Historiography probably you already have. I really didn't give too much thought about it but now hearing from you and Walt has stirred me up.

Walt has a cousin either knows or thinks he does. We were to see him, but gone at the time. Walt's Mother is 85 years. She told us what she knew.

There was 3 brothers, Henry, August, & Ila came from Germany in early 1800's, left a half-brother in Germany. The brothers came to Western Pennsylvania, then to the Northwest Ohio near Napoleon. Henry (Walt Grandfather) had 3 sons, Henry, Jr. - carpenter, George - Jack of all trades, Reinhard (Walt's father, youngest, born Oct. 14, 1875 in Henry County near Napoleon. He was a farmer but died young Aug. 1931. He had 5 sons,

D. P. WEIMER (121DC)

D. P. Weimer, farmer; P. O. Wilmot; was born Aug. 13, 1821, in Westmoreland Co., Pa., youngest of a family of three children, born to Peter and Catharine (Berkey) Weimer. He was born in Somerset Co., Pa., July 30, 1794; son of David, who had six children. The great-grandfather of our subject was a native of Germany. He died in Pennsylvania. David died in 1805; he had seven children, Peter, the father of our subject, being one of them. To Peter and Catharine were born the following - Sarah, Mrs. Jacob Brill, lived in Guernsey Co., Ohio, now dead; Lydia, Mrs. Peter Howenstine, died in this county; David P., the only one living. Peter was a blacksmith by trade, but a farmer by occupation, and came to Ohio in 1836, located in this township, and died in 1867; he was a Lutheran and a Republican. His wife died in 1831, prior to his coming West. Our subject was a lad of 15 when his father moved out here, and he lived with him until he was 22 years of age. For several years he taught school in the winter, farming in the summer. Aug. 13, 1848, he married Elizabeth Hurraw, born in 1817, in Somerset Co., Pa.; daughter of Adam and Rebecca (Lenhart) Hurraw, and by her had six children, Mrs. Weimer being the second in order of birth. The Hurraw family came West in 1832, and located in this township. After the marriage of our subject, he settled on the homestead, where he lived three years, then went to Wilmot and lived one year. Fall of 1853 moved to the farm he now owns, and has remained there since. Has served as Township Clerk fifteen years, and Township Trustee seven years. Always has been Republican. Is a believer in the mystical body of Christ, and a liberal supporter of the gospel, yet is not a member of any church society. Was converted in March, 1870, in a Methodist Episcopal Church at Wilmot, but never became connected therewith. No children.

FRANKLIN WEIMER (168BAI)

Franklin Weimer, farmer and agent; P. O. Beach City. The Weimer family are of the earliest settlers in the township, having come to Ohio as early as April, 1815. Gabriel Weimer, the father of the above, was born May 13th, 1801, in Somerset Co., Penn., son of John and Susan (Lenhart) Weimer, who were natives of the Keystone State, but whose ancestors were natives of Hesse Cassel, from which place two brothers emigrated, locating in Pennsylvania, previous to the war of the Revolution. The family of children born to John Weimer and wife were --Peter, John, Mary, Catharine, and Gabriel. John Weimer, the father of Gabriel, never came to this county; he died suddenly behind his plow while attending to his farm duties. Gabriel was fourteen years of age when he came to this State with one of his older brothers; they settled at Plainsburg, a point on the road leading from Beach City to Wilmot, where the family settled on land adjoining. Gabriel was apprenticed to learn the saddler's trade, working at New Philadelphia and at Steubenville, two years at each place; afterwards working one year at Canal Dover as journeyman. At the age of 21 he married Anna Overholser, who was born in 1802 in Somerset Co., Pa. Her parents were early settlers in Tuscarawas Co., O. She died in 1839, leaving eight children -- Elias W., Sarah A., Susan, Louisa, Josiah, Orlando, Caroline and Sybilla. Josiah died in 1842 aged 11, a very precocious lad. Gabriel was married a second time March 28, 1840, to Mrs. Eliabeth Brown, who was born March 29, 1811, in Fayette Co., Pa., daughter of Philip Dumbauld. She came to Ohio with her brother-in-law, Robert Ramsy, in 1831, and married John Brown, whose father was one of the first settlers in Tuscarawas Co. John Brown died in 1838 leaving four children --Joseph, Robert, Sarah, and John. Joseph and Robert were soldiers in the late war; the former died in the army. To Gabriel Weimer and his last wife were born six children --Franklin, Oliver, a soldier in the late war in Co. F. O. V. I., a member of the regimental band; after his discharge he re-enlisted in Co. K., 163d Reg. O. N. G., and died May 7, 1867, by disease contracted in the army. Rose A., now wife of Rev. W. M. Stanford, of Johnstown, Pa. Uriah, the next in order of birth, was twice a soldier also, and went out first in Co. K. 163d Regt. afterwards in Co. C. Jan. 10, 1865, in the 184th O. V. I., and served until the close of the war. Mary C. at home, and Solomon, the youngest son. All of the children reside in this township except Rose A. Gabriel Weimer was a staunch Republican, and served as Township Trustee and Treasurer for many years. He was a member of the United Brethren in Christ. Mrs. Weimer, since the death of her husband, has resided in the township on a part of the homestead. Franklin was born on the homestead Feb. 12, 1841, the eldest of the children, and was raised to farming, after which he began the life of instructor of youth, and taught thirteen years in all. Since 1880 he has been handling monumental goods, making bronze a specialty. July 23, 1874, he married Catharine Crise, who was born in 1851 in Somerset Co., Pa., daughter of George and Leah (Christ) Crise, natives of Pennsylvania, who came to Tuscarawas Co. in 1871. JAKE WIMER (352B)

From handwritten account by George Edwards written January 16, 1927 and printed
in Tillamook Memories, published in 1972:

Margaret Elizabeth Edwards was born in County Intrim, North Ireland (Scotch-Irish).
Had one sister Hannah Dinsmore Kinsman-Orison, two brothers, John and Robert Dinsmore,
both died in Louisiana from fever contracted from survey -- both were civil engineers.
Hannah had three boys and one girl. John was in the army and killed in Battle of
Shilo. Robert died in Virginia City -- was on his way West with emigrant train. Owen
is in Los Angeles in the cement "biz". Orson -- do not know of him -- he was small.

Joseph Rivers Edwards was born in Lycoming Co., Pennsylvania near Williamsport --
of Welch descent. Could speak Welch and German. He had two brothers, Bergman and
George Edwards. Sister Mary married Robert Kelly. She had a daughter Mary and George
lives in Pennsylvania. George died -- young man -- being in Pennsylvania.

TRIP ACROSS PLAINS IN 1863: Leaving Keokuk, Iowa, March 23, 1863 was the party
of Joseph R. Edwards, Margaret D. Edwards, his wife, two daughters and two sons,
George D. Edwards, Mary E. Edwards, John D. Edwards and Margaret E. Edwards. We went
to Oscalucia, Mahaska Co., stayed two days -- then on to Winterset -- stopped there
two days. Visited Aunt Hannah Kinsman west of Keokuk, Iowa -- then on across the
Missouri river to Elk Horn where we joined the JAKE WIMER party -- wife and two girls
and two boys. Eldest girl was married to a man named Chasteen. George and his
family -- his girl married -- Strong. There were six children in the JAKE WIMER family.
When we left Elk Horn there were 300 in party that traveled to Virginia City. There
were the Dyre Family, Thornbert family, WEIMER, had 12 men to take care of his stock
of which he had 100 head. The Edwards family had 4 head horses, 2 mules and 2 wagons.
We went up the North side of the Platt River -- stopped 3 days in Salt Lake City --
A Scotch family -- there were two boys, two girls and the mother in that family. We
all stopped at a mining town between Salt Lake and Virginia City at Rice River. We
fortified wagons in a corral to guard against Indians attack. Our party was well
guarded and armed. The party just ahead of us and just behind were massacred. We
next camped -- camped a few miles above the desert when the Indians came to camp --
begged for food and ammunition. We did not give it to them as we had been warned not
to do so. We started at 4:00 A.M. to cross the desert leaving the Indians behind.
When we arrived at Soldiers Station where we ask for water for ourselves and stock
we were refused, but on learning we crossed the desert and where we come from -- ask

JAKE WIMER (352B) (cont'd)

if we had seen Indians. We told them yes, and where we had left them. They gave us water and sounded the bugle and left immediately to look for the Indians. There were 40 soldiers in posse -- about 4 miles off the main road the soldiers found the emigrant train had been massacred by the Indians. The soldiers captured the Indians. They telegraphed ahead asking if we had relatives or friends in emigrant massacred. We came on without any trouble with Indians. The stage line was owned by Ben Holliday, which was guarded by 4 soldiers on each trip. We had to now reach Rogue River Valley where we stopped to visit a family -- name -- Mills at Jacksonville. We saw our first Rogue River salmon. I shot it and on weighing it -- found it was 60#.

