DEATHS - COSHOCTON COUNTY, OHIO

1867 - 1909

These deaths are recorded in Death Record Book 1 and 2 in the Coshocton County Probate Court office, Coshocton, Ohio.

I did not copy the death of anyone who died at the age of ten or younger.

The books have, in addition to what I copied, the following headings: Place of death, Married or Single, Place of Birth, Occupation, Name of Parents, Disease, Direct or Indirect Cause of Death, Color, and Last Residence. A few of these are filled in but many pages have nothing under these headings. Names of Parents would have been of great value, but very few of these are filled in and when they are it is usually for a still born or a few days old death.

One of the most valuable parts of this book is the date of birth. Coshocton County has births recorded from 1867, but in this book over 5000 birth dates are before that date, and over 250 are in the 1700's.
