

TUSCARAWAS COUNTY GRAVE REGISTRATIONS OF VETERANS

Compiled from records in the County Recorder's office  
by Gayle Low and Violet Massarelli, 1986.

116

## FOREWORD

The material contained here is a combination of two sources found in the County Recorder's office:

1. The WPA Cemetery listing contains cemetery maps showing location of soldiers' burials and the war in which they served. This listing was compiled during the 1930's and includes only burials up to the time the project was completed.

2. Veteran's Grave Registrations lists soldier's name, date of death (usually), branch of service, cemetery and grave location. Entries are made to this record from death certificates provided by the State Department of Health.

In a few instances, additional information was added from Tusc. Co., Ohio Cemeteries Volumes I thru IV.

Each page is divided into six columns. The information for each column is explained below.

1. NAME: Names are listed alphabetically by the first letter of the surname, as listed in the registration book. Any name with an \* before it was NOT found in the registration book, but did appear in the W.P.A. listings. Any name in parenthesis either differed from or added to the name, and came from either the W.P.A. or cemetery records.

2. DEATH DATE: Listed as found in the registration book. We have found that many of these "death dates" do not agree with other sources and may be interment dates. Any date in parenthesis is from cemetery listings. In a few cases, where no date was available, we provided regimental information.

3. WAR #: The war # comes from the W.P.A. listings.

- 1 - Revolutionary War
- 10 - War of 1812
- 16 - War with Mexico
- 19 - Civil War
- 25 - Spanish-American War
- 31 - World War I
- 32 - *World War II*

4. BRCH: Branch of service in which the veteran served. We used abbreviations as they appear in the registration book. There was no key available. The following are OUR abbreviations:

- CA - Coast Arty.
- SC - Signal Corp
- A-N - Army Nurse
- R - Reserves

5. CEM. CODE: To conserve space, we used code numbers for each cemetery in the county. A complete listing of cemeteries and their codes is given on pages 1-5. These are the same codes used in Tuscarawas County, Ohio Cemeteries. NOTE: If the township and cemetery location is unknown, it will appear as ????. If the township is known but the exact cemetery is not, it will have the township code and "???" - example: GO?? = Goshen Twp. - cemetery unknown.

6. CEM. LOT #: This will help you locate the grave when visiting a cemetery. The numbers indicate section, block or lot, and grave number when given.

We realize that there may be veterans buried in Tuscarawas County who do not appear here or in the Veteran's Grave Registrations. If a death certificate did not indicate military service, no entry will appear here.

This book, when used as a companion with the Tuscarawas County, Ohio Cemeteries volumes, should prove a valuable Tuscarawas County research tool. We hope you find it helpful.