This was indeed a feast on this trip. We also met a rancher who gave us permission to drive into his watermelon patch and camp nearby. This was a welcome treat after crossing the plains -- miles of desert and dust -- laden wagons. The man Thornburg still with us. --- Will now go back to the start and give as I can remember after leaving Iowa -- came across Missouri River at Omaha -- on North side of Platt River -- then through Salt Lake. At Virginia City on July 2, 1863. Then Peice River mining camp on Truckee. For a month we camped -- meadow on Truckee River bank. Met JAKE WELMER here. We stayed together to Oregon. Left the California Road -- came on to Susanville on North Side Shasta Mt. Struck Oregon-California Rd. about 50 miles North Yreka. Came over Siskou Mt. to Jacksonville, Oregon -- spent time to Fall -- thru Willamette Valley, went to Dayton -- camped with family named Turner a month. Then some of the party went to Tillamook. We decided to stay together. The folks were 5 days from Dayton to Tillamook. They rode horse and mules over the Old Alva Trail. Just a blind trail -- had to jump the mules over logs. Pat Russell, and I stayed in Portland to ship wagons on Schooner Ellen. This was in November. When Schooner came in she could not take wagons -- so we unloaded them and HH goods on dock where they sat all Winter. We stayed 6 weeks and walked to Tillamook. There was no bridge on Trask River -- we undressed and waded and swam across river.

Portland was only a village then -- was heavy timber on old post office ground. The ground where the present Meier and Frank stands was offered to me to clear another piece of ground adjoining it. Worked at odd jobs till Spring. We traded horses, mules and wagons for old Henry Haynes donation claim. We started in without team or wagons or mules. We broke ox teams to farm with -- using them to plow ground and sleds in place of wagons. We fenced both sides of road with rail fence with gates to lane. There were no buildings between -- to the landing where the Schooners landed, which were owned by George Webster Miller. George and John each took up homesteads. George's place was known as the Deil place. We made rales 10,000 for Vaughn -- then 10,000 for Bill Johnson and so we carved a home in the pioneer days of Tillamook and on to more civilized days.

ADAM & LYDIA WIMER (352AA) & (352A. AS)

Copy of letter sent to Adam & Lydia Wimer; sent by Adam Wimer, Father:

"Dear Son and Daughter:

We received your fine and welcome letter some time ago and was truly glad to hear from you and hear that you were both well and it found us all well, for which blessings we are thankful to our heavenly Father. Adam, you can't imagine how lonesome we feel to be deprived from the presence of so many of our children while in this world of sin and sorrow. We don't never look to see any of you in this world and it is to be feared never to meet in the kingdom of Christ where he will reign with his children one thousand years if you all live and die in that. I can't imagine where you never hear the Gospel preached in its purity. Read the 20th chapter of Revelations and hear what a promise it is there. Read the 3rd. chapter of the Acts of the Apostles, 22nd verse. That prophet was Jesus -- so we must hear and obey him in all things.

Adam, if you was here you could hear something that you have never heard since you left home. I will tell you about our crops -- what looks more promising than it has for many years but the spring has been middling wet -- corn is doing well -- grass and all kinds of grain looks well. Old Lady Conner is still alive.

Adam, how bad me and your old mother would like to see you and Lydia and the baby.

We have some very able preachers -- David Brower for one. Lydia has heard him but you have never heard him preach. We was down to meeting last Sunday. We have built a meeting house near to Campbell's. Lydia knows where it is. Jacob Lang's are

well and doing well. They have three boys. Lavinia is well. She has four living children.

Well, Adam, we would like to know in your next whether you intend to ever come back here or not. So I will fare you all well from your father and mother Wimer."

The funeral services will be held at the family residence at 10 o'clock, a.m. May 14, and the remains will be laid to rest in the Norway Cemetery at 2 o'clock of the same day.

BIOGRAPHY OF JACOB WIMER

(sketch of a model life and noted Man in Southern Oregon)

Jacob Wimer the subject of this sketch who after a brief illness, died at his residence on the Coquille River, May the 12th, 1889 was born of poor German parentage in Bedford County, Pa., on the 9th day of April, 1816.

In the 17th century, his ancestors renounced the rule of the German emporor and took their places in the then rude colonies of the United States. He spoke both the German and English languages.

Though he was known as a remarkably "clear headed" and successful business man, he was self educated having attended school but six weeks and that after his marriage. His father immigrated to Marion County, Ohio in 1818; he was married to Miss Catherine Markel in Delaware County on July 16, 1836. Elelven children were born to them, his wife and five of whom survive him. In addition they raised four adopted children, one of whom, a nephew, (John Bucher) is now the sheriff of Modoc County, Calif. His first move after marriage was to Washington County, Iowa, settling at the present site of Richland; he was ever after a moving man, never remaing five years in one place. Though it is said "a rolling stone gathers no moss" he seems to have partially disproven this theory for he prospered whenever and wherever he saw fit to "cast anchor". He moved many times over the states of Iowas, Missouri, and Oregon, comeing to this state from Iowas by horse and mule train in 1863. He built mills, owned stores and farms wherever he went and was invariably successful. For two years after settling in Iowa he was the only white inhabitant among the numerous Sax and Fox Indians who then held that country suffering many privations, hardships and dangers. At one time while away to Burlington for supplies, his family subsisted for over three weeks on a half bushel of corn, eating but two meals a day. Among his business ventures may be named the building of the following mills: Saw mill on main Skunk River, Keokuk county in 1842. This says the historians was the first mill built in the state of Iowa. Flour and saw mill on north fork of same river, 1844. Flour and saw mills called "Union Mills" near Oskaloosa, Mahaska County 1848. "Manhattan" flour and saw mill near Lancaster, Keokuk County, 1855. This was at the time the finest mill in the state. Steam flour and saw mill near Elkhorn, Ray County, Mo., 1857. Flour mill at North Yamhill, Oregon, 1865. Flour and saw mill at Phoenix, Jackson County, Oregon 1871. Flour and saw mill at Murphy, Josephine County, Oregon, 1875. Besides these, he owned other mills, distilleries, dealt largely in many other branches of business, including land and stock; (Gen. Jas. A. Williamson, land commissioner at Washington under Grant was at one time his partner, buying and driving fat hogs.) At another time he owned a negro woman whom he set free in 1859. His last business venture was at Waldo, Ore. in 1877 when he became the head of the firm of J. Wimer and Sons. The firm, by his direction and good management opened the "Waldo Hydraulic Placer" gold mine which yielded largely and is doubtless the best paying placer mine in the state. The firm also constructed a fine mountain road from Waldo to the coast, a distance of sixty-five miles at a cost of \$20,000 which would have paid a handsome return but for the completion of the overland railroad from Portland to San Francisco; they also operated a large store at Waldo and a branch store at

JACOB WIMER (352B) (cont'd)

Murphy in connection with their flour mill. At one time he owned the "Mountain House."

(Here at this point the clipping had been torn and I wasn't able to determine what was printed for about one inch of the column.)

He was a great lover of his children and distributed by gift the sume of \$7,000 to each of them.

The following may be mentioned as a few of the most important incidents of his life: during boyhood he worked in the snow without shoes; owned but one horse and wagon when he removed to Iowa; Government dragoons ordered to burn his property because it was on Indian lands in 1842 (the officers did not carry out the orders); lost nearly everything in flood in 1877; the Kansas trouble and civil war nearly broke him up; killed the only buffalo that was captured by his train on the plains; had mountain fever and mumps both at once on the plains; at one time knew every man in Iowa; never lost a lawsuit; never insured but one building; never suffered a loss by fire; never gave but one mortgage and never made an assignment. Prairie fire swept over possession in 1839 his family fleeing for their lives.

He had a wide range of warm personal friends where he was known. The high esteem in which he was held in Iowa, is best told by the "History of Keokuk County" by S. A. James. It says: "two of these early settlers deserve special mention; William Searcy and Jacob Wimer, the latter proved to be the most valuable accession which had up to this time, been made to the little colony. He was a man of the most invincible energy, possessed of other staring traits of character and moreover a practical millwright. No man did more to advance the interest of the early settlers and to develop the resources of the country, than he. He was a man of great benevolence, and many still living in the country have reason to remember him with feelings of gratitude. In all public enterprises whether for a charitable object, a church building, a bridge, or any other thing to enhance the general good, Mr. Wimer was always among the most liberal." His last move to Arago, Coos County where purchased a beautiful home in the midst of "flower, fruit and vine" overlooking the Coquille River and where amid plenty he was perfectly contented until his once strong body and mind gave way to disease and death. He amused himself by fishing in the little brook that runs in front of his house, and by riding on the diminutive steamers that ply the river; his last ride being by special charter of the steamer "Ceres" which conveyed his remains to their final resting place at Norway, Coos County on May 14th, 1889. Funeral by Rev. Samuel Barklow. He was laid away by tender loving hands and the severe test for his loving family to lose his wise counsel and to see his bare body and congenial face covered forever beneath the clods of the valley but:

LEAVES HAVE THEIR TIME TO FALL,
AND FLOWERS TO WITHER AT THE NORTH WINDS BREATH,
AND STARS TO SET --- BUT ALL,
THOU HAST ALL SEASONS FOR THINE OWN, OH!
DEATH !!

From Myrtle Point Enterprise, issue of Apr. 8, 1899:

Mrs. Catherine Wimer, age 83 years, died at the home of her son, J. W. Wimer, near Roseburg, Mar. 28, 1899. Mrs. Wimer was a pioneer of this section, came here with her husband, Jacob Wimer in the 50's. He opened up the big placer mine at Waldo, now owned by W. J. and Geo. W. Wimer and was one of the progressive and preserving pioneers. Of the eleven children born to them only 4 are now living. They are Geo. W. and W. J. who reside at Waldo, J. W. Wimer with whom the deceased was residing when she died and Mrs. Lewis Strong, who resides near Myrtle Point. Jacob Wimer passed away ten years ago at the ripe age of 73 years.

Page 197: The Wimers' advent into the settlement ten years back was an addition to the community.

Fishtrap creek, so named from the fact that the natives had numerous traps at and near the mouth of this stream when the white man made his appearance, is located north of Arago. This is a beautiful valley and its dairy facilities are first class and the patronage of farmers, living on this stream, at the creamery is of great importance.

ALLIE WIMER (352BEC)

BAKER-WIMER: The marriage of William Baker of Myrtle Point and Miss Allie Wimer, of Arago, was solemnized at the residence of bride's parents on Wednesday April 8th, 1895. Mr. & Mrs. Baker are well known here and made their many friends a brief wedding visit last Friday, when our office, among others, came in for a pleasant call and also a remembrance of a liberal supply of wedding cake. May their journey through life be marred by no unhappiness and crowned with success.

LEWIS & CATHERINE (WIMER) STRONG (352DGS & 352EG)

From "Portrait & Biographical Record of Western Oregon" (1904)

It is fitting that one who, at his birth in Sullivan County, Mo., on February 14, 1843, was named in honor of Capt. Meriweather Lewis, should in later life become intimately associated with the state whose glorious possibilities were brought before the notice of the world largely thru the explorations of the vigorous pioneer. Lewis Strong, who is himself one of the resourceful citizens of Coos County and Myrtle Point and a descendant of pioneer ancestry, is a son of Elisha William and Maria (Peterson) Strong, the former born in New York in 1808 and the latter a native of Ohio, born in 1818. At twelve years of age Elisha W. Strong accompanied his widowed mother to Ohio and later to Montgomery County, Ind., where he married Miss Peterson. In 1842 he settled in Sullivan County, Mo., but three years later again changed his abode, settling in Wapello County, Iowa. The following year he bought farm land in Keokuk County, the same state, and there he remained until his death, which occurred in 1873, at sixty-five years of age. His wife also died on the Iowa farm, her demise occurring in 1895. They were the parents of three sons and three daughters, of who Lewis was the second born. While he was still young his parents removed to Iowa and there he was sent to the country schools.

Before the west had become the home of a prosperous and large population, Mr. Strong identified himself with this section of country. On March 15, 1863, he left his old Iowa home, bound for the Pacific coast. The plains were crossed with a mule team. On the 2nd of July he arrived in Virginia City, Nev., where he secured employment. Leaving there on the 15th of August he crossed the Sierra Nevada mountains and proceeded via Mount Shasta through the Willamette valley to Tillamook, Ore. Early in 1864 he went from there to the North Yamhill river, Yamhill county, and embarked in the sawmill business. On selling out in 1867 he removed to Applegate, Josephine County, where he bought a farm of one hundred and sixty acres. Four years later he sold that property and moved to Phoenix, Jackson County, where he became interested in a flour-mill business. His next removal occurred in 1876, when he settled at Applegate and bought a flour-mill, after having first operated it under a lease for some time. At the time of purchasing the mill he bought three hundred and twenty acres of land. Lacking the ready money to pay for this purchase, he was given time until the necessary amount was earned. In 1889 he sold the mill and farm for \$8,400 and then came to Myrtle Point, where he bought one hundred and eighty-six acres three miles south of town on the south fork of the Coquille river. This is said to be the finest farm of its size in Coos county. The property is still in his possession, but since 1899 has been leased to other parties, and he makes his home in Myrtle Point. To a large extent he has retired from active labors, although he acts as agent for Stover's gasoline engines and the cream separators manufactured for the Mitchell, Lewis and Staver Company.

While living in Iowa Mr. Strong married Catherine Wimer, a native of that state, having been born April 8, 1845. Her father, Jacob Wimer, a Pennsylvanian, settled in Ohio and from there went to Iowa in 1840, settling in Keokuk County, and erecting and operating the first sawmill in that county. Somewhat later he gave his attention largely to the building of mills in Missouri, where for three years he made his home in Ray county. On his return to Iowa he resumed milling in Keokuk county. During 1863 with his son-in-law, Mr. Strong, and other members of his family, he came to Oregon, where the following year he bought a farm on the North Yamhill river and build a mill for the manufacture of flour. Selling out in 1867, he moved to southern Oregon and purchased the Mountain House property at the head of the Rogue River valley, the same consisting of hotel, feed barns, stage barns and land. Two years later he bought the Phoenix flour-mill property at Phoenix, Ore. In 1871 he erected another mill on the same ditch and operated the two properties. When he sold the mills in 1875 he

settled in Applegate and built a mill which his son-in-law, Mr. Strong, later purchased. The year 1876 found him in Waldo, Ore., where he conducted a mercantile business. With his sons, G. W. and W. J., he became financially interested in the Simmons mine, which brought him a most gratifying return. Somewhat later he disposed of his mining interests to his sons. In 1887 he settled at Fishtrap, near Myrtle Point Coos county and two years later died on that homestead at the age of seventy-three. In many respects he was a remarkable man. Both mentally and physically he was strong, keen and vigorous. It was his good fortune to have the mental acuteness necessary for the formation of large enterprises and the physical strength necessary to carry the same to a successful consummation.

In the family of Mr. & Mrs. Strong are the following named sons and daughters: James Franklin, and William Jacob, who are farmers; Lucy A., wife of E. W. Jones, who lives near the home place; Henry A. and Louis M., both of whom are farmers; Viola L., wife of S. W. Warner, a farmer residing near her father's home; Alice A. and Alberta G. (twins), the former married to C. L. Neil, of Harney county, Ore., and the latter the wife of William Floyd of Riverton; Homer E., deceased; John G., at home; and Ralph E. and Eva I., both of whom are deceased. Though not a member of any religious organization, Mr. Strong contributes to the Methodist Episcopal Church South, with which his wife is connected. In former years he was an active worker in the Democratic party and held numerous local offices, including those of school director and road supervisor. Fraternally he is a member of Myrtle Lodge No. 78, A.F.&A.M., and the Order of the Eastern Star, No. 24, also Myrtle Grange No. 289 and the Patrons of Husbandry.

From Southern Coos County American Newspaper, November 12, 1925:

L. STRONG, 83, WRITES OF TRIP TO OREGON IN 1863

At the request of the Editor, I am writing a description of our trip across the plains in the year 1863, written from memory:

"Was married to Catherine Wimer on March 3, 1863 and on March 15 was started for Oregon in a light schuttle wagon with 4 mules for motive power. Loaded the wagon with all our supplies for the trip on backs. Got caught in snow storm at Belfontaine on the Des Moines river. Too ugly to camp out so put up at hotel, lived on 5 cent eggs and other good things for a few days. At Winterset, Iowa everything was frozen up, but we lived through alright.

At the county seat of Cass county, I think it was, there was only one house. Passed through Council Bluffs which was a small village and ferried the Missouri River to Omaha. My father-in-law, Jacob Wimer, with a lot of horses and mules, was the main spoke in the wheel of this outfit.

Omaha was only a small town. We went to Elkhorn river, which was about 19 miles west of Omaha, to lay by and feed the stock until grass came. My principle occupation was to catch catfish in the Elkhorn river and kill enough prairie chicken for our mess of about 18. It was some job -- have not forgotten about it yet.

OREGON OR BUST. On April 24 we started out on our long camping trip, bound for Oregon or bust. Travelled up the beautiful Platte valley where there were only a few settlers. About Loop Fork we met a soldier messenger going to Fort Kearney, about 15 miles south, to report the soldiers were having a battle with the Sioux Indians, a short distance to the north, farther up at Ancient Bluffs Ruins.

A child was born to the wife of Adam Wimer and we laid by one day. I visited the A. B. Ruins, which very much resembled a ruined city, with streets, cross streets, blocks and chocks of stone wall of which were 20 to 30 feet high. A wonder and a freak. How nature made it and what it was made for has always puzzled me.

MANY BUFFALO & ANTELOPE. One day a band of antelope was feeding in a bend of the Platte river. Our 40 wagons nearly closed the gap. They started to get behind our train by running. They ran for some distance parallel with us. About every man took a running shot at them. If we hurt any of them they did not complain - and we were all hankering for antelope meat, too.

Later on one day about noon we sighted a band of buffalo at the foot of the sand hills, about 4 miles north. Two of our men promised us some buffalo meat, and they set out, one mounted on a horse and the other on a mule. We were pretty sure of a feast on buffalo meat, but you never can tell. We drove on until we found a good camping place at about 5 o'clock, made camp hobbled our stock, had our supper, but not a sound from our hunters. Fired guns, put out guard and waited events. Got pretty uneasy late in the night, thinking they might be going to bring the whole buffalo herd into camp.

Their report was that they had ridden up to what they thought was gun shot from the herd, then the man on the mule dismounted, tied the leather halter strap around the mule's leg, pulled its head down and tied the strap in a bow knot. They fired on the buffalo herd. They started to run, and the mule also wanted to get away, and started, stepping on the end of the halter strap, which intied it and away it went after the buffalo. The man on horseback took after the mule. The sand hills are not high and lay in parallel lines about 150 yards apart. The buffalo were on one ridge, the mule on the next and the man and horse on the next. The man's horse got winded and that was the way we lost our buffalo meat and the mule.

We laid over one day and sent an expedition to see if we could recover the lost mule, but did not find it, or any symptoms of it or any other meat.

RACE FOR CAMPING SPOT. We traveled along the Platte river for some time without incident. Finally at noon one day a wagon train was taking dinner by the side of the road. They were an outfit taking horses to California.

Their method was a light wagon with 4 horses attached, then a long rope, to the end of the tongue and a span of horses to end of rope and between about 24 horses were tied to rope, which made quite a long string of horses. We passed them while at dinner.

Our train of, I believe, about 40 wagons was led by a 6 mule-team, single driver.

After dinner, they undertook to pass us. Of course we had the road and kept it. They went galloping along outside the road, over the rock, their wagon bouncing and jumping around to beat the band. Finally their light wagon got ahead of our 6 mule team and slowed our train down. They all got passed a good camping place where grass and water was plentiful.

Our wagon master rode a mule, theirs a horse. As soon as they saw how it was, they lit out to lay claim to the camping place. The mule won. Our wagon master was off with his pistol drawn and ordered the other one to go on, which he did. We never saw that train again.

REACH ROCKY MOUNTAINS. When we left the Platte river we came up the Sweetwater, which is a tributary across the Black Hills, to Independence Rock, then by Devil's Gate, which we found was the Sweetwater running not over or under the mountains but through. We gazed from dizzy heights at the roaring water below. Within a day or two we crossed the Rocky mountains.

We were told many times that it never thundered west of the Rocky mountains, but the day we drove down the mountain toward Green river we had quite a severe thunder-storm. Ferried Green river, passed near Fort Bridger and on to Salt Lake City, across foaming rivers, through Echo Canyon, into the beautiful valley around Salt Lake City.

At that time Salt Lake City was not a large town. They got many of their supplies from Omaha, Neb., 1,081 miles by heavy horse, mule or ox teams. They would load their wagons with flour, bacon, potatoes, oats and other grains and sell them to westbound emigrants. Salt Lake City and surrounding country looked very beautiful to us after our long trip through Wyoming.

ESCAPE HOSTILE INDIANS. After staying a few days in and around Salt Lake City we headed for Virginia City, Nevada, going around the south end of the lake. Laid by at Indian Springs for one day to prepare for crossing 45 miles of desert. Here we commenced to get into hostile Indian country. We were forbidden by the soldiers to trade with the Indians.

At this time the U. S. mail was carried in 6 horse coaches and generally two or three soldiers were riding on the coaches. At Indian Springs a white man came to our camp and stated that there was a band of friendly Indians camped near by and it would be all right to trade with them, that they were in his employ herding government horses. They came into camp, we traded quite freely with them.

In the evening we started across the desert, traveled all night and at 10 o'clock that next day we got across to a station where there was a company of soldiers stationed. Our boss, Jacob Wimer, told the captain of the episode with the Indians. He went up in the air and swore that was a renegade white man with the Indians.

In the meantime, as we left our camp at Indian Springs 3 or 4 wagons of people stopped at our camping place. That night they were attacked and murdered by the Indians. The captain telegraphed to a station farther east for soldiers and sent his. Three days later there were 17 Indians piled up dead by the side of the road.

INDIANS BURN AND KILL. As we traveled west we could see Indian signal fires around the hills and mountains, but they did not attack our train. At Canyon Station farther west, stage horses were kept and a bunch of soldiers were stationed.

One day all went to dinner at a house, which was some 50 yards from the barns, and left their guns in the barn. The Indians came out from among the rocks and attacked the barn and station. The station man had a Sharps rifle, which he used as long as he could. The soldiers in the barn did all the shooting they could. The Indians set the barn and house on fire. The soldiers in the barn mounted 2 stage horses, opened the door and rode out. One was killed, the other shot through the neck but got away and met an emigrant train some miles out. He related the incident and died that night.

CROSS NEVADA DESERT. Those were unpleasant episodes, but have to be endured when they come. We meandered our weary way through the sage brush, jack rabbits on every hand and alkali dust knee deep in places. As soon as the wagons got past the dust the dust would run back in the rut and look quite innocent.

Close to Reese river in Nevada we came to 2 small tent houses or camps called Austle & Jacobnice, right in the desert. There had been two silver mines discovered. There was quite a large desert valley on the Reese river and very little water in the river. With water and cultivation it would no doubt have blossomed like a rose and may be doing so at this time. Farther on we came to Carson river close to sink of the same. Quite soon we came to Virginia City, Nevada. The silver city of the west was some camp showing what paying mines will do for people. Came down to Truckee river and laid up for a month to look around, get some work and well, see how we liked it there. There was no doubt there was a fine opening there for us, but we failed to see it, and headed on for Oregon or bust, and got in touch with some reports from Polk county where they advertised that potatoes and turnips grew as large as cook stoves. Probably there are not many alive of that outfit now and if so they may be looking for those large ones yet.

Part of our train left at Virginia City, went north and discovered Surprise Valley and settled there. The balance headed for Oregon through Harney Lake valley, which was very beautiful, but the lake looked rotten.

Then across the high table land to Shasta Lutte. Came around the north side of same on August 15th to Sheep Rock and Little Shasta, in California, and then on to Rogue River valley where we stopped and looked around for awhile, then north to Corvallis, or where it is now, and sent prospectors to Acquina (Yaquina) Bay and Elk river. Did not like the looks, went to Tom Turner's ranch near Dayton, Oregon.

TRY TILLAMOOK FOR A WHILE. Sometime in September decided to go to Tillamook. We seemed to be hunting for the wild and wooly west and were getting close. In there was a trail from North Yamhill river to Tillamook. We took our goods to Portland to be shipped, all except what we wanted for immediate use.

It would have required some time for us to pack across the mountains, some 50 miles. None of us had ever seen a pack put on a mule or horse. We made our own pack saddles, and to say the least it was some packing outfit. We made 3 miles the first day and had some things scattered from start to finish. Got camp made at about 9 o'clock at night. From then on we learned a little and got along better.

Going down the Trask river Father Wimer shot a big salmon, which introduced us to that kind of fish, and we found it good, and I still think it good. We stopped in Tillamook for a while among the big potatoes and turnips. They were building a schooner to go to Portland for flour and supplies. By the time they got it done the bar was so rough it could not get out for a long time. Got out of flour, tobacco and whiskey. Hired Indians to go to Clatskanie and carry in some tobacco and whiskey, substituted potatoes for flour and got along well. In one month the boat made the trip and all was well.

HOW TILLAMOOK GOT WHALE. There was a band of Indians camped near by. Their chief was Sampson. They lived principally on potatoes and salmon, which were both plentiful, but they wanted whale meat and oil, so their chief took the usual way of fishing for whale -- by a 10 day feast. This was the chief's job. The others danced to their own music. Sometimes of a night I would go and hear them. Their antics were not bad. At the last the chief had to lay on his blanket, could not get up -- too weak.

And sure enough, the next day after the 10th, word came up from the mouth of the bay, some 15 miles away, that a whale was stranded on the south spit. Then the Indians got busy transporting Mr. Whale to their store houses. One squaw would carry one piece about 18 inches square and a foot thick and a pony two. It did not take long to move Mr. Whale to their shacks. Then they prepared Mr. Whale by taking the large intestines for a container, tying one end to a post and filling it with oil and proceed to drink this in about the same as we do coffee or tea, only in place of cups they used large clam shells, and from appearances I judged they enjoyed life very well.

LIFE ON THE TRAIL. It seemed to rain all of the time, so A. Wimer and wife and two children and myself concluded to get out. So on the 2nd of February, 1864, with a favorable day, we started away. Trask river being too deep to ford, we came over the North Trail. Never having been over that trail we got a resident of Tillamook who was familiar with the trail to pilot us over the trail.

We traveled over the divide between Trask and Wilson rivers. But the best laid plans of mice and men go oft awry. It soon got to storming snow and rain and much fog. Our man got lost many times. Had to retrace and get a new start.

The 3rd day we got to Saddle Buttes, about the summit of the Coast Range, as cold and wet as could be, and about out of food and horse feed, built a fire to get warm by and get a bite to eat. The matches we had were somewhat damp and in trying to dry them by the fire they caught and were consumed. This left us in a serious condition.

Our guide said if we could travel fast he thought he could get us out of the Taulatin river by dark, but dark found us up on the mountain trying to find and keep on the trail, climbing with our horses over 6 foot logs. One of our men in hunting for trail ran his hand into the bark of a big dead fir tree. Inside the bark was dry. So we got out a shot gun loaded with powder and cotton out of a bed quilt. After snapping a while we got it to fire and we soon had a fire and we soon had a fire to the top of the tree.

We had a little flour. By mixing it with water and rolling it on a peeled maple stick and standing in front of fire, gave us some very good bread. Anyway, we did not starve.

The next day at 19 o'clock we got to Mr. Peaton's ranch on the Tualatin valley where we were fed and treated like we were kings & queens.

WRITER PASSED 83 YEARS OF AGE. I was one month over 20 years of age. I am now 83 and after many ups and downs. Good wife is 81. We have 9 living children and numerous grandchildren. Am still scratching around for something good, don't know what unless it is a pension."

LOUIS STRONG, EARLY MERCHANT & DAIRYMAN (352EGS)

From Myrtle Point Herald issue of April 18, 1929:

Lewis or Louis Strong was born Feb. 14, 1843 at Brush Creek, Mo. and died Apr. 12, 1929 at Myrtle Point. When small his parents moved to Keokuk Co., Iowa.

Married Mar. 3, 1863 to Catherine Wimer and the next day the couple joined an immigrant train to start west. Parents of Mrs. Strong were members of the party. It was a thrilling trip -- train threatened by the Indians several times. Arrived at Tillamook county.

The Strongs and her parents went to Medford where Mr. Strong was engaged in a grist mill for several years. In 1889 the family came to Coos county and took a home on government land along the North Fork of the Coquille River.

In 1902 they moved to Myrtle Point where he engaged in the hardware and implement business. Survivors: widow; children: J. F., Santa Cruz, Calif.; L. M., of Eandon; Mrs. Eugenia Floyd, Riverton, Ore.; Mrs. Alice Neil, Chinock, Wash.; J. C., W. J., Henry A., Mrs. Lucy Jones and Mrs. Viola Warner all of Myrtle Point. Buried at Norway.

Mr. Strong was one of the earliest dairymen in Coos county. There were no passable roads until late in June, at the time he began milking a few cows. He packed his milk up and down the river bank and hauled it in a small row boat to the first creamery built on the Coquille river. It was operated by W. L. Dixon, receiving about 13 cents per pound for butterfat. The creamery stood on the river bank about where the Union Oil station now stands.

A little later W. H. Erdice came from the east and built the old Sugarloaf cheese factory, located south of the present depot. By manufacturing the milk into cheese, Mr. Erdice was able to pay considerably more for butterfat -- consequently the industry grew. Mr. Erdice was accidentally killed, Mr. Strong was administrator of the estate. Sold the cheese factory to Charles Broadbent from the east. Mr. Broadbent owned and operated the factory until 1914, at which time he sold to Andrew Christensen.

HENRY A. STRONG (352EGD)

From: Myrtle Point Herald issue of Mar. 5, 1936:

Henry A. Strong, a resident of Coos county for 47 years, died at his home in Pleasant Point, Feb. 28, 1936. Dairyman. Morn in Murphy, Josephine Co., July 16, 1876 and the family then moved to Phoenix in Jackson county, then back to Murphy, where the father worked in a flour mill.

In 1889 he came to Coos county and Sept. 9, 1894 married Alice M. Berry. To them was born 5 children who survive: Mrs. Bertha Flanders, Lakeview; Mrs. Ralph Stark and Miss Ardyce Strong of Eureka, Calif.; Clarence and De Loss Strong of Pleasant Point and his wife, Mrs. Alice S. Strong. Buried at Norway.

IN THE PASSING OF W.J. WIMER, STATE LOSES GOOD CITIZEN

(PHOTO NEXT)

Grants Pass, Or., April 28. -- Southern Oregon is lamenting the loss of one of the district's prominent citizens, William Jordan Wimer, of Waldo, pioneer merchant, mining man, newspaper publisher and student of and active participant in public affairs, who died this week in his 70th year.

Wimer was born in Iowa of German parents and came to Oregon with his father, Jacob Wimer, and his brother, George W., in 1860's, settling first near the site of the present city of Ashland, where the elder Wimer operated the Eagle flour mills and later the Phoenix mills, where the town of Phoenix now stands. From 1866 to 1870 Jacob Wimer and his sons conducted a mercantile business in McMinnville.

FOUNDED OLD STORE. The Wimer family came to Josephine County in 1870 and founded the historic Settlers' Store at Waldo, then a town of 5,000 inhabitants, and one of the most active placer mining camps on the Pacific coast.

In 1878 William Wimer entered the mining industry by buying an interest in the Dutcher Gulch property, a mile from Waldo, and soon afterward acquired part ownership of the now long famous Simmons-Logan mine, which property still is a heavy producer. He temporarily retired from active management of these properties in 1883, moving to Oakland, Cal.

On Wimer's return to Oregon in 1887, he purchased the Rogue River Courier then a Grants Pass weekly newspaper, and disposed of it three yrs. later.

With Evan A. Remes of Medford as a partner, Wimer again interested himself in mining in the Waldo district in 1890. The Wimer-Reames properties -- afterwards organized as the Deep Gravel Mining Company -- personally were managed by Wimer for 26 years.

WAS BRYAN'S FRIEND. Wimer was shysically sturdy, mentally acute and of real learning. He was a personal friend of William J. Bryan and for more than two decades the two carried on a correspondence. Their long friendship temporarily was interrupted when the Nebraskan so largely contributed to Champ Clark's defeat at Baltimore in 1911, but soon was renews.

The Oregon Journals "Letters From the People" columns frequently contained contributions from Wimer, and the viewpoints of the Waldo man on various subjects were eagerly read in Josephine County.

The Lewis and Clark exposition in 1905 awarded Wimer a diploma and bronze medal for his processes for saving platinum, said to have been the only distinction of the kind up to that time conferred on anyone in this country.

Wimer was a member of the I.O.O.F., who had charge of the funeral services Friday afternoon. The funeral procession was one of the longest Grants Pass has witnessed. He is survived by his wife, Annie Dawes Wimer, and four children; Evan Wimer of Roseburg, Mrs. William Fallin and Mrs. W. J. Mahoney of Grants Pass, and Mrs. Mary W. Peacock of Crescent City, Cal.

From: Letter written by Mrs. Elizabeth Wimer Phillips dated in 1970 (a niece of William Jordan Wimer)

1. W. J. Wimer married Drusille J. Randal on 12-29-1864 and had three children - twins, Eva & Evan and daughter Mary.
2. W. J. Wimer married Annie Dawes -- 12-14-1869 and they had only one child, a daughter Ora.

The family bible of James W. Wimer (brother of William Jordan Wimer) also contains mention of the two marriages and the dates of William J. Wimer.

J. W. WIMER (352BK)

From: Pioneer History of Coos & Curry Counties, Oregon. Page 101:

WIMER, J. W. In the summer of 1873, the subject of this sketch came to Coos Co., with his parents on a pleasure trip, from Phoenix, Jackson Co., Or. They were induced to come here through the accounts of the country by J. W. Wimer's brother, who spent two years, 1871 and 1872, on the North Fork of the Coquille river. Mr. Wimer did not return to this country until 1886, when he purchased the farm belonging to Porter and Franklin and later that of Hill and Easter. He erected and operated for a time one of the first cheese plants on the Coquille river, and made excellent cheese. His father came out that same year. In 1887 his brothers, Geo. W. and Adam Wimer, and a brother-in-law, Lewis Strong, came with their families and purchased land. They all did much to help build up the county, but the death of the father, the failure of others and the hard times caused a change in their plans and they moved to another part of the state, but are still of the opinion that in natural resources Coos Co. has few equals.

David Weimer's 1st wife Mary Kunkel was the child of Jacob and Magdalena Petry Kunkel.

"This information was prepared for me by my Grand Dad, R. J. Weimer who was handicapped with extremely poor vision in his later years while writing this out for me. I recall from talking to him that the family were Pennsylvania Deutch and used Penn Dutch expressions and German in years gone by. I don't know what Church records may exist but I recall his telling me his parents had been Dunkards, more formally called German Baptist Brethern. My grand dad and grand mother were very active members of the United Brethern church in Wabash, Indiana during their active years and of the United Brethern church in Elkhart, Indiana at the times of their deaths.

My Grand dad was born in West Milton, Ohio, where his father, a grain miller by trade, ran a flour mill. Later his father moved from there to become owner operator of the grain mill near Greenville, Ohio formerly owned by one German gentleman named Schmidy whose grandfather had also come to Ohio from Lancaster, Pa. This mill was called the Cedar Branch Mill. My family was there in 1875 & 1876.

My grandda's mother had a brother Isaac who had a store at the town of Bartonina & public records may be in existence there which would help in your study.

In 1876 my great grandfather David Weimer moved from the Cedar Branch Mill to run the mill on Greenville Creek 3 miles northwest of Greenville, Ohio across the road from a man's lard & home by the name of John Horney who had a daughter named Amie (or perhaps Annie). The family called this spot "Horney Hill." I know they still lived

I know they still lived and worked at this spot in 1880. Also called Sugar Valley. In the spring of 1881 the family moved to Union City to a farm & then to work a mill (not own it) of a Mr. Hiram McClure.

There in Union City 4 brothers named Smith ran a machine shop & turned out to own a flour mill also, but in Indiana rather than Ohio. They recruited my great grand dad, David Weimer to run this mill at Harrisville, four miles west of Union City, Indiana. The mill sat next to the track of the old "Bee-line Railroad." Town population 150. The move to this mill came in April, 1882."

JOHN W. WEIMER (1460)

From True West Magazine, February, 1975:

"Hellish Years at Ashurst Run" by Maurice Kildare

Article is about Sarah Elizabeth Logard-Ashurst and her husband William who had a ranch in Arizona, which location was later to become known as Ashurst Run and Ashurst Spring next to Anderson Mesa. Nearest town was Flagstaff. Closer to the ranch were several families at Morman Dairy (Morman Lake) who had settled on the lakeside in 1876. Ranch house constructed in 1877.

During the winter of 1879, William Ashurst left his family and took supplies to a shepherders camp during a bad blizzard. He left his one daughter, Margrete, 11 months old in very poor health. This was his reason for trying to return home during the bad storm. The following is quoted from the story:

"At dawn the sun shone through murky clouds and Ashurst found himself within four miles of the ranch. Despite the deeply drifted snow, he broke through and arrived before noon. The news at home came as a bitter blow. That afternoon he began to build a small box from the few pieces of whip-sawed planks available. Wrapped in a blanket, the small body was placed in it and the homemade paper flowers were pinned to the baby's white shroud.

Ashurst broke a narrow path through the snow and onto the canyon rim. He had started clearing the frozen snow to dig the grave when one of the young herders, twenty-year-old John W. Weimer, arrived on foot. Because of the blizzard's intensity the herders feared Ashurst might have become lost and frozen to death. Weimer had been dispatched by the others to ascertain his whereabouts.

A bright sun shone in the sky when the sorrowing family marched to the burial site. Weimer and Ashurst carried the small box between them. Sarah and the children followed single file on a path cut through the frozen white blanket. The box was lowered into the grave on harness lines. Weeping, the family stood with bowed heads. Ashurst spoke a prayer from memory but it wasn't long. About all he could recall were some lines from the 23rd Psalm.

When the grave was filled and mounded, the desolate family retreated slowly to the house. This was the most bitter day in the valiant Sarah's life. The frontier of her time was a place where only the strongest survived, where a mother had to fight, claw and fang, like animal mothers of the wild for the preservation of her off-spring."

.. JOHN WIMMER (1456)

From letter from Kay Hauser, P. O. Box 395, Murrysville, Pa., February 4, 1975:

"Thank you so much for your kind offer of information on the Wimmer family of Coshocton Co., Ohio.

My Wimmer family were already in Connersville, Indiana by 4-20-1843 when Sarah Wimmer married Isaiah McCammon in Union Co. Indiana.

Sarah Wimmer's parents were Will (Wm. or Wilbur) Wimmer and Sarah Templeton - both born in Virginia. Sarah was born 12-9-1825 somewhere in Indiana.

Sarah's father Will was born 8-?-1794.

Sarah's brothers & sisters were: Fleming, James, John, Mary, Ira Charles, Wm. Perry, & Hannah. (Mary m. Morris H. Crist; Wm. Perry m. Nancy Carr, Hannah m. -- Moore.)

Will Wimmer's parents were: John Wimmer & Hannah Leamon, b: 6-6-1776, d: 1877. Both died in Connersville, Ind.

Children of John & Hannah (Leamon) Wimmer were:

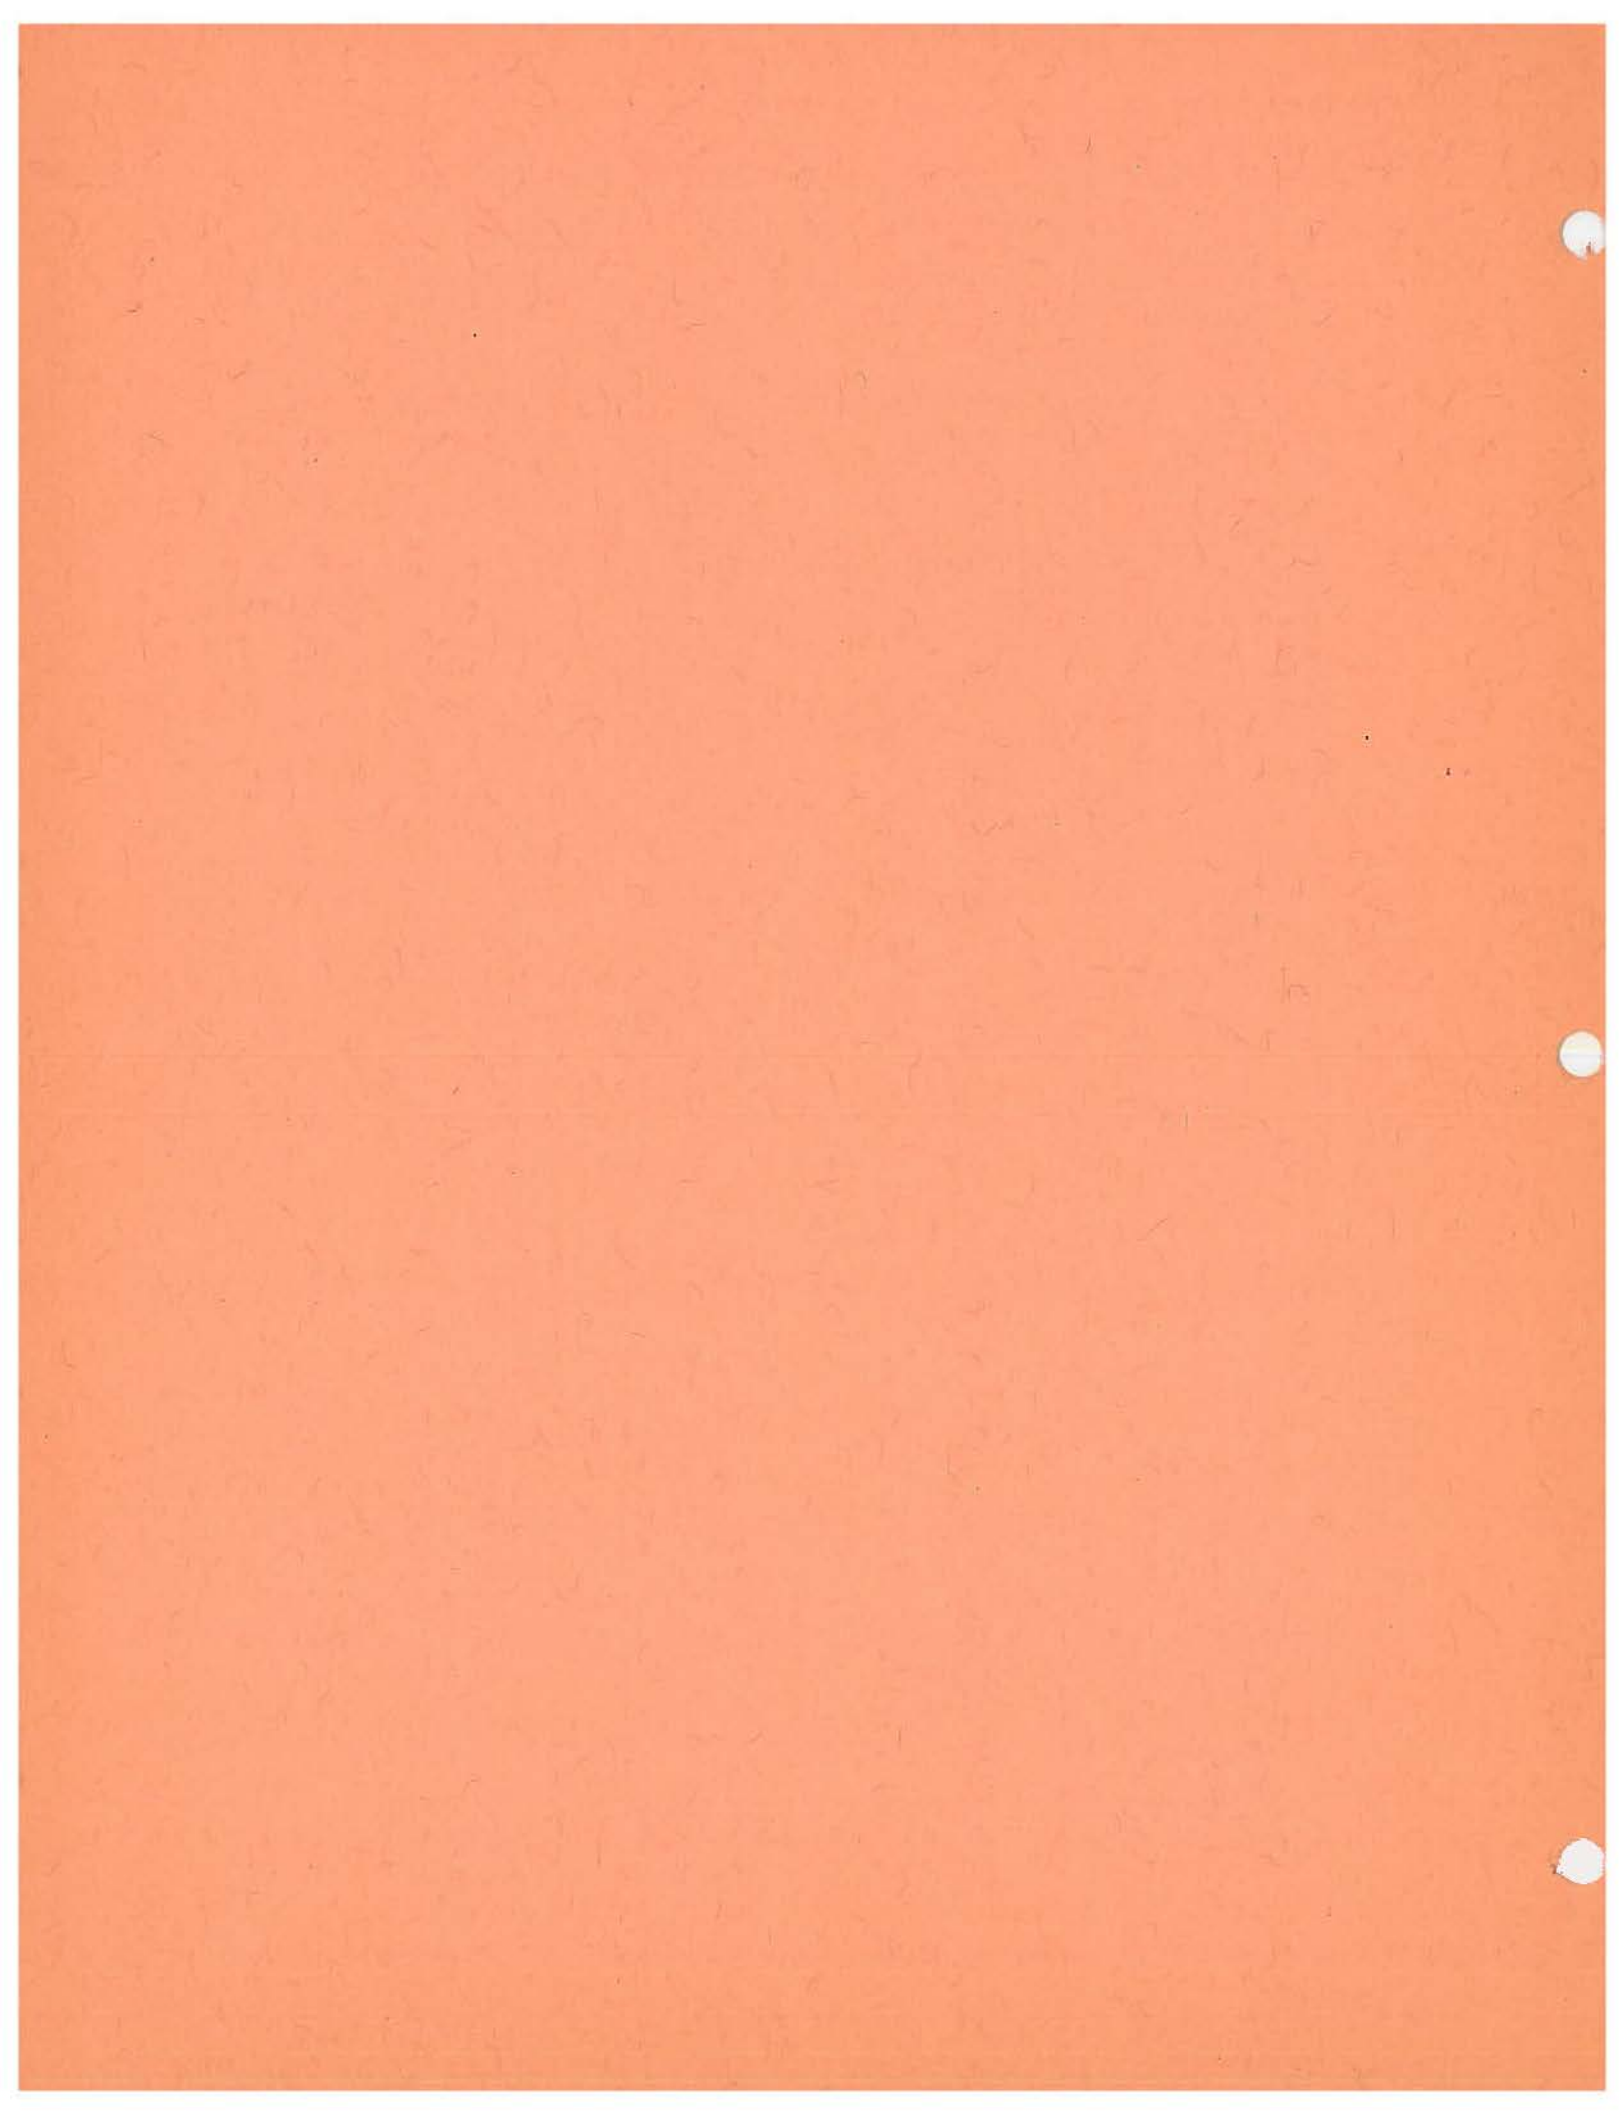

Abraham b: 12-1793	John b: 8-2-1800
Wm. b: 8-1794	Sally b: 6-2-1802 m: ** Acers
James b: 3-7-1796	Mary b: 12-13-1804 m: Williams
Jacob b: 10-20-1797	Mahnda
George b: 12-4-1813	Ezra b: 6-11-1807 d: 1900
	Hosea b: 1809

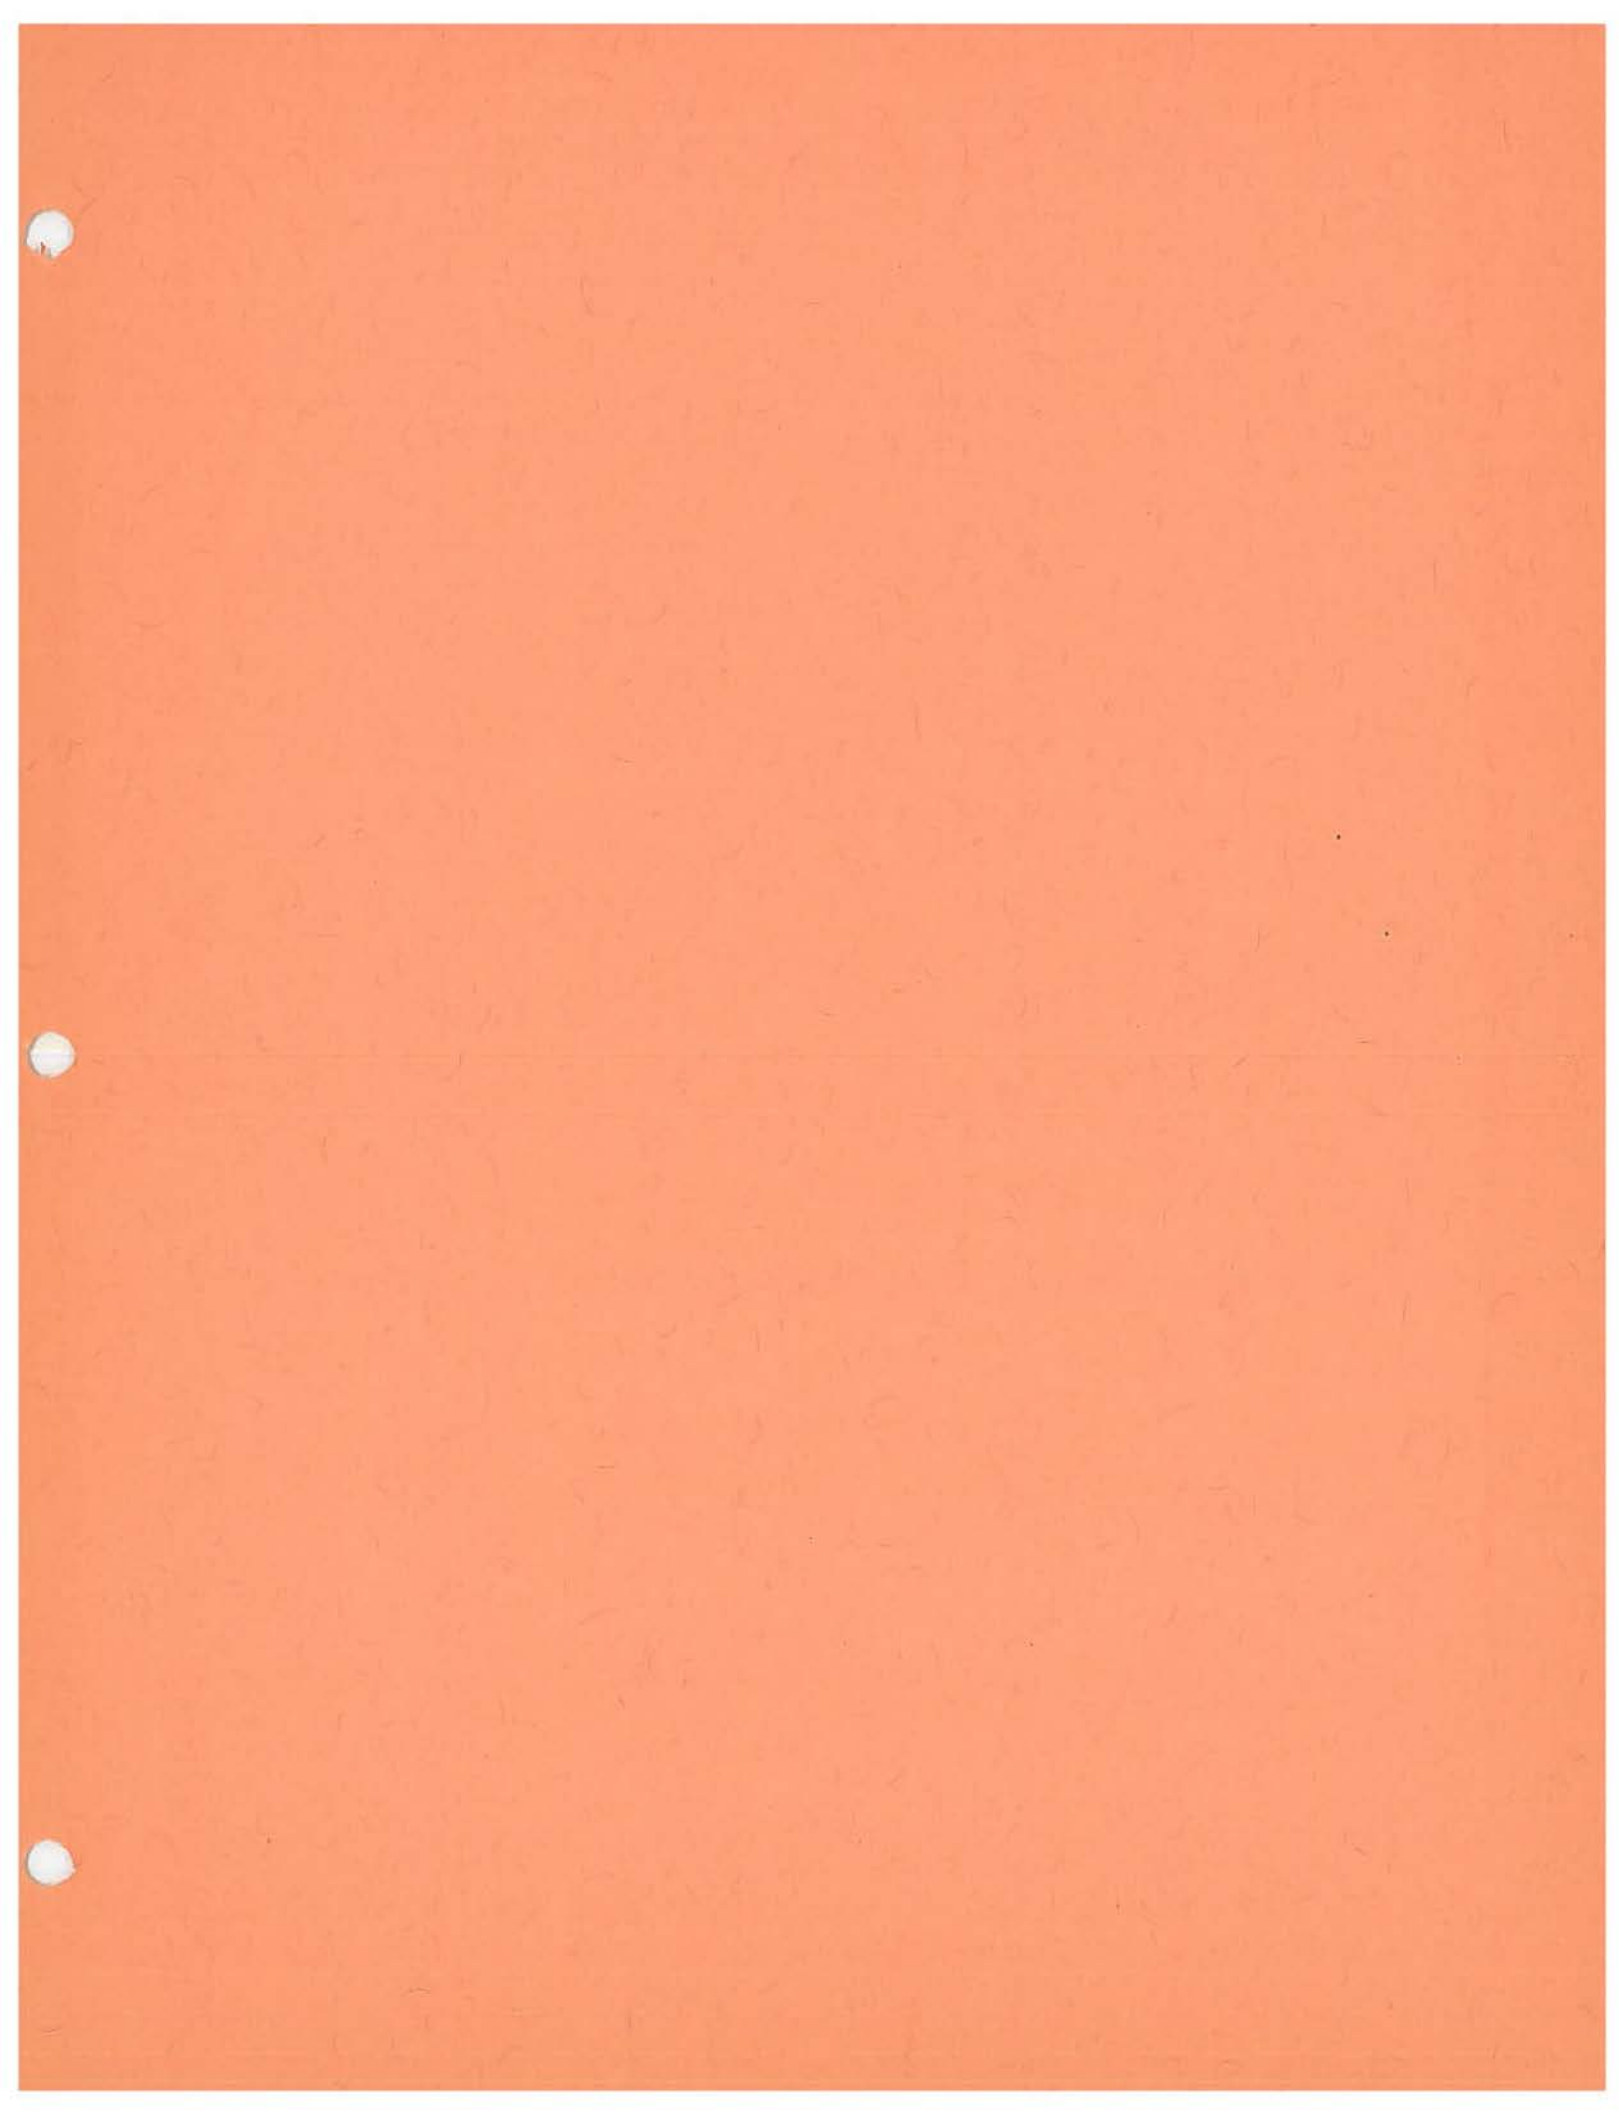

This information was partially handed down to me by an Aunt. The information about Wm. Wimmer & Sarah Templeton being born in Virginia came from 1880 Census on Sarah (Wimmer) McCammon-Keller.

Thank you very much for your kind offer of help. There many Weimer, Wimmer, families in Western Penna but I believe they could only be related to mine through a branch going from eastern Penna down thru Virginia & then west to Ky & Indiana.

I do genealogical research professionally in southwestern Pa. and I have just never had time to pursue my Wimmer line in Virginia. Hope to some day.

McCammon was my Mother's maiden name -- and she was born in Albuquerque 9-14-1881. Sarah Wimmer was her grandmother."

IN THE PASSING OF W. J. WIMER, STATE LOSES GOOD CITIZEN

Was Closely Identified With
South Oregon's Progress
for Number of Years.

William Jordan Wimer.

Grants Pass, Or., April 28.—South Oregon is lamenting the loss of one of the district's prominent citizens. William Jordan Wimer, of Waldo, pioneer merchant, mining man, newspaper publisher and student of and active participant in public affairs, who died this week in his seven-

Wimer was born in Iowa of German parents and came to Oregon with his father, Jacob Wimer, and his brother, George W., in 1860, settling first near the site of the present city of Ashland, where the elder Wimer operated the Eagle flour mills and later the Phoenix mills, where the town of Phoenix now stands. From 1866 until 1870 Jacob Wimer and his sons conducted a mercantile business in Madrasville.

Founded Old Store.

The Wimer family came to Josephine county in 1870 and founded the historic Settlers' store at Waldo, then a town of 5000 inhabitants, and one of the most active placer mining camps on the Pacific coast.

In 1878 William Wimer entered the mining industry by buying an interest in the Butcher Gulch property, a mile from Waldo, and soon afterward acquired part ownership of the now long famous Simmons-Logan mine, which property still is a heavy producer. He temporarily retired from active management of these properties in 1893, moving to Oakland, Cal.

On Wimer's return to Oregon in 1897, he purchased the Rogue River Courier, then a Grants Pass weekly newspaper, and disposed of it three years later.

With Evan A. Reames of Medford as partner, Wimer again interested himself in mining in the Waldo district in 1890. The Wimer-Reames properties

afterward organized as the South Gravel Mining company, a partnership was managed by Wimer for 25 years.

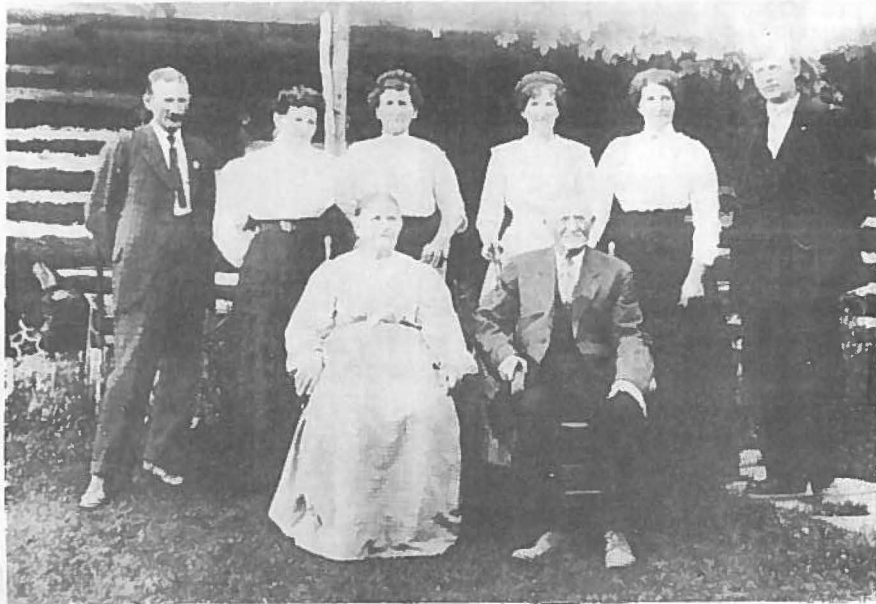

Was Bryan's Friend.

Wimer was physically sturdy, mentally acute and of real learning. He was a personal friend of William J. Bryan and for more than two decades the two carried on a correspondence. Their long friendship temporarily was interrupted when the Nebraskan so largely contributed to Champ Clark's defeat at Baltimore in 1911, but soon was renewed.

The Oregon Journals "Letters From the People" columns frequently contained contributions from Wimer, and the viewpoints of the Waldo man on various subjects were eagerly read in Josephine county.

The Lewis and Clark exposition in 1905 awarded Wimer a diploma and bronze medal for his processes for assaying platinum, said to have been the only distinction of the kind up to that time conferred on anyone in this country.

Wimer was a member of the I. O. O. F., who had charge of the funeral services Friday afternoon. The funeral procession was one of the longest Grants Pass has witnessed. He is survived by his wife, Annie Dawes Wimer, and four children, Evan Wimer of Roseburg; Mrs. William Fallon, and Mrs. W. J. Mahoney, of Grants; and Mrs. Mary W. Peacock of Crescent City, Ore.
